Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, May 11, 2017 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent. Dr. Wendy Hageman Smith was absent due to a scheduled family trip.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Discussion of Revised Proposed Food Service Price Increases for 2017-2018

Mr. Matt Wallin, School Psychologist and Food Service Coordinator, presented information as a follow-up of the April 27, 2017 School Board Meeting. He provided data that addressed questions Board Members had asked and presented the revised proposed food service price increases for the 2017-2018 school year. (See Attachment # 1) Board Members were very appreciative of the additional information Mr. Wallin presented and thanked him for providing the answers to their questions.

2017-2018 Budget Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided an update concerning the 2017-2018 budget. He stated the Appomattox County Board of Supervisors approved their budget for the 2017-2018 fiscal year which included the 2017-2018 School Budget. Their approval was for the exact amount we had requested and included a two percent salary increase for all school employees that will become effective July 1, 2017. It is our understanding the county approved a two percent salary increase for their employees as well.

Mr. McMillan reported no additional information had been received concerning health insurance. A meeting with Piedmont Community Health Plan staff should take place in early June.

Mr. McMillan requested the Board approve the 2017-2018 Salary Scales and the 2017-2018 Employee Calendar which were included on the agenda as action items. He stated the salary scales reflect the approved two percent salary increase for employees and the employee calendar is very similar to our current calendar.

ACTION ITEMS

Consideration of Approval of Revised Food Service Price Increases for 2017-2018

It was moved by Mr. Smith and seconded by Rev. Jones to approve the following revised food service price increases for the 2017-2018 school year: 1) primary and elementary school student lunch price increase from $1.80 to $1.90; 2) middle and high school student lunch price increase from $2.05 to $2.20; 3) breakfast a la carte entree items at all schools price increase from 50 cents to 75 cents; and 4) lunch a la carte entree items at all schools price increase from $1.00 to $1.25 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved.

Mr. Smith requested the minutes reflect the increases to the student lunch prices are required by USDA and not based on the desire of the schools or the School Board. Mr. Smith noted this statement was in honor of former School Board Member Rev. J. Wesley Williams who often requested the minutes reflect particular notations of clarification.

Consideration of Approval of 2017-2018 Salary Scales

It was moved by Mr. Smith and seconded by Rev. Jones to approve the 2017-2018 Salary Scales as submitted and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

Consideration of Approval of 2017-2018 Employee Calendar

It was moved by Mr. Smith and seconded by Rev. Jones to approve the 2017-2018 Appomattox County Public Schools Employee Calendar as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 3)

Consideration of Request to Add Additional Slot at Central Virginia Governor's School for 2017-2018

It was moved by Mr. Smith and seconded by Rev. Jones to approve one additional junior slot at the Central Virginia Governor's School for the 2017-2018 school year as presented and recommended by the superintendent. As an item of discussion, Mr. Smith clarified this is a temporary slot and should not be considered permanent. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #359, #1617-05, #1617-02, #64, #11, #1617-04, #400, and #252.
2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of

Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Rev. Jones, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 4)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel reports as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachments # 5 and # 6)

NEXT MEETINGS

The following meetings of the Appomattox County School Board have been scheduled:

- Thursday, May 25, 2017 – 5:00 p.m. – Regular Monthly Business Meeting
- Thursday, June 8, 2017 – 5:00 p.m. – Regular Monthly Business Meeting
- Thursday, June 29, 1027 – 5:00 p.m. – Close-Out Meeting

All of the meetings will take place in the School Administration Building at 316 Court Street in Appomattox, Virginia.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Rev. Jones. By unanimous voice vote, the motion was approved.

RAIDER DIGEST

Volume 2, Issue 4 May 2017

PRINCIPALS POST

Happy Summer Break!!

As we wrap up another school year, I want to take a moment to say how proud I am of our students and staff. Our school theme this year has been "Don't stop until you're proud!" I can honestly say that I have seen and experienced that determination to succeed from our students and staff all year. From students asking teachers for more information to teachers working with students during their planning periods or staying after school with them, there has been no lack of hard work and perseverance from our AMS community. It is this dedication and grit that has paid off for our individual students with grades and personal achievements and for our teachers with test scores and personal instructional goals. We have worked hard, and we ARE proud!!

This summer AMS will house summer school for middle and high school students. Summer school starts Monday, June 5th and runs through June 29th. Student hours for summer school are 8:30 a.m. to 11:45 a.m., Monday through Thursday. We are adding a new STEM component to our summer school day where teachers and students will be able to explore some math and science concepts through fun, hands-on discovery lessons. We are excited to offer our students this new opportunity.

Please feel free to call AMS with any concerns or questions you may have at any point over the summer. Our students have accomplished great things this year with parents, students, teachers, and administrators working together. Thank you for being an instrumental part of your child's success at school. We can't do it without you.

Sincerely,

Cheryl J. Servis, Ed.D.

MATHCOUNTS

Pictured are (front row) Alexis Corbin, Abigail Swanberg, Mannix Wilhoit, Austin Hodge, and Chandler O'Rourke. (back row) Connor Cobb, Liam Bennett, Dylan Radford, Aaron Beamon and Bryce Gunter.

Connor Cobb, Austin Hodge, Mannix Wilhoit, Chandler O'Rourke, Alexis Corbin, Aaron Beamon, Liam Bennett, Abigail Swanberg, Bryce Gunter, and Dylan Radford represented Appomattox Middle School well in the MATHCOUNTS Chapter Competition.

AMS students went to the Regional Competition at Liberty University on February 11, 2017. They competed against students from thirteen middle schools. In order to qualify to go to the Lynchburg competition, students had to compete against their fellow students at Appomattox Middle School. The AMS contest involved two rounds. The first was solving 30 problems in 40 minutes without a calculator. The second round had four parts. Each part was two questions that had to be solved in six minutes with the use of a calculator. The top scoring students went to Liberty to compete.

The MATHCOUNTS Competition Series is a national program that provides students the opportunity to compete in live, in-person contests against and alongside their peers. Created in 1983, it is the longest-running MATHCOUNTS program and is open to all sixth-, seventh– and eighth-grade students.

KIDWIND

Appomattox Middle School students competed in the Regional KidWind Challenge Event held on April 8, 2017, at Dabney Lancaster Community College in Clifton Forge, VA. The 6th grade ALPs class spent the past 8 weeks learning about energy and how to change wind energy into electricity. By entering, the class took on the challenge of designing and building a wind turbine. The windmill was tested for functionality and efficiency after the students presented a demonstration of their knowledge about energy processes and scientific investigation to a team of engineers using Power Point slide shows and, a question and answer session.

ENERGY….
We use it every day, but **WHAT** is it?

2017 REGIONAL SPELLING BEE

On March 18th, Alexis Corbin represented Appomattox Middle School in the 2017 Regional Spelling Bee held at Dunbar Middle School. Alexis competed with students from eighteen surrounding schools and was eliminated in the second round with the word 'nightingale'. The spelling bee lasted 125 total rounds with the winner advancing to the 2017 Scripps National Spelling Bee in Washington D.C.

APPOMATTOX FFA WINS IN FEDERATION DAIRY JUDGING CDE

Twelve members of the Appomattox County FFA traveled to Seven Oaks Dairy in Gladys, VA on March 23 to compete in the HUB Federation Invitational Dairy Evaluation Career Development Event (CDE). Appomattox had one junior team, and two middle school individuals in the event. The contest was comprised of four classes, each consisting of four Holstein dairy cows; the members placed each class from best to worst based on their knowledge of the ideal dairy cow. Several aspects are used to determine the ideal cow including ; feet and legs, dairy character, udder, frame and body capacity. The students also took a tour of the dairy facility and witnessed firsthand the daily operation of a modern dairy farm.

The Junior division team won their division, with team members Caylan Moore, Kelly Price, and Brandon Phelps. Middle School team members Hunter Humbles and Jade Campbell captured fourth place. The teams also had several high individuals: Caylan Moore was the high individual for the event. Brandon Phelps placed 4th in the Junior division, followed by Kelly Price in 5th. In the Middle School division, Jade Campbell was the 2nd high individual, and Hunter Humbles was 8th in the event. The teams were coached by the FFA Advisor Dani Gaulden.

Appomattox FFA members (left to right) Hunter Humbles, Brandon Phelps, Caylan Moore, Kelly Prince and Jade Campbell travelled to Seven Oaks Dairy to participate in the HUB Federation Dairy Judging Career Development Event. The team won the event in the Junior Division.

2017 SUMMER 4-H CAMP

Appomattox/Lynchburg/Lunenburg 4-H Camp at Holiday Lake 4-H Center, will be held the week of July 3– July 7, 2017. Cost for this year's camp is $175.00 per camper. Camp fees include all meals, lodging, transportation, program supplies, materials, and a camp t-shirt. Campers may bring spending money to purchase snacks, toys, souvenirs, clothing or other items from the camp store.

If you have any questions, please call the Extension Office at 352-8244. Camp applications are available from the Extension Office, Appomattox Elementary, and Middle School. Scholarships are available for those with financial need.

4-H Camp offers an economical way to give your child a fun summer experience (without a whole lot of travel required!), and memories to last a lifetime, just ask some of our camp adults who attended as campers themselves!

June 5th—June 29th from 8:30—11:45 a.m.

Summer School will operate at Appomattox Middle School

Please contact AMS for more information or email echarris@acpsweb.com

*** Summer school letters were mailed for those students who were recommended to attend.**

APPOMATTOX MIDDLE FFA WINS BIG AT SOUTHEAST AREA COMPETITION

Eleven members of the Appomattox Middle FFA chapter traveled to Central Middle School in Charlotte Court House, VA on April 26 to participate in the Southeast Area Career Development Event Competition. AMS had 3 teams in the event: FFA Quiz Bowl, Agriscience Technology Mechanics, and Food and Fiber.

The FFA Quiz Bowl Event is designed to guide students in developing knowledge of the activities, organization, and history of the National FFA Organization. The design of the event helps students develop oral communication skills, identify effective leadership traits, and identify opportunities for leadership development through participation in FFA Activities. This event is made up of two separate contests: the written test and the team round. For the written test, members answer questions about the history, activities, and structure of the National FFA Organization, as well as the basics of parliamentary procedure. AMS members captured first, second, and third place in this event. Hunter Humbles was high individual, Hannah Lethcoe was 2nd, and Chandler O'Rourke was 3rd. For the team round, members face another team in a jeopardy-style competition related to knowledge of the National FFA Organization. The AMS team captured first in this event as well.

The Agriscience Technology Mechanics event challenges students to explain and demonstrate safety practices and skills related to woodworking. For the event, students completed a written test, a team problem in calculating board feet, 20 measurement skill demonstrations, identification of 20 hand tools, and performed a woodworking skill. The AMS Team captured 1st place in the event, with team members Andrew Gallier, Mannix Wilhoit, Bailey Purcell, and Taylor Dudley. The team also had two top individuals. Andrew Gallier was the high individual for the contest and Mannix Wilhoit was 2nd high individual.

The Food and Fiber CDE is designed to provide students with an opportunity to explore the agricultural industry with an emphasis on products created for consumer use and consumption. Students identified products including meat cuts, aquaculture products, wood samples, dairy products, and poultry cuts, as well as identifying the source of common products, demonstrating skills relating to food science, identifying aromas, and completing a written test. The team captured first place in the event, and all four members were high individuals. Ethan Moore was the high individual for the event, Josie Jones was 2nd high individual, Summer O'Brien was 3rd, and Gabby Pickett was 4th.

The teams competed at the Southeast Area Middle School event, and will compete again this summer at the State FFA Convention in June. The teams were coached by FFA Advisor Dani Gaulden and Appomattox FFA Alumnus Cory Hodges.

The FFA Quiz Bowl Team captured first place in the area. Pictured from left to right are State FFA Secretary Phillip Saunders, and FFA members: Chandler O'Rourke (3rd Place), Hannah Lethcoe (2nd Place), Hunter Humbles (1st Place), and Advisor/Coach Dani Gaulden.

The Food and Fiber Team won the Southeast Area Middle School Event. Pictured from left to right are State FFA Secretary Phillip Saunders, Gabby Pickett (4th Place), Summer O'Brien (3rd Place), Josie Jones (2nd Place), Ethan Moore (1st Place) and Advisor/Coach Dani Gaulden.

The Agriscience Technology Mechanics Team are the Southeast Area winners. Pictured from left to right are: State FFA Secretary Phillip Saunders, Andrew Gallier (1st Place), Taylor Dudley, Bailey Purcell, Mannix Wilhoit (2nd Place), and Advisor/Coach Dani Gaulden.

"PURPLE UP! FOR MILITARY KIDS"

Across the State, Friday, April 21, 2017, was the day to "Purple Up! For Military Kids." We encouraged the entire school community—teachers, principals, students, and staff to wear purple on April 21st to show support for our military students and appreciation for their strength and sacrifices. Purple represents the blending of the colors of the five branches of our armed forces. Here in Virginia, we are proud to be home to Air Force, Army, Coast Guard, Marine Corps, Navy, National Guard and Reserve families.

Pictured are (front row) Isabella Gonzin, Trey Torrence, Rupert Armentrout, Jolee Hopkins. (back row) Wyatt Sisk, Ruby Hale, Summer Bell, Tamlyn Beiler.

2017 ALL-DISTRICT CHORUS

The following students participated in the 2017 Middle School All-District Chorus event on Saturday, March 4th. Students were selected based on judges' scores in an audition held back in November 2016 which landed them a spot as a member of the 125+ choirs. We are proud of their outstanding performance and the excellent way they represented Appomattox Middle School throughout the event.

Back left to right: Markasha Jones (6th—Soprano in the Treble Choir); Jaliyah Hall (6th—Alto in the Mixed Choir); Sarah McConville (8th—Soprano in the Treble Choir).

Front left to right: Mayghen Boni (7th—Soprano in the Treble Choir); Natalie Fitzgerald (6th—Soprano in the Treble Choir); Cora Bennett (6th—Alto in the Mixed Choir).

LEARNING FROM THE PAST

Appomattox Middle School 6th and 7th grade ALPs classes recently went to the Frontier Culture Museum in Staunton, VA. The students toured and completed hands on activities as if they were living in a 1700 English, Irish, German, and West African farming community. They also were able to see the history of American Culture from the 1600-1800's. The students learned about food, farming tools, economics, clothing, and family dynamics at each farm and within the time frame.

This trip culminated a research project comparing each community and time frame with our community today. 6th grade students had to present their findings and opinions to the 7th grade class and become the "experts" of their era.

AMS IMPORTANT SPORTS INFORMATION

We have a lot of students who participate and try out for athletics at AMS. I just wanted to remind everyone before any student can try out or participate either at the Middle School or the High School, they MUST have a valid up-to-date VHSL Physical form filled out in its entirety and turned in by the first day of practice or open gym activities. The latest form is located on our web page, or you may stop by the school and pick one up. Any physical obtained after May 1st is good until June of next year. So prepare and get your VHSL Physical early.

We have changed the Academic Probation Policy here at the Middle school effective this year. You can read the latest version located on the AMS web page. I believe the new policy makes our students more responsible in all subjects taken. We want our student athletes not only to be great on the field, but also great in the classroom! We encourage all student's to be successful from Math class to Art, Language Arts to Music, and Science to Physical Education!

We look forward to having your student athlete here at AMS next year!

Have a Great Summer!!!

2. Minutes of May 25, 2017 Regular Monthly Business Meeting
3. Financial Report as of May 31, 2017 (See Attachment # 1)
4. Educational Trips Report as of June 8, 2017 (See Attachment # 2)
5. Payment of Bills as of June 8, 2017:
   a) $104,888.46 – General Fund (See Attachment # 3)
   b) $ 10,210.14 – School Food Fund (See Attachment # 4)
   c) $ 3,291.45 – General Fund End of Month (See Attachment # 5)
   d) $ 105.70 – School Food End of Month (See Attachment # 6)
6. Information from the Schools and Division Offices as of June 8, 2017

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty has no items of communication at this time.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the May 31, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,197 students. This compares to a budgeted ADM of 2,175. (See Attachment # 7)

VSBA and NSBA Activities

The annual VSBA Law Conference was held June 2, 2017 in Richmond. Mr. Waddell and Mr. Arbogast attended. Mr. Waddell stated it was an excellent conference that addressed human resources and technology. They were apprised of changes in the grievance plan, the impact of social media, and the ramifications of bringing our website up to OCR compliance. Mr. Waddell noted website compliance has been suggested by the federal government and currently is not a regulation. The conference speaker suggested school divisions place responsibility of website compliance on our vendors. Dr. Smith reported she was unable to attend the Law Conference as her vehicle became incapacitated in route to Richmond.

VSBA will conduct an Orientation for New Board Members and Superintendents in Richmond on July 17, 2017. The registration fee is $185.00 and the deadline is July 3, 2017.

The Annual VSBA Conference on Education will be held July 18, 2017 in Richmond. The registration fee is $190.00 and the deadline is July 5, 2017.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, stated a meeting will be held with PCHP the week of June 12, 2017 to receive their health insurance renewal proposal. He also noted an updated financial report will be provided at the Close-Out Meeting on June 29, 2017.

Report from STEM Board Meeting of May 30, 2017 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representative to the STEM School Board, reported on the May 30, 2017 meeting. She stated one student from Appomattox County High School attends the XLR8 STEM Academy. Twenty-five STEM students graduated this year and all of these students will be attending four-year universities in the fall. Changes are being made to the STEM Academy certificate program which will allow all general education coursework to transfer. The next meeting will be held August 1, 2017 at which time Dr. Smith's request of changing the time of one of the meetings held during the school year to be conducted early in the morning or late in the day to assist her in attending.

Appomattox Alternative Education Center Year-End Report for 2016-2017

The superintendent presented the Appomattox Alternative Education Center (AAEC) Year-End Report for 2016-2017 as prepared by Mr. David Read, Administrator for AAEC. (See Attachment # 8) Dr. Grasty was pleased to report the program was a success.

Appomattox Adult Learning Center Year-End Report for 2016-2017

Dr. Grasty provided the Appomattox Adult Learning Center Year-End Report for 2016-2017 as prepared by Mrs. Doriane Mills, Adult Education Instructor for Appomattox County Public Schools. (See Attachment # 9) Mr. Waddell asked if regional staff were assisting in attracting people to the program. Mrs. Mills stated marketing activities are continuing and she will be meeting with the Truancy Officer and working with local churches to seek additional participants. Board Members expressed their appreciation to Mrs. Mills for her work with our adult education program.

Board Member Appointment to Regional Boards

The superintendent referenced the Organizational Meeting of our School Board in January 2017 at which time appointments were made to the three regional boards: Central Virginia Governor's School (CVGS), XLR8 STEM Academy, and LAUREL. She stated some of these Boards change effective July

1 and requested input from Board Members. Mr. Smith noted CVGS changes August 1 and the Chairman holds office for two years. He suggested changing the appointment of Board Representatives from the Organizational Meeting to the last meeting of the fiscal year and including two year terms. He noted election years may present the need to address the appointments at the January Organizational Meeting. Following discussion, it was the consensus of the Board to include the appointment of Board Members to regional boards at the June 29, 2017 Close-Out Meeting. Mr. Waddell requested Board Policies be examined prior to this meeting date to ascertain policy would uphold this change. The Chairman stated all of the regional board meetings are important and the attendance of our representative is necessary.

ACTION ITEMS

Consideration of Approval of Second Reading and Adoption of Revised Policy GCBD – Personal Leave

It was moved by Mr. Smith and seconded by Rev. Jones to approve the second reading and adoption of revised Policy GCBD – Personal Leave as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 10)

Consideration of Authorization of Signatures in the Absence of the Superintendent

It was moved by Mr. Smith and seconded by Rev. Jones to approve Annette A. Bennett and Bruce R. McMillan be authorized to sign all Virginia Department of Education reports, documents, and requisitions, and other official correspondence in the absence of the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 11)

SCHOOL BOARD SELF-EVALUATON

School Board Self-Evaluation

Prior to the meeting, each Board Member completed the School Board Self-Assessment document provided by the Virginia School Boards Association and submitted their report to the Clerk of the Board. The Clerk recorded the individual results into one compiled document entitled “School Board Self-Assessment Compiled Report: June 8, 2017.” Mr. Waddell reviewed this report and pointed-out the following areas the Board will work toward improving:

1) Work on protocol that was started in January 2017 with VSBA staff. He suggested a day be scheduled to fine tune the protocol with the possible assistance from VSBA staff.

2) Come to meetings prepared, do our homework, stay focused on student outcome to do the very best we can to further education in Appomattox.

3) The Board's main job is that of policy maker. We hire the superintendent and in doing so we place complete confidence in that person to complete their duties.

4) Place email address and phone number on the website and check these sources often to respond to community contacts.

5) We must be out in the community and be positive spokesmen for our school division.

Mr. Smith and Rev. Jones were in agreement with the Chairman's comments.

A copy of the compiled report will be kept on file by the Clerk of the Board.

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETINGS

The next meeting of the Appomattox County School Board will be the Close-Out Meeting scheduled for Thursday, June 29, 2017. The next Regular Monthly Business Meeting will be held Thursday, July 27, 2017. Both meetings will be held at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia.

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Business Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided the following summary of the 2016-2017 Fiscal Year-End Update: (See Attachment # 1)

- $21,314,665.00 = Budgeted Revenue Based Upon an ADM of 2175
- $21,320,158.00 = Actual Revenues Received To Date
- $21,269,395.00 = Actual Expenditures Processed To Date
- $ 50,763.00 = Unspent amount as of 06-29-2017. This amount will cover any expenses that occur during July and August 2017 which are related to the 2016-2017 budget.

- $ 125,000.00 = Approximate amount spent at end of 2016-2017 to purchase one new school bus and several miscellaneous technology items including five new Promethean Boards for classrooms.

No year-end transfers were made into the Capital Improvement Fund and School Textbook Fund as in previous years. This was due to a smaller end-of-year balance this year as compared to the past several fiscal years.

Mr. McMillan also provided a year-end summary report for the following Funds (See Attachment # 2):

- Capital Improvement Fund - Balance = $171,233.00
- School Textbook Fund - Balance = $496,370.00
- Carry Forward Fund - Balance = $281,068.00

It was also noted a letter has not been received from Appomattox County stating approval of the 2017-2018 School Budget. It is anticipated this document will be submitted in the near future.

Although the 2016-2017 School Budget was based on an ADM of 2,175 students, the March 31, 2017 ADM Report indicated 2,190 students in our school division. This increase in the number of students allowed our school division to receive additional state revenue that arrived at the end of the fiscal year.

Mr. Waddell extended appreciation to Mr. McMillan for his hard work as Director of Finance.

Preliminary SOL Testing Results

Dr. Annette A. Bennett, Director of Curriculum and Instruction, presented very preliminary SOL testing results based on hand calculations. (See Attachment # 3) She noted the preliminary results do not include the following:

- Alternative Assessments
- Substitute Tests
- Some Paper Test Scores

Dr. Bennett noted, at this point, our graduation rate does meet accreditation standards, but the rate will change as summer graduates will be added. Based upon the preliminary information provided, Dr. Bennett predicted all four schools will be fully accredited, for the third year in a row. She stated these accomplishments are the results of a lot of hard work on the part of our teaching staff and administrators.

Mr. Waddell expressed appreciation to Dr. Bennett for her leadership in this area and the hard work of our teachers. Mr. Smith requested Dr. Bennett relay his gratitude and thanks to the staff.

Dr. Bennett stated the Virginia Department of Education will release their preliminary scores on July 24, 2017.

Tentative Pre-Work Schedule for August 2017, Open House, and Teacher Work Week

The superintendent reviewed the following tentative schedule in preparation for the first day of school for students on August 8, 2017:

Early Bird Session

Wednesday, November 15

9:30 am – Noon

The Poverty Factor

Kimberly Jowers and Dr. Katrina Spigner, Resource Solutions

Whether we encounter it on a daily basis or choose to believe that it has no impact on our lives, poverty is a part of our reality. It is easier to discuss what "they" could or should do to change, rather than explore the self-imposed and systemic barriers that hinder individuals in generational poverty from achieving self-sufficiency.

The Poverty Factor is an interactive experience that is designed to help individuals, leaders, organizations and communities examine the experiences of individuals in generational poverty, discover hidden personal biases and develop strategies for change. It challenges each participant to discover their limits and then go beyond them at the individual and community level to redesign programs and approaches that better serve the individuals with whom we have contact.

This training offers a deeper understanding of the challenges and needs of people in poverty and the know-how to partner with them to create successful outcomes that build healthy individuals; thereby creating healthy communities.

For information on any of the programs in this brochure, visit the VSBA Annual Convention page on the VSBA web site.

Regular Monthly Business Meeting

The Appomattox County School Board met in regular session on Thursday, July 27, 2017 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Regular Monthly Business Meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance, and a Moment of Silence.

CONSENT AGENDA – APPROVAL

It was moved by Mr. Smith and seconded by Rev. Jones to approve the following consent agenda items:

1. Minutes of June 8, 2017 Regular Monthly Business Meeting
2. Minutes of June 29, 2017 Close-Out Meeting
3. Financial Report as of June 30, 2017 (See Attachment # 1) and Re-Appropriation Request or 2017-2018 (See Attachment # 2)
4. Payment of Bills as of July 27, 2017:
   a) $88,377.19 – General Fund (See Attachment # 3)
   b) $ 214.35 – School Food Fund (See Attachment # 4)
   c) $52,920.00 – School Textbook Fund (See Attachment # 5)
5. School Related Fund Raising Reports January – June 2017 (See Attachments # 6, # 7, # 8, and # 9)

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

VSBA and NSBA Activities

The VSBA Legislative Advocacy Conference will be held September 28, 2017 in Charlottesville. The registration fee is $160.00 and the deadline is September 14, 2017. It was noted this is the same day as the School Board Regular Monthly Business Meeting which will include a half day tour of our schools with invited elected officials.

The 2017 Annual VSBA Convention will be held in Williamsburg, November 15-17, 2017. The registration fee is $295.00 and the deadline is November 1, 2017. Mr. Waddell and Dr. Grasty plan to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Budget Update – A letter was received from the Appomattox County Administrator on July 5, 2017 indicating the Appomattox County Board of Supervisors had approved the 2017-2018 School Budget as requested.

2. Re-Appropriation Request – The Appomattox County Board of Supervisors approved our Re-Appropriation Request on July 18, 2017 for the following funds:

Fund 3 – School Capital Improvement Fund	=	$171,233.70
Fund 6 – School Textbook Fund	=	$496,369.54
Fund 7 – Carry Forward Fund	=	$281,068.82

3. Health Insurance – Appomattox County and our school division are attempting to secure a price quote from Local Choice. We hope to receive a response within the next several weeks. The first renewal quote from our current carrier, PCHP, was unusually high at 27%. At a subsequent meeting, approximately three weeks ago, PCHP provided a much better quote with a 10% increase and the possibility of lowering the increase to 5% or 6% if prescription co-pays are changed. Mr. McMillan noted as additional information is received concerning health insurance, it will be provided to the Board.

Summer School Report 2017

Mrs. Beth Haught, Director of Remedial and Special Education, provided the 2017 Summer School Report that assisted 210 students. (See Attachment # 10) The report indicated:

APS - 94% of students maintained or improved skills
AES - 90% of students maintained or improved skills
AMS - 100% of students maintained or improved skills
ACHS - 47 SOL tests were administered with students passing 25 of those tests. Some students, who had not been able to graduate on time, received their diplomas as a result of participation in summer school.

Mrs. Haught stated the middle and high school summer school programs continued to focus on remediation opportunities for students. However, the focus of the primary and elementary summer school programs was changed this year to a STEM Camp. She noted students were involved with many projects that culminated in an evening showcase which was well attended. Mrs. Haught reported the STEM Camp was very successful, very well received, and plans are being made to expand the program next summer.

Back to School Update

The superintendent shared the information below concerning back to school preparations and provided Board Members with copies of letters sent to parents and staff. (See Attachments # 11 and # 12)

- August 1 – Teacher Workday 8:00 a.m. to 3:30 p.m.– Returning Teachers' First Day Back
- August 2 – Teacher Workday 8:00 a.m. to 3:30 p.m.
- August 3 – Open House 2:00 to 6:30 p.m.
  Teachers Work 11:30 a.m. to 7:00 p.m.
  Employee Open House 12:00 noon to 2:00 p.m.

- August 4 – Video Convocation in Each School 8:00 to 9:00 a.m. with Breakfast Provided by ACPS
  Professional Development – 9:00 a.m. to 3:30 p.m. (See Attach. # 13)
- August 7 – Teacher Workday 8:00 a.m. to 3:30 p.m.
- August 8 – First Day of School for Students

Mr. Smith expressed his appreciation for expanding this year's online registration to include credit card payment of fees. He stated this was a big help to parents.

Discussion of ACHS 2018 Graduation

Dr. Grasty reported Dr. Poldi Moreno, ACHS Principal, had requested graduation for 2018 continue to be conducted at The Vines Center at Liberty University (LU) in Lynchburg with Tuesday, May 22, 2018 selected as graduation date for the 2017-2018 school year. The superintendent stated should the Board approve the request for next year's graduation at this meeting, it will be pending the final review and approval of the LU Facility User Agreement by our attorney.

Dr. Grasty noted in the event we were to attempt conducting graduation at the high school, we checked with one rental company in the area. This company provided us with an approximate cost of $4,800.00 which included a tent, chairs, stage, an audio system, and set-up and take-down. The estimated cost did not include expenditures for security.

The superintendent supported Dr. Moreno's graduation request and noted this was included in the agenda as an action item.

Code of Conduct Update

Mr. Brette Arbogast, Director of Technology and CTE, provided an update concerning the recent revisions to the Code of Conduct for the 2017-2018 school year. He stated our current Code of Conduct is an on-line document that is constantly changing. He stressed the old printed copies are obsolete.

Discussion of September 28, 2017 Tour of Schools

Dr. Grasty noted the Board is scheduled for a half-day tour of schools on Thursday, September 28, 2017 from 11:30 a.m. until 3:00 p.m. which will be prior to the 3:30 p.m. School Board Regular Monthly Business Meeting. Following discussion, it was the consensus of the Board to invite elected officials, eat lunch in the Culinary Arts Department at the high school, and tour the middle and high schools. Mr. Waddell requested at least one of the mobile units at the high school be included in the tour.

9:30 am – Noon

The Poverty Factor

Kimberly Jowers and Dr. Katrina Spigner, Resource Solutions

Whether we encounter it on a daily basis or choose to believe that it has no impact on our lives, poverty is a part of our reality. It is easier to discuss what "they" could or should do to change, rather than explore the self-imposed and systemic barriers that hinder individuals in generational poverty from achieving self-sufficiency.

The Poverty Factor is an interactive experience that is designed to help individuals, leaders, organizations and communities examine the experiences of individuals in generational poverty, discover hidden personal biases and develop strategies for change. It challenges each participant to discover their limits and then go beyond them at the individual and community level to redesign programs and approaches that better serve the individuals with whom we have contact.

This training offers a deeper understanding of the challenges and needs of people in poverty and the know-how to partner with them to create successful outcomes that build healthy individuals; thereby creating healthy communities.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, August 10, 2017 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Update on First Three Days of School

The superintendent reported she and the Leadership Team had been in the schools during the first three days of the 2017-2018 school year and things were going well. Dr. Grasty provided an enrollment report which indicated 2,215 students are enrolled in our school division. (See Attachment # 1) She stated based upon prior years, this figure will fluctuate during the next several weeks. She noted kindergarten enrollment was higher than expected and stated this number will be monitored to determine if another teaching position may be required for this grade level.

As a welcome to the school year and an introduction to our new teachers, the *2017-2018 Convocation Video* was shared with Board Members.

Letter from Senator Peake

The Board reviewed a letter Mr. Waddell received from Senator Mark Peake requesting to meet with the Board and Superintendent to discuss how he could assist our school division in reaching our goals and overcoming challenges. (See Attachment # 2)

Following a lengthy discussion, it was the consensus of the Board to invite Senator Peake to attend either the September 14, 2017 or October 12, 2017 Interim School Board Meeting and to invite him to the September 28, 2018 luncheon and tour of the middle and high schools. Dr. Grasty stated she would send a letter to Senator Peake with this information.

Mr. Smith requested the minutes reflect he will not be able to attend the October 12, 2017 Interim Meeting and the October 26, 2017 Regular Monthly Business Meeting due to scheduled training sessions required by his employer.

Health Insurance Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported our school division and the County of Appomattox have shared the same health insurance program for a good number of years. The current provider for this combined coverage is Piedmont Community Health Plan (PCHP).

During the past few months, Mr. McMillan, Dr. Grasty, and Mrs. Tracy Johnson, Benefits Coordinator for Appomattox County Public Schools, have met with Mrs. Susan Adams, Appomattox County Administrator, and members of her staff, regarding health insurance coverage for employees for the upcoming plan year (October 1, 2017 through September 30, 2018). PCHP provided a renewal quote early in the summer that indicated a rate increase in the mid to high 20% which was based upon claims verses premiums for the prior twelve months. Due to this unusually high increase, we began to look to other possible coverage providers. In the meantime, PCHP submitted a revised quote that included June and July 2017 data which revealed a decrease in claims and resulted in a revised renewal quote that was much lower at 6.08%. In addition, Local Choice submitted a proposal for health insurance with rates that were actually higher than our current PCHP rates by 8.97%.

Mr. McMillan stressed there are advantages for continuing our health insurance coverage with PCHP and there are advantages for moving our coverage to Local Choice. He emphasized he, Dr. Grasty, and Mrs. Johnson had spent many hours analyzing the two plans and weighing the pros and cons and believe it is in the best interest of our employees to remain with PCHP for the upcoming plan year for the following reasons:

1. Our employer costs with PCHP will be approximately $99,000.00. Our employer costs with Local Choice will be approximately $141,000.00. Changing to Local Choice would cost our school division an additional $42,000.00.

2. Our 2017-2018 School Budget allows for an increase of $100,000.00 for employer paid health insurance benefits. The additional cost of $42,000.00 for Local Choice is not included in our budget.

3. The benefit advantages with PCHP outweigh Local Choice:
    - Specialist copay: PCHP = $25.00; Local Choice = $40.00
    - All lab work, x-rays, diagnostic tests, etc. done through the doctor's office are included in the PCHP copay.
    - These two factors result in considerable savings for our employees.

4. PCHP will allow employees to mix and match medical, dental, and vision coverage. As an example, an employee may have employee only medical coverage with PCHP, be able to purchase a family dental plan through Delta Dental, and secure vision coverage for employee and spouse through Superior Vision. Local Choice includes medical, dental, and vision coverage in one plan without the availability to pick and choose various plans to better accommodate the needs of a family.

5. Local Choice includes an Employee Assistance Plan (EAP) which is limited to four visits. PCHP includes mental health counseling services that are not limited to four visits, but do require a copay.

In conclusion, Mr. McMillan stated based upon the information presented, he recommended keeping the school division's medical coverage with PCHP, dental coverage with Delta Dental, and vision coverage with Superior Vision for the plan year beginning October 1, 2017 and ending September 30, 2018.

Dr. Grasty noted, at this time, it appears the county may be leaning more toward Local Choice. The superintendent reported she spoke with the County Administrator earlier in the day and asked if it would cause problems should our school division go with a different health insurance group from the county. Mrs. Adams stated she had spoken with several members of the Board of Supervisors, asking this question, but she had not gotten answers from them. Mrs. Adams did note many municipalities in Virginia are going with Local Choice.

Mr. McMillan stated the Appomattox County Board of Supervisors' next meeting is scheduled for August 21, 2017. It is anticipated the county will make a decision concerning health insurance coverage at that meeting.

ACTION ITEMS

Consideration of Requests for Exemption from Compulsory Attendance Laws for Bona Fide Religious Belief for 2017-2018

It was moved by Mr. Smith and seconded by Rev. Jones to approve exemption from compulsory attendance laws for bona fide religious belief for the 2017-2018 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 3)

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty stated Mrs. Virginia A. Franklin, retired Teacher Assistant, passed away August 11, 2017. Mrs. Franklin was employed with our school division for twelve years (August 30, 1979 to August 1, 1991). On behalf of the School Board, a contribution has been made to the Appomattox County Education Foundation in her memory and a card was sent to the family. Dr. Grasty acknowledged the contributions Mrs. Franklin made to our school division and extended deepest sympathy to her family.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

A Membership Report for the first three Wednesday's of the 2017-2018 school year revealed 2,198 students are currently enrolled in our school division. This compares to a budgeted Average Daily Membership of 2,180 students. (See Attachment # 10)

VSBA and NSBA Activities

The 2017 Annual VSBA Convention will be held in Williamsburg, November 15-17, 2017. The registration fee is $295.00 and the deadline is November 1, 2017. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the school year had gotten off to a good start and there were no items of business to present at this time.

Report from STEM Board Meeting of August 1, 2017 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representative to the STEM School Board, reported on their August 1, 2017 meeting. She reported apprenticeships are being sought in Appomattox for STEM Academy students. Dr. Smith also noted she will miss two of the STEM Board Meetings for the 2017-2018 school year as the Board was not able to meet at a time other than 1:00 p.m. which conflicts with her Longwood teaching schedule.

Report from Central Virginia Governor's School Board Meeting of August 2, 2017 by Mr. Greg Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their August 2, 2017 meeting. The Board Meeting Calendar for the year was finalized with meetings scheduled on the first Wednesday of each month at 1:00 p.m. This year, Appomattox County Public Schools has five juniors and four seniors attending. The Governor's School Foundation has assumed payment of the $25.00 consumable fee that had previously been the responsibility of each student. Mr. Smith emphasized we have good students enrolled at CVGS. He stated it is a good program and he looks forward to it continuing for quite some time.

Report from LAUREL Board Meeting of August 23, 2017 by Ms. Cynthia Hall

Ms. Cynthia Hall, Board Representative to the LAUREL School Board, reported on their August 23, 2017 meeting. LAUREL School completed the 2016-2017 school year under budget. Currently, seven students from our school division are enrolled. The playground area has been refurbished by replacing gravel with rubber ground cover and a ramp has been constructed from the building to the play area. Ms. Hall was pleased to report to the LAUREL Board that Appomattox County Public Schools appear to be fully accredited for the third year in a row.

Annual Review of Crisis Management Plans

Mr. Matt Wallin, School Psychologist, conducted the annual review of the Crisis Management Plans. He reported:

- All school and division crisis plans have been reviewed and updated accordingly.
- Contact information is current.
- All policies have been reviewed.
- Current updated copies are in all schools and the School Board Office.

- A *Threat Assessment Manual* has been prepared for each school to allow better accessibility to copies of forms, etc.
- Evacuation MOU's (Memorandum of Understanding) have been updated, signed, and filed in the School Board Office.

Upcoming Crisis Training

Mr. Wallin reported on the upcoming intruder crisis training scenario that will be conducted Monday, October 9, 2017 at Appomattox Elementary School. This day was selected as it is a Teacher Workday and a Student Holiday. The training will be conducted in conjunction with the Virginia Department of Emergency Management and will involve local and outside resources such as EMS, the fire department, and law enforcement within a live scenario. This training will be used to help strengthen local guidelines and procedures related to an active intruder situation. More information regarding this training will be released in late September.

2017-2018 Teacher and Parent Advisory Committees

The superintendent provided the Techer Advisory Committee (TAC) and Parent Advisory Committee (PAC) listings for 2017-2018. Committee members were selected by building principals. (See Attachments # 11 and # 12) The superintendent stated she meets with each committee every other month, throughout the school year.

Schedule for September 28, 2017 Tour of School Facilities

Board Members were provided with a draft of the schedule for their fall tour of school facilities that will take place Thursday, September 28, 2017. The half-day tour will begin at 11:30 a.m. with lunch in the Culinary Arts Department at the high school followed by a tour of the middle and high schools. Members of the Appomattox County Board of Supervisors and other elected officials have been invited to accompany School Board Members and Central Office Administrators. Following the tour, the Board will conduct their Regular Monthly Business Meeting beginning at 3:30 p.m. in the School Administration Building.

CAMP KINDNESS COUNTS

September is the KIND of month in which students can find themselves most successful in the school year. Already, they have settled in and know the routines of their new classrooms and have made friends with their new classmates. Summer vacations and activities have been safely stored away in the memory bank and it is time to look forward to what the future holds for the year. It is the KIND of time to think about how to make this year one of a KIND!

Looking at the calendar, there are some days in September set aside as "National Day of....." that are worth noting. September 12th, for example, is the "Day of Encouragement." Our students will be participating in a school-wide assembly called *The KINDNESS Adventure* on this day. Families can observe by talking about, then doing deliberate acts of encouragement to people around them. Encourage your child to high five someone for a job well done and take notice when a friend is getting close to a hard-earned goal, encouraging them to keep going. With your child, you can send a card, give a call, or send a text to a family member who may need an uplifting word.

September 17th marks Constitution and Citizenship Day, and September 28th will round out the month with "Good Neighbor Day!" Again, these are days to talk about what it means to be a good citizen and a good neighbor during the school day. How can your child help be a role model for others when it comes to those positive choices each day?

"Bullying" is a word we hear a great deal on the news and on social media. Wouldn't it be great if the reports coming out of Appomattox Elementary School were the KIND of news that we can celebrate? I encourage you to talk at home about what your child has seen or has done at school that promotes KINDness in every way, and we will be sure to share anything you are willing to share with us! Look inside our newsletter for a special way to do that! We KINDly thank you for all you do to support your child's academic, social and citizenship growth. It truly is a blessing and opportunity like no other KIND!

3rd Grade News

WOW! What a busy start here at CAMP AES! We have begun the school year with learning all of the ways to be GREAT campers. Our focus in Math has been on Place Value, and in Science we are studying Habitats and Animal Adaptations. Plus....we got to see the SOLAR ECLIPSE!!!! In Language Arts, we are learning about Author's Purpose, Predicting and Summarizing. We also were able to decorate our Writing Journals (how fun)! We can't wait to learn "s'more"!

4th Grade News

We are excited to begin a new year with 184 "campers" in fourth grade. Campsites have been set up, and our adventure has begun. We look forward to an exciting year with many highlights to come.

The fourth grade classes will be attending our first field trip on Friday, October 6th. Remember that money and permission forms need to be turned into your child's teacher so that arrangements can be finalized with the bus company and Jamestown. Parents are able to pay the full amount, $60.00, or a partial payment, $30.00, by September 8th. Final payment will be due by September 22nd. Please send money and permission slips to your child's teacher. More information will be coming about the trip in the next few weeks. We look forward to having a great adventure at Jamestown.

5th Grade News

In 5th Grade, we have nine teachers. We have three new teachers this year, and their names are Mr. Evans, Mrs. Hammond, and Mrs. Irby. In Math class, we are learning about decimals. In Science class, we are learning about the layers of the Earth. In Reading class, we are learning about Plot.

The solar eclipse came on August 21st this year. The school bought special solar eclipse glasses so we could watch it. In Mrs. Ranson's ALPs class, we made a news cast video about the solar eclipse. We were very excited about being able to see this once in a lifetime opportunity!

THE RAIDER REPORT

The 5th grade got their iPads and we are so excited. On our iPads we have our own passwords and usernames. We also have to login to the computers with the same username and passwords.

Make sure you bring your school supplies and art supplies to school!

Physical Education News

Did you know that playing tennis with a badly strung racquet while wearing worn-out shoes can be just as dangerous as playing football without shoulder pads? Using the wrong — or improperly fitted — equipment is a major cause of injuries. The equipment you wear while participating in sports and exercise is key to preventing injuries. Not only is the right kind of equipment important, so is the right fit. Shoes are the first line of defense against foot and ankle injury! They are designed to provide protection, comfort, support and style. Please help remind students to be prepared for P.E. resource each week by wearing his/her athletic shoes to class. Comfortable, appropriate clothing for performing exercises and movements during class is necessary as well. Thanks for your help in supporting your child's success in resource classes!

Girls on the Run begins Wednesday, September 6 and our coaches this year are Ms. Misty Nolen and Ms. Emily Castillo. Girls that have completed on online registration will meet each Monday and Wednesday from 3:30-4:45 in the gym. We are looking forward to a great season!

The Poverty Factor

Kimberly Jowers and Dr. Katrina Spigner, Resource Solutions

Whether we encounter it on a daily basis or choose to believe that it has no impact on our lives, poverty is a part of our reality. It is easier to discuss what "they" could or should do to change, rather than explore the self-imposed and systemic barriers that hinder individuals in generational poverty from achieving self-sufficiency.

The Poverty Factor is an interactive experience that is designed to help individuals, leaders, organizations and communities examine the experiences of individuals in generational poverty, discover hidden personal biases and develop strategies for change. It challenges each participant to discover their limits and then go beyond them at the individual and community level to redesign programs and approaches that better serve the individuals with whom we have contact.

This training offers a deeper understanding of the challenges and needs of people in poverty and the know-how to partner with them to create successful outcomes that build healthy individuals; thereby creating healthy communities.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent shared the following communication items with the Board:

A thank you note had been received from the family of our former employee, Mrs. Virginia Franklin, and was shared with the Board.

Mrs. Sheila Yvonne Schultz, former school bus driver, passed away August 28, 2017. Mrs. Schultz was employed with our school division from August 2004 to August 2009 and again from August 2010 to December 2016.

Mrs. Bolling Conner Carter, retired guidance counselor, passed away September 5, 2017. Mrs. Carter was employed with our school division for 24 years, from September 1967 to July 1991.

On behalf of the School Board, a contribution has been made to the Appomattox County Education Foundation in memory of Mrs. Schultz and Mrs. Carter and a card was sent to each family. We acknowledge the contributions Mrs. Schultz and Mrs. Carter made to our school division and extend our deepest sympathy to their families.

Communication Items from Board Members

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier in the Day

Prior to the meeting, Board Members, accompanied by elected governmental officials, and school division administrators, enjoyed a delicious lunch prepared by students in the Appomattox County High School Culinary Arts Department. They then toured the high school and Appomattox Middle School prior to convening for the Board Meeting.

Board Members were very complimentary of our students and staff and the outstanding instructional programs they visited during their tour. Mr. Waddell noted teachers are to be commended.

Board Members also expressed their desire to secure funds to address the needed Capital Improvement Projects (CIP) within our school division. Rev. Jones emphasized it is critical to get the CIP funding in place.

Membership Report

The superintendent provided the August 31, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,183 students. This compares to a budgeted ADM of 2,180. (See Attachment # 9)

VSBA and NSBA Activities

The 2017 Annual VSBA Convention will be held in Williamsburg, November 15-17, 2017. The registration fee is $295.00 and the deadline is November 1, 2017. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the last day of September designates the end of the first quarter. A detailed quarterly financial report will be presented at the October 26, 2017 Board Meeting. This report will include a special breakout concerning payroll and the required increased premiums we must pay the Virginia Retirement System.

SOL Score Report Regarding State and Federal Accreditation

Dr. Annette A. Bennett, Director of Curriculum and Instruction, provided a detailed presentation of the SOL Results and Accreditation Status for our school division which emphasized all of our schools are fully accredited for the third year in a row. (See Attachment # 10) During her presentation, Dr. Bennett noted the following:

- Scores went down in all areas at the elementary school.
- The middle school has shown growth in every area for the past three years.
- High school scores showed improvement in every area and were above the state average in every area.
- Overall, our scores were above the state average in every area.
- Appomattox is the only school division in Region 2000 that is fully accredited.
- Appomattox and Amelia are the only two school divisions in Region 8 that are fully accredited.
- Going forward, areas of concentration will include:
    - Reading in Proficiency Gap 2 - African-American Students, not of Hispanic origin, including those also counted in Proficiency Gap Group 1.
    - Reading and Math for Students with Disabilities.
- On-Time Graduation Rate:
    - Appomattox was 95.1% which was well above the state average of 91.1%.
    - Our school division had the highest On-Time Graduation Rate of all school divisions in Region 8.
    - Amherst led Region 2000 with an On-Time Graduation Rate of 95.7%, followed by Appomattox at 95.1%.

Dr. Bennett expressed her appreciation to the teachers, principals, students, and parents for their hard work in getting our school division to the fully accredited status for the third year in a row.

Mr. Smith noted our school division began to see marked improvement in SOL scores when the Board changed the calendar to end first semester and SOL testing before the winter break holiday. Prior to this calendar change, SOL tests were administered prior to the end of first semester in mid-January.

Dr. Bennett stated she would gather information concerning the correlation between Advanced Diplomas and ACT/SAT scores and present this to the Board at a later meeting.

Capital Improvement Projects List Update and Integrated HVAC Needs

Mr. Timmy Garrett, Maintenance Supervisor, presented a thorough pictorial report concerning the many HVAC needs in our school division. (See Attachment # 11) He also provided an Updated 2017-2021 Capital Improvement Plan and a draft proposal for engineering services for the needed HVAC improvements in our school division. (See Attachments # 12 and # 13)

Dr. Grasty recommended approval of engineering services through Dewberry Engineers, Inc. for our school division's HVAC systems and stated a scope of work will be presented to the Board at a later meeting.

Report from Central Virginia Governor's School Board Meeting of September 6, 2017 by Mr. Greg Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their September 6, 2017 meeting. He stated they voted on updated policies and reviewed enrollment numbers. Currently 132 students are enrolled. They would like to increase the total enrollment to 150 students. Mr. Smith noted CVGS is open the first Saturday of every month during first semester for students who would like to receive additional instruction.

Joint Meeting with Appomattox County Board of Supervisors

Dr. Grasty reminded the Board of their Joint Meeting with the Appomattox County Board of Supervisors on Thursday, November 9, 2017 at Appomattox County High School. Board Members will begin with dinner at 5:30 p.m. in the Culinary Arts Department and then move to the Library at 6:30 p.m. for the Superintendent's Presentation.

The superintendent requested School Board Members make her aware of particular information they want included in her presentation. Mr. Smith requested Dr. Bennett's graphs concerning the On-Time Graduation Rate and SOL Scores be included with a third column indicating local funding figures for each division in Region 8 and Region 2000 showing the percent above the Required Local Effort.

ACTION ITEMS

Consideration of Approval of 2017-2018 Advisory Committee Members

It was moved by Mr. Smith and seconded by Rev. RAIDER DIGEST

Volume 3, Issue 1 October 2017

Principal's Post

Happy fall!!

It's very hard to believe that the first quarter of our school year is already complete. Students are doing a great job and are amazing us with what they can accomplish every day! We are proud of our AMS students.

As report cards come home, please remember that we welcome your questions or concerns at any time. Although there are no formally scheduled Parent-Teacher conference days this school year., we welcome the opportunity to talk with you through phone calls, emails, and parent conferences throughout the year. We must work together to ensure the success of each student.

A couple of weeks ago we held our first Raider Reward Day for students. In order to earn this reward, students had to meet the following qualifications during the first six weeks of school: no referrals, no more than 3 silent lunch assignments, no more than 2 missing assignments in any class, and they had to be passing all of their classes. We are proud to say that 347 students met these requirements and earned the incentive. Students were given 45 minutes of free time to talk with friends and play various sports set up along the fields and in the gym. We are very proud of our students. We look forward to even more students earning the reward at the end of the twelfth week of school.

At AMS, we continue to work with work with our students daily to build grit, perseverance, and a belief in their own talents and abilities. Please support our work with students at home by encouraging them to keep working on something until they are proud of what they have accomplished, whether it be school work, chores, hobbies, athletics, or whatever they choose to do. When students say they can't do something or don't understand something, please follow those remarks by adding "yet". They don't understand something ***yet***. They haven't been able to be successful with a task ***yet***. We have found there is a great deal of power and encouragement in the word yet. "Yet" lets our students know that everyone learns and achieves on their own time table. "Yet" means everything is still a possibility with hard work and determination.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together. AMS Raiders—we don't stop until we're proud!!

Sincerely,

Cheryl J. Servis, Ed.D.

Principal

AMS PLACES IN STATE FFA CONVENTION

During the week of June 26-29, 8 Appomattox Middle FFA members travelled to the State FFA Convention, held on the Virginia Tech Campus in Blacksburg, Virginia. Throughout the week, students participated in workshops, heard from keynote speakers, and participated in the state FFA delegate process. Members heard from past and current national FFA Officers, state FFA officers, and other motivational speakers on how to "Transform" their purpose to action in order to make a difference as leaders in their community.

While attending the convention, AMS FFA members took part in several Career Development Events (CDEs), and represented Appomattox well. The AMS Dairy Evaluation team, consisting of Hunter Humbles, Jade Campbell, Gabby Pickett, and Hannah Lethcoe completed a test on the Dairy industry and proper management practices, as well as placing 5 classes of dairy cattle according to their knowledge of the ideal dairy cow. The team captured 4th place in the state of Virginia. Jade Campbell was the 5th high individual, Hunter Humbles was 9th in the event, Hannah Lethcoe placed 14th, and Gabby Pickett placed 16th. The team also participated in the Small Animal Care CDE.

The AMS Agricultural Mechanics Team, consisting of Andrew Gallier, Josie Jones, Baily Purcell, and Mannix Wilhoit were required to identify tools related to woodworking, metalworking and other shop applications, complete a multiple choice test on their knowledge of agricultural mechanics, perform various measuring exercises with accuracy, create a bill of materials for a project, evaluate woodworking performance, complete a welding skill, identify parts of small engine, and demonstrate knowledge in electricity and plumbing. The team captured 2nd place in the Middle School Division of the contest, and were 10th in the Junior Division. The team had several top finishers: Josie Jones was 5th high individual, Andrew Gallier placed 10th, and Mannix Wilhoit was 17th in the event.

The teams were coached by AMS Agriculture teacher and FFA Advisor Dani Hodges. AMS FFA would like to thank the Appomattox County FFA Alumni, Appomattox County School Board Administration, ACPS Transportation Department, AMS Administration, and ACHS Advisors Ed McCann and Elizabeth Duncan for contributing to making this trip a success.

AMS FFA Dairy Evaluation Team captured 4th place in the State contest. Members pictured from left to right are Hunter Humbles, Hannah Lethcoe, Jade Campbell and Gabby Pickett.

AMS Agricultural Mechanics Team placed 2nd in the State at the 91st FFA Convention. Pictured from left to right are Josie Jones, Mannix Wilhoit, Andrew Gallier and Bailey Purcell.

NEWS FROM YOUR GUIDANCE COUSELOR

Mrs. Cooter would like to remind all students of the importance of good character. Take a look at the six pillars of character outlined below. You are encouraged to make them a part of each school day. And remember, always treat a person the way you would want him or her to treat you!

Trustworthiness

Be honest • Don't deceive, cheat, or steal • Be reliable — do what you say you'll do • Have the courage to do the right thing • Build a good reputation • Be loyal — stand by your family, friends, and country

Respect

Treat others with respect; follow the Golden Rule • Be tolerant and accepting of differences • Use good manners, not bad language • Be considerate of the feelings of others • Don't threaten, hit or hurt anyone • Deal peacefully with anger, insults, and disagreements

Responsibility

Do what you are supposed to do • Plan ahead • Persevere: keep on trying! • Always do your best • Use self-control • Be self-disciplined • Think before you act — consider the consequences • Be accountable for your words, actions, and attitudes • Set a good example for others

Fairness

Play by the rules • Take turns and share • Be open-minded; listen to others • Don't take advantage of others • Don't blame others carelessly • Treat all people fairly

Caring

Be kind • Be compassionate and show you care • Express gratitude • Forgive others • Help people in need

Citizenship

Do your share to make your school and community better • Cooperate • Get involved in community affairs • Stay informed; vote • Be a good neighbor • Obey laws and rules • Respect authority • Protect the environment • Volunteer

APPOMATTOX FFA ATTENDS STATE FFA LEADERSHIP CAMP

Appomattox FFA members travelled to State FFA Leadership Camp during the summer. The camp was held at Graves Mountain Lodge in Syria, Virginia. Over the course of five days, FFA members participated in a variety of activities and took a break from technology as they made new friends. Each day, campers participated in classes on leadership, public speaking, agriculture processing, natural resources, and teamwork.

Camp participants donated and packed school supplies for a school in Haiti, as well as spending time building a fence for a community business and reading to elementary school daycare students. Throughout the week, members participated in group sports and reflections prepared by the State FFA Officer team, encouraging them to "Transform their purpose to action as leaders in the upcoming school year.

FFA members (from left to right) Jade Campbell, Jenna St.John, Caylan Moore, and Josie Jones represent Appomattox at Graves Mountain Lodge for FFA Leadership Camp.

SOLAR ECLIPSE—AUGUST 21, 2017

On August 21st, Appomattox Middle School joined with Americans across the county and turned their eyes to the sky for the Great American Eclipse. Before the eclipse, students were provided educational information about the eclipse. Students were also required to participate in special safety lessons on how to keep their eyes protected while viewing. All students and staff members were provided safe viewing glasses for the event.

DISCOVERY CLASS

Mrs. Warner's 6th grade Discovery class was honored to have Sandy and Gerald Wilbun come share their expertise on owning a business. Students are learning about the process of designing, opening, and operating a local business.

BRINGING BOOKS TO LIFE IN MS. FORT'S CLASS

Ms. Fort's 6th grade Language Arts class read the book Justin and the Best Biscuits in the World by M. Walter. With the help of 4-H extension agent, Mrs. Tillotson, students were able to cook and take home their own best biscuits in the world!

MS. BOSIGER'S STUDENTS TRAVEL TO WSET

On Thursday, September 21, 2017 our class traveled to tour the WSET television station in Lynchburg, VA., with a special focus on weather forecasting. We were lucky to have our 45 minute tour extended by about 30 minutes. We had the chance to meet meteorologist Melissa Le Fevre, anchor Danner Evans and a variety of other staff. During our tour, we had an in depth question and answer session inside of the weather center. We were able to take turns standing in front of the front of the green screen and each student had a chance to take a turn telling the weather forecast. Melissa LeFevre gave us the opportunity to have our group photo displayed on GMV and the 6 am news on Friday September 22, 2017. After a class unit on weather maps and measurements, our trip to WSET gave us an excellent chance to further our knowledge with first–hand experience in the weather center.

The Poverty Factor

Kimberly Jowers and Dr. Katrina Spigner, Resource Solutions

Whether we encounter it on a daily basis or choose to believe that it has no impact on our lives, poverty is a part of our reality. It is easier to discuss what "they" could or should do to change, rather than explore the self-imposed and systemic barriers that hinder individuals in generational poverty from achieving self-sufficiency.

The Poverty Factor is an interactive experience that is designed to help individuals, leaders, organizations and communities examine the experiences of individuals in generational poverty, discover hidden personal biases and develop strategies for change. It challenges each participant to discover their limits and then go beyond them at the individual and community level to redesign programs and approaches that better serve the individuals with whom we have contact.

This training offers a deeper understanding of the challenges and needs of people in poverty and the know-how to partner with them to create successful outcomes that build healthy individuals; thereby creating healthy communities.

For information on any of the programs in this brochure, visit the VSBA Annual Convention page on the VSBA web site.

Always Working to Improve

- Each School has a School Improvement Plan which is developed yearly, including 7 areas and targets specific areas to address. Student academic performance is analyzed to determine goals.
- A curriculum emphasis this year is the continuation of Balanced Literacy.
- The goal is to improve the instructional delivery model and teaching strategies for all components of reading and writing K-5.

Our School Resource Officers: Keeping Us Safe and Building Relationships

Remedial and Students with Disabilities (SWD)

Special Education

Title 1 Programs at APS and AES

- School-wide programs at both APS and AES ensure that any student who is reading below grade level may receive additional instructional services and interventions necessary to increase reading skills.
- The goal of school-wide programs is to improve outcomes for all students in the building.

Title 1 Delivery:

- Services are available to any K-5 students at APS and AES who are reading below grade level expectations.
- Reading specialists coordinate with language arts teachers to evaluate students and determine who needs additional instruction in the area of reading.
- Instruction is provided in a number of ways.
- Push-in: reading specialist goes into the classroom to provide small group instruction
- Pull-out: reading specialist provides small group or individual instruction in a separate classroom
- Combination: students with significant needs receive instruction in both settings

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, October 12, 2017 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Interim Meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent. Mr. Gregory A. Smith was absent as he was attending a training session required by his employer.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Dr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Senator Mark Peake

Mr. Waddell welcomed Senator Mark Peake who expressed his appreciation for the opportunity to meet with the Board. Dr. Grasty provided Senator Peake with a notebook containing the following information:

- ACPS 2017-2018 Calendar and Directory (See Attachment # 1)
- ACPS Accomplishments and Awards as of October 12, 2017 (See Attachment # 2)
- ACPS Annual Report 2016-2017 (See Attachment # 3)
- Contact Information for School Board Members (See Attachment # 4)
- ACHS Automotive Technology Brochure (See Attachment # 5)
- ACPS School Resource Officers Brochure (See Attachment # 6)
- ACPS Programs for Preschool Developmentally Delayed Children Brochure (See Attachment # 7)
- Discussion Items (See Attachment # 8)
- Pictorial Samples of HVAC and Maintenance Needs (See Attachment # 9)

The following topics were addressed during the discussion and sharing of information with Senator Peake:

- Our school division has a large number of HVAC and maintenance needs that should be addressed right away but we lack the funds.
- Literary Funding from the state is needed for school building projects and renovations of existing buildings.
- The repayment of funds to the Virginia Retirement System (VRS) should be addressed so there is less of a financial burden on school divisions and localities.
- Salary increases are needed from the state for all staff members and not just the SOQ funded positions.
- State funding is needed for the CTE and STEAM Programs that are being emphasized by the state.
- Our school division pays for our students to attend the Central Virginia Governor's School and the XLR8 STEM Academy in Lynchburg. Currently the annual tuition per student exceeds $5,000.00. Additional funding from the state is needed in this area.
- The required tuition costs need to be reduced for high school students who are participating in dual enrollment and CTE classes through Virginia Community Colleges.
- We are very appreciative of the reductions made in the SOL testing program requirements and support continued leniency in this area.
- The state continues to place mandates on our school division without providing the funding required to carry-out the mandates. The following examples were provided: required teacher training and CPR training.

Senator Peake noted the state may be leaning toward changing the current licensing procedures for experienced, retired individuals entering the teaching profession by allowing school divisions to determine the qualifications.

Rev. Jones asked Senator Peake for his foresight concerning charter schools. The Senator stated he was a supporter of charter schools and vouchers in school divisions that are not meeting accreditation. He noted there are very few charter schools in Virginia and he was very doubtful they would impact rural areas. He also pointed out all of the schools in Appomattox continue to be fully accredited and as long as this is the case, our school division will not be impacted by charter schools and vouchers.

Senator Peake commended our School Board for what they are doing and how efficiently they are doing it. Mr. Waddell thanked Senator Peake for the compliment and emphasized our school division is where it is because of our hard working staff. He thanked the Senator for his visit and extended an invitation for future meetings. Senator Peake was also appreciative of the meeting and stated

he was available at any time should Board Members or the superintendent wish to contact him.

Signed Proposal with Dewberry Engineers, Inc. for Engineering Services for HVAC Systems

The superintendent provided Board Members with a copy of the signed proposal with Dewberry Engineers, Inc. for engineering services for our school division's HVAC systems. (See Attachment # 10) The Board had authorized the superintendent to execute this document at their September 28, 2017 meeting.

ACTION ITEM

Consideration of Approval of Overnight Trip Request – ACHS Golf Team

It was moved by Rev. Jones and seconded by Dr. Smith to approve the overnight trip request for the ACHS Golf Team to travel to Harrisonburg, Virginia, October 8-10, 2017 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 11)

CLOSED SESSION

Adjourn to Closed Session

Rev. Jones moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employee #252;

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950, as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Dr. Smith seconded the motion made by Rev. Jones. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel, actual or probable litigation, and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Dr. Smith and seconded by Rev. Jones to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Rev. Jones made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 12)

Approval of Personnel Matters

It was moved by Rev. Jones and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 13)

   b) $ 43,809.22 – School Food Fund (See Attachment # 5)
   c) $ 2,960.42 – School Textbook Fund (See Attachment # 6)
   d) $ 3,324.15 – General Fund End-of-Month (See Attachment # 7)
   e) $ 105.70 – School Food Fund End-of-Month (See Attach. # 8)
5. Information from the Schools and Division Offices as of October 26, 2017
6. Overnight Trip Request (See Attachment # 9)

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Dr. Smith and seconded by Ms. Hall to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Board Members were invited to a reception honoring the artists of the 2017 Area Youth Art Exhibit sponsored by the Longwood University College of Education and Human Services and the Longwood Center for Visual Arts on Sunday, November 5, 2017 from 2:30 - 4:00 p.m. The exhibition consists of selected works representing schools from twelve counties. MonTrevious Fitch will represent our school division.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the September 30, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,180 students. This compares to a budgeted ADM of 2,180. (See Attachment # 10)

VSBA and NSBA Activities

The 2017 Annual VSBA Convention will be held in Williamsburg, November 15-17, 2017. The registration fee is $295.00 and the deadline is November 1, 2017. Mr. Waddell, Rev. Jones, and Dr. Grasty are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones as Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Rev. Jones arrived at this point in the meeting.

Mr. Waddell referred to Board Training that was conducted last January by VSBA Staff, Gina Patterson and Samantha Bosserman. He stated they are willing to do this again this year and are available Friday, January 12, 2018. It was the consensus of the Board to schedule the training with VSBA for this day.

Mr. Waddell also addressed the proposals that will be voted on during the VSBA Delegate Assembly in Williamsburg. He briefly reviewed the following:

1. Oversight of Afterschool Enrichment Programs
2. Elementary and Secondary Education Act of 1965 and Limited English Proficiency Programs
3. Fair Assessment of Limited English Proficient Students
4. Education of Teachers
5. Standards of Quality and State Education Funding
6. Federal Funding of Education
7. Teacher Preparation and Licensure
8. State Police Requirements for Providing Information on Fingerprint Checks
9. Affordability of Dual Enrollment
10. Virginia Alternative Assessment Program

Mr. Waddell requested Board Members provide him with their suggestions or comments prior to the Delegate Assembly Meeting on November 16, 2017.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented the Quarterly Financial Report for the quarter ending September 30, 2017. (See Attachment # 11) He reviewed the following information concerning the General Fund:

- Our expenditures and revenues are in good shape at this point.
- The 2017 third quarter expenditures were actually lower than the 2016 third quarter expenditures. This was due to the total amount of accounts payable items during July and August 2016 being higher than normal. September 2017 expenditures reflected an increase which was expected due to increases in payroll and benefits. Benefits are running at 25.85%.
- 14.71% of the total budget has been spent as of September 30, 2017.
- It is estimated we could experience a gradual decline in our Average Daily Membership (ADM) by a decrease of ten (10) students during the current school year and perhaps an additional decline of ten (10) more students during the 2018-2019 school year.

Mr. Waddell noted the decline of ten students will result in a decrease in revenue as our revenue is based on our ADM. However, he also noted it is unfortunate that we will not see a reduction in our expenses as the ten students will be scattered over a number of grades and will not be isolated to one classroom which could possibly allow for a reduction in the number of staff required.

Dr. Smith asked if adjustments are made concerning transportation when there is a decrease in the number of students. Dr. Grasty stated bus routes are adjusted during the year to accommodate student population changes.

Advanced Diplomas and SAT / AP Profile Report

Dr. Annette A. Bennett, Director of Curriculum and Instruction, presented the following information concerning Advanced Diplomas and the SAT / AP Profile Report: (See Attachment # 12)

- Appomattox County Public Schools (ACPS) was at 52% for Advanced Diplomas which was the state average. The only school division higher in Region 8 was Charlotte County at 53%. ACPS was the highest in Region 2000.
- ACPS made progress in increasing the number of SAT test takers. ACPS was at 3rd place in Region 8 and 5th place in Region 2000 for SATs, using the average mean score. This is an area to target for potential growth.
- ACPS increased the number of tests achieving a passing score of 3 or higher on Advanced Placement Tests. This is an area we want to continue to grow.

Class Size – Fall Report

Dr. Bennett reviewed the 2017-2018 Fall Class Size Reports. (See Attachments # 13, # 14, and # 15) She stated class sizes are regularly reviewed to make sure we are within the correct boundaries to be fiscally responsible.

K-3 Class Size Reduction Report

Dr. Bennett informed the Board of the submission of the K-3 Class Size Reduction Report to the Virginia Department of Education. Our school division met the eligibility requirements for both Appomattox Primary School and Appomattox Elementary School to qualify for funding in the amount of $351,809.00 for the 2017-2018 school year. The eligibility calculations were based on the numbers of teachers and students in our school division as of September 30, 2017. (See Attachment # 16)

2018-2019 Calendar Discussion

Dr. Bennett stated the 2018-2019 Calendar Committee will soon begin to meet to develop several calendar options for the upcoming school year which will be submitted to the Board for final selection. Dr. Bennett requested Board Members provide guidance and preferences that she will share with the Calendar Committee at their initial meeting. Mr. Waddell requested the calendar continue

to incorporate ending first semester prior to the beginning of Winter Break. He also continued to advocate for Veterans Day to be a holiday.

School Security Equipment Grant Awarded to ACPS

The superintendent was pleased to announce our school division had been awarded a School Security Equipment Grant from the Virginia Department of Education in the amount of $81,900.00 and requires a local match of $20,475.00. The award will be distributed between our four schools as follow:

- Appomattox County High School = $19,000.00
- Appomattox Middle School = $35,125.00
- Appomattox Elementary School = $29,250.00
- Appomattox Primary School = $19,000.00

The award will purchase classroom security entry locks at each school, a two way communication system, and CISCO POE switch to operate doors for cameras at the middle school, and an ID card badge printer and software at the elementary school. (See Attachments # 17 and # 18)

ACPS Annual Report 2016-2017

Dr. Grasty provided Board Members with copies of the Appomattox County Public Schools Annual Report for 2016-2017. (See Attachment # 19)

Update on School Business Partnerships

The superintendent presented the Board with School / Business Partnerships that are in place for the 2017-2018 school year. (See Attachments # 20, # 21, # 22, and # 23)

Preparation for 2018 Board Meeting Calendar

Dr. Grasty requested guidance from the Board concerning the preparation of the 2018 Board Meeting Calendar. The following was the consensus of the Board:

- Interim Meetings will be scheduled on the second Thursday of each month. Interim Meetings will be cancelled when no student discipline and/or personnel matters need to be considered. Interim Meetings will not be scheduled during June, July, November, and December.
- Regular Monthly Business Meeting will be scheduled on the fourth Thursday of each month.
- A Close-Out Meeting will be scheduled in June.

- Joint Meetings with the Appomattox County Board of Supervisors will be scheduled in the spring and fall.
- Half-day tours of the schools will be conducted twice during the year, spring and fall. Two schools will be visited during each tour.
- Meetings will begin at 5:00 p.m. except on days of school tours with those meetings beginning at 3:30 p.m.

The superintendent thanked the Board for their input and stated a draft of the 2018 Board Meeting Calendar would be prepared for the Board to review at their November 30, 2017 meeting.

FY 2019 Budget Process

The superintendent proposed the following budget calendar for the development of the 2018-2019 School Budget:

- November 30, 2017 – Public Comment Session; Board Discussion of Budget Goals
- December 14, 2017 – Board Discusses Budget Goals; Possible Budget Work Session
- January, 2018 – Regular Monthly Business Meeting – Budget Update; Public Hearing on FY 2019 Budget; Develop and Possible Adoption of Budget Goals; Possible Budget Work Session
- February, 2018 – Regular Monthly Business Meeting – Superintendent / Finance Director 2018-2019 Budget Presentation to Board; Possible Budget Work Session
- March, 2018 – Regular Monthly Business Meeting – Adoption of Budget
- March, 2018 – Joint Boards Meeting – Presentation of FY 2019 Budget

Dr. Grasty noted the upcoming General Assembly will be a long session which may require the Board to adjust their budget calendar accordingly. Board Members understood the possible need to make adjustments and were in agreement with the superintendent's proposed budget calendar for the FY 2019 School Budget.

ACTION ITEMS

Consideration of Approval of Title IV, Part A Student Support and Academic Enrichment Grant Application for 2017-2018

It was moved by Rev. Jones and seconded by Dr. Smith to approve the Title IV, Part A Student Support and Academic Enrichment Grant Application as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 24)

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETINGS

A Joint Meeting of the Appomattox County School Board and the Appomattox County Board of Supervisors will be held Thursday, November 9, 2017 at Appomattox County High School located at 198 Evergreen Avenue in Appomattox, Virginia. VSBA Capital Conference

January 22-23, 2018

Richmond Marriott
500 East Broad Street
Richmond, Virginia

Advocacy by local school board members is a year-round job and even more important during the General Assembly. We will kick-off the two-day conference with an overview of the governor's budget, commentary on the new political scene both in Virginia and nationally, and VSBA's legislative priorities. Then join us in the evening for a reception that will provide you with an opportunity to mix and mingle with your legislators and top administration officials. The events on day one will help prepare you for your legislative meetings after breakfast on day two.

The VSBA Capital Conference offers you an opportunity for your voice to be heard and continues VSBA's efforts for year-round advocacy.

DISCUSSION BY BOARD MEMBERS

Following her presentation, the superintendent called for questions and comments from the members of both boards.

Ms. Hall thanked the superintendent for her presentation and stated it was very nicely done at which point Mrs. Carter concurred.

Mr. Carter thanked the School Board for hosting the meeting and the meal and stated the Culinary Arts Department is second to none. He was also very appreciative of the information and data that was provided in the superintendent's presentation and noted it was very helpful. Dr. Grasty stated her presentation would be posted on our school division website under Board Docs.

Mrs. Carter noted the school division could not be doing a better job academically, the buildings look great, and you have the most courteous bus drivers in Central Virginia. She stressed the school division is doing an incredible job.

Mr. Smith pointed out our per pupil spending, compared to Region 8 and Region 2000, ensures we are "getting a good bang for the buck". He further

stated the school division greatly appreciates the county's support. Mr. Smith also requested Mr. Lair express appreciation to the bus drivers for the incredible job they do every day. He noted if the bus drivers do not get the students to school, none of us have a purpose.

Mr. Waddell expressed appreciation for the cooperation of the two Boards working together and stated it has been a privilege. He noted we certainly appreciate your support and look forward to your continued support as we know that it will be there for us.

Mr. Hogan stated the school division is doing a great job and leading in so many categories. He referred to Required Local Effort and Per Pupil Spending and stated a lot of localities are getting more money and not performing as well. He asked what is being done in Appomattox that is not being done in the other localities. Dr. Grasty stated she was not aware of what is being done in the other divisions, but she did know in our school division our teachers and staff work extremely hard. Our instructional coaches work closely with Dr. Bennett aligning curriculum and reviewing test data as they are constantly working with teachers and monitoring information. She noted it is a constant cycle.

Mr. Hogan agreed with Mr. Smith that we are getting a good bang for our bucks. Other school divisions are spending a lot more money and are not getting the same results. We appreciate it.

Dr. Smith noted she has worked with teachers in a number of school divisions throughout the state and emphasized Dr. Grasty is one of the best leaders as she is constantly communicating. Mrs. Carter pointed-out leadership matters.

Mr. Moody referred to a comment Dr. Grasty made concerning seventeen students who are considered homeless and asked if there was something the county might do to help with these situations. Dr. Grasty referred to Mrs. Haught as she is the administrator who works with homeless students. Mrs. Haught noted our current students who are considered homeless are not out on the street or sleeping in cars as we have experienced in the past. Our current homeless students are considered to be "doubled-up" meaning they are living with other family members.

Mr. McMillan stated when businesses are looking to expand or families considering a move, it was his hope they would look at the school divisions as they are making these decisions. He also noted it is an asset to the county to have a successful school division.

Mr. Hogan stated a successful school division is absolutely an economic asset and encouraged our school division leadership to keep up the good work.

Dr. Grasty expressed her appreciation to the Board of Supervisors for their support of our school division, students, and staff.

CLOSED SESSION

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Grasty shared a post card she received from one of our students, on behalf of the Appomattox FFA Members, expressing their appreciation as they attended the National FFA Convention in Indianapolis, Indiana, October 24-28, 2017.

Communication Items from Board Members

Mr. Waddell shared an article from the *District Administration* magazine entitled Career-Tech Gets Promoted. He quoted the article as follows: "Mechanics aren't the only ones who must master advanced technology. Manufacturing plants are highly technical, laden with robotics. The culinary arts require a scientific understanding of environmental sustainability. Healthcare technicians must handle remote heart monitors and other advanced devices. As technology spreads deeper into trades, the whole notion of vocational is becoming a thing of the past. High schools must develop programs to ensure graduates have the solid STEM and communication skills to keep up with the needs and expectations of employers." The Chairman emphasized all of our programs are going to have to move toward this direction. (See Attachment # 10)

SUPERINTENDENT'S REPORT

FY 2019 Budget Public Comment Session

Mr. Waddell opened the floor for the Public Comment Session regarding the development of the 2018-2019 School Budget. The following individual addressed the Board:

Mrs. Jennifer Burks of 95 Center Hill Lane, Gladstone, Virginia 24553 spoke on behalf of herself concerning the Raiders Marching Band.

The Chairman thanked Mrs. Burks. There being no additional speakers, Mr. Waddell closed the 2018-2019 Budget Public Comment Session.

Membership Report

The superintendent provided the October 31, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,186 students. This compares to a budgeted ADM of 2,180. (See Attachment # 11)

VSBA and NSBA Activities

The 2017 Annual VSBA Convention was held in Williamsburg, November 15-17, 2017. Mr. Waddell, Rev. Jones, and Dr. Grasty attended Mr. Waddell served as Delegate and Rev. Jones as Alternate Delegate representing the Board during the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

Rev. Jones reported he attended sessions which focused on CTE and found the topic to be fascinating, especially how fast things are changing. School divisions are lagging behind and need to be looking five years beyond where we currently are to make sure our students are ready for the workforce. The speakers encouraged school divisions to be futuristic. Rev. Jones cited our desire to be futuristic may not be possible due to budget constraints; but, we do a lot with the funding we have. In summary, he emphasized the need to help our students determine their career path a lot earlier than we have been doing.

Mr. Waddell noted all of the speakers touched on technology. It was predicted within two years robotics will be doing a lot of the manufacturing processes and within five years robots will be laying brick and cinder blocks Mr. Waddell stated we are experiencing exciting times and we need to be preparing all of our students for STEM with math being the key component. The Chairman stated he would like these speakers and presenters to share their information with the members of the Legislature. He also reported during the Delegate Assembly, the ten motions he had shared with Board Members earlier, passed without conflict.

Dr. Grasty stated we have received information concerning the following VSBA meetings:

1. VSBA will conduct a two part webinar series entitled "School Budget & Finance 101" December 5 and 6, 2017. The cost is $260.00 per connection for the complete series or $140.00 each session per connection a-la-carte.

2. The VSBA Capital Conference will be held in Richmond, January 22-23, 2018. The registration fee is $185.00 and the deadline is January 8, 2018.

3. The VSBA Orientation for New Chairmen and Vice-Chairmen will be held in Richmond, January 23, 2018. The registration fee is $185.00 and the deadline is January 8, 2018

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. 2018-2019 Budget - The Governor is expected to release his Proposed Budget for 2018-2019 around the middle of December.

2. Composite Index - The state has released revised Composite Index information for the next biennium which indicates the amount localities will be required to pay. The amount for our locality will increase slightly from 0.2915 to 0.2950 percent. (See Attachment # 12)

Review of ACPS Updated Gifted Plan

Mr. Matt Wallin, School Psychologist, provided a review of the Gifted and Talented Program and highlighted the updates reflected in the Appomattox County Public Schools 2017-2022 Local Plan for Education of the Gifted. (See Attachment # 13) Dr. Grasty noted this item was also included in the agenda for Board action.

Report from STEM Board Meeting of November 14, 2017 by Dr. Wendy Hageman Smith

Dr. Smith requested this item be moved to the December meeting as she was absent from the STEM Board Meeting and had not been able to access her email to review the report that had been sent to her.

Update on Division Bullying Prevention Program

Dr. Grasty provided a report from each school concerning the anti-bullying activities that took place during October which was designated as Bullying Prevention Month. (See Attachments # 14, # 15, # 16, and # 17)

School Showcase Schedule for the 2017-2018 School Year

The superintendent presented the following School Showcase Schedule which has been established for the 2017-2018 school year:

January, 2018	-	Appomattox County High School
February, 2018	-	Appomattox Middle School
March, 2018	-	Appomattox Elementary School
April, 2018	-	Appomattox Primary School

Update on HVAC Study

Dr. Grasty provided the Board with an update concerning the HVAC Study. (See Attachment # 18) She noted Mr. Timmy Garrett, Maintenance Supervisor, has requested a representative from Dewberry to be in attendance at our December 14, 2017 Board Meeting to present the final report.

Review of 2018 Draft School Board Meeting Calendar

The Board reviewed a draft of the 2018 School Board Meeting Calendar. It was the consensus of the Board to proceed with the draft calendar which included:

- Interim and Regular Monthly Business Meetings each month except June, July, November, and December. Interim Meetings are not scheduled for these months.

- Meetings will begin at 5:00 p.m. except on the days of school tours with those meetings beginning at 3:30 p.m.

- Half-day tours will be conducted in the spring and fall. Elected officials will be invited to attend the fall tour.

- Joint Meetings with the Appomattox County Board of Supervisors will be conducted in March and November, beginning at 5:30 p.m., pending approval of the suggested dates by the Supervisors. The November meeting will be held at the high school for a board members' meal prior to the superintendent's presentation.

- VSBA Board Training, scheduled for January 12, 2018 from 9:30 a.m. to 2:30 p.m. at the Appomattox Inn and Suites, is also included.

The 2018 School Board Meeting Calendar will be adopted at the January, 2018 Organizational and Interim Meeting.

Discussion of Possible FY 2019 Budget Goals

The 2018-2019 Budget Calendar called for the Board to begin discussion of budget goals for the upcoming fiscal year at this meeting. As a matter of reference, the superintendent shared the 2017-2018 Budget Goals that were adopted by the Board on January 26, 2017. She also noted all of the goals were met.

1. Continue to cover employer paid health insurance for individuals.
2. Increase employee compensation per the Governor's proposed budget.
3. Reinstate horticulture teaching position.
4. Reinstate tuition assistance for college courses taken for recertification.
5. Continue to meet SOQ staffing requirements K-12 in order to maintain acceptable student-teacher ratio.

Dr. Grasty stated there is a continuing need to increase employee compensation in order to make our school division competitive with our regional neighbors. She emphasized all of our employees have and continue to work very hard to make us fully accredited.

Mr. Waddell commended the Board for meeting all of the 2017-2018 Budget Goals. As we begin to look at the 2018-2019 budget, he mentioned the possibility of considering the following goals: increasing substitute pay, separating the Athletic Director and Assistant Principal Position, and continuing to cover employer paid health insurance.

No definitive budget goals for 2018-2019 were determined at this meeting.

WHEREAS, by achieving outstanding success in athletic competition, the Appomattox County High School Raiders were selected as the 2017 WSET Football Friday #1 Ranked Team in the area; and Coach Doug Smith earned Dogwood District Coach of the Year, Region 2C Coach of the Year, and was also selected as the WSLS 1st and 10 2017 Football Coach of the Year; and

WHEREAS, these achievements are a testament of the hard work and skill of the athletes, and could not have been reached without the leadership of Coach Doug Smith, his staff, and the encouragement of the players' parents who together instilled in them the value of teamwork and imparted in them a desire for success, and helped them to develop a sense of fair play and competition.

WHEREAS, the Chairman and Members of the Appomattox County School Board are pleased to publicly commend the Appomattox County High School Raiders Varsity Football Team on their fine efforts for bringing home the Third Consecutive State Championship Trophy in Football; and

THEREFORE, I, Bobby K. Waddell, Chairman, on behalf of the Appomattox County School Board and Appomattox County Public Schools, express pride and congratulations to the:
"APPOMATTOX COUNTY HIGH SCHOOL RAIDERS VARSITY FOOTBALL TEAM CLASS 2 STATE CHAMPIONS"

IN WITNESS WHEREOF, I hereunto set my hand and seal this 14th day of December, 2017.

VSBA Capital Conference

January 22-23, 2018

Richmond Marriott
500 East Broad Street
Richmond, Virginia

Advocacy by local school board members is a year-round job and even more important during the General Assembly. We will kick-off the two-day conference with an overview of the governor's budget, commentary on the new political scene both in Virginia and nationally, and VSBA's legislative priorities. Then join us in the evening for a reception that will provide you with an opportunity to mix and mingle with your legislators and top administration officials. The events on day one will help prepare you for your legislative meetings after breakfast on day two.

The VSBA Capital Conference offers you an opportunity for your voice to be heard and continues VSBA's efforts for year-round advocacy.

The VSBA Orientation for New Chairmen and Vice-Chairmen will be held in Richmond, January 23, 2018. The registration fee is $185.00 and the deadline is January 8, 2018.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the Governor's Proposed Budget for 2018-2019 is expected to be released on December 18, 2017. Once this document is received, we will begin our annual in-depth budget process.

Report on HVAC Study

Mr. Victor Bird, with Dewberry Engineers, Inc., provided a Preliminary Engineering Report concerning the recent HVAC (Heating, Ventilation, and Air Conditioning) Study at the middle and high schools, as well as an evaluation of the existing boilers and water source heat pumps at the elementary school. (See Attachment # 11) Mr. Bird stated Mr. Timmy Garrett, Maintenance Supervisor for Appomattox County Public Schools, and his staff have done an excellent job maintaining and repairing the existing units that are eighteen to twenty years old.

Mr. Bird stated the overall recommendation from Dewberry was to replace the existing HVAC systems. This was recommended as the equipment has passed its useful life, is failing, and requiring numerous routine shut-downs and maintenance. During the replacement process, Dewberry also recommended system upgrades be addressed for better performance, energy efficiency, and to allow better space temperature control and comfort. The estimated costs of the recommendations were provided as follow:

• Appomattox County High School	-	$3,055,000.00
• Appomattox Middle School	-	$1,721,000.00
• Appomattox Elementary School	-	$ 403,000.00
Total	-	$5,179,000.00

Mr. Garrett stated he, Mr. Waddell, and Dr. Grasty met with the Planning Commission the prior evening to discuss the Capital Improvement Plan (CIP) for the school division. He noted we are in the process of updating our CIP Priority List which will include the recommendations from the HVAC Study.

Mr. Waddell recommended the full report be submitted to the Appomattox County Board of Supervisors and the County Administrator as the funds required to move forward must come from the locality.

Report on FFA Trip to National Convention

Mr. Edward McCann, Agriculture Education Teacher and FFA Advisor at Appomattox County High School (ACHS), thanked Dr. Grasty and Members of the School Board for the opportunity to share their experiences concerning the 90th National FFA Convention in Indianapolis, Indiana, October 24-28, 2017. An excellent review of the trip was provided by the following FFA Members: Jared Morgan, Kristen Eubank, Jacob Inge, Jawad Dickerson, Kelly Price, and Caylan Moore. (See Attachment # 12) Mr. McCann thanked the Board for their support of the ACPS FFA Chapter. On behalf of the FFA Chapter, Mr. McCann presented a framed picture of the FFA Convention participants to the superintendent.

Report from STEM Board Meeting of November 14, 2017 by Dr. Wendy Hageman Smith

Dr. Smith was unable to attend the November 14, 2017 STEM Board Meeting. She reported it was her understanding the program is growing, there are a few new instructors, additional internships have been established, and things are going well.

Report from LAUREL Board Meeting of December 6, 2017 by Ms. Cynthia Hall

Ms. Hall reported the following information was shared at the December 6, 2017 LAUREL Board Meeting: they have a budget of $5.7 million, 134 students attend, and 7 students attend from our school division. They also discussed placing cameras in public spaces, putting shade canopies in the exercise area, and installing automatic doors.

Report from Central Virginia Governor's School Board Meeting of December 6, 2017 by Mr. Greg Smith

Mr. Smith stated the Central Virginia Governor's School Board met on December 6, 2017 at 1:00 p.m. A Program Overview Night for Prospective Students will be held January 17, 2018 at 7:00 p.m. for Amherst, Appomattox, and Bedford. Middle School visits are currently being conducted. They are also considering initiating expanded tenth grade visits. Should these expanded visits be implemented, the middle school visits would then be scaled down. Currently, they have 70 student internship placements for juniors with 32 of those being at Centra Health. These placements will start on January 10, 2018. Mr. Smith requested the minutes reflect there is concern regarding the 2018-2019 Spring Break for the Governor's School. Currently, they are considering the week of April 15-19, 2019. He noted other divisions, including Bedford, Campbell, and perhaps Lynchburg, are also contemplating the same week for Spring Break. He requested this be considered by our school division Calendar Committee as they are working on our 2018-2019 calendar. Mr. Smith stated the next meeting will be held February 7, 2018 at 1:00 p.m.

FY 2019 Budget Goals

Dr. Grasty reiterated Mr. McMillan's report which indicated the Governor's Proposed Budget will not be released until December 18, 2017; therefore, we do not know the amount of the proposed state funding at this time.

Mr. Smith recommended the Board settle on three to five goals as the strategy of having a shorter list has resulted in our goals being more attainable during the past few years.

Mr. Waddell and Dr. Grasty advocated for a salary increase for all staff in an amount greater than two percent, as it was well deserved.

Dr. Grasty stated budget meetings are scheduled with each principal between now and the end of January. Principals are requested to provide the following information during these meetings: current enrollment, next year's

enrollment, staffing, needs, and if necessary, recommended staffing reductions. Rev. Jones stated he would like to wait until after the scheduled budget meetings with the principals to review their recommendations before finalizing the budget goals.

Mr. Waddell emphasized the needs of the school division must be considered as goals are selected and must be included in our final budget.

January 2018 Interim and Organizational Meeting

The superintendent recommended the Board take action on the following items at the January 2018 Interim and Organizational Meeting:

1. Elect Chairman and Vice-Chairman
2. Appoint Clerk and Deputy Clerk
3. Appoint Designee to Attend School Board Meetings in the Absence of the Superintendent
4. Appoint Purchasing Agent
5. Appoint Records Officer
6. Appoint Representative to the Appomattox County Education Foundation Scholarship Committee
7. Establish the 2018 School Board Meeting Schedule
8. Adopt Roberts Rules of Order
9. Adopt VSBA Code of Conduct for School Board Members
10. Adopt VSBA Code of Conduct for the School Board Clerk

Board Members were in agreement with all of the above listed agenda items.

Welcome back!!

What a joy it is to have the energy and excitement of students and staff back on our AMS hallways! We hope everyone had a wonderful break and has returned to school rejuvenated for second semester. Our students will be welcomed into new science or social studies classes, as well as a new Encore class for second semester. Please feel free to contact the new teachers on your child's schedule with any concerns or questions. Your child will have a syllabus for each new class, but teacher contact information is always available on the AMS website.

We are very proud to report that the first round of SOL testing for our 8th grade Civics and Physical Science classes yielded very exciting results. We know that a great deal of hard work, grit, and perseverance by both students and teachers went into preparing for these tests. Our school motto is "We don't stop until we're proud!!" Our students and teachers embodied that sentiment not only in regards to their own accomplishments, but in helping one another succeed.

We want our students to understand the power of determination and collaboration. We will continue to emphasize the importance of believing in yourself and working hard with students as we introduce weekly lessons in Discovery second semester on these topics. We will discuss how much is learned in school and in life when we work through a struggle. Being kind and working well with classmates of all different backgrounds will also be topics of discussion.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together.

We are the Raiders and we don't stop until we're proud!!

Sincerely,

Cheryl Servis, Ed. D.

Principal

Visitors Share With Discovery Students

Mrs. Warner's Discovery class was honored to have Mayor Paul Harvey and County Administrator Sarah Adams visit their class. The students leaned about economic development in the Appomattox area.

AMS celebrated "600 Club"

Appomattox Middle School celebrated 16 students who received perfect scores on their Standards of Learning test during the Spring of 2017.

A recognition ceremony took place in the Middle School Library on Monday, October 30. Students and parents were invited to attend a luncheon to honor this outstanding achievement. Certificates, ribbons, and "600 Club" t-shirts were given to each student to celebrate their achievement.

School Principal, Cheryl Servis, was very pleased with the number of students achieving this milestone and said "their accomplishment is the result of hard-work, determination, and GRIT."

The following students were recognized for their achievement: Rupert Armentrout, Madelyn Austin, Alex Busa, Sher'mia Carter, Gabby Coflin, Alex Deaner, Christopher Epperson, Braydon Goin, Landon Hamlett, Camden Harrison, Tatiana Lee, Zxavian Morgan, Billy O'Neill, Cody Osborne, Rob Stephens and Zachary Wallen.

NEWS FROM YOUR GUIDANCE COUSELOR

Why Attendance Matters

Why does regular school attendance matter?

- School attendance lays the foundation for whether children will graduate or drop-out from high school.
- One missed day of school may = as many as three days of catch up for a child to learn all the missed information and skills.
- Key academic concepts are being covered every day.
- Time on-task on a daily basis is needed to learn basic academics.
- Students need to learn to read well to be able to learn their other subjects.
- The habit of going to school is like learning to go to work - it's a child's job

Contacting your child's teacher to ask questions or share concerns is a first step toward addressing absences from school.

Communication with School

- Parent/guardians **are asked to contact the school every day that a child will not be in school**.
- Parent/guardians may leave a message on the office phone (352-8257) if calling before or after hours (8-4pm)
- Contact the school office with any questions or concerns you have about getting your child to school.
- Call your child's teacher to ask about your child's progress in school.

Why Prevent Truancy?

Truancy is an unexcused absence for one or more class periods in a day.

- Skipping school can become a bad habit
- Falling behind in school work and trying to catch up on missed learning is hard work. Waking up and getting to school is much easier.

Guest speaker chris skinner

On Friday, October 27 students from ACHS and AMS had the opportunity to hear Chris Skinner speak to them about making positive choices. Mr. Skinner is a complete C5-C6 quadriplegic paralyzed from the chest down. He told the students how he went from being an athletic college student to the person they saw, thanks to a series of poor choices. Mr. Skinner encouraged the students to avoid high-risk decision-making. Perhaps the most impactful part of his talk was when he told the students to snap their fingers at the count of three. When they did, he told them that was how fast their lives could change. Many students approached Mr. Skinner after his presentation and told him that he was the best speaker they had ever heard. Mr. Skinner was invited to come speak to the students because two high school seniors contacted the administrative team at ACHS and told them that they felt that Chris Skinner needed to come to Appomattox. These two students had heard Mr. Skinner speak at Boy's State this past summer while they were there representing ACHS.

4-H Grant Provides Book For AMS Classroom

A grant received by Virginia 4-H allowed them to place a new book in the hands of students whose classrooms receive 4-H programming. The foundation that provided the grant wanted to increase reading and support school initiatives. Mrs. Fort's 6th Grade Language Arts classes receive a visit from the county 4-H Agent, Bonnie Tillotson, each month. The hands-on lessons they receive supports the book they are reading."

Students Construct Hover Craft

Mike Sullivan's Discovery Class constructed a hovercraft. Students wrote a proposal to create a stable one person electrical powered hovercraft that would lift a two hundred pound rider. Students researched the technologies of a hovercraft, why it floats, how to make it stable, its construction design, and types of power sources. The project took three weeks to complete the first phase. All proposal criteria were accomplished.

Art Helps Raise Funds For King's Dominion Trip

The art room at AMS was all the buzz around lunchtime on Wednesday, October 25th. Families, friends, and staff members stopped by to see what it was all about.

Eighth grade students worked feverishly to create beautifully painted pumpkins to support a fundraiser which would benefit their entire 8th grade class. It has become a rite of passage for **AMS** students to have an opportunity to travel to King's Dominion at the end of their 8th grade year, however; it does come at a cost. Students in 8th grade who are enrolled in art class decided to put their artistic skills to the test to help raise funds to offset the cost of the trip.

Bruce and Joanne Jones of Dark Leaf Farms generously donated dozens of pumpkins. Students researched and painted designs they felt would be best sellers. During their classes on Wednesday, October 25th, students did some final touches and set up a display of snacks and their pumpkins in preparation for the arrival of their families, family friends, and teachers to come purchase their beautifully painted pumpkins. Visitors came during lunch to see the display, eat some fall snacks, and students encouraged purchases. Fun was had and contributions were made as the pumpkins flew out the door! The students raised over $300 in an hour! Their hard wok and talent was admired by all and they were able to donate all of the money toward their cause.

Mrs. Fort's Class learns about water Pollution

Mrs. Fort's 6th grade language arts classes worked with Mrs. Tillotson (4-H) to learn about water pollution in the Appomattox area. The classes read the book FLUSH by Carl Hiaasen which explores how people effect the delicate balance of clean water and polluted water. The students tested water from three different sites in the Appomattox area and analyzed the results.

Students Attend 2017 Virginia Children's Book Festival

Seventh graders had the opportunity to attend the 2017 Virginia Children's Book Festival at Longwood University. While at the festival, students attended sessions conducted by authors/illustrators, such as Liz Garton Scanlon, Lamar Giles, Dhoniella Clayton, Todd Parr, and Adam Gidwitz. Authors shared their careers and books with students during these sessions. Students were encouraged to embrace their writing skills and were walked through the process of turning their ideas into published books. Students also had the chance to ask questions of each author and illustrator at the end of each session.

September Attendance Awareness Month

In recognition of September being Attendance Awareness Month the school division awarded T-shirts to AMS students.

Positive Things Happening At AMS

Mrs. Ashleigh Gilliam, English Teacher, offered parents a sweet treat just before Thanksgiving to let them know how thankful the AMS staff is to have their involvement with our students.

AMS Students Send Christmas Cheer Overseas

Appomattox Middle School students showed their support of our military members during November and December. AMS FFA sponsored a card drive to send Christmas cards to military members serving overseas. Students crafted cards or used store-bought cards and added personal messages to our brave soldiers fighting for our freedom. The FFA Chapter was overwhelmed with the response that was received! In all, 512 cards were collected to spread some Christmas cheer to these brave Men and women. The FFA Chapter looks forward to continuing this annual event to thank our servicemen and women for their dedication.

Mrs. Jarrett's 7th/8th grade Chorus treated the Appomattox County Retired Teachers Association with a melody of holiday music.

Ms. Henzi's 8th Grade Art Students Travel To Art Center

Ms Henzi's eighth grade art students of Appomattox Middle School traveled to McGuffey Art Center in Charlottesville and had the opportunity to meet with three of their resident artists. Artists Sam Gray, Brielle DuFlon, and Chris Headings met with groups of students and engaged in discussions about their journey to become an artist and the artwork they created. They asked students about their own hopes for their futures. Students had the opportunity to see works in progress, ask questions, touch materials used by artists, and work with one of the artists to create a painting during their time there. Chris Headings guided students through the art making process and generously sent the artwork home with us in hopes that students will continue to add to the artwork through the rest of the school year.

Teachers Enjoy Paint Night

Art teacher, Jen Henzi, lead AMS teachers though their first Teacher's Paint Night. As you can see, it was an enormous success.

Students and Parents of 8th Graders Encouraged To Attend ACHS 2018-2019 Registration and Orientation

An orientation meeting will be held at ACHS on Tuesday, January 16 from 6-8 pm in the high school auditorium. Breakout sessions, by grade level, will be held after the general session. 8th grade students and parents are highly encouraged to attend this meeting. Information regarding courses at ACHS, the Governor's School program, the new STEM program through CVCC, and the Early CVCC Cohort program will be presented. Career & Technical Education teachers will also have presentations so you may learn more about those programs as well.

For more information, contact the high school counseling office at 434-352-7146.

Mrs. Cooter will begin rising 9th grade registration January 10, 2018 through 8th grade English classes.

Science Classes Go On Excursion

Mrs. Emily Harris' and Mrs. Shanee Dawson's 8th Grade Science classrooms, enjoyed an excursion to Holliday Lake State Park. The trip reinforced their science curriculum with exciting hands on experiences involving the parameters used to analyze a water sample, examining a -biotic/biotic factors in water, and how to understand lake formation.

AMS RoboRaiders Compete

Appomattox Middle School robotics team, the RoboRaiders, Kasey Fetty, Aiden Havens, Caiden Harris, Connor Swanberg, Gabe Thompson, Hadassah Williams, Justin Jones-Schladweiler, and Landon Hamlett, traveled to Lynchburg to compete in the Regional First Lego League robotics competition.

FFA Officers Attend Southeast Leadership Conference

The Appomattox Senior and Appomattox Middle FFA Chapter officers recently attended the second annual Southeast Area Chapter Officer Leadership Training (COLT) conference at Dinwiddie High School. The theme for the National FFA Association is "I Can. We Will". Conference participants developed skills that will transform their FFA chapter, school, and community.

The conference presenters were all current state FFA officers. Each presenter stressed that the FFA organization has countless student opportunities for premier leadership, personal growth, and career success. The conference presenters shared their time tested wisdom and advice with the FFA leaders from our school and motivated the officer leadership team to strive for higher goals and objectives and become more efficient leaders.

Kristen Eubank, ACHS FFA President said, "I've been a chapter officer for several years and I learned more about the FFA at this year's Southeast Area COLT. This conference was very helpful for both the new and experienced leaders on our officer team."

The conference focused on instilling leadership qualities in the students that would not only benefit them in the present but in our future as well.

ACHS and AMS FFA Officers attend Southeast Area Chapter Officer Leadership Conference: (Left to Right) Front Row: Teach Martin, Sam Hammond, Ethan Moore, Hunter Humbles, Bailey Purcell, Hunter Garrett, Josie Jones. Back Row: Jawad Dickerson, Kristen Eubank, Jacob Inge, Jared Morgan and Caylan Moore.

SUPERINTENDENT'S REPORT

Business Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided a review of the Governor's Proposed FY 2019 Budget. He provided the following handouts:

- 2018-2019 School Budget Notes (See Attachment # 4)
- Comparison of 2017-2018 School Budget to Governor's Proposed 2018-2019 School Budget (See Attachment # 5)

Mr. McMillan stated we are very early in the budget process which may run longer this year as the General Assembly is scheduled for a long session. He reminded the Board the composite index for our locality will increase slightly from 0.2915 to 0.2950 percent for the next biennium. Mr. Waddell noted the Required Local Effort for Appomattox County also went up slightly.

Mr. McMillan affirmed he would keep the Board apprised as additional budget information is received from the state.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report; and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended, and students #51723, #52449, and #12367.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

Principals -

Virginia School Principals Appreciation Week: January 22-26, 2018:

Dr. Grasty stated the role of the principal as the instructional leader of the school is critically important to ensure students are provided the opportunity to learn and reach their maximum academic potential. Our principals work diligently to help students and staff excel. Their leadership and hard work are essential to the success of Appomattox County Public Schools. Dr. Grasty stated our principals deserve our recognition for their hard work as she acknowledged each of the following:

Ms. Michelle West and **Mrs. Allison Maxwell** - Appomattox Primary School
Mrs. Karen Cyrus - Appomattox Elementary School
Dr. Cheryl Servis - Appomattox Middle School
Dr. Poldi Moreno - Appomattox County High School

On behalf of the School Board, the Chairman presented Certificates of Special Recognition to the individuals listed above and congratulated them for their outstanding accomplishments

HVAC Study Follow-Up and Discussion

Dr. Grasty noted our school division had conducted an HVAC Study that was presented at the December 14, 2017 Board Meeting.

Mr. Waddell stated during a recent meeting with the Planning Commission it was pointed out the HVAC needs of the school division was a prominent topic. The Chairman stressed the importance of keeping this topic in the forefront as we are discussing capital needs with the Board of Supervisors as well as citizens in the community. He stated Dewberry's estimated cost for HVAC needs at the high, middle, and elementary schools was approximately $5.5 million.

Mr. Smith affirmed it is obvious we need to do something to address the needed HVAC updates. He suggested Mr. Timmy Garrett, Maintenance Supervisor, use the Dewberry study and prioritize within each school. Mr. Waddell stated Mr. Garrett had prepared a list of the top twenty (20) projects; however, it was not broken down by schools.

The Chairman noted the Planning Commission will be meeting with the Appomattox County Board of Supervisors on January 30, 2018. He stated some of the School Board Members will attend as well as Mr. Garrett who will be available to answer any questions.

Dr. Grasty affirmed the aging equipment in the high, middle, and elementary schools need to be addressed.

Membership Report

The superintendent provided the December 31, 2017 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,192 students. This compares to a budgeted ADM of 2,180. (See Attachment # 16)

VSBA and NSBA Activities

VSBA will conduct a Hot Topic Conference in Wytheville on March 14, 2018. The registration fee is $155.00 and the deadline is March 1, 2018.

The 2018 VSBA Annual Convention will be held at the Colonial Williamsburg Lodge, November 14-16, 2018.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Quarterly Financial Report – Our school division is in good financial standing. (See Attachment # 17) Mr. McMillan stated it is his goal to have one percent of the budget remaining at the end of the school year which is approximately $219,000.00 for 2017-2018. This conservative budgetary method allows for unexpected expenses and he sighted a boiler as an example as that can cost $40,000.00 to $50,000.00. Mr. McMillan emphasized going over the budgeted amount is to be avoided at all costs.

2. Budget Update – We have not received any new budget information from the state at this time. The original Governor's Budget for 2018-2019 was favorable for our school division with $430,000.00 in additional state funds. However, that number is much more uncertain this year than in past years due to Medicaid expansion. The Governor was hoping Medicaid expansion would save the state $421 million which the Governor placed into the education budget. If Medicaid expansion does not pass, $421 million will need to come out of the overall state budget. Mr. Smith stated Medicaid expansion met its demise earlier in the day. With that news, Mr. McMillan noted our additional $430,000.00 in state funds would most likely be reduced. He also stated the House and Senate will finalize their individual budgets by approximately the middle of February when each crosses-over to the other chamber. Mr. McMillan anticipated it would be mid-March before we receive a final budget from the state.

Mr. McMillan mentioned about half of the budget meetings with principals, supervisors, and directors have been completed. We hope to have additional budget information to present to the Board at the February 8 and February 22 School Board Meetings. He also noted we have been requested to participate in the Board of Supervisors Budget Workshop on February 27, 2018.

Dr. Grasty stated, to date, the General Assembly has dealt with numerous topics, but the state budget has not received a lot of discussion.

Mr. Waddell thought the Budget Cross Over date would be in late February or early March.

Report from STEM Board Meeting of January 16, 2018 by Dr. Wendy Hageman Smith

Dr. Smith reported the following was discussed at the January 16, 2018 STEM Board Meeting:

- A new program was implemented for the current school year.
- Some grants have been received for the new program.
- The STEM Director has some extra funds that she would like to use for the purchase of an App for their website. The App would be used to distribute

news to students, parents, schools, and the public. The STEM Board gave the Director permission to proceed with the App purchase.

- The program is experiencing a decrease in non-transferrable grades and an increase in transferrable grades.

The next STEM Board Meeting will be held March 20, 2018. Dr. Smith stated she would not be able to attend but would receive a report from the meeting that she would share with our School Board.

2018- 2019 Budget Goals and Budget Work Session

The superintendent shared the 2017-2018 Budget Goals that were adopted in January, 2017 for the current school budget:

1. Continue to cover employer paid health insurance for individuals.
2. Increase employee compensation per the Governor's proposed budget.
3. Reinstate the horticulture teaching position.
4. Reinstate tuition assistance for college courses taken for recertification.
5. Continue to meet SOQ staffing requirements K-12 in order to maintain acceptable student-teacher ratio.

Mr. Waddell was pleased to note all of the five budget goals adopted for the 2017-2018 budget were accomplished.

Mr. Smith was in favor of retaining a condensed list and suggested the Board continue the following goals:

1. Continue to cover employer paid health insurance for individuals.
2. Increase employee compensation.
3. Continue tuition assistance for college courses taken for recertification.
4. Continue to meet SOQ staffing requirements K-12 in order to maintain acceptable student-teacher ratio.

Mr. Smith asked if the tuition assistance had been well received. Mr. McMillan stated employees have been slow to use the financial assistance, but interest is increasing, and those who have used the program were pleased.

Dr. Smith asked if the HVAC needs should be considered. Mr. Waddell stated they should be considered as a separate goal from our regular budget goals as it will require funding in addition to our regular budget from the locality. He stressed the importance of keeping the HVAC needs in the forefront.

Rev. Jones requested input from the superintendent regarding the 2018-2019 budget goals suggested. She stated the suggested goals were important.

Dr. Grasty stressed we continue to get behind in the area of employee compensation as a two percent salary increase does not keep up with the cost of living. She emphasized we want to keep the good, hard-working staff that we have in our school division. Dr. Grasty noted it is critical to continue to pay for employee only health insurance and maintain the staffing that is needed. She was in agreement with Mr. Waddell to keep the HVAC needs in the forefront and not to include as one of our regular budget goals.

Mr. Waddell pointed out as a two percent salary increase does not meet the cost of living, he would like to see our Board move toward a salary increase of at least three percent. Ms. Hall was in agreement.

Mr. Smith asked the superintendent if the preliminary suggested goals would assist her in achieving her annual goals. Dr. Grasty indicated they were a great help. She also noted budget goals would continue to be discussed for the next two meetings.

Dear Families,

Students are taught math, language arts, science, and history because it is important. But, what makes our school family special, we focus on respect and treating others equally. We want to give our kids an experience to celebrate the accomplishments of all cultures. The power of a great teacher supports our students' success.

In honor of Dr. Martin Luther King Jr. January 15th was a school holiday. On January 16th, I had the opportunity to listen to our students discuss and share a song about Dr. King. Every voice in the room spoke about peace and a dream of working together. We are able to sing with a new meaning. What a heartfelt day!

So when you think of the month January, please think of this acronym:
J-Joy of working together
A-All people are created equal
N-National Holiday observed on the third Monday in January
U-Unity to join hands
A-A dream for brotherhood and sisterhood
R-Rights for all
Y-"You are as good as anyone"

"We are different and how we are the same." We all feel valued, appreciative, and safe here at Appomattox Primary School.

All the best,
Ms. West

"We are Camping Out for S'MORE Learning at AES"

Principal's News

I ❤ MY SCHOOL

Here we are in February, and we can't be in this month without thinking about all the things we love. Thinking it might be interesting to find out, I asked some students what it was they loved about AES. While ALL the answers can't be shared here, a delightful few of them can be! Some of these responses sure validate that what our children do all day long when they are with us is certainly worthwhile!

1. *I love learning about new things! Everyday there is something I didn't know before!*
2. *I love hanging out with friends at lunch and at recess.*
3. *I like trying new activities, like building robots and making light-up Christmas cards.*
4. *I love to try new things, no matter how hard they are. It feels good to figure out a hard math problem.*
5. *I love sharing the things I learn with others when we get into our groups and teams.*
6. *I like the 24 cards, and I am getting pretty fast at solving those puzzles.*
7. *I love to write in my free time, and at school I get a chance to write in my journal every day.*
8. *I love speed stacking and the fun games we learn in p.e. class.*
9. *I love learning with computers, Mystery Skypes, Ozbots, and lots of other technology.*
10. *Playing instruments, like the recorder, is pretty cool! I can read music and make up songs.*
11. *I love art because I can create all kinds of pictures like the artists we learn about did.*
12. *I LOVE books! We read all kinds and talk about them at the table with the teacher.*
13. *We mailed letters to places around the world. I loved getting a letter back from another place.*
14. *I love science experiments and projects that we get to do. Sometimes we make messes!*
15. *I love field trips because we go to places we learn about in our class, like Jamestown.*

Schools have changed quite a bit since Moms and Dads were attending, and even more since Grandmas and Grandpas were sitting in the desks. Take the time this month to share together what each of you love about learning and those good memories of doing so along the way!

3rd Grade News

WOW! Half of the year has gone by and we are working hard to get ready for the last two nine weeks. In Reading we are working hard on improving our fluency by reading in class and at home each night. In Language Arts, we are working on non-fiction text features. In Math, we have wrapped up Multiplication and Division and have shifted our focus to Geometry. In Social Studies, we are currently studying the Ancient Civilizations of China, Egypt, Rome, Greece and Mali. We look forward to continued hard work to learn S'more every day at AES!

4th Grade News

It is hard to believe that half of the school year is complete. This is a good time to check on your child's supplies for class. Pencils, glue, crayons, colored pencils, scissors, and notebook paper are needed every day. If your child is in need of any of these items, please restock as soon as possible.

In History classes, the students are studying how the New Nation of America came together to elect their representatives and make laws to run the country. The next unit of study will be the Civil War. Brother against brother fought to end slavery, decide how the country would make their money, and determine how the new territories becoming new states would be classified. Some chose to be free states, while other decided to be slave states. Do you know why?

In March, the fourth graders will be taking a field trip to the Appomattox Surrender Grounds and The American Civil War Museum.

In Math classes, the students are working on fractions. It is very important to continue to work on Multiplication and Division facts, as these facts are important to making equivalent and simplified fractions. Multiplication and division continue as important when these fractions are added or subtracted.

5th Grade News

The fifth-grade team is working hard to get back on track after our Winter Break and several snow days. In Math, students are working through an Algebra unit. We are also beginning to practice and prepare for the upcoming 24 tournament. Representatives will be chosen from each class to participate in a grade-level tournament to be held at the end of March. Students will be completing a project in Math about their favorite number. Please look for information about this project to come from your student's Math teacher. In Science, students are finishing sound and light units before beginning their study of organisms and cells. We are excited about Science Fair, which will be held on March 6th.

The top 3 spellers from each class participated in the Spelling Bee on January 26th. Congratulations to the following participants: Daniel Davis, Vivian McGilvery, Zoe Hawkins, Trip Canada, Max Nitti, Sora Price, Keenan Conroy, Damonye Bradshaw, Callan Garrett, Peyton Garrett, Reagan Conroy, Caleb Christian-Branham, Camden Flythe, Dylan Stanley, Gavin Womack, Ella Schmutz, Carsyn Roark, Nadir Abdussalaam, Zack Kidd, Will Taylor, Talia Hubbard, Justin Haskins, Teagan Cole,

THE RAIDER REPORT

Catelynn Holmes, Keniya Pannell, Jayson Mitchell, and Tabitha Johnson. In Writing, students have been creating entries for the optional Young Author's Contest. While it is not required, we are encouraging many of the students to choose the option they feel will best highlight their creativity. Students have had the option to use any of the samples they have created in class this year. However, they also had the option to create something new, specifically for the contest. This is a classroom writing project to be completed primarily at school. Finalists for the grade level were chosen on January 31st. Finalized entries are due by February 9th.

Principals' Family Math Challenge

Mini-Mall Measurements

Our town has a new mini-mall on Main Street. This floor plan of the four businesses shows some of the dimensions.

1. What is the floor area of Stacy's Stickers?
2. The floor of the department store, The Big D, has been completely covered with 1944 square tiles (1 ft by 1 ft). What is the length of The Big D's storefront on Main Street?

Extra: Polly's Pancakes has exactly half the floor space that The Big D has. Their floor is also covered with 1 foot square tiles. Only the tiles touching the walls are green. How many tiles are part of the green border?

Have fun figuring out as a family! Turn in your work and your solutions to Mrs. Cyrus by the end of February!

Congratulations to Ella Schmutz from Mrs. Hogan's class for winning the Spelling Bee today! She successfully spelled mandible and taxidermy for the win. Congratulations to our runner up, Catelynn Holmes in Mrs. Irby's class. Ella will move on as our representative to the Regional Bee at Dunbar Middle School in March. ☺

Science Fair

All students are invited to participate in the annual A.E.S./4-H Science Fair, which will be held on Thursday, March 16, 2018, during school hours. Students who choose to participate will decide on a project themselves, and complete the experiment at home. They will need to display all the information about what they did on a tri-fold presentation board. Students will bring their tri-fold board to school on the day of the Science Fair. **If you are thinking about participating, please see Mrs. Ranson during the month of February for a detailed information packet.**

*According to the rules for 4-H, students must be 9 years old by October 1, 2018 in order to compete in the Science Fair.

Science Fair Project ideas:

- How does the weight of different model cars affect the distance they travel when released from a ramp?
- How does the height of the ramp affect the distance my model car travels?
- What is the best way to keep an ice cube from melting?
- Which homemade airplane design flies best?
- Which brand of paper towel is strongest?
- How much sunlight is best for plant growth?
- Which plant fertilizer works best?
- What type of food allows mold to grow the fastest?
- What brand of bubble gum produces the biggest bubbles?
- Which brand of glue works best on wood?
- Which brand of battery lasts longer?
- In which liquid will salt dissolve fastest?
- Which liquid will evaporate fastest?

If you have any questions, please contact Mrs. Ranson at 352-7463 ext. 4365 or mmranson@acpsweb.com.

Box Tops News - Next Submission Date February 28, 2018

Please read the following and have Box Tops in to your homeroom teacher by February 23rd so that we have time to get them counted and ready to mail by the 28th. Thank you for saving Box Tops and for helping our school in this way.

HOW TO HELP YOUR COORDINATOR

Copy: Attention Appomattox Elementary families: My name is Mrs. Land. I'm the school's Box Tops Coordinator, and I need your help. Many of you already clip Box Tops and send them to school (THANK YOU!); here are a few ways you can make it even easier for me to submit all those Box Tops and get cash for our school!

1. Check the expiration dates on your Box Tops. If they're expired, don't send them to school, because expired Box Tops aren't accepted.

2. Box Tops don't have to be trimmed perfectly…but please don't send them with half the product package still attached. ;) When it comes to Box Tops, snip 'em or rip 'em! Just make sure the expiration date (see #1) and full product code are both visible.

3. Send your Box Tops to school on one of these fun collection sheets (http://bit.ly/2Ahv31H) or, if you can, send them to school in bundles of 50. This is really helpful, as this is how Box Tops must be submitted for processing. Don't have 50 Box Tops? If you're almost there, ask friends and family for a few extras to add in. Still coming up short? No problem! Just put your stragglers in a baggie and label it so I can tell how many are in there.

4. **Bonus Box Tops** have to be counted separately, so please do not count them in with your bundles of 50 or put them on your sheets that you turn in. Please just send them in a ziplock bag or envelope.

Thanks for helping to make our school's Box Tops program a success!

PHYSICAL EDUCATION NEWS

Jump Rope for Heart is coming to our school!

Who: All Students Grades 3-5
What: **Jump Rope for Heart**
When: **Friday, March 2nd** *(during resource times)*
Where: AES Gymnasium

We are proud to partner with the American Heart Association in fighting heart disease and stroke. During this program, your kids will learn about their heart and how to develop healthy habits and have the opportunity to raise funds. We want our kids and our community to take action to prevent heart disease TODAY! A gift of just $5 teaches more than 100 adults how to save a life. A gift of $10 makes it easier for people to find AEDs in public places.

Students will have the opportunity to collect ALL our Scare Squad characters this year! Any student that goes online and takes the challenge gets a glow in the dark wristband. Any student that gets a donation will be recognized and could receive a carabineer, Jax and Charger, our two coolest lifesaving monsters. Go online at heart.org/jump to get started today!

JRFH packets and instructions on how to register online will go home with each student during the first week of February. If you have questions or need more information, please do not hesitate to contact Mrs. Walton @ 352-7463, ext 4359 or email jrwalton@acpsweb.com

Thanks so much for your support of the American Heart Association!

2018 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2018 VSBA Southern Region Spring Network Forum on April 23, 2018 at Estes Community Center. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Certificates will be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

- Superintendent Search Processes
- Recommended Search Process
- Search Process Overview
- Timeline
- News Release Seeking Public Input

- Public Hearing and Survey
- Announcement of Superintendent Search
- Application Process
- Interview Process
- Selection of Successful Candidate

In summary, Mrs. Bosserman stated:

- VSBA is currently conducting eight (8) superintendent searches.
- Confidentiality is stressed throughout their search process.
- All of the applications received by VSBA will be presented to the Board.
- VSBA conducts reference checks on all applicants, except the internal applicants.
- All School Board Members must be present for every interview.

Mr. Waddell thanked Mrs. Bosserman for her presentation.

SUPERINTENDENT'S REPORT

2018-2019 Budget Update and Discussion – Budget Work Session

Mr. Bruce R. McMillan, Director of Finance and Human Resources, stated the superintendent and directors met with principals and supervisors to receive and discuss their budget requests for 2018-2019. He provided a detailed review of the more essential needs from each school as well as the maintenance and transportation departments. Mr. McMillan presented this information to the Board with expenditure data that also included a three percent employee pay increase, substitute teacher daily rate increase, and estimated insurance cost increases. (See Attachment # 2) Within the additional budget requests were four added assistant coaching positions (2 for girls' sports and 2 for boys' sports). Mr. McMillan stated the high school had requested more than four additional assistant coaching slots, but due to the costs involved, it was determined we would

consider only four at this time. He also noted the high school had been asked to determine which sports would be utilizing the additional positions. Dr. Smith thought it would be helpful to see the number of students who participate in each sport and requested this information be provided. Mr. McMillan stated he would be glad to present more specific information at the next Board meeting. He also compared the expenditure costs to the estimated revenue projections, which are extremely uncertain at this time. The comparison resulted in the need for additional revenue in the amount of $423,860.00. (See Attachment # 3)

Mr. McMillan stated the House and Senate Budget Crossover is projected to take place February 18, 2018. He indicated this should provide a clearer picture of the budget to bring to the Board at the February 22, 2018 School Board Meeting.

Mr. Waddell noted the information provided by Mr. McMillan covered several of the goals discussed during the previous Board Meeting which were:

1. Continue to cover employer paid health insurance for individuals.
2. Increase employee compensation by at least 3%.
3. Continue to meet SOQ staffing requirements K-12 in order to maintain an acceptable student-teacher ratio.

Mr. Waddell also noted restructuring the Athletic Director position had been mentioned previously as a possible budget goal.

ACTION ITEMS

Consideration of Adoption of Revised 2018 School Board Meeting Calendar

It was moved by Mr. Smith and seconded by Rev. Jones to adopt the revised 2018 School Board Meeting Calendar as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 4)

Consideration of Approval of Overnight Trip Request

It was moved by Mr. Smith and seconded by Dr. Smith to approve the in-state overnight trip request as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 5)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #400 and #1718-03.

2. Briefings by staff relating to actual or probable litigation pursuant to Section 2.2-3711 (A) 7 of the Code of Virginia, 1950, as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended, specifically students #52587, #10183, and #52185.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel, probable litigation, and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in

the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 6)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 7)

Approval of Student Number 52587

It was moved by Mr. Smith and seconded by Dr. Smith to place Student Number 52587 at the Appomattox Alternative Education Center for the remainder of the 2017-2018 school year, beginning February 12, 2018. By unanimous voice vote, the motion was approved.

Approval of Student Number 10183

It was moved by Mr. Smith and seconded by Dr. Smith to allow Student Number 10183 to return to the Appomattox Alternative Education Center effective February 12, 2018 for the remainder of the 2017-2018 school year. By unanimous voice vote, the motion was approved.

Approval of Student Number 52185

It was moved by Mr. Smith and seconded by Dr. Smith to place Student Number 52185 at Fort Hill Community School for the remainder of the 2017-2018 school year and first semester of the 2018-2019 school year. At the end of this timeframe, a report will be requested from Fort Hill to determine placement for second semester of the 2018-2019 school year. Good behavior, academic progress, and regular attendance will be required while attending Fort Hill. By unanimous voice vote, the motion was approved.

NEXT MEETINGS

The Appomattox County School Board will conduct a Regular Monthly Business Meeting on Thursday, February 22, 2018 at 5:00 p.m. in the Board of Supervisors Meeting Room at the Appomattox CVCC Satellite at 136 Carver Lane in Appomattox, Virginia. The Board will also conduct an Interim Meeting on March 8, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Rev. Jones. By unanimous voice vote, the motion was approved.

PUBLIC HEARING CONCERNING SUPERINTENDENT SEARCH

The Chairman opened the floor for the Public Hearing Concerning the Superintendent Search. The following speaker addressed the Board:

Mr. Bob Williams of 861 Gala Lake Road, Spout Spring, Virginia 24593 addressed the Board as an individual. He requested the new superintendent stand behind our sports teams and some of the stances they've taken; particularly, the Football Team's circle of prayer. Mr. Williams requested the new superintendent back our coach as Dr. Grasty has done in the past.

As there were no further speakers, Mr. Waddell declared the public hearing closed.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

School Showcase: Appomattox Middle School

Appomattox Middle School (AMS) was featured in School Showcase. Dr. Cheryl Servis, Principal, introduced Mr. Brian Hofmann, Social Studies Teacher at AMS who also teaches a Coding Discovery Class. Mr. Hofmann referred to the Coding Class and stated the students were learning how to communicate with computers and getting the computers to complete simple functions. He also

stated this had been a great opportunity for him as he was learning as much as the students. Sixth grade students Jaiden Harrison, Ethan Letterman, and Aubrey Fulcher, demonstrated their Coding skills through their hockey game, LED screen demonstration, and the Olympic talents of Spiro the skiing robot.

VSBA School Board Appreciation Month -
The Virginia School Boards Association (VSBA) designated February as their annual observance of School Board Appreciation Month. The time spent in board meetings represents just a small fraction of the hours School Board Members spend leading in our school division. They also work hard at seminars and training sessions to keep abreast of the latest trends in educational leadership, are deeply involved in community activities and spend many hours in the schools and at extra-curricular events. Their love for learning, and concern and caring for students, staff and community, drives their desire to lead so students can achieve. On behalf of Appomattox County Public Schools, Dr. Bennett took great pride in recognizing the members of the Appomattox County School Board for their service and dedication to public education.

The 2018 VSBA Southern Region Spring Network Forum will be held April 23, 2018 in Mecklenburg County. The registration fee is $27.00 and the deadline is April 11, 2018. Mr. Waddell and Mr. Smith requested they be registered to attend this meeting.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided an update concerning the 2018-2019 budget by sharing the General Assembly and local budget timelines. (See Attachment # 10) He stated it is anticipated the School Board will be requested to approve the 2018-2019 School Budget at the March 22, 2018 meeting. Should this take place, Dr. Grasty will submit our 2018-2019 budget request to the Appomattox County Board of Supervisors the following day.

Budget Work Session

During the budget work session, the Board reviewed the following preliminary budget goals that had previously been discussed:

1. Continue to cover employer paid health insurance for individuals

2. Increase employee compensation by at least 3%.
3. Continue to meet SOQ staffing requirements K-12 in order to maintain an acceptable student-teacher ratio.

It was the consensus of the Board to proceed with the preliminary budget goals as an action item later during the meeting.

2018-2019 School Calendar Recommendation

Dr. Bennett, Chair of the 2018-2019 School Calendar Committee, presented the results of the committee's work (See Attachment # 11) and expressed her appreciation to the following teachers who served:

Angie Dillon	-	Appomattox Primary School
Sara Almond	-	Appomattox Primary School
Katie Driskill	-	Appomattox Elementary School
Bob Williams	-	Appomattox Elementary School
Ashley Stokes	-	Appomattox Middle School
Diane Bradish	-	Appomattox Middle School
Stephanie Tyree	-	Appomattox County High School
Brittany McLean	-	Appomattox County High School

Dr. Bennett stated the committee took into consideration the requests from the Board to end first semester before Winter Break and consider Veterans Day as a holiday, if possible. She noted both calendar options have the first semester ending before Winter Break and Veterans Day did not impact the work of the calendar committee this year as it falls on a Sunday in 2018. Dr. Bennett also noted the importance of meeting the Labor Day waiver requirements which our school division has met. She stated the biggest challenge of the Calendar Committee was determining when to conduct Spring Break. Traditionally it has been scheduled the week before or after the Easter Holiday. In 2019, Easter will be observed on April 21 and in order to end the school year before the end of May, SOL testing must begin before April 21st. Therefore, it was the decision of the Calendar Committee for Spring Break to be scheduled during the first week in April in both of the calendar options that were presented to stakeholders for their input through a survey. The survey resulted in 755 responses with the overwhelming majority voting for Option 2 which begins the 2018-2019 school year on Wednesday, August 8, 2018 for students.

The Board discussed at length the impact of Spring Break for Appomattox County Public Schools as it will be different from the other school divisions in Region 2000. Rev. Jones asked how many of our students were attending the two schools located in Region 2000. Dr. Bennett stated we have 3 students at the STEM Academy and 8 at the Central Virginia Governor's School (CVGS).

Rev. Jones noted the importance of adopting a calendar that was in the best interest for the larger number of our students. Dr. Bennett emphasized the willingness of the directors at CVGS and the STEM Academy to make accommodations for the calendar differences.

Mr. Waddell noted the Board would vote on the 2018-2019 School Calendar later during the meeting.

Report from Central Virginia Governor's School Board Meeting of February 7, 2018 by Mr. Gregory Smith

Mr. Gregory Smith, Board Representative to the Central Virginia Governor's School (CVGS), reported the following items were discussed at the February 7, 2018 Board Meeting:

- Calendar – Their Spring Break will be different from our school division.
- Tuition increases are not anticipated for the upcoming school year.
- Currently, our school division has 5 juniors and 3 seniors attending CVGS.
- During the 2018-2019 school year, we will have 4 juniors and 5 seniors.
- CVGS currently has 8 unfilled slots before they will meet their total maximum number of 150 students.
- If we want to add additional slots for our school division for 2019-2020, we need to be thinking about that now. He suggested adding one slot, but stated his preference would be two slots.
- If we don't fill all of our slots, we can "lease them out" to other school divisions within Region 2000.
- Once we take on additional slots, then we can't go back.

Dr. Bennett stated during the past few years we have had quite a bit of interest in the Governor's School; however, interest comes in waves and it is hard to predict. She noted it is important to look at the quality of the applicants as well as the number of applicants. Eight students are applying for next year for the junior slots but only four will be selected. Dr. Bennett stated we need to look at our data concerning the number of years we are placing students on the waiting list who are really good candidates.

Mr. Smith was asked how much it costs to send a student to the Governor's School. He stated the cost is $4,700.00 per student per school year.

Rev. Jones asked how much our school division pays toward the tuition costs for our students who are also taking classes through the Central Virginia Community College. Dr. Bennett noted the Board pays a portion of the costs for classes our students are enrolled in at CVCC which gives that student credit

toward high school graduation as well as college credit. Parents are responsible for the costs of classes that are just for college credit.

Report from LAUREL Board Meeting of February 7, 2018 by Ms. Cynthia Hall

Ms. Cynthia Hall, Board Representative to the LAUREL School Board, reported on the February 7, 2018 LAUREL Board Meeting. She stated the LAUREL School is located in Lynchburg, Virginia and assists severely disabled students from the counties of Campbell, Appomattox, Amherst, and Bedford as well as the City of Lynchburg. The annual budget is approximately $5.5 million and the school serves 134 students, with 6 of those students from Appomattox County. She stated nothing special is occurring at this time and the program is run very well.

2016-2017 CTE Annual Performance Report for Appomattox County Public Schools

Mr. Brette A. Arbogast, Director of Technology and CTE presented the 2016-2017 Virginia Department of Education Career and Technical Education (CTE) Annual Performance Report for Appomattox County Public Schools. (See Attachment # 12)

Discussion of Division Out-of-County Tuition Charges for 2018-2019

Dr. Bennett provided the Board with a copy of Policy JEC-R – Student Admission which requires the tuition rate for out-of-county students be set by the School Board for each academic year. She also provided the out-of-county tuition charges in the surrounding school divisions (See Attachment # 13) and requested guidance concerning the tuition rate for the upcoming 2018-2019 school year.

It was the consensus of the Board to keep the rate at $1,000.00 for the upcoming school year. It was also confirmed 2017-2018 is the last year for the special rate of $750.00 for out-of-county students who were enrolled in our school division in grades 8-12 as of February 27, 2014.

Dr. Bennett noted the Board will be requested to take action concerning the 2018-2019 tuition rate later during the meeting.

Request from ACHS After Prom Party Committee

Dr. Bennett reported the prom for Appomattox County High School (ACHS) will be held Saturday, April 21, 2018 from 8:00 to 11:00 p.m. at Tresca on 8th in Lynchburg. The After Prom Party will follow from 11:30 p.m. – 2:00 a.m. The location is not definitive at this time; however, discussion is currently underway to

secure the Lynchburg Hillcats Stadium. If this location is not feasible, the Bowling Alley in Lynchburg may be a consideration. For a number of years the Board has contributed $1,000.00 to this worthy event for our students. Dr. Bennett stated this was also included in the meeting agenda as an action item.

Discussion of March 22, 2018 Tour of School Facilities

The Board is scheduled to tour school facilities on Thursday, March 22, 2018 from 11:30 a.m. until 3:00 p.m. As the middle and high schools were included in the tour of school facilities last fall, the Board will be visiting the primary and elementary schools this spring as well as the Appomattox Alternative Education Center. Board Members were reminded that other elected officials would not be included in the March 22nd tour but will be invited to the half-day tour of school facilities in September, 2018. A draft of the March 22, 2018 tour schedule was provided to Board Members. There were no special requests from the Board to include particular programs in the tour.

Board Establishes Superintendent Search Qualifications

Mr. Waddell stated Board Members had received the Superintendent Search Survey results from VSBA earlier in the week which indicated 234 responses. (See Attachment # 14) The Chairman stated the task at hand for the Board was to determine the qualifications for the next superintendent of Appomattox County Public Schools. After a lengthy discussion, it was the consensus of the Board to establish the following qualifications:

- An earned doctorate is required.
- Experience as a central office administrator, superintendent or associate/ assistant superintendent is preferred.
- Teaching or public school administration experience in Virginia is preferred.
- Residency in the school division is preferred.
- Leadership and Management Skills – The successful candidate is a visionary, creative thinker, and a decisive leader.
- Personal Characteristics – The successful candidate is a good listener, accessible, and consistent.
- Board-Superintendent Relations – The successful candidate understands differences between policy and administration and acts accordingly, and effectively mediates, and accommodates different perspectives.
- Staff Relations – The successful candidate maintains open channels of communication to and from staff and creates an atmosphere of trust and mutual respect.
- Community Relations – The successful candidate relates well to a variety of community groups and effectively advocates school issues and needs.

- School Finance – The successful candidate closely supervises budget development and procedures, and develops and explains the rationale for the budget to the board and local officials.
- Areas of Expertise – The successful candidate has expertise in curriculum and instruction, budget and finance and school reform (e.g. strategic planning, total quality management, etc.).

Mr. Waddell stated the above information would be submitted to VSBA the following day to be posted on their webpage. VSBA will open the application process on February 26, 2018.

2018 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2018 VSBA Southern Region Spring Network Forum on April 23, 2018 at Estes Community Center. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Certificates will be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

HIGH SCHOOL GRADUATES AND THE BENEFITS OF A QUALITY EDUCATION

- More likely to find gainful employment, have stable families, and be active and productive citizens
- Less likely to commit serious crimes, less likely to place high demands on the public health care system, and less likely to be enrolled in public assistance programs
- Improves the quality of health, reduces dependence on public health programs by 60% and cuts by 6 times the rate of alcohol abuse
- A 1 year increase in median education level is associated with a more than 13% jump in political primary turnout, promoting greater civic engagement
- Increased education and more stable employment greatly increases tax revenue and economic benefit to the community
- 41% of all prisoners have not completed high school, compared to 18% of the general adult population
- A better educated workforce leads to more research and innovation, improving human capital capacity
- There is a positive correlation between community satisfaction and quality schools for those with children in school and those without children in school

HIGH SCHOOL GRADUATES AND THE BENEFITS OF A QUALITY EDUCATION

High School Graduates are:

- More likely to find gainful employment, have stable families, and be active and productive citizens
- Less likely to commit serious crimes, (41% of all prisoners have not completed HS compared to 18% of general population)
- Less likely to be enrolled in public assistance programs
- Healthier -60% less dependent on public health programs and 6x less likely to abuse alcohol
- More involved in their community. (A one year increase in median education level is associated with a more than 13% jump in political primary turnout)

Increased education and more stable employment greatly ***increases tax revenue*** *and economic benefit to the community*

A better educated workforce leads to more research and innovation, ***improving human capital capacity***

There is a positive correlation between ***community satisfaction*** *and quality schools for those with children in school and those without children in school*

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, March 8, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Budget Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, stated the General Assembly's legislative session is scheduled to end March 10, 2018. Since our last School Board Meeting, we have received the Senate and House versions of the budget for 2018-2019. There are considerable differences between the two budgets which creates a greater chance the General Assembly will not be able to resolve these differences by March 10, 2018.

Mr. McMillan reviewed the following information (See Attachment # 1):

- State Funding Categories: SOQ, Incentive, Categorical, Lottery
- State Funding Information for 2017-2018 School Budget; 2018-2019 Governor's Budget (Released by Former Governor McAuliffe); 2018-2019 House Budget; 2018-2019 Senate Budget
- 2018-2019 Budget is Based on 2175 ADM
- $14,694,000.00 = Amount We Expect in State Funding During 2017-2018
- $15,132,000.00 = Amount We Could Expect in 2018-19 Governor's Budget
- $15,223,000.00 = Amount We Could Expect in 2018-19 House Budget
- $15,116,640.00 = Amount We Could Expect in 2018-19 Senate Budget

Mr. McMillan was hopeful the School Board would be able to approve the 2018-2019 School Budget at our meeting on March 22, 2018. Should this be the case, the following day the superintendent will send a letter to the county requesting local funding for next year.

Mr. McMillan reviewed the following additional items that are being included in the 2018-2019 School Budget as presented to the Board during a previous meeting:

- 1 Teacher Assistant at Appomattox Primary School
- No Staff Changes at Appomattox Elementary School
- ½ Additional Guidance Counselor at Appomattox Middle School
- 4 Additional Assistant Coaches at Appomattox County High School (due to the increasing number of student athletes - 2 female assistant coaches and 2 male assistant coaches)
- Continued Funding for the Band at Appomattox County High School (instrument purchases; instrument repair; fees; music purchases)
- $ 68,000.00 = Total of Five Bullets Listed Above
- $390,000.00 = 3% Pay Increase
- $ 20,000.00 = Substitute Teacher Pay Increase of $5.00 Per Day
- $ 35,000.00 = Fire Alarm Panel Upgrade at Each School
- $125,000.00 = Workers Compensation, Liability, and Health Insurance Increases

  $638,000.00 = Total Additional Expenses Anticipated for 2018-2019
  - $ 20,000.00 = Decrease in VRS Rate from 16.32% to 15.68%
  - $ 60,000.00 = Payments for 1991 VRS Early Retirement Incentive Have Been Completed

  $558,000.00 = Total of Adjusted Additional Expenses Anticipated for 2018-2019

- $21,974,665.00 = Budgeted Expenses for 2017-2018
- $22,532,665.00 = Anticipated Expenses for 2018-2019

- $ 6,116,025.00 = Local Funding Needed for 2018-2019 (Based upon the most conservative of the three proposed budgets currently being considered by the General Assembly)
- $ 5,966,215.00 = Local Funding Budgeted for 2017-2018

  $ 149,810.00 = Additional Amount of Local Funding Needed for 2018-2019 – this is a 2.5% Increase

- The above figures for 2018-2019 would place our school division 35.25% above the Required Local Effort (See Attachment # 2). Our current budget places our school division 34.85% above the Required Local Effort.
- The state average is 81% above the Required Local Effort.

- Per the Virginia Department of Education (VDOE), our school division is ranked 130 out of 132 for per pupil spending based upon 2015-2016 data, which is the latest data available from VDOE (See Attachment # 3):
    - $2,479.00 = Local
    - $4,870.00 = State
    - $1,051.00 = Sales Tax
    - $ 704.00 = Federal
    - $9,105.00 = Total
- The state average is $11,500.00 for per pupil spending.

Dr. Grasty stated our next School Board Meeting is scheduled for Thursday, March 22, 2018. Hopefully, the General Assembly will have approved a final budget by that time and we will have more definitive budget information to present to the Board for approval. The following week, we will share this information with the Board of Supervisors during our Joint Board Meeting on Tuesday, March 27, 2018.

National School Walkout March 14

The superintendent shared information concerning the upcoming National School Walkout scheduled for March 14, 2018. She stated the principals at our middle and high schools have met with students and staff and have developed a plan. Dr. Poldi Moreno, Principal of Appomattox County High School, had received a request to participate in the walkout and created a plan that was provided to the Board. (See Attachment # 4) Dr. Grasty also stated the Writing SOL Test had been scheduled for March 14, 2018 at Appomattox Middle School. This testing date has been moved one day in an effort to avoid SOL testing conflicts.

Invitation to Attend Annual Area Youth Art Month Exhibition

The superintendent stated the Longwood Center for the Visual Arts 2018 Youth Art Month Exhibition will be held March 11, 2018 through April 8, 2018. Student artwork will be featured from schools in the surrounding area, including Appomattox Primary School and Appomattox Middle School. Board Members were invited to attend the opening reception on Sunday, March 11, 2018 from 2:00 to 4:00 p.m. to preview the exhibition and meet the featured artists.

ACTION ITEM

Consideration of Approving March 12, 2018 as a Make-Up Day for Students

It was moved by Mr. Smith and seconded by Rev. Jones to approve Monday, March 12, 2018 as a make-up day for students and should the weather

prohibit schools from operating on March 12, 2018, to approve Friday, March 30, 2018 as a make-up day for students as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #400 and #1718-03.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended, specifically student #12383.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent stated she attended the Southside Virginia Regional Technology Consortium (SVRTC) Technology Awards Banquet at Longwood University on March 14, 2018. She provided the Board with a copy of the program and noted two teachers from our school division were recognized. Melanie Ranson won the Instructional Support Award and Amy McConville won the Technology Teacher Award. Dr. Grasty extended congratulations to these ACPS teachers. (See Attachment # 11)

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Comments Following the School Facilities Tour Held Earlier in the Day

Prior to the meeting, the School Board enjoyed a delicious lunch at the elementary school and toured the elementary and primary schools as well as the Appomattox Alternative Education Center. (See Attachment # 12)

Ms. Hall noted it was a wonderful day. She stated every time she tours our schools she learns something new. She was fascinated with our kindergarten, first, and second grade students learning initial coding. Ms. Hall stated she was very proud of our school division and impressed with the instruction in the classrooms.

Rev. Jones concurred with Ms. Hall and noted the level of enthusiasm of our teachers and students was very inspiring. He was pleased to see the new technologies available to our students. Rev. Jones noted our school division may be small but we are on the cutting edge.

Mr. Waddell was in agreement with Ms. Hall and Rev. Jones. He stated they saw many STEM and STEAM projects. Students were building towers using different shapes, but when failures occurred they were not frustrated but eager to start over and adjust their strategy. Mr. Waddell was very impressed with the Math skills of the elementary students.

The Board expressed their appreciation to the administrators, computer technicians, students, and staff for their hard work and thanked them for providing an excellent tour.

School Showcase: Appomattox Elementary School

Appomattox Elementary School (AES) was featured in School Showcase. Mrs. Karen Cyrus, Principal, introduced through Skype third, fourth, and fifth graders who were located in a classroom at AES. These students initiated "Mystery Number Skype" with the School Board Members and the Superintendent. The students were triumphant in guessing the correct number before their worthy opponents could do the same.

The Board thanked the superintendent for her thorough budget presentation.

Review of Fall SOL Testing Data

Dr. Annette A. Bennett, Director of Curriculum and Instruction, provided a review of the Fall SOL Testing Data. She stated SOL testing is administered at the middle and high schools in the fall and spring. The state analyzes the combined scores but does not analyze fall and spring scores individually. Dr. Bennett noted she has found it helpful to consider the testing results individually as well as combined. (See Attachment # 15)

Review of Latest Dropout Report

Dr. Bennett also reviewed the latest Dropout Report. The report was based on 2016-2017 data which is the latest data released by the state. (See Attachment # 16)

Report from STEM Board Meeting of March 20, 2018 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representative to the STEM School Board, reported on the March 20, 2018 STEM Board Meeting. Dr. Smith stated she was not able to attend the meeting but had reviewed a report issued to her following the meeting. The report indicated there were no changes and no issues.

Report on 2018 Tornado Drill and Safety Updates

Mr. Matthew Wallin, School Psychologist who is also in charge of school safety, reported on the 2018 Tornado Drill and provided safety updates as follow: (See Attachment # 17)

- Upcoming Tornado Drills will be held at all schools.
- ACPS also conducts one earthquake drill, numerous lockdown drills, and fire drills each school year.
- 20+ additional cameras have been installed throughout the schools.
- Entry doors have been equipped with new locking and security-based monitoring systems.
- A new PA system will be installed in the high school gym to allow clearer communication in case of an emergency.
- New locks will be installed on all ACPS classroom doors.
- A corridor at the high school main entrance is being considered as it would funnel visitors into the main office.

Schedule Date of Board Self-Evaluation

Dr. Grasty reported the School Board is required to complete a Self-Evaluation prior to the end of each school year. Last year the evaluation was conducted at the Regular June Board Meeting. Following a discussion by the Board Members, it was determined the Board will conduct their Self-Evaluation on Thursday, June 14, 2018 during the Regular Monthly Business Meeting. Board Members were provided with the VSBA School Board Self-Assessment Form and asked to return the completed document to the Clerk of the Board by Thursday, May 24, 2018. The Clerk will prepare a compiled report prior to the June 14, 2018 School Board Meeting.

ACTION ITEMS

Consideration of Adoption of Preliminary 2018-2019 Budget

It was moved by Mr. Smith and seconded by Rev. Jones to adopt the Preliminary 2018-2019 School Budget as presented and recommended by the superintendent in an unknown amount which includes an unknown amount for Food Service and local funding in an unknown amount due to the delay of the General Assembly. RAIDER DIGEST

VOLUME 3, ISSUE 3 MARCH 2018

PRINCIPALS POST

Happy spring!!

It is very hard to believe that the third nine weeks is complete and we are just days now from spring break. Our students and teachers are working hard to finish their curricula and begin their review for SOL testing.

Our eighth grade students have taken the Writing SOL tests. We can't wait to get the results!! The rest of our student body will complete SOL testing during the month of May. You will receive dates and times as we get nearer to testing. Please help students perform their best by making sure they receive a good night's sleep, eat a filling and healthy breakfast, and get to school on time. Please remind students that while we want them to do their best, the SOL test is one test on one day. Their score has never and will never define them. We look forward to having our students amaze us during testing with all they have learned this year.

As you are working with your student at home, please remind them how important it is in life to have grit. Our students are amazing individuals. There's not much they can't accomplish if they believe in themselves and are willing to put in the hard work. Remind them that their teachers are here and willing to help them at any time. Encourage them to seek assistance when they feel they need it. And most importantly to never give up on themselves.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together.

We are the Raiders and we don't stop until we're proud!!

Sincerely,

Cheryl Servis, Ed.D.

Principal

SOL TESTING SPRING SCHEDULE

Tentative test dates have been scheduled for the Spring SOL testing of all students at AMS. Testing will begin the week of April 23– May 18th. Your child's teacher will give specific dates for each class as we move closer to the testing window. Please make every effort to have your student at school and arrive on time. Also, a good night's rest and breakfast will keep him/her alert and ready to be successful on the tests. If you have questions or concerns regarding these dates, feel free to contact me in the Counseling Office @ 352-2135.

Thank you for your help with having your student here and ready to be successful. We couldn't do it without you!

Best of luck students!

Mrs. Cooter

Best of luck!

Career Planning For 8th Graders

Ask an 8th grader for a career plan and you'll probably get one of two answers: "I want to be a (fill in the blank)." or "Career what?" Either way, many students will have little in the way of an actual "plan" for their future. Many students don't start career planning until college rolls around, and that's not enough time. Without proper preparation in high school, many 8th graders will miss out on the chance to pursue a dream career.

Using Virginia Wizard and Virginia View, as well as other programs, we are helping students get a jump on career planning. The students have taken career assessment tests and have started mapping a route to their career choice. This month in English classes 8th graders have drafted their own high school schedules. The intent is to get students thinking about their future by understanding what classes they'd need to take in high school in order to succeed in a college and career.

Like the idea? Here are some ways you can introduce 8th graders to career planning:

*Encourage your student to take career assessments available on line.

*Visit the high school and get your student thinking about the years ahead.

*Review the list of high school classes available in our course directory then have your student create a rough schedule. (a digital copy is available on the school division website)

*Get your student thinking about college majors to match up with career interests. Look up some colleges.

*Introduce your student to a career mentor, or someone who will provide a real sense of the job.

Course registration forms have been sent home for your signature and approval. Please return these promptly. Additionally, should you desire to set up a personal conference with me and your child, feel free to contact me.

Sincerely,

Mrs. Cooter

AMS Celebrates Black History Month

In celebration of Black History Month, Rev Al Jones shared his research and stories about African Americans struggles and victories during the Civil War. All AMS students attended a special 35-minute assembly to hear the presentation. Students were intrigued to hear stories of their ancestors and the story of Hannah Reynolds.

Ams Choir Students Audition For Honor Choir

This year, a brand new opportunity became available to our Middle School Choir students to audition for the Virginia ACDA All-Virginia Middle School Honor Choir. This was a *statewide,* 3-part audition. Students were required to submit recordings of themselves singing an acapella Major Scale, an acapella version of "*America",* and an approved prepared song. Nine Appomattox Middle School Chorus students decided to give it a try, most of whom had only been in Chorus a couple of days before the deadline due to the new semester and snow days. The following students worked very hard to perform their best for each recording and deserve congratulations: Megan Drinkard, Jaliyah Hall, Kierra Boyd, Dakota Wheeler, Sabrina Tappen, Raven Isaacs, Brette Dufresne, Cora Bennett, and Markasha Jones.

We could not be more thrilled to announce that, out of 1,040 students from 103 schools, we have TWO selections AND one Second Alternate. Congratulations to 7th grade students, Jaliyah Hall and Cora Bennett who will represent Appomattox Middle School at this All-Virginia event! Jaliyah (selected as an Alto 2 to the Treble Choir) and Cora (selected as a Soprano 1 to the Treble Choir) will spend 3 days and 2 nights in Richmond, VA rehearsing with other selected students from across the state to prepare for a public performance on the final day on April 7th! Congratulations to Dakota Wheeler who scored high enough to land a Second Alternate slot as the Tenor 2 in the Mixed Choir which still gives him a fighting chance to proudly represent the male Chorus members of AMS!

Congratulations to all of our AMS auditionees and selected All-Virginia Representatives!

RRLC—New Program at AMS

AMS Raiders

We don't stop until we're proud!!

A new weekly program at AMS, Raiders Responsible Leadership Council (RRLC), helps students learn skills and traits that will better prepare them to become valuable world citizens. These traits include perseverance, respect, and self motivation among many others. Students recently participated in an activity called emptying a cup. The activity was designed to make students aware of the things that could trigger a bad day. The purpose of this is once students can identify their triggers they can figure out coping skills for how to deal with those triggers in an appropriate way.

Coding Class Presents to School Board

All year, AMS students have been working on various coding activities during Discovery. The Coding Discovery classes are designed to introduce students to computer coding. Students use various websites and technology during the coding class. Recently, Mr. Hofmann and three of his students presented their coding skills to the Appomattox County School Board. Students demonstrated their Winter Olympic games to the Board. The games included hockey and skiing. Special thanks Mr. Hofmann, Aubrey Fulcher, Jaiden Harrison, and Ethan Letterman for their presentation of Coding to the School Board.

MATHCOUNTS

AMS MATHCOUNTS students recently competed in the Southwest Region Chapter MATHCOUNTS competition at Liberty University. The competition consisted of 15 teams. Students worked together to solve various math challenges. The AMS team placed 6th in the competition. Pictured: front row: Jacob Hensley, Austin Hodge, Corey Williams and Anna Putnam Back row: Avery Roark, Morgan Doss, Hannah Lethcoe, Chandler O'Rourke, Colton Claiborne and Jacob Williams.

AMS Students Display Art At Longwood Exhibition

As part of Youth Art Month, 13 students from AMS had artwork selected to be part of the art exhibit at Longwood Center for the Visual Arts running March 11th through April 8th. The students who have artwork on display are: Harmony Troxler, Catey Paulette, Juliana Kershner, Aniya Charlton, Bree Carrico, Trinity Wells, Trinity Doss, Jacob Williams, Melody Steger, Avery Roark, Ethan Walton, Mariska Servis, and Katie Drinkard. During the opening reception on Sunday, March 11th, Juliana Kershner and her mother were part of the festivities celebrating the hard work and talent of our students.

CREATIVE FUN IN ART CLASS

8th graders from Ms. Henzi' s art class show off the result of their collaborative art project. Each student colored an individual square using a "key." The class then put the squares together to form the final project.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, April 12, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Dorinda G. Grasty, Division Superintendent.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Item from School Board Chairman

The Chairman stated the Appomattox County School Board will be conducting interviews for the position of superintendent from April 13, 2018 to April 26, 2018. These interviews will be held in accordance with the Code of VA Section 2.2-3712.

SUPERINTENDENT'S REPORT

Budget Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, reported there was no budget update at this time as we are continuing to wait on a final decision by the Virginia General Assembly.

Dr. Grasty stated she had spoken with Mr. Tom Smith of the Virginia School Boards Association and asked when he anticipated a decision from the General Assembly. Mr. Smith did not anticipate this to take place before the end of April.

The superintendent also noted she had spoken with Mrs. Susan Adams, County Administrator, who stated the county was not continuing to address the budget until further word is received from the General Assembly.

Dr. Grasty recommended the Board continue with the planned April 25, 2018 Joint Board Meeting with the Appomattox County Board of Supervisors. She stated should we delay this meeting again, it will place us toward the end of May, school will be out, and we need to issue contracts to our employees. Dr. Grasty noted the information provided to the Supervisors at the upcoming Joint Board Meeting may have contingencies due to the delay in the approval of a state budget by the General Assembly.

Mr. McMillan reported the General Assembly reconvened briefly on April 11, 2018 to set meetings during the week of April 16, 2018. It was his understanding they are waiting on Governor Northam to present a new budget proposal.

ACTION ITEMS

Consideration of Approval of Overnight Trip Request

It was moved by Mr. Smith and seconded by Rev. Jones to approve the in-state overnight trip request as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 1)

Consideration of Approval of Replacement of AMS Chillers

It was moved by Mr. Smith and seconded by Dr. Smith to approve the low bid from Johnson Controls to replace two (2) chillers at Appomattox Middle School at a total cost of $185,964.00 as presented and recommended by the superintendent. The Chairman opened the floor for discussion.

The superintendent provided the Board with the full bid notebook as well as the following extracts concerning the replacement of two chillers at Appomattox Middle School:

1. Excerpts from the Dewberry Preliminary Engineering Report Dated December 12, 2017 (See Attachment # 2)
2. Bid Tally Sheet (See Attachment # 3)
3. Recommendation from Mr. Timmy Garrett, Maintenance Supervisor (See Attachment # 4)

Dr. Grasty concurred with Mr. Garrett's recommendation to replace two chillers and accept the low bid price for both chillers of $185,964.00 from Johnson Controls.

Mr. McMillan noted our school division does have the money to purchase two chillers by utilizing funds from the Capital Improvement Fund (Current Balance = $123,000.00) and the Carry Forward Fund (Current Balance = $280,000.00). He also stated it will take eight to ten weeks for the company to build the chillers once the order is placed. This timeframe could result in the payment being required after July 1, 2018, which Mr. McMillan noted was his preference.

Mr. Smith asked if Mr. Garrett had pursued possible grants or programs through Dominion to assist with the costs. Mr. McMillan stated he did not know but would ask Mr. Garrett.

Following a thorough discussion, the motion to approve the low bid from Johnson Controls to replace two (2) chillers at Appomattox Middle School at a total cost of $185,964.00 was approved by unanimous voice vote.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #254 and #400.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 5)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 6)

NEXT MEETINGS

The Appomattox County School Board is scheduled to conduct the following meetings:

- Joint Board Meeting with Appomattox County Board of Supervisors – Wednesday, April 25, 2018 – 5:30 p.m.
- Regular Monthly Business Meeting – Thursday, April 26, 2018 – 5:00 p.m.
- Interim Meeting – Thursday, May 10, 2018 – 5:00 p.m.

All of the meetings will be held in the School Administration Building at 316 Court Street in Appomattox, Virginia.

Mr. Smith stated due to a work commitment he was uncertain if he will be able to attend School Board Meetings during the month of May. He also noted he would keep the Chairman informed as these meeting dates get closer.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Dr. Smith. By unanimous voice vote, the motion was approved.

DISCUSSION BY BOARD MEMBERS

Following her presentation, Dr. Bennett called for questions and comments from the members of both boards.

Mr. Carter referred to the information concerning the Region 8 Comparison of Advanced Diploma Awards and jokingly stated something must be done to get ahead of Charlotte County. Following laughter from those in attendance, Dr. Bennett stated Appomattox was ahead of Charlotte County last year.

Mr. Abbitt thanked and congratulated the school division for the fine job we are doing. He asked how much is it costing to provide a three percent compensation increase for school staff. Dr. Bennett stated the cost is $130,000.00 per percent for a total cost of $390,000.00 for the three percent increase. Mr. Abbitt noted the school division is only requesting an increase in local funds in the amount of $149,810.00 and asked where the remaining amount is coming from to provide the compensation increase. Dr. Bennett noted the

difference will be coming from state revenue. Mr. Abbitt asked if we anticipate the state budget will include a raise for school employees. Dr. Bennett stated we do not. Mr. McMillan pointed out all three budget scenarios indicate our school division will receive more money from the state. He also noted our 2018-2019 School Budget was developed using the most conservative scenario of the three state revenue projections.

Mr. Abbitt asked for our conservative estimate of the projected increase in state revenue for next year. Mr. McMillan stated this amount is $400,000.00. Mr. Abbitt noted this amount would cover the $390,000.00 cost for a three percent raise.

Mr. Smith congratulated Mr. Lair's Transportation Department for their excellent driving record of 517,802 miles with no accidents. Mr. Smith requested Mr. Lair extend his appreciation to the bus drivers for the phenomenal job they are doing every day in transporting our students to and from school safely. Rev. Jones noted he serves as a bus monitor each afternoon for the after school programs at his church and noted his firsthand experience with maintaining control on a bus. He also expressed his admiration of our bus drivers and the excellent job they are doing.

Mr. Smith stated we are getting a big bang for the buck that's spent, especially when making comparisons of our school division with surrounding divisions. He noted we strive to improve and expressed his gratitude to the Board of Supervisors for their support and appreciation of any additional support they are able to give. Mr. Smith also commended the principals for their part in keeping our school division fully accredited for the past three years in a row.

Rev. Jones thanked the Board of Supervisors for their support of Appomattox County Public Schools and noted their job is a difficult one as our county revenue is limited.

Mr. Smith invited the Members of the Board of Supervisors to visit in our schools and assured them they would be amazed. He referenced the FFA Banquet conducted at the high school the previous evening and the leadership opportunities that are offered to our students through this outstanding organization.

Mr. Abbitt asked if the HVAC capital projects needs in our schools were addressed in the 2018-2019 School Budget. Dr. Bennett stated typically funds are placed into the Capital Improvement Fund at the end of the school year if there is unspent money left in the budget. Mr. Abbitt noted during the last three years, the funds left over at the end of the year in the school division accounts have been given back to the school division. He asked if any money goes into the capital improvement account. Dr. Bennett stated it does. Mr. Abbitt asked

how much money is currently in the Capital Improvement Fund. Mr. McMillan stated the current total was approximately $171,000.00. Mr. Abbitt stated there were three accounts that had money remaining at the end of each school year which were the Textbook Fund, Carry Over Fund, and Anything Unbudgeted Fund. Mr. McMillan noted our school division has three funds which were Textbook, Capital Improvement, and Carry Forward. He also noted unspent money at the end of the year is not given back to the school division, but is given back to the county. Mr. Abbitt asked if the county has given this money back to the school division for the past three years. Mr. McMillan and Mr. Waddell stated no. Mr. Abbitt asked what the county gave back to the school division last year and then stated it was a quarter of a million dollars and asked what it was for. Mr. McMillan stated that was the Carry Forward Fund which has been in existence for a number of years and it was not leftover money from the current year. Mr. Abbitt stated the school division returned money to the county and did not get it back last year. Mr. McMillan stated that was correct as we did not ask for it to be given back. Mr. McMillan referred to the audit report which indicated we were budgeted $5.7 million and spent $5.5 million which resulted in approximately $235,000.00 that the county budgeted for us that we did not use. Mr. Abbitt referred to the County Administrator and asked if the county gave money back to the school division last year without earmark. Mrs. Adams stated she was not aware and referred to the audit report which indicated the Carry Forward Fund was left over at the end of the year and was carried over. She noted the report showed last year that $948,673.00 in local money was reallocated back to the schools in July. Mr. McMillan asked if that was for the three funds mentioned previously and Mrs. Adams indicated that was correct. Mr. Waddell stated during the 13 years he has been on the School Board and 10 years he was a school administrator in this division none of the unspent money from the General Fund – Fund 1 has ever come back to the schools from the county. He also clarified that the Carry Forward Fund was established by the State a number of years ago when money was tight which allowed the county to re-appropriate unspent General Fund money for the following year. The State granted this provision to all school divisions, not just Appomattox.

Mr. Hogan stated he believed we are calling things by different names, but he specifically remembered the Board of Supervisors voted to give money back to the schools last July. Mr. Waddell reiterated that was just for the three funds of Textbook, Capital Improvement, and Carry Forward, not the General Fund – Fund 1. Mr. Abbitt noted these are funds the school division would not have unless the county gives them back. Mr. McMillan stated there is money in a bank account for these three funds as of June 30. In July, we request re-appropriation from the county to spend the money in those accounts for the current fiscal year. Mr. Abbitt noted if the Board of Supervisors hadn't taken action and re-appropriated the funds, the school division would not get it back. Mr. McMillan verified that was correct. Mr. Waddell clarified this process was not for General Fund – Fund 1 money.

Mr. Hogan referred to the school division budget goal of "Continue to cover employer paid health insurance for individual employees." He asked if we had any idea of what this amount was going to be? Mr. McMillan stated we do not know and noted a meeting with the school division health insurance carrier will be held within the next few weeks and we should have a better idea following that meeting. Mrs. Adams asked how much was budgeted for the insurance increase. Mr. McMillan stated we budgeted an amount for increases in all of our insurances which included health insurance, liability, and workers' compensation. He stated he could not recall the exact budgeted amount and would get this information to Mrs. Adams. Mr. Hogan stated he asked the question about the projected increased health insurance cost because in previous years even though school employees were fortunate enough to get a raise, the increase in health insurance costs consumed the amount of the raise. Mr. McMillan noted the goal is for employees not to have an increase in cost.

Mr. Hogan asked if there had been any discussion on aligning the health insurance coverage year to be the same as the school division fiscal year. Mr. McMillan stated this has not been discussed; most school divisions use October 1 as the renewal date for health insurance. Mr. Hogan pointed out he could see the advantage of knowing the cost for health insurance before the budget is completed for a fiscal year. Mr. McMillan noted this was certainly something we could look into.

Mr. Hogan also referred to the additional budget goal of "Continue to meet Standards of Quality staff requirements K-12 in order to maintain acceptable student-teacher ratio" and asked how many additional staff are included in the budget. Dr. Bennett noted there is a slight staff increase but it is anticipated the cost increase will be negligible due to retirements. Mr. McMillan indicated one-half guidance position at the middle school and one additional teacher assistant at the primary school are the only anticipated staff increases. Mr. Smith noted it is sometimes difficult to project staff needs in advance. As an example, he stated within the past several years we had to hire an additional kindergarten teacher once school began because the number of kindergarten students who enrolled was actually greater than anticipated.

On behalf of a constituent, Mr. Hogan asked how many principals and assistant principals are at the high school and primary school. Dr. Bennett stated one principal is at each of these schools. The primary school has one assistant principal and the high school has three assistant principals with one of those positions serving as a half-time assistant principal and half-time athletic director. Mr. Hogan stated when he attended high school there was one principal and one assistant principal. He stated he understood many regulations and requirements have changed since that time and asked what are the duties of these additional assistant principals. Dr. Bennett stated they are in charge of all student activities, sports, and CTE. She also noted there are more programs at the high school

than the other schools. She asked the high school principal for input and Dr. Poldi Moreno noted one of the assistant principals is also in charge of our Alternative Education Program which is located in a separate building. Mr. Abbitt suggested Mr. Hogan be given copies of the job descriptions for these positions.

Mr. Carter thanked the teachers, staff, administrators, and School Board for everything they do within their jobs. He noted their sacrifices are appreciated within the community.

Mr. Waddell thanked all of the school division staff, bus drivers, custodians, food service, teachers, and administrators and emphasized it takes a team to work together. Mr. Waddell also thanked the Board of Supervisors and expressed appreciation for their time and effort. He stated they should feel free to call the superintendent, a School Board Member, or any of our directors when they have questions or need clarification.

Mr. Smith encouraged the Supervisors to visit our schools. Mr. Waddell stated School Board Members would be happy to accompany them if they preferred.

Mr. Carter expressed appreciation to Mr. Arbogast for his assistance to the county with their technology needs.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Bennett shared the following communication items from the superintendent:

1. A letter from Horizon Therapeutic Day Treatment Center informing the Board of their School Based Services. (See Attachment # 9)

2. A thank you note from the Appomattox County High School After Prom Party Committee expressing their appreciation to the Board for their contribution.

3. Appomattox County Public Schools (ACPS) participated in the recent "LOVE" Sculpture Unveiling in Courtland Festival Park, Thursday, April 12, 2018. Mrs. Lauren Scott, AES Art Teacher, painted a beautiful "ACPS rock" and our office staff prepared a gift basket of Appomattox Raider items to present to the child who found the ACPS rock.

Communication Items from Board Members

Mr. Smith was extremely pleased to report, after six years, the Virginia Board of Education has approved state inspection testing as a validated industry credential that meets graduation requirements. Mr. Smith stated this was a huge step in the right direction as it certifies, upon passing the state inspection test, that our students will be fully licensed and job-ready.

The Chairman stated the Appomattox County School Board will be conducting interviews for the position of superintendent from April 27, 2018 to May 10, 2018. These interviews will be held in accordance with the Code of VA Section 2.2-3712.

Membership Report

Dr. Bennett provided the March 31, 2018 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,181 students. This compares to a budgeted ADM of 2,180. (See Attachment # 11)

VSBA and NSBA Activities

The 2018 VSBA Southern Region Spring Network Forum was held April 23, 2018 in Mecklenburg County. Mr. Waddell, Mr. Smith, Rev. Jones, Ms. Hall, Dr. Smith, and Dr. Bennett attended. Mr. Waddell noted it was one of the better regional meetings and the guest speaker was very good. Mr. Smith was pleased to have an opportunity to connect with the Secretary of Education who was in attendance.

The Annual VSBA School Law Conference will be held in Richmond on June 1, 2018. The registration fee is $185.00 and the deadline is May 18, 2018. Mr. Waddell requested to be registered for this conference. It was noted Mr. Matt Wallin, School Psychologist, will also be attending.

VSBA will conduct an Orientation for New Board Members and Superintendents in Richmond on Monday, July 16, 2018. The registration fee is $185.00 and the deadline is July 2, 2018.

The 33rd Annual VSBA Conference on Education will be held Tuesday, July 17, 2018 in Richmond. The registration fee is $205.00 and the deadline is July 3, 2018.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the Third Quarter Financial Report for 2017-2018 which indicated expenditures were slightly less than the third quarter of the previous fiscal year. (See Attachment # 12)

Mr. McMillan provided a budget update and review of the additional items incorporated into the 2018-2019 School Budget (See Attachment # 13) and a recommendation for local funding in the amount of $6,116,025.00. (See Attachment # 14) He stated the request to the locality for 2018-2019 would be $149,810.00 greater than the current fiscal year.

Report from Central Virginia Governor's School Board Meeting of March 28, 2018 by Mr. Greg Smith

Mr. Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their meeting of March 28, 2018. They approved the 2018-2019 CVGS Calendar which reflects Spring Break during a different week from our approved school division calendar for next year.

CVGS students participated in the Central Virginia Regional Science Fair in March with our students excelling as follows:

Katelin Savage – 2nd Place – Behavioral and Social Sciences
Abby Ranson – 2nd Place – Engineering
Lydia Parrott – 3rd Place – Engineering
Cody Mewborn – 3rd Place – Plant Sciences

Mr. Smith noted the budget will be included on the agenda for their next meeting. He was also pleased to report there will not be an increase in tuition for 2018-2019. Mr. Smith reminded the Board there are slots for only eight more students at the Governor's School and he continued to advocate for our school division to secure additional slots should our budget allow.

Report on ACHS French Students' Trip to Canada During Spring Break

Ms. Chantal Kerr, Appomattox County High School (ACHS) French Teacher, provided a delightful pictorial report on the ACHS Students' French Canada Trip during Spring Break. Twelve students and five chaperones traveled for six days, spending two days each in Montreal and Quebec. Ms. Kerr expressed her appreciation to the Board for approving this wonderful educational opportunity for her students and treated Board Members to chocolates that are found in French Canada and not readily available in the United States. It was noted this was a student sponsored trip and our school division did not provide financial support.

Discussion of Cooperative Fuel Bid Process for 2018-2019

Dr. Bennett stated Mr. Matt Lair, Transportation Supervisor, and Mr. Timmy Garrett, Maintenance Supervisor, recommend our school division continue to participate in the Cooperative Fuel Bid Process for 2018-2019 with other Region VIII school divisions. These gentlemen anticipate a meeting will be held during May and the bid opening will take place in June for the upcoming school year.

It was noted this item was also included in the agenda for Board action to authorize Mr. Lair and/or Mr. Garrett to participate in the Cooperative Fuel Bid Process for 2018-2019 on behalf of our school division.

ACHS 2018 Graduation

Graduation will be held Tuesday, May 22, 2018 at 7:00 p.m. at Liberty University's Vines Center. Dr. Bennett noted a school division van will be available for Board Members to travel to graduation. The van will leave from the

School Board Office Parking Lot at 5:30 p.m. Board Members who do not plan to travel with the group and will need an individual parking pass were requested to contact the Board Clerk by May 4, 2018.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, May 10, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Annette A. Bennett, Director of Curriculum and Instruction, who also serves as the Designee to attend School Board Meetings during the absence of the Superintendent. Dr. Dorinda G. Grasty, Division Superintendent, was absent due to a family illness.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Dr. Smith to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 1)

Approval of New Superintendent

It was moved by Mr. Smith and seconded by Rev. Jones to approve Dr. Annette A. Bennett as the new superintendent of Appomattox County Public Schools effective July 1, 2018. By unanimous voice vote, the motion was approved.

BRIEF RECESS

Welcome New Superintendent

The Chairman called for a brief recess to welcome Dr. Bennett as the new superintendent for Appomattox County Public Schools. On behalf of the School Board, the Vice-Chairman presented Dr. Bennett with a beautiful arrangement of cut flowers to officially welcome her to her new position.

At this point, Mr. Smith left the meeting in order to fulfill a work commitment.

RECONVENE

The Chairman reconvened the meeting.

COMMUNICATIONS

Communication Item from the Superintendent

Dr. Bennett shared an invitation to attend the Appomattox Middle School 8th Grade Recognition Ceremony which will be held Thursday, May 24, 2018 at 9:00 a.m. in the auditorium at Appomattox County High School.

SUPERINTENDENT'S REPORT

2018-2019 Budget Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, reported he did not have a budget update at this time as we are continuing to wait on a final budget decision from the Virginia General Assembly.

Mr. McMillan noted the 2018-2019 Pay Scales were included in this agenda as an action item. He stated the scales reflect a three percent pay increase, as previously directed by the Board. He noted contracts are usually issued to employees approximately one week prior to the end of the school year to allow these documents to be signed and returned prior to the time staff leaves. Mr. McMillan stated he had checked with other school divisions and most are going ahead and issuing contracts. He reported contracts contain wording which states contracts are null and void if adequate funding is not provided by the state or locality. Mr. McMillan noted he would emphasize this wording to staff through an email and cover letter that would be included with the contract. Dr. Smith requested the phrase "null and void" not be used as it was a bit harsh. Mr. McMillan stated he would share this request with our school division attorneys to seek their guidance, but he did not believe using the wording would create a problem as it has been printed in contracts for a number of years. He noted contracts would be issued either Friday, May 18, 2018 or Monday, May 21, 2018 with a required return date of Friday, May 25, 2018. Mr. Waddell stated it was wise to go ahead and issue the contracts.

Mr. McMillan noted the 2018-2019 Employee Calendar was also included in the agenda as an action item.

ACTION ITEMS

Consideration of Approval of 2018-2019 Salary Scales

It was moved by Rev. Jones and seconded by Dr. Smith to approve the 2018-2019 Salary Scales as submitted and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

Consideration of Approval of 2018-2019 Employee Calendar

It was moved by Rev. Jones and seconded by Dr. Smith to approve the 2018-2019 Appomattox County Public Schools Employee Calendar as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 3)

CLOSED SESSION

Adjourn to Closed Session

Rev. Jones moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employees #400, #1718-04, and #252.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Dr. Smith seconded the motion made by Rev. Jones. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Rev. Jones and seconded by Ms. Hall to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of

Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Rev. Jones made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 4)

Approval of Personnel Matters

It was moved by Dr. Smith and seconded by Rev. Jones to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 5)

NEXT MEETINGS

The 33rd Annual VSBA Conference on Education will be held Tuesday, July 17, 2018 in Richmond. The registration fee is $205.00 and the deadline is July 3, 2018. Dr. Bennett is registered to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Contracts were distributed to employees Monday, May 21, 2018. The documents were due to be returned to the building principals on Wednesday, May 23, 2018 with a delivery date of May 25, 2018 to the Central Office. Each contract noted the document was contingent upon final passage of a budget by the state and the county.

2. The General Assembly met briefly during the current week and are scheduled to reconvene May 29, 2018 to address the state budget. It is anticipated the state budget will be passed no later than May 30, 2018.

3. The 2018-2019 Salary Scales have been revised to reflect an individual scale for Athletic Director. This position was previously included in the Administrative Scale. The Board was requested to vote on the Revised 2018-2019 Salary Scales later in the meeting as an action item.

Report on Rural Math Innovation Network Project

Mr. Mike Lane and Mr. Beau Ellrich, Appomattox Middle School Math Teachers, reported on the Rural Math Innovation Network (RMIN) Project. RMIN is funded by Virginia Advanced Study Strategies, Inc. which received a $2.99 million Investing in Innovation Grant from the United States Department of Education. Forty Algebra and Pre-Algebra teachers, which included Mr. Lane and Mr. Ellrich, were selected to participate in this four-year project of which the first year has just been completed. The math teachers are working in a virtual network to create lessons that increase student motivation for mastery of math skills and concepts needed for pursuing STEM and health postsecondary technician programs and career credentials. Student success on the math assessment of the National Career Readiness Certificate is one outcome of the project. RMIN has the potential to support workforce development for students, schools, and communities across rural America. (See Attachment # 10)

Report from Appomattox County Education Foundation Scholarship Committee Meeting of April 30, 2018 by Rev. Al Jones

Rev. Al Jones, Board Representative serving on the Appomattox County Education Foundation (ACEF) Scholarship Committee, reported the monies for this scholarship program have been handled by The Greater Lynchburg Community Foundation (GLCF) since 2003 with an initial transfer of $125,000.00 from the Education Foundation. Gifts received over the years have come from generous individuals in the community as well as regular gifts from the Appomattox County School Board and employees of Appomattox County Public Schools. As gifts are received, they are recorded in the fund and submitted to the GLCF investment manager where they are invested in a pooled account. At the end of each quarter, the fund receives its portion of the investment income based on its percentage as a part of this pooled account. Each year, GLCF makes available a certain portion of the income for scholarships. The current spending policy rate is 5% of a rolling 12 quarter average of the fund's balance. During the current fiscal year of July 1 to June 30, the Appomattox County Education Foundation had $9,797.00 available for scholarships with $5,500.00 awarded for the fall semester and $3,000.00 awarded for the spring semester.

At the April 30, 2018 ACEF Scholarship Committee Meeting, the following students were awarded scholarships:

Mary Baldwin	-	$ 500.00
Kayla Croner	-	$1,500.00
Devin Dews	-	$ 500.00
Kaylynn Eagle	-	$ 500.00
Jordan Garrett	-	$ 500.00

Tywan Haskins	-	$1,500.00
Aaron McConville	-	$1,000.00
Brooklyn McCormick	-	$1,000.00
Samantha Paulette	-	$1,500.00
Henry Rasmussen	-	$1,000.00
Brooke Rieger	-	$1,000.00
Skylar Wilhoit	-	$ 500.00

Rev. Jones stated the committee's first consideration in awarding scholarships is financial need, followed by first time students going to college, and then they try to acknowledge those students who have worked hard which usually includes the valedictorian. Rev. Jones noted, this year the committee was able to award a scholarship to every student who applied. He also stated Dr. Janice Marston serves on the GLCF Board of Directors representing Appomattox County. The current balance in the ACEF scholarship fund is $228,164.86.

Report from LAUREL Board Meeting of May 2, 2018 by Ms. Cynthia Hall

Ms. Cynthia Hall, Board Representative to the LAUREL Regional School Board, stated the LAUREL School is for children with major disabilities and is shared by five school districts. The current budget is $3.6 million and the enrollment is 134 which includes six students from Appomattox. During the May 2, 2018 LAUREL Board Meeting they discussed the budget, calendar, and personnel matters. Graduation will be held on May 29, 2018 which will include one student from Appomattox.

Recommendations from the Special Education, Remedial, Title I, and Title III Advisory Committee

- Consideration of an additional special education teacher at the primary school.
- Consideration of reading intervention staff at the secondary level.

Update on Gifted Education Programs

Mr. Matt Wallin, School Psychologist and Gifted Coordinator, provided an Update on the Gifted Education Program in our school division. (See Attachment # 12) He stated 140 students have currently been identified as gifted which is 6 percent of the total student population. Mr. Wallin reviewed the highlights of each school's gifted program and shared the following target improvements:

- Continue implementing staff development regarding differentiation for the gifted learner in the regular classroom.
- Continue to improve the range of alternative assessments used to identify twice exceptional students, students from economically disadvantaged backgrounds, and culturally diverse students.
- Continue to focus on strategies to improve AP courses.
- Look into prep classes that focus on test content for SAT/ACT on an afterschool basis.

Board Members were also provided with a detailed summary of the 2017-2018 Gifted Program in our school division. (See Attachment # 13)

Recommendations from the School Health and Wellness Advisory Committee

Dr. Grasty presented the Recommendations from the School Health and Wellness Committee on behalf of Mrs. Renee Wingfield, School Health Coordinator: (See Attachment # 14)

- Coordinate and implement partnerships with student groups for safety, nutritional, and physical education for all schools.
- Encourage and promote physical activity for students throughout their day.
- Continue to offer dental clinic.
- Offer flu vaccine clinic as advised by the CDC and local health department.

Re: Delegate and Alternate Delegate Selection

In accordance with the Bylaws of the Association, "A school board in good standing will be entitled to one vote in all meetings of the Association. A voting delegate and an alternate will be selected from the membership of each member school board by that board." **Please select a voting delegate and an alternate to represent your board at the VSBA Delegate Assembly and Regional Meeting of the 2018 VSBA Annual Convention, November 14-16, at the Williamsburg Lodge.** We encourage all interested school board members to attend this annual business meeting of the VSBA Delegate Assembly on November 15, 2018.

It is important that all member school boards be represented when the Delegate Assembly convenes. The action of the VSBA Delegate Assembly determines the issues that will be lobbied on your behalf in Richmond and Washington. We hope that your school board will be represented and each delegate will attend the 2016 Session of the VSBA Delegate Assembly. Pursuant to the Bylaws, please send the name of the delegate and the alternate by completing and returning this form by **AUGUST 4, 2018**. **If no name is submitted, the chairman and vice-chairman will be listed as delegate and alternate. It is recommended that the delegate or alternate not be a member of the VSBA Board of Directors.**

Mail this form to Dorothy Vidano (Dorothy@vsba.org) at the Virginia School Boards Association, 200 Hansen Road, Suite 2, Charlottesville, VA 22911 or fax it to her attention 434-295-8785. Please do not hesitate to contact the VSBA should you have any questions. Thank you for all that you do as a leader, advocate, and supporter of public education.

VSBA and NSBA Activities

The Annual VSBA School Law Conference was held in Richmond on June 1, 2018. Mr. Waddell and Mr. Matt Wallin, School Psychologist, attended. Mr. Waddell reported it was a good meeting and the speakers were excellent with very timely topics.

VSBA will conduct an Orientation for New Board Members and Superintendents in Richmond on Monday, July 16, 2018. The registration fee is $185.00 and the deadline is July 2, 2018. Dr. Bennett is registered to attend.

The 33rd Annual VSBA Conference on Education will be held Tuesday, July 17, 2018 in Richmond. The registration fee is $205.00 and the deadline is July 3, 2018. Dr. Bennett is registered to attend.

VSBA requires a voting delegate and an alternate delegate be selected to represent our School Board at the VSBA Delegate Assembly and Regional Meeting of the 2018 VSBA Annual Convention, November 14-16, 2018 in Williamsburg. This information must be submitted to VSBA by August 4, 2018 and is also included in this agenda as an action item.

Each year, VSBA supports reporters and local media outlets for the important role they play in public education through the VSBA Media Honor Roll. The deadline for receipt of the required submission form and resolution is August 24, 2018.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. State Budget – The state has approved a final budget. Mr. McMillan noted the approval of the final state budget will create the need to revise two figures from our original 2018-2019 School Budget: the amount we will be receiving from the state will increase by $115,450.00 and the amount we will be requesting from the locality will decrease by $115,450.00. As a reminder, he also provided a summary of the additional items that will be covered in the 2018-2019 School Budget that had been provided to the Board during previous meetings. Mr. McMillan noted these revisions to the 2018-2019 School Budget result in our school division requesting $34,360.00 from the locality in additional local funds above our current 2017-2018 funding allocation. (See Attachments # 10 - # 14)

2. Health Insurance – A meeting was held earlier in the day with representatives from Piedmont Community Health Plan (PCHP) to begin discussions of our health insurance renewal for the plan year that begins October 1, 2018. Unfortunately, the meeting revealed higher renewal rates than had been expected which led to a discussion of possible options that may result in reductions. Mr. McMillan stated high claims have a direct impact upon our rates. The quotes PCHP provided are such that we feel we need to research other possible options. He noted he had made inquiries to determine if we have enough time to complete a full Request for Proposal (RFP) process. Our employees have been very happy with PCHP. Mr. McMillan noted looking elsewhere will not necessarily result in lower premiums as all vendors will need to review our claims history.

Discussion of ACHS Facilities

Mr. Waddell stated at the last Board Chairs Meeting the topic came up regarding facility needs at the high school. It was the consensus of the Board

Chairs, Mrs. Adams, Dr. Grasty, and Dr. Bennett that building a new high school was not the best solution and we should look at renovation. Several of the Members of the Board of Supervisors have stated the School Board needs to decide what we want to do about the high school facilities. At this point, it appears the Board of Supervisors may have the funding available in 2023.

Mr. Waddell noted the auditorium at the high school is completely separate from the remainder of the building and is used constantly by the community. The air conditioning units for the auditorium are forty years old. A recent cost estimate projected it would cost $15,000.00 to repair the units but the availability of parts is a concern due to the age of the units; therefore, repair would not be the most feasible option.

Dr. Bennett stated there are three air conditioning units for the ACHS auditorium with two of them being original to the building; one unit is not working and the second is nearly worn-out. The third unit which services the lobby was updated ten or twelve years ago. When the public contacts us about using the auditorium we tell them up front that the air conditioning is not sufficient. Retrofitting the whole system will take several months as the coils must be custom made which would not allow this to take place this summer. Dr. Bennett stated it would be much faster to replace the units which could possibly be done in a month or so following the completion of the Request for Proposals (RFP) process and receipt of bids.

Mr. Waddell stated during the last Board Chairs Meeting it was stated should the school division have a sizeable amount of unspent funds at the end of the fiscal year that could go toward the renovation of the high school auditorium, perhaps the Board of Supervisors could come up with the remaining amount that would be needed. Mr. Waddell emphasized this was purely a discussion item and nothing was official at this point. He wanted to bring this to everyone's attention so the Board Members could begin thinking about this possibility. Mr. Waddell noted it seemed realistic to put out an RFP for the auditorium to solicit information and then go from there. It was the consensus of the Board to proceed with an RFP.

Mr. Waddell noted the short amount of time between now and the next School Board Meeting on June 28, 2018 will most likely not be enough time for the RFP process to be completed. He stated this may create the need for a special called meeting in early July.

Mr. Smith emphasized the importance of receiving input from high school personnel as we move forward with the renovation of the high school. Rev. Jones was in agreement and stated the value of making the public aware as well.

Report from Central Virginia Governor's School Board Meeting of May 2, 2018 by Mr. Greg Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School Board, reported on their meeting of May 2, 2018. He stated the most important item discussed at the meeting was the possible need of raising tuition from $4,700.00 to perhaps $5,000.00 per student or increase the number of students if state funding does not continue to increase during the next few years. Mr. Smith also noted he would like to see our school division increase the number of student slots we have at the Governor's School from six to eight.

Report from XLR8 STEM Academy Board Meeting of May 29, 2018 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representative to the XLR8 STEM Board, reported on their meeting of May 29, 2018. She stated tuition will increase $10.00 per student per semester. Their Strategic Plan was provided to Board Members at this meeting with a request for input at their next meeting scheduled for August 14, 2018. The STEM Academy received a grant that has allowed them to purchase equipment including 3D printers, a laser system, and GardenBot. Dr. Smith stated the STEM Academy has had difficulty in securing internship locations in Appomattox. She noted her husband hopes to alleviate this problem by volunteering his business as an Appomattox internship location.

Mr. Waddell asked how many Appomattox students attend the STEM Academy. Dr. Bennett stated this past year we have had three students, two seniors and one junior. She noted we paid for two of the slots and the third slot was given to us by another school division who did not have a student to fill the position this year.

Preliminary SOL Testing Results

Dr. Bennett provided a review of the preliminary SOL testing results as follow: (See Attachment # 15)

- The scores are not official and are not final.
- Our division calculations are usually fairly close to the final results received from the Virginia Department of Education.
- High school reading scores are lower this year than last year because this year we were not allowed to account for the alternative tests. Writing and math scores increased while science scores decreased slightly.
- Middle school reading scores remained the same and all other scores at this school increased.

- Elementary school scores remained the same or increased slightly except Science which decreased. We expect our elementary scores to be higher and must consider that first time SOL test takers are included at this school. Several sub-groups are being watched and additional resources will be put into place to strengthen our testing results at the elementary school.

Based on the preliminary calculations, Dr. Bennett predicted all four Appomattox County Public Schools will be fully accredited again. She emphasized our teachers and administrators have worked extremely hard as well as our students and parents and expressed her appreciation to all of them.

Mr. Smith asked about the Profile of a Virginia Graduate. Dr. Bennett noted this will go into effect with next year's ninth grade and will involve a change in accreditation calculations. The new accreditation process will include some of our sub-groups which have not been included in state accreditation previously, but have only been included for federal accreditation. Next year, high school attendance will also be added as a high benchmark.

Recommendations from the Career and Technical Education General Advisory Council

Mr. Brette A. Arbogast, Director of Technology and CTE, presented the recommendations from the Career and Technical Education General Advisory Council. (See Attachment # 16) He stated career planning will begin in the fifth grade and all departments are doing a great job.

Appomattox Alternative Education Center Year-End Report for 2017-2018

Dr. Bennett presented the Appomattox Alternative Education Center (AAEC) Year-End Report for 2017-2018 as prepared by Mr. David Read, Administrator for AAEC. (See Attachment # 17)

Appomattox Adult Learning Center Year-End Report for 2017-2018

Dr. Bennett provided the Appomattox Adult Learning Center Year-End Report for 2017-2018 as prepared by Mrs. Doriane Mills, Adult Education Instructor for Appomattox County Public Schools. (See Attachment # 18)

Tentative Pre-Work Schedule for August 2018, Fee Day/Open House, and Teacher Work Week

The superintendent reviewed the following tentative schedule in preparation for the first day of 2018-2019 school year for students on August 8, 2018:

- July 25-31 – New Teachers Report
- August 1 – Returning Teachers Report
- August 2 – Professional Development
- August 3 – Teacher Workday
- August 6 – Fee Day/Open House 2:00 – 6:30 p.m.

By unanimous voice vote, the amendment to the motion was approved.

The motion, as amended, was also approved by unanimous voice vote. (See Attachment # 21)

SCHOOL BOARD SELF-EVALUATION

Prior to the meeting, each Board Member completed the School Board Self-Assessment document, provided by the Virginia School Boards Association, and submitted their report to the Clerk of the Board. The Clerk recorded the individual results into one compiled document entitled “School Board Self-Assessment Compiled Report: June 14, 2018.” A copy of the compiled report will be kept on file by the Clerk of the Board.

Mr. Waddell reviewed the compiled report and pointed-out the following areas the Board will work toward improving:

- Informing new members about their duties and responsibilities and what is expected and not expected - Mr. Waddell indicated three Board Members will be up for election in 2019 and this is an area that needs improvement prior to that time.
- Comes to meetings prepared.

- An appropriate study of staff attitudes is conducted on a regular basis - This is done once or twice a year through a survey by the superintendent. Mr. Waddell noted the superintendent will be asked to provide the Board with a synopsis concerning the outcome following the completion of each survey.
- Seeks community input prior to establishing system goals and objectives - Mr. Waddell noted we try to accomplish this through a public hearing, but it is difficult to get people to come forward. He stated perhaps we should try to accomplish this objective in a different manner. He requested suggestions.
- Board Member orientation and continuing development - Mr. Waddell noted this area needs improvement. We began working on a checklist during our Board Workshop with VSBA personnel this past January. The Chairman suggested the development of a checklist be the main focus during the Board Workshop with VSBA next January.
- The difference in responsibilities between the board and administration - Mr. Waddell stated the Board's main purpose is policy and we have hired Dr. Bennett to run the school system beginning July 1, 2018.
- The educational relationship between the school system and the state: i.e. finances, transportation, etc. - Mr. Waddell noted this is a difficult area.

Mr. Waddell expressed his appreciation to all of the Board Members for their input in completing the Self-Assessment and noted the Board will work on the areas indicated.

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, led in the Pledge of Allegiance and a Moment of Silence, and presided during the meeting.

CONSIDERATION OF AGENDA

Mr. Smith requested an addendum be made to the agenda by adding Presentation from the Administrative Team to Recognitions. It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as amended. By unanimous voice vote, the motion was approved.

RECOGNITIONS

Presentation by FFA

Dr. Dorinda G. Grasty and Mr. Bobby K. Waddell were presented Honorary State FFA Degrees by Mrs. Elizabeth Duncan and Mr. Edward McCann, Appomattox County High School Agricultural Teachers. In making their presentations, Mrs. Duncan and Mr. McCann stated the purpose of the Honorary State FFA Degree Program is to recognize individuals who have rendered outstanding service to agricultural education and FFA. Honorary membership includes farmers, school superintendents, members of boards of education, teachers, members of industry, and others who are helping to advance agricultural education and the FFA. The Honorary State FFA Degree is the highest honorary degree presented by the Virginia FFA Association. (See Attachment # 1)

Presentation from Administrative Team

On behalf of the Administrative Team of Appomattox County Public Schools, Dr. Annette A. Bennett, Director of Curriculum and Instruction, presented

Dr. Dorinda G. Grasty with a flag that had flown over all four of the schools in our school division. The flag was presented in a beautiful shadow box that also displayed a picture of all four schools which had excelled during Dr. Grasty's leadership as Division Superintendent.

SUPERINTENDENT'S REPORT

Business Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided an update concerning health insurance. Since the last School Board Meeting our health insurance provider, PCHP, discovered a calculation error in the renewal rates they previously submitted. They have made adjustments to our rates for the upcoming plan year which have resulted in a 22% increase which is slightly less than originally presented. Mr. McMillan noted the high claims experienced in our group plan have caused the rates to increase much more than we had hoped or budgeted. We have secured the services of a company to issue an RFP for health insurance in an effort to seek lower costs while still providing our employees with quality coverage. Mr. McMillan stated there was a slight possibility he may have a recommendation for health insurance at the July 26, 2018 School Board Meeting and if not then hopefully by the August 9, 2018 Interim Meeting. He also noted this information has been communicated with the county and we will continue to keep them informed as we go through this process.

Mr. McMillan also provided the following summary of the 2017-2018 Fiscal Year-End Update: (See Attachment # 2)

- $ 21,955,000.00 = Actual Revenues Received To Date – Cash Basis
- $ 21,750,000.00 = Actual Expenditures Processed To Date – Cash Basis
- $ 205,000.00 = Difference

- Capital Improvement Fund - Balance = $ 146,525.00
- School Textbook Fund - Balance = $ 573,362.00
- Carry Forward Fund - Balance = $ 0.00

The balance of $118,559.00 in the Carry Forward Fund was transferred to the Capital Improvement Fund which resulted in the Carry Forward Fund being closed-out.

Mr. Waddell extended appreciation to Mr. McMillan for his hard work as Director of Finance as well as Mrs. Jayne Enochs, Accounts Payable Clerk.

Mr. McMillan noted our school division participates in a Fuel Coop Program and Mr. Lair has indicated the fuel rates for the 2018-2019 school year could result in an increased cost of as much as $70,000.00.

Mr. Waddell noted Mr. Timmy Garrett, Maintenance Supervisor, hopes to have the RFP for the heating and cooling system for the Appomattox County High School Auditorium ready to release during the next few days. He stated if our school division can pay $100,000.00 towards this expense from the Capital Improvement Fund, it is hoped the county would be able to contribute $50,000.00. This would leave us with approximately $46,525.00 in the Capital Improvement Fund in case of an equipment emergency.

Dr. Smith inquired about the upcoming textbook adoptions and the possibility of utilizing online textbooks. Dr. Bennett stated committees were established in each of our schools this past spring to review textbook adoption material, including online options. She noted it is now required that every textbook have an online component. She further stated a complete report concerning the upcoming textbook adoptions will be provided to the Board at a future meeting.

Mr. McMillan referred to the Revised 2018-2019 School Budget which was approved by the School Board on June 14, 2018 and had been submitted to the county. (See Attachment # 3) Dr. Grasty stated the Appomattox County Board of Supervisors are scheduled to meet Friday, June 29, 2018 concerning action regarding the 2018-2019 County Budget. Mr. Waddell noted he would not be able to attend this meeting of the County Supervisors due to a prior commitment.

7) $ 162,509.00 = Carry Forward Fund # 1 (See Attachment # 12)
8) $ 118,559.82 = Carry Forward Fund Final (See Attachment # 13)

By unanimous voice vote, the motion was approved.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employee #346; and

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The Chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Rev. Jones, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 14)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 15)

NEXT MEETINGS

The next Regular Monthly Business Meeting will be held Thursday, July 26, 2018 at 5:00 p.m. The next Interim Meeting will be held Thursday, August 9, 2018 at 5:00 p.m. Both meetings will take place in the School Administration Building at 316 Court Street in Appomattox, Virginia.

Mr. Waddell stated he would be on vacation the week of the July 26, 2018 School Board Meeting and would not be in attendance.

Mr. Smith stated there was a possibility he may not be able to attend the August 9, 2018 Interim Meeting due to an upcoming work assignment.

ADJOURNMENT

In honor of Dr. Dorinda G. Grasty, Division Superintendent, Mr. Smith requested Dr. Grasty adjourn the meeting as this was her last School Board Meeting prior to her retirement date of July 1, 2018. Therefore, it was moved by Dr. Grasty and seconded by Rev. Jones to adjourn the meeting. By unanimous voice vote, the motion was approved.

CERTIFICATION OF CLOSED MEETING

MOTION: Mr. Smith moved to the best of each member's knowledge (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body.

SECOND: Rev. Jones seconded the motion.

WHEREAS, the Appomattox County School Board has convened a closed meeting on this date pursuant to an affirmative recorded vote and in accordance with the provisions of The Virginia Freedom of Information Act; and

VSBA Advocate for Education Award

The VSBA would like to invite your board to nominate a board member for the annual Advocate for Education Award, to be presented at the VSBA Annual Convention in November. The nominee must demonstrate significant and outstanding leadership, commitment, and contribution to public education that has had an impact on their region and the Commonwealth. Nominees must show involvement in local, state, and federal advocacy on behalf of their division, VSBA, and public education.
Each local school board may submit one name/nomination for consideration. The nomination must be the consensus of the school board.

Applications are due July 27th, 2018 and must include a narrative that outline the nominee's accomplishments and contributions in 1,000 words or less. The selection committee will review the applications and select the award winner(s). The award may be conferred upon one or more school board members.

Coach Carter

When famed high school basketball coach Ken Carter literally locked his undefeated, state play-off bound team out of the gym and forced them to hit the books and stop counting on athletic potential as the only ticket out of a tough, inner city life, he sent a powerful message. At the podium, Coach Carter scores with hard-hitting advice about accountability, integrity, teamwork and leadership to succeed both on and off the basketball court.

A Seamless Transition from K-12 to High-Skill, High-Wage Employment

Dr. Jeffery Smith, Superintendent, Hampton City Public Schools

My Future, My Journey: College, Career and Life-Ready!

Join this session to explore the roadmap of a school division and business community working in partnership to transform the traditional high school experience to prepare young people to graduate college, career, and life-ready. Driven by the current and projected economic workforce data, Hampton City Schools has partnered with industry leaders to create a seamless transition from school to high-skill, high-wage employment. As a result of this meaningful collaboration, students will embody the Profile of a Virginia Graduate.

Each participant will leave this session with the processes, structures, and lessons to transform teaching and learning, the secondary school experience, and business/civic engagement. This session will include a variety of voices that will highlight various perspectives of individuals who have come together in order to prepare young people for success.

SUPERINTENDENT'S REPORT

VSBA and NSBA Activities

VSBA conducted an Orientation for New Board Members and Superintendents in Richmond on Monday, July 16, 2018. Dr. Bennett attended and thanked the Board for providing her with this opportunity. She stated presentations were provided concerning law and parliamentary procedure, as well as VSBA membership benefits, their website, and the resources they provide to school divisions.

The 33rd Annual VSBA Conference on Education was held Tuesday, July 17, 2018 in Richmond and also attended by Dr. Bennett. From the array of mini-conferences offered, Dr. Bennett found those concerning administration, finance, and topics pertaining to her new role as superintendent to be very beneficial. She

expressed her appreciation to the Board for providing her with the opportunity to attend.

The VSBA Legislative Advocacy Conference will be held in Charlottesville on Thursday, September 20, 2018. The registration fee is $165.00 and the deadline is September 6, 2018.

The 2018 Annual VSBA Convention will be held in Williamsburg, November 14 - 16, 2018. The registration fee is $295.00 and the deadline is November 1, 2018. Rev. Jones will be serving as the Delegate and Mr. Waddell as the Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention.

VSBA has invited all School Boards to nominate a Board Member for the 4th Annual VSBA Advocate for Education Award which will be presented at the VSBA Annual Convention in November. A nomination requires completion of the required form, a narrative, and consensus of the Board. The information must be submitted to VSBA by July 27, 2018.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Budget Update – Approval of the 2018-2019 School Budget has been received from the County. Mr. McMillan provided a copy of the 2018-2018 Budget Request from our superintendent, the approval received from the County Administrator, and a comparison of the two documents. (See Attachments # 8, # 9, and # 10) Mr. McMillan noted the county approved $5,966,215.00 is local funds for 2018-2019 which was less than our requested amount of $6,000,575.00. The approved local funding for the 2018-2019 school year was the same amount the county provided to our school division during 2017-2018.

2. Re-Appropriation Request – Re-appropriation requests from the school division will be handled differently by the county this year. Rather than approving a lump sum for the year, the county will approve on a per request basis, as needed.

3. Health Insurance Update – Proposals for health insurance have been received by our consultant and a review of this information will be conducted July 30, 2018. Mr. McMillan anticipated bringing a recommendation to the Board at their August 9, 2018 Interim Meeting.

2018 Summer School Report

Mrs. Elizabeth R. Haught, Director of Remedial and Special Education, presented the 2018 Summer School Report and stated our very successful program assisted 276 students. (See Attachment # 11) The report indicated:

- APS – 96% of students maintained or improved skills
- AES – 84% of students maintained or improved skills
- AMS – 100% of students maintained or improved skills
- ACHS – 34 SOL tests were administered with students passing 23 of those tests. Six students completed at least one APEX Course (Chemistry and Biology).

Presentation on Adoption of Math and History Instructional Resource Materials

Dr. Amy D. Huskin, Director of Curriculum and Instruction, provided an in-depth presentation on the process followed in our school division concerning the adoption of Math and History instructional resource materials. (See Attachment # 12)

One-To-One Personalized Learning Initiative

Mr. Brette Arbogast, Director of Technology and CTE, discussed the One-To-One Personalized Learning Initiative that is being implemented in our school division for the 2018-2019 school year. This initiative will reduce the overall student devices at our middle school from 820 to 500 and greatly assist in student learning on and off campus. During the upcoming school year, expansion of in-house one-to-one devices will take place for third and fourth grade students as well as the expansion of take home one-to-one devices for ninth grade students. Mr. Arbogast stated these technology advances have been provided with funds our school division receives from the Virginia Public School Authority as well as e-rate funding; no local funds were utilized. (See Attachment # 13)

Back to School Update

Dr. Bennett shared the following schedule for the upcoming Teacher Workdays prior to students arriving for the 2018-2019 school year:

- July 25 - July 31 - New Teachers Report to Their Assigned Schools 8:00 a.m. - 3:30 p.m.
- August 1 - Teacher Workday 8:00 a.m. - 3:30 p.m. - Returning Teachers' 1st Day Back

- August 2 - Convocation and Division-wide Professional Development
  - Breakfast Provided by ACPS at the ACHS Cafeteria 7:30 - 8:30 a.m.*
  - Welcome Back and Introductions of New Staff 8:30 - 9:00 a.m.*
  - Professional Development 9:15 a.m. - 3:30 p.m.
- August 3 - Teacher Workday 8:00 a.m. - 3:30 p.m.
- August 6 - Open House 2:00 - 6:30 p.m.
  - Teachers Work 11:30 a.m. - 7:00 p.m.
  - Employee Open House 12:00 noon - 2:00 p.m.
- August 7 - Teacher Workday 8:00 a.m. - 3:30 p.m.
- August 8 - First Day of School for Students

*Optional for classified personnel not under contract on August 2nd

Board Members were invited to attend the Welcome Back Breakfast that will be held in the high school cafeteria on August 2, 2018 starting at 7:30 a.m.

Dr. Bennett also shared copies of letters that had been sent to parents and staff which provided information concerning the upcoming school year as well as the new ***Raider-Aid*** logo. (See Attachments # 14, # 15, and # 16) She explained ***Raider-Aid*** is a new initiative which will offer students the opportunity to learn the value of serving others and giving back to their community. Dr. Bennett noted during a recent meeting of school administrators, principals provided a list of ways our students are already serving our community and the results were amazing. The superintendent stated it was her hope ***Raider-Aid*** will give students opportunities to serve parts of our community that have not yet been served as well as look for new ways to serve. Mr. Smith emphasized this would be good publicity for our school division. Dr. Bennett noted the ***Raider-Aid*** logo will be visible in the community on banners and tee shirts.

LAUREL Board Update

The superintendent reported Appomattox has been designated as the school division assigned to the leadership of the LAUREL Board for the 2018-2019 school year. Ms. Cynthia Hall will serve as Chairman of the LAUREL Board and Dr. Bennett will serve as the Superintendent in Charge.

Adult Education Program Update

Dr. Bennett reported the Adult Education Program provided by our school division has temporarily been moved to the Appomattox Alternative Education Center (AAEC). Prior to this school year, the program was located at the Central Virginia Community College Satellite in Appomattox. We were requested to move as CVCC needs additional space for their programs due to increased enrollment. The move to AAEC will eliminate adult daytime classes as our students are

utilizing that facility during the day. At this time, afternoon and night classes will be scheduled. Mr. Arbogast stated the location change could potentially be beneficial by providing opportunities for additional adult programs. Dr. Bennett stated Mr. Arbogast and Dr. Huskin are working with the Regional Adult Education Coordinator to ensure we are utilizing the best resources for our program.

Discussion of Appomattox County High School Auditorium HVAC System Replacement

The superintendent referred to a previous discussion by the Board concerning the HVAC system in the high school auditorium at which time it was the consensus of the Board to issue an RFP for replacement of equipment. She stated the following two bids were received:

1. Johnson Controls - $220,385.00 - This was broken down as $154,390.00 for two air conditioning systems and $65,995.00 to add a boiler. (The boiler was an optional item Mr. Timmy Garrett, Maintenance Supervisor, placed in the RFP to see what it might cost.)

2. Trane - $419,000.00 - Total for the two air conditioning systems and a boiler. (This company did not break out the cost of the two air conditioning systems).

Dr. Bennett stated Mr. Garret recommended the project be awarded to Johnson Controls at the low bid price of $154,390.00 to replace the two air conditioning systems only (AC Unit 9 and AC Unit 10) which would restore air conditioning in the auditorium to full capacity. The superintendent concurred with Mr. Garrett's recommendation. She also noted this action would not be impacted by a future renovation of the high school as the auditorium is a standalone to the remainder of the facility. Dr. Bennett also stated replacement was favored over repair as the Freon used in the current units is being phased-out over the next year and will no longer be available. Mr. Garrett noted replacement will result in increased efficiency and reliability as the auditorium is constantly being utilized by the community.

The superintendent stated this was also included in the agenda as an action item. She noted should the Board approve the replacement of the two air conditioning systems (AC Unit 9 and AC Unit 10) she would request the county re-appropriate $104,390.00 from the Capital Improvement Fund and use the $50,000.00 that the Board of Supervisors had allocated in the FY19 School Budget approval letter and designated as “School Capital Projects”.

ACHS 2019 Graduation

Dr. Bennett stated Dr. Poldi Moreno, Appomattox County High School Principal, recommended graduation for 2019 continue to be conducted at the Vines Center at Liberty University. He also recommended graduation be held on Monday, May 20, 2019. The superintendent supported his recommendations. Dr. Moreno has contacted the facilities scheduling department at Liberty University concerning the availability of this date and we are awaiting their response. The superintendent noted the Board would be informed as further information is received from Liberty University.

As a matter of clarification, Ms. Hall asked Dr. Bennett to share why we do not conduct graduation at our high school. Dr. Bennett stated the maximum seating capacity in our high school auditorium is 908 which would greatly limit the number of guests each graduate could invite. Ms. Hall also noted our high school band plays at graduation and they would take up a good number of seats. The superintendent pointed out the only place that would handle the number of graduation attendees in Appomattox would be the high school football field which can become problematic when inclement weather occurs.

Discussion of September 27, 2018 Tour of Schools

Dr. Bennett noted the Board is scheduled for a half-day tour of schools on Thursday, September 27, 2018 from 11:30 a.m. to 3:00 p.m. This will be immediately prior to the 3:30 p.m. School Board Regular Monthly Business Meeting. In the past, elected officials have been invited to accompany the School Board during the fall tour of schools. Board Members were reminded that during the tour of schools this past spring, the Board visited the Alternative Education Center and the primary and elementary schools with lunch at AES. The superintendent requested guidance from the Board concerning which schools they would like to visit in September, the programs they would like to see, where they wanted to each lunch, and who should be invited to accompany them during the tour. Ms. Hall asked if members of the public could participate in the tour. Dr. Bennett stated the public would be welcomed but we would need to limit the number and know how many would be attending prior to the tour date in order to properly accommodate the group. It was the consensus of the Board to invite local, state, and federal elected officials. Mr. Smith requested the One-To-One Rollout be included in the tour.

Coach Carter

When famed high school basketball coach Ken Carter literally locked his undefeated, state play-off bound team out of the gym and forced them to hit the books and stop counting on athletic potential as the only ticket out of a tough, inner city life, he sent a powerful message. At the podium, Coach Carter scores with hard-hitting advice about accountability, integrity, teamwork and leadership to succeed both on and off the basketball court.

A Seamless Transition from K-12 to High-Skill, High-Wage Employment

Dr. Jeffery Smith, Superintendent, Hampton City Public Schools

My Future, My Journey: College, Career and Life-Ready!

Join this session to explore the roadmap of a school division and business community working in partnership to transform the traditional high school experience to prepare young people to graduate college, career, and life-ready. Driven by the current and projected economic workforce data, Hampton City Schools has partnered with industry leaders to create a seamless transition from school to high-skill, high-wage employment. As a result of this meaningful collaboration, students will embody the Profile of a Virginia Graduate.

Each participant will leave this session with the processes, structures, and lessons to transform teaching and learning, the secondary school experience, and business/civic engagement. This session will include a variety of voices that will highlight various perspectives of individuals who have come together in order to prepare young people for success.

Minutes of
Appomattox County School Board
Interim Meeting

August 9, 2018

The Appomattox County School Board met in regular session on Thursday, August 9, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an Interim Meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Annette A. Bennett, Division Superintendent. Mr. Gregory A. Smith, was absent due to a work commitment.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence. Mr. Waddell requested those who knew Billy Perrow to please remember him during the moment of silence.

CONSIDERATION OF AGENDA

It was moved by Rev. Jones and seconded by Dr. Smith to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Update on First Two Days of School

The superintendent reported the opening of school went smoothly. Morning traffic at all schools went well. Appomattox Elementary School and Appomattox Primary School experienced some problems with afternoon traffic. Strategies are in place to assist with traffic and are expected to improve.

Dr. Bennett provided an enrollment report (See Attachment #1). She pointed out this figure will fluctuate during the first few weeks of school.

Health Insurance Update

Mr. Bruce McMillan, Director of Finance and Human Resources and Cindy Bartolacci, Sr. Benefits Consultant from One Digital Health and Benefits presented a Renewal Analysis and Market Study (See Attachment #2) for the RFP for health insurance for our school division. The market study analysis was presented showing Local Choice as the most competitive overall proposal considering benefits, rates and network. Comparisons of Local Choice and PCHP

were shown with the recommendation Appomattox County Public Schools change from PCHP to Local Choice.

ACTION ITEMS

Minutes of
Appomattox County School Board
Regular Monthly Business Meeting

The Appomattox County School Board met in regular session on Thursday, August 23, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Regular Monthly Business Meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Annette A. Bennett, Division Superintendent.

CALL TO ORDER

The Chairman called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSENT AGENDA – APPROVAL

It was moved by Mr. Smith and seconded by Rev. Jones to approve the following consent agenda items:

1. Minutes of July 26, 2018 Regular Monthly Business Meeting
2. Financial Report as of July 31, 2018 (See Attachment # 1)
3. Educational Trips Report as August 23, 2018 (See Attachment # 2)
4. Payment of Bills as of August 23, 2018:
   a) $ 299,750.22 – General Fund (See Attachment # 3)
   b) $ 206,283.98 – General Fund Addendum (See Attachment # 4)
   c) $ 29,125.97 – School Food (See Attachment # 5)
   d) $ 6,954.24 – General Fund End-of-Month (See Attachment # 6)
   e) $ 114.76 – School Food End-of Month (See Attachment # 7)

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent was pleased to share an email she had sent to all school division staff earlier in the day concerning an article in the News and Advance entitled "Latest SOL Scores are a Mixed Bag for Lynchburg-Area School Divisions". She stated her favorite line from the article was *"Appomattox County Public Schools saw scores in all subject matter for all students at or above the state average and was the only division in the Lynchburg area to have all its students score 80 or higher in each subject area."* The superintendent stated she was very proud of our students and staff for the hard work each of them has committed to making this happen.

Dr. Bennett also reported Mr. William C. "Billy" Perrow, retired employee with our school division, passed away August 5, 2018. Mr. Perrow began his forty-one (41) year career with Appomattox County Public Schools in March 1970 as a teacher of Agricultural Education; became Transportation Supervisor in July 1980; and the first Director of Business for our school division in August 1994 where he remained until his retirement in February, 2011. On behalf of the School Board, a contribution has been made to the Appomattox County Education Foundation in his memory and a card was sent to the family. We acknowledge the tremendous contributions Mr. Perrow made to our school division and extend our deepest sympathy to his family.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

A membership report for the first three Wednesday's of the 2018-2019 school year revealed 2,160 students are currently enrolled in our school division. This compares to a budgeted Average Daily Membership of 2,175 students. (See Attachment # 8)

VSBA and NSBA Activities

The VSBA Legislative Advocacy Conference will be held in Charlottesville on Thursday, September 20, 2018. The registration fee is $165.00 and the deadline is September 6, 2018. Mr. Waddell and Mr. Arbogast are registered to attend.

The 2018 Annual VSBA Convention will be held in Williamsburg, November 14 - 16, 2018. The registration fee is $295.00 and the deadline is November 1, 2018. Rev. Jones will be serving as the Delegate and Mr. Waddell as the Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention. Mr. Waddell, Rev. Jones, and Dr. Bennett are registered to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Health Insurance – Following an extensive bid process, we are changing our health insurance provider from Piedmont Community Health Plan (PCHP) to Local Choice by Anthem for the plan year beginning October 1, 2018. Two plans will be offered through Local Choice: a $1,000.00 deductible and a $2,800.00 high deductible which may include a Health Savings Account. Both plans contain dental and vision coverage. Open enrollment meetings for all staff took place during the past week in an effort to thoroughly inform employees of the upcoming changes.

2. Dental and Vision Coverage for Part-Time Employees and Administrator for Health Savings Accounts – Voluntary dental coverage will be available through Delta Dental and voluntary vision coverage through Superior Vision for part-time employees who are not eligible for health insurance through Local Choice. It was also recommended American Fidelity be approved as the Administrator for Health Savings Accounts. This company is also our Section 125 Administrator and is offering this service at no charge to our school division. This information was also included in the agenda as an action item.

3. Supplemental Re-Appropriation Requests – The superintendent reported the Board of Supervisors normally re-appropriates carry-over funds for our school division each July but this year they did not approve our re-appropriation requests for the School Textbook Fund and the Capital Improvement Plan Fund (CIP). At their July 9, 2018 Board of Supervisors Meeting, they designated the money for the schools and directed the superintendent to make requests as needed.

Dr. Bennett stated she attended the Board of Supervisors Meeting on Monday, August 20, 2018 to make three re-appropriation requests:

- School Textbook Fund = $305,717.95 (out of an account totaling approximately $533,000.00) This request was approved which will allow us to order recently adopted Math and Social Studies instructional materials. (See Attachment # 9)

- CIP Fund = $17,102.00 for the Gym Floors at the High School – This request was not approved. We were directed to pay this bill from the maintenance category of our 2018-2019 General Fund Budget.

- CIP Fund = $95,504.00 for a Chiller at the Middle School – We had previously decided to pay for one of the chillers out of our General Operating Fund and we were requesting the re-appropriation of funds for the second chiller from CIP. This request was deferred and we were directed to look into the maintenance category of our 2018-2019 General Fund Budget to determine if we can pay this bill from that category and provide the Supervisors with the results of our findings.

As you will recall, the School Board approved the projects for the gym floors and chillers during the 2017-2018 school year with the plan of paying for both during that fiscal year. However, the work was not completed until we had entered the 2018-2019 fiscal year and we cannot make payment until projects are completed.

Dr. Bennett noted she did not take the request to the Supervisors in the amount of $104,390.00 for the High School Auditorium HVAC Project as she is working with Mr. Timmy Garrett, Maintenance Supervisor for our school division, and other resources to get answers to questions she knew already existed.

Mr. Waddell also attended the August 20, 2018 Meeting of the Board of Supervisors and was hopeful they would approve the payment of the second chiller from CIP Funds once we complete the review of our maintenance budget and provide them with the information requested. He noted this is the first time in his 45 years in Appomattox that the Board of Supervisors have not approved the re-appropriation of funds. He also noted we placed $100,000.00 in the CIP Fund and $150,000.00 in the Textbook Fund at the end of the previous year in our continued effort to be good stewards of the money we are allotted.

The superintendent stated the maintenance category of the budget encompasses a large scope and is a complicated line to disaggregate. We are carefully looking at this category to determine the impact of paying for these items from the general operating fund.

Mr. McMillan emphasized it is easier to consider additional expenses at the beginning of the year but it may impact us later down the road as future unexpected expenditures can occur. He stated we may need to cut back.

Rev. Jones asked what is the standard practice for school divisions in our area concerning the re-appropriating of funds. Dr. Bennett stated the standard practice is for those funds to be re-appropriated in July. She also stated the need for a conversation with the Supervisors about how to build-up the CIP Funds. In her conversations with the County Administrator, the superintendent felt they want us to develop long-term strategies on saving money for unexpected and expected scheduled maintenance as well as repairs such as the high school auditorium air conditioning. Dr. Bennett felt the Supervisors may want more oversight in determining what are considered CIP projects.

Dr. Smith asked if we had a list of proposed CIP projects. Dr. Bennett stated we do have an on-going list that Dr. Grasty and Mr. Garrett developed. This list gets updated, but as unexpected maintenance issues occur the priorities must be adjusted.

Rev. Jones asked if the School Board should respond. Mr. Waddell suggested we wait until after the September Board of Supervisors Meeting and let Dr. Bennett and Mr. McMillan provide them with the requested maintenance information. Mr. Waddell stated School Board Members may want to call their Supervisor. He emphasized Dr. Bennett did an excellent job in presenting the information at the August 20, 2018 Supervisors Meeting.

Mr. Waddell and Dr. Bennett stressed our School Board wants to work through the situation with the Board of Supervisors.

Report from XLR8 STEM Academy Board Meeting of August 14, 2018 by Dr. Wendy Hageman Smith

Dr. Smith, Appomattox County School Board Representative to the XLR8 STEM Academy School Board, reported on their meeting of August 14, 2018. She stated the budget was presented and approved, student internships for STEM Academy students in Appomattox were discussed, and she is serving as Vice-Chairman during the 2018-2019 school year.

Profile of a Virginia Graduate Overview

Dr. Moreno provided an overview of the Profile of a Virginia Graduate and how it is impacting our high school students. He stated we will be required to follow two sets of rules: one for the Class of 2022 which is our first time 9th grade students this year and the second will be for students in the Classes of 2019,

2020, and 2021. All courses must provide documentation of what is being done to teach, practice, and develop the Five C's: Critical Thinking, Creative Thinking, Communication, Collaboration, and Citizenship. New school accreditation indicators include overall proficiency in English Reading/Writing, Mathematics, Science, Graduation and Completion Index, Dropout Rate, Absenteeism, and College, Career, and Civic Readiness. (See Attachment # 10)

Dr. Bennett stated the information covered in Dr. Moreno's report highlights some of the new challenges we will be addressing. This coming year, a student who misses 18 or more days of school will be labeled as a chronic absentee, whether the absences are excused or unexcused which will have a negative impact on our accreditation. Dr. Bennett noted Dr. Moreno and his staff are coming up with creative ways to promote good attendance.

Annual Review of Crisis Management Plans and Threat Assessment Training Update

Mr. Matt Wallin, School Psychologist, presented the annual review of the Crisis Management Plans. He stated all school and division Crisis Plans have been reviewed and the following updated:

- Contact Information
- Sheriff and Deputy Contact List
- Transportation Staff List
- MOUs for Out of Town Evacuation Sites
- MOU with Sheriff's Office to Involve SROs in Our Schools

Mr. Wallin stated all policies have been reviewed and current updated copies of the Crisis Plans have been placed in each of our schools as well as the School Board Office and the 911 Center.

Mr. Wallin also reported there will be an upcoming Threat Assessment Training (K-12) provided by the Department of Criminal Justice Services on Monday, August 27, 2018 from 8:00 a.m. to 4:00 p.m. at Central Middle School in Charlotte County. Mr. Wallin stated he had previously attended the training but would also attend the session on August 27th to receive the most current information.

2018-2019 Teacher and Parent Advisory Committees

The superintendent provided the Teacher Advisory Committee (TAC) and Parent Advisory Committee (PAC) listings for 2018-2019. Committee members were selected by building principals. (See Attachments # 11 and # 12)

Schedule for September 27, 2018 Tour of School Facilities

Dr. Bennett shared a draft of the schedule for the tour of Appomattox County High School and Appomattox Middle School on September 27, 2018. (See Attachment # 13) The group will plan to meet on the concourse at the high school at 11:30 a.m. for lunch in the Culinary Arts Department followed by the tour. Elected officials have been invited to attend.

PTO NEWS

Hi families of APS students! Thanks to you our PTO school year is off to a successful start! We have gained many memberships and sold lots of t-shirts, too! The Yeti raffle was also a success. We would like to thank F.L. Moore Trucking and Lynchburg Livestock Market for donating our prizes. It's not too late to join the PTO for $5 or to purchase a BirthdayGram for your child. Be on the lookout in September for a special PTO event at Blaze Pizza. Thank you for supporting your child's school!

Congrats PTO Scavenger Hunt Winners: Aiden Cyrus & Paul Hamlette

P.E. REMINDER

Hello Families! I am so excited to be working with your little ones in PE this school year! Just as a reminder: please have your children wear tennis shoes on their designated PE day. Students not wearing tennis shoes will have limited participation in PE due to safety concerns. If you do not know your children's resource schedule, please contact their classroom teachers!

BOX TOPS FOR EDUCATION

Last year we were able to collect $2,600. Let's see if we can top that this year by reaching $3,000! Check your General Mills grocery items, cut out the box tops coupons, and send them to us. Top earning classes will earn a sweet treat and have their pictures displayed in the main showcase with the trophy! Teachers will send home new collection sheets each month. Box Tops will be due at the end of each month. Check next month's newsletter to see how Box Tops money is benefiting APS! If you are interested in volunteering to help with Box Tops at APS, contact Jennifer Royal at jnroyal@acpsweb.com.

"AES Raider Pride: We Dream, We Believe, We Achieve!"

Principal's News

The school year has started off with such success and enthusiasm! Our students have settled into new routines and classes quickly, and they are making new friends as well as enjoying learning with some they have had in classes before. Thank you to all of our parents for the tremendous way you have prepared your children for school! We would also like to thank all of our folks who bring students to and pick them up from school for working with us as we used trial and error to find a solution to our traffic concerns. We realized that we had a large number of vehicles coming through, with the main roads leading into the campus blocked in both directions. We experimented with a couple of different ways to get more cars on campus and off those roads. Your patience, suggestions, and willingness to adjust made a positive difference in both our morning and afternoon processes. We think we have settled into procedures that work, so please look into our newsletter for maps with clear directions. This process has proven that, TOGETHER, we all make a great problem-solving team. Please keep in mind that no cars are able to go around the back of the school prior to 3:05 p.m. due to classes who are using the fields and crossing the road. We appreciate that many parents are waiting later than 3:05 to arrive. Please make sure you check out all of the information in our newsletter, as there are many great activities coming up in September for our students!

THE RAIDER REPORT

Visitors' Passes

Parents or other individuals who are in the building for conferences or other school business are expected to report to the office to obtain a pass.

3rd Grade

What a great start to the school year! 3rd grade is off to a rolling start this year working hard and getting down to business! In Math we are completing beginning of the year testing and diving right into Place Value! In our Science unit, we are learning about the Life cycles of Animals and Plants and also the adaptations of animals. In Reading, we are still working on beginning of the year testing and remembering how to work in small groups for reading time. We are eager to be at AES and can't wait to see what this upcoming month has in store for us!

4th Grade

In our fourth grade math and content classes we have been hard at work. We are learning about the geography of Virginia, the border states of Virginia, the major rivers in Virginia, and much more about our home state. We will soon be learning about the American Indian tribes that were in the area, as well as about America's first permanent settlement of Jamestown.

In math we have been learning place values of numbers, how to round numbers, as well as adding and subtracting larger numbers. As always, please be working on your student's basic multiplication facts as they will be utilized heavily in upcoming units.

We have started strong in fourth grade English/Language Arts. During the first nine weeks we will learn all about homophones, synonyms, antonyms, main idea, context clues and other reading strategies that good readers use. It is recommended that all fourth graders spend at least 20 minutes a night reading. This can include reading homework, working towards AR goals or just reading for pleasure.

In writing we are learning all about how to properly write sentences and paragraphs using correct sentence structure, capitalization and punctuation. These are skills that will be reinforced during the entire school year.

5th Grade

Exciting things are happening in 5th Grade! Students have setup their I-pads and have been using them for class instruction and practicing skills. In reading students have covered the parts of plot and the many types of genres. While in math, students have been working on decimal place value and solving multi-step word problems. Many science experiments have been conducted and Earth Science is being explored.

Ask your child today: "What has been your favorite activity using your I-pad? What does it mean to, Line-up the dot, and give it ALL you got! Explain to me your favorite experiment in science. How many Accelerated Reader points do you have?"

Thank you for helping us get off to an AWESOME start this YEAR!

On Time. . . Every Day Matters

Once again this year, Appomattox Elementary School will be focusing on school attendance and the importance of attending school on time every day.

While some may feel it's not a big deal to miss a school day, the effects can be very serious. From AttendanceWorks.org.: Across the country, more than 8 million students are missing so many days of school that they are academically at risk. Chronic absence — missing 10 percent or more of school days due to absence for any reason—excused, unexcused absences and suspensions, can translate into third-graders unable to master reading, sixth-graders failing subjects and ninth-graders dropping out of high school.

Working with parents, we can reduce the number of days students miss school. Attendance is tracked every day. At certain numbers of absences, letters are sent to parents informing them of their child's absences and asking their assistance to eliminate future absences.

It is very important that parents send notes when their child is absent. The note informs the school of the reason for the absences. It is important that the student turn the note in to his/her teacher. Communication is key to understanding and improving student absences.
For further information on improving student absences, call Carolyn Lawson, AES School Counselor at 434 352 0531.

THE RAIDER REPORT

Choosing A Career. . . A Work in Progress

What do you want to be when you grow up? How many times do adults ask elementary school students that question? For some students, they have many answers, a professional football player, a teacher, a nurse, a doctor—and the list goes on and on. For other students they don't have a ready answer because they don't know what career they want to choose.

This school year, Appomattox Elementary School will be helping students explore the world of career readiness and career exploration.

The Regulations Establishing Standards for Accrediting Public Schools in Virginia (SOA) includes a provision for each elementary school student to develop an Academic and Career Plan Portfolio in the elementary grades. 8VAC20-131-140.C.2 College and Career Readiness; Career Exposure, Exploration, and Planning; and Opportunities for Postsecondary Credit, states:

"Beginning in the elementary school years, students are to explore the different occupations associated with career clusters and select an area or areas of interest. Students will begin the development of an Academic and Career Plan Portfolio (ACPP) in elementary grades to include information about interests, values such as dependability and responsibility, and skills supporting decisions about their future interests and goals."

Utilizing a variety of instructional methods, AES students will learn what it takes to be a good employee, how to research and learn about various careers, what education and training is required for different careers and other career-focused information to help them begin to think about career choices. This information can then be used later in their academic career to help them choose middle and high school courses to help them achieve their career goals.

DARE

Appomattox Elementary School in cooperation with Sheriff B. E. Letterman and the Appomattox County Sheriff's Department offers Drug Abuse Resistance Education or DARE to all AES fifth grade students.

Taught by school resource officer Sargent Karen Nipper, DARE is a 10-week education program which promotes good decision making, drug resistance, and information about the effects of substances as well as getting along with others, bullying prevention and personal safety. Students are involved in the interactive lessons and practice solutions to real life problems in a safe classroom environment. Sgt. Nipper also presents each student with a DARE t-shirt they can wear each week to class and after the class is completed to remind them of lessons learned in DARE. There is also a surprise culminating activity at the completion of the lessons which provides a way to celebrate all they have learned.

For further information about the DARE program, call Sgt. Nipper at 434 352-7463

New Traffic Pattern for Car Rider Traffic in the Afternoons

Parents, thank you for flexibility with our car rider improvement trials. We have decided to continue the pattern as explained below. Together, we are making a safer entry and exit from the school campus.

Due to activities on our playground until 3:05 p.m., we cannot route traffic behind the school until then. It will help us considerably if cars do not arrive early, but <u>wait until at least 3:05 p.m. to arrive</u>.

The car rider loop will be filled first, according to the blue arrows. (to give more room to get traffic off the main roads, while allowing buses to still get in place)

Once the car rider loop is full, traffic will flow to the rear of the building, according to the yellow arrows. This will keep traffic from blocking the buses from entering, as well as from backing up into Lee-Grant, Ferguson, and Pumping Station roads.

Morning Car Rider Traffic and Visitors to the Building

Due to the dangers of multiple lanes, we ask parents who are bringing students to school to follow the blue traffic areas. Drop off should not happen before 7:50 a.m. We do not have staff here to supervise students prior to 7:50

If you are visiting the building and need to park, please follow the red arrows. The school office opens for visitors at 8:00 a.m.

In the Spotlight ...Appomattox Elementary School PTO!

Parents,

Did you know that the planners our students use to become better organized and more responsible are paid for by our PTO? This is only ONE WAY our PTO supports our kids. Did you know that the planner is a great tool you can use to communicate back and forth with your child's teacher? Did you know these cost about $10 per student, which is approximately $5000 per year for our entire school? PTO raises money to purchase these and other school-wide resources in two ways:

a. Fundraisers, such as *World's Finest Chocolate!*

b. Family support memberships costing $5

How can you join and support our PTO? All you have to do fill out the form below, and send in your $5 membership donation to your child's teacher. There is no further obligation beyond that, but your membership will help pay for special programs for our students throughout the year! The Parent-Teacher Organization (PTO) appreciates you!

Officers this year are:

Robin Crews, Joanne Jones—Co-Presidents
Destiny Kidd—Treasurer
Beth Shields—Secretary
Claudia Hamilton—Fundraising
Emily Hamilton, Renee Mann--Hospitality

Parents of ACPS Students:

Last year, we observed an increasing number of unsupervised children attending home sporting events without adult supervision and playing inside the stadium and gymnasium areas during games. This is a safety issue and poses liability for the school division due to the increased risk of injury. This year, to ensure your child's safety, we are implementing a new policy for the admission of school-aged children to our home ballgames.

All school–aged children (Kindergarten and up) must:

a) be accompanied by an adult into the sporting event,
b) purchase a ticket, and
c) be directly supervised by an adult throughout each game. This includes being seated in the stands with, or near, an adult who is responsible for his/her safety.

Children that are not high school age may not be dropped off in the parking lot and will not be admitted into the game by themselves. If this occurs, the parent will be called to return to the high school to pick up the child. If a parent/guardian cannot be reached, the child will not be allowed to attend the next 2 home games.

Pizza Night Invite

Attention All 'DADS' of AES Students!

'Dads and Kids' Pizza Night Event! FREE Pizza, Drinks and Fun!

Fathers and Father-figures,

On **Tuesday, September 18th** from **6:00-7:00** we will be having our annual 'Dads and Kids' Pizza Night at our school. You will meet here in Commons B at **6:00 pm** for FREE pizza and drinks. At ***6:30*** we will have a presentation about our **WATCH D.O.G.S.® (Dads Of Great Students) Program**. **WATCH D.O.G.S.®** is an innovative program being used by schools across America which helps them to be positively impacted by the committed involvement of fathers and father-figures in their student's life. Our goal is to have you spend at least one day this year at the school to be a positive male role model and to provide an extra set of eyes and ears.

Dads, granddads, uncles, step-dads and adult brothers . . . this is your chance to have a night out alone with your student in a fun atmosphere at school.

In order to participate, you need to do two things:

1. Fill out the bottom portion of this slip and return it with your student (ASAP) saying that you will attend the pizza night so we'll have an accurate head count for the food.
2. Mark your calendars, and we'll see you **Tuesday, September 18th** from **6:00-7:00**.

Sincerely,
Mr. Ward & Mrs. McCann

Principal's News

Dear Parents and Guardians,

We are excited about opportunities students in our school will have this year to reach out and give Appomattox community and to others! We have been greatly blessed by the many ways our community supports us here at school, and we want to go with our students out and about and lend a helping hand where we can. Inside this newsletter, you will find a permission letter. Please read it carefully, and send it back to your child's homeroom teacher if you give permission for your child to participate sometime during the year. While we cannot promise that EVERY child will go out to serve, we can promise that there will be many opportunities to be involved, both inside and outside our building. We will keep you informed of your child's participation through the classroom teachers. We choose to be a part of the spirit of teamwork by involving ourselves in projects we refer to as "Raider Aid." From local clothes closets, nursing homes, back-pack programs, and "Operation Christmas Child" shoeboxes, (to name a few) we want to be proactively involved in helping others. We hope that perhaps a few WatchD.O.G. dads will want to be a part of these adventures with us! Stay tuned! Not only do we DREAM at AES, but we BELIEVE in ourselves, work hard, and ACHIEVE!

THE RAIDER REPORT

3rd Grade

It is so hard to believe that we are almost finished with the 1st nine weeks of school! The 3rd graders at AES are rocking and rolling and working hard to learn. In our Math classes, we have wrapped up one of our most important units, Place Value. We took our Common Assessments last week and have moved on into our next unit, Addition and Subtraction. During this unit, we will work on Estimating to find sums and differences, and also to find the exact sums and differences.

In Science, we finished up our Unit on Animals and their Habitats and are now focusing on the Patterns in Nature. Some of those include, Day/Night, Seasons, Moon Phases, Tides and the Water Cycle. We will be working on a Project Based Assessment coming up in the next few weeks on the Water Cycle. The Holiday Lake 4-H Center is coming on October 5th to provide us with some important information and activities on the Water Cycle!

In Reading, we are finishing up our beginning of the year testing and settling into our Reading groups nicely. During our group times, we work on Guided reading and Word Study. Please look for your child's word study words to come home each week. Remember to read for 20 minutes each night and go over spelling words with them.

Language Arts has also been very busy area. We have been working hard to learn homophones, synonyms and antonyms. We are beginning to move forward and learn about Context Clues. As you read with your child at home, please have them talk to you about the skills they are learning in Reading and Language Arts.

As we continue into the next nine weeks, please encourage your child to focus during their instruction time and to bring all materials to school each day. It is very important for them to be ready for their day by being prepared. We are working to grow our 3rd graders and move forward as Dreamers, Believers and Achievers! Thank you in advance for all of your support at home!

4th Grade

In Math, students have finished up learning about addition and subtraction, including word problems. Next we will be working on solving equality equations and balancing both sides. Next, we will move onto creating and extending numerical and geometric patterns. This will also include input and output boxes. Many students are excited for the opportunity to use calculators! Along with brand new classroom resources, each student has an opportunity to learn using an iPad.

In Reading, students will be learning about main idea and be introduced to theme. Then we will move on the identifying the narrator of a story and the speaker of a poem. When the 2nd 9 weeks begins we will then be discussing problem and solution.

In Writing, we will continue to work on the fundamentals of a sentence and paragraphs, then move on to making our writing stronger by adding more details.

Unfortunately, due to weather, fourth grade had to postpone our trip to Jamestown until December 7. Despite this, we will head forward with our Unit on Jamestown. Students will learn about the Virginia Company of London and the charter granted by the King. They will also explore the interactions between Settlers and Indians.

5th Grade

Our 5th graders are "erupting" with all sorts of great news. If you were anywhere near the 5th grade halls recently, you would have witnessed the amazing volcano projects that were presented during science class. These projects ranged from drawings depicting the layers of the earth, to clay models of volcanoes that actually erupted, and some "tasty" homemade volcanoes. The students took great pride in their projects. In math, students have been learning about addition and subtraction with whole numbers and decimals. Keep practicing those math facts, they will help your student greatly throughout the year.

In Reading, our 5th graders recently finished a unit of study on character traits, and made some really creative posters showing off their own character traits. Other units of study have included learning about plot, conflict, main idea, and summarizing. Most teachers are conducting reading groups within their classrooms. The students really look forward to meeting in their individual groups.

We are looking forward to our upcoming field trip to the Caverns at Natural Bridge. Please check with your child's teacher for your specific field trip date. There are many exciting events happening in fifth grade. Our year is off to a fantastic start!

If you See Bullying

What can you do?

You know the feeling. You see someone being bullied and you feel scared. Or mad. Or sad. Or helpless. You might wonder what you can do to help. Did you know you're not alone? A lot of kids feel that way about bullying.

There are lots of things you can do to help. You could try reaching out as a friend to someone by defending him and telling the bully what he/she is doing is not ok. There are lots of options. Do what feels safe to you. Do what feels ok to you.

What can you do?

Ask the kid who is bullying to stop.

Why does this help?

Sometimes kids don't realize that what they are doing is hurting someone else. Speaking out against bullying helps everyone.

What can you do?

Not join in.

Why does this help?

Someone who bullies often likes an audience; it makes it more fun. If you ignore the behavior, it shows the bully it's not cool. Be a kid against bullying.

Adapted from the Pacer Center's Kids Against Bullying

What can you do?

Help get someone being bullied away from the situation.

Why does this help?

It is easy for someone to be bullied when no one sticks up for him or her. Be a friend. Walk with him/her to class, play with him/her on the playground, and let him/her know he/she is not alone.

What can you do?

Tell an adult.

Why does this help?

Adults really do care. They are the ones that can enforce the rules. It can be done while the bullying is happening or after.

REMEMBER: telling is NOT tattling, it is done to help someone.

What can you do?

Let someone being bullied know that no one deserves to be bullied.

Why does this help?

Kids who are bullied often feel alone, like no one cares, like it might even be their fault. Let them know that someone cares.

What can you do?

Ask others to stand against bullying.

Why does this help?

When kids stick together and don't accept bullying, they can change what has happened to so many boys and girls. Together we can make a difference.

You can change what is happening!

Even a small act helps make a difference. When kids stand together against bullying, they can make their classroom, their school, where they live, and even the world a better place!

Common Views and Myths about Bullying

In spite of the significant impact that bullying can have on a target, our society often views it as acceptable behavior. There are many misconceptions that characterize bullying, all of which can lead to minimizing the behavior. **Here are a few of these common misconceptions, followed by the facts.**

"Bullying is a natural part of childhood."

FACT: There is nothing natural about being bullied. Bullying is often considered a normal part of childhood because it is such a common experience. Physical or emotional aggression toward others should not be tolerated as a normal part of childhood.

"Words will never hurt you."

FACT: Even though words don't leave bruises or broken bones, studies have shown they may leave deep emotional scars that can have lifelong implications. Children learn at a very early age that words can hurt other children.

"Some people deserve to be bullied."

FACT: No child's behavior justifies being hurt or harmed in any manner. All children deserve to be treated with respect and consideration.

"Bullying will make kids tougher."

FACT: Bullying does not make someone tougher. Research has shown it often has the opposite effect and lowers a child's sense of self-esteem and self-worth. Bullying often creates fear and increases anxiety for a child.

"Telling a teacher about bullying is tattling."

FACT: Children need to know the difference between tattling and telling. Tattling is done to get someone in trouble, telling is done to protect someone. The secrecy of bullying only serves to protect the bully and perpetuate the behavior.

"It's only teasing."

FACT: Most children are occasionally teased. When teasing does not hurt a child, it isn't considered bullying. Teasing becomes bullying when a child does not understand that he or she is being teased and the intent of the action is to hurt or harm.

"Boys will be boys."

FACT: The implication here is that bullying is acceptable, and that it is normal for boys to be physically or verbally aggressive. However, research indicates aggression is a learned behavior, not a natural response.

PACER.org/Bullying | PACERKidsAgainstBullying.org | PACERTeensAgainstBullying.org

"Girls don't bully."

Fact: Research shows that girls can and do bully. While they do not physically bully targets as often as boys, they will often use verbal and emotional bullying. Bullying for girls escalates during the middle school years.

"Children and youth who are bullied will almost always tell an adult."

FACT: Adults are often unaware of bullying, in part because many children and youth don't report it. Most studies find that only 25 to 50 percent of bullied children talk to an adult about the situation. Boys and older children are less likely than girls and younger children to tell adults about bullying. Children may be reluctant to report bullying because they fear retaliation by the children doing the bullying. They also may fear that adults won't take their concerns seriously or will deal inappropriately with the situation.

"Bullying is easy to recognize."

FACT: Physical bullying, such as hitting, kicking, and fighting, is easy to recognize since this type of behavior is overt. It is the covert bullying—such as shunning, alienating, and leaving children out on purpose—that is much harder to detect.

"Ignoring bullying will make it go away."

FACT: This solution sounds easy, but ignoring the problem will not make bullying go away. In fact, it often makes the situation worse, because it sends a message that the target is unable to do anything about the behavior and gives the person bullying emotional satisfaction.

"Children and youth who bully are mostly loners with few social skills."

FACT: Children who bully usually do not lack friends. In fact, some research finds that these children have larger friendship networks than other children. Importantly, they usually have at least a small group of friends who support and encourage their bullying behavior. Children who bully also generally have more leadership skills than targets of bullying or children not involved in bullying.

"Bullied kids need to learn how to deal with bullying on their own."

FACT: Some children have the confidence and skills to stop bullying when it happens, but many do not. Moreover, children shouldn't be expected to deal with bullying on their own. Bullying is a form of victimization and peer abuse. Just as society does not expect victims of other types of abuse (e.g., child maltreatment or domestic abuse) to "deal with the situation on their own," we should not expect this from targets of bullying. Adults have critical roles to play in helping to stop bullying, as do other children who witness or observe bullying.

"Most children and youth who observe bullying don't want to get involved."

FACT: The good news is that most children and youth think that bullying is "not cool" and feel that they should do something if they see it happen. In a recent study of tweens (children ages 9 to 12), 56 percent said that they usually either say or do something to try to stop bullying or tell someone who can help (Brown, Birch, & Kancherla, 2005). These children and youth play a critical role in helping to stop bullying.

During the 2018-19 school year, I give permission for my child to participate in service projects that may involve riding the school bus during the school day. These projects may involve time out of class from one to two hours. Projects may include, but are not limited to, the destinations listed below. Appomattox Elementary School is reaching out and partnering up with places of need in our community in order to lend a helping hand. I understand that my child will be supervised by a teacher and/or other school staff during these trips. No trip will involve leaving the county of Appomattox.

Coach Carter

When famed high school basketball coach Ken Carter literally locked his undefeated, state play-off bound team out of the gym and forced them to hit the books and stop counting on athletic potential as the only ticket out of a tough, inner city life, he sent a powerful message. At the podium, Coach Carter scores with hard-hitting advice about accountability, integrity, teamwork and leadership to succeed both on and off the basketball court.

A Seamless Transition from K-12 to High-Skill, High-Wage Employment

Dr. Jeffery Smith, Superintendent, Hampton City Public Schools

My Future, My Journey: College, Career and Life-Ready!

Join this session to explore the roadmap of a school division and business community working in partnership to transform the traditional high school experience to prepare young people to graduate college, career, and life-ready. Driven by the current and projected economic workforce data, Hampton City Schools has partnered with industry leaders to create a seamless transition from school to high-skill, high-wage employment. As a result of this meaningful collaboration, students will embody the Profile of a Virginia Graduate.

Each participant will leave this session with the processes, structures, and lessons to transform teaching and learning, the secondary school experience, and business/civic engagement. This session will include a variety of voices that will highlight various perspectives of individuals who have come together in order to prepare young people for success.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, September 13, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Annette A. Bennett, Division Superintendent. Mr. Gregory A. Smith was absent due to a work commitment.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Rev. Jones and seconded by Dr. Smith to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Discussion of County Re-Appropriation of Carry Forward Funds

Dr. Bennett referred to a previous meeting of the Appomattox County Board of Supervisors at which time the school division's re-appropriation request for the payment of a chiller was deferred. At this meeting, the Supervisors mentioned the possibility of the school division paying for the chiller from our regular maintenance budget. Since that time, the superintendent had been in contact with Mrs. Susan Adams, Appomattox County Administrator, who requested copies of the RFP, bids, and award which Dr. Bennett provided. The superintendent stated she had also furnished Mrs. Adams with a copy of the maintenance budget and expenditures for the 2017-2018 school year. This report indicated we had a balance of $36,000.00 of unspent funds in the maintenance category at the end of last year. Based upon this information, Dr. Bennett stated she was afraid we would run out of money in the maintenance category before the end of the current fiscal year (2018-2019) if we paid for the second chiller at the cost of $95,000.00.

Dr. Bennett stated she planned to attend the Board of Supervisors Meeting scheduled for Monday, September 17, 2018 to once again request the re-appropriation of funds from the CIP (Capital Improvement) Fund to pay for the

chiller. She noted she had requested, through Mrs. Adams, any questions the Supervisors may have prior to this meeting to allow her the opportunity to research the answers beforehand.

The superintendent also referred to the pending air conditioning project for the High School Auditorium. She stated the request to the Board of Supervisors for the re-appropriation of CIP Funds for this project has not been presented due to the number of questions they initially had regarding replacement vs. repair. Dr. Bennett stated Mrs. Adams informed her the county had hired a consultant, Mr. Bill Gillespie. Mr. Gillespie is highly respected, has experience with building projects, and actually served as the Clerk of the Works during the renovation of Appomattox Primary School. Mr. Gillespie will be working on a number of projects for the county, including looking at the air conditioning in the High School Auditorium and providing the Supervisors with a second opinion. It was Dr. Bennett's understanding the Supervisors have asked Mr. Gillespie to present his findings at the Joint Meeting of the School Board and Board of Supervisors that is scheduled on November 8, 2018. Dr. Bennett requested guidance from the School Board as to when she should present the re-appropriation request to the Board of Supervisors for the air conditioning project. The School Board awarded this project to Johnson Controls in the amount of $154,390.00. Dr. Bennett noted a purchase order has not been issued at this time because we do not have the funds unless the Supervisors re-appropriate monies from the CIP Fund.

Dr. Bennett reported she and Mr. Timmy Garrett, Maintenance Supervisor for our school division, met with Mr. Gillespie several weeks ago. At that time, Mr. Gillespie stated he did not mind looking at the air conditioning situation in the auditorium at the high school and giving an opinion. The superintendent pointed out we have not hired Mr. Gillespie; he agreed to meet without a cost the school division. Dr. Bennett noted we have had a good relationship with Mr. Gillespie in the past and he did a good job for us as Clerk of the Works during the primary school project.

The superintendent also referred to a refund check we received during the 2017-2018 school year from the LAUREL Regional School in the amount of $191,280.33. We have recently received another refund check from LAUREL in the amount of $55,880.01 for overpayment of tuition during the 2015-2016 school year. She stated there was some concern from the county regarding the way we handled a previous LAUREL refund. That refund was placed in the school division's Carry Forward Fund and the county has questioned this because they believe it should have been returned to them. Dr. Bennett noted she has informed Mrs. Adams of the receipt of the second LAUREL refund in the amount of $55,880.01. Mrs. Adams stated we could request the money be re-appropriated and asked if the funds were local, state, or federal. The superintendent pointed

out it is very difficult to discern the funding source, as we pay our bills from state and federal funds first and then supplement with local funds. She stated we are in the process of gathering this information. Dr. Bennett plans to share these findings with Mrs. Adams.

Following a lengthy discussion, it was the consensus of the Board to wait until after the September 17, 2018 Board of Supervisors Meeting to determine when our school division should present additional re-appropriation requests to the county.

Mr. Waddell encouraged each School Board Member to contact the Supervisor in their district and share with them the need for the approval of the re-appropriation requests.

Dr. Smith noted she plans to attend the September 17, 2018 Board of Supervisors Meeting with the superintendent and requested to receive additional information before that meeting. Dr. Bennett stated she would develop a summary. Mr. Waddell noted this information was in Board Docs.

ACTION ITEM

Consideration of Requests for Admission as Out-of-County Tuition Students for 2018-2019

It was moved by Rev. Jones and seconded by Dr. Smith to approve the admission of out-of-county tuition students for the 2018-2019 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 1)

CLOSED SESSION

Adjourn to Closed Session

Rev. Jones moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Dr. Smith seconded the motion made by Rev. Jones. By unanimous voice vote, the motion was approved.

At this point in the meeting, it was necessary for Rev. Jones to leave as he had a prior commitment he needed to attend.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Dr. Smith and seconded by Ms. Hall to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Ms. Hall made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members present, and recorded by roll call vote. (See Attachment # 2)

Approval of Personnel Matters

It was moved by Ms. Hall and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 3)

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier In The Day

Prior to the meeting, Board Members, accompanied by elected governmental officials and school division administrators, enjoyed a delicious lunch prepared by students in the Appomattox County High School Culinary Arts Department. Following lunch, the group toured the high school and Appomattox Middle School prior to convening for the Board Meeting. Board Members were very complimentary of our students and staff and the outstanding instructional programs they visited during their tour.

Mr. Waddell stated the Culinary Arts Department served an excellent lunch and there was an exceptional turnout of elected officials. He noted it is very

beneficial to our school division to have are governmental officials visit as often as possible. Mr. Waddell stated it was an excellent tour as they were able to see the STEAM/STEM programs at the middle school and were serenaded by the Chorus at the high school. The Chairman noted we have a lot to be proud of in Appomattox as he complimented our teachers, administrators, students, and staff.

Mr. Smith was in complete agreement with Mr. Waddell. He extended high praises for the culinary arts students and their teachers, shared his amazement at our students' mathematical abilities, and noted the Teachers for Tomorrow Program is exceptional. Mr. Smith suggested the superintendent send thank you letters to the elected officials who attended.

Rev. Jones stated is was a wonderful day and indicated the lunch provided by our culinary arts students rated five stars. He noted the tour reinforced why our school division does as well as it does as we continue to be on the cutting edge. He expressed his appreciation to the administrators and staff for everything they do each day for our students.

Membership Report

The superintendent provided the August 31, 2018 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,130 students. This compares to a budgeted ADM of 2,175. (See Attachment # 9)

VSBA and NSBA Activities

The VSBA Legislative Advocacy Conference was held in Charlottesville on Thursday, September 20, 2018. Mr. Waddell and Mr. Arbogast attended. Mr. Waddell reported it was a very good meeting. He stated school safety and threat assessments received a lot of discussion. He emphasized the threat assessment role playing we conducted in our school division last year is very important training and it was his hope it would never become a reality in our schools. Mr. Waddell also cited the importance of having School Resource Officers in each of our schools which is not the case in all school divisions. He extended appreciation to our local Sheriff's Department for making this possible. Mr. Waddell thanked the Board for allowing him the opportunity to attend.

The 2018 Annual VSBA Convention will be held in Williamsburg, November 14 - 16, 2018. The registration fee is $295.00 and the deadline is November 1, 2018. Rev. Jones will be serving as the Delegate and Mr. Waddell as the Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention. Mr. Waddell, Rev. Jones, and Dr. Bennett are registered to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Enrollment Information – We anticipated an enrollment decrease for the current school year as this year's incoming kindergarten class was smaller than last year's graduating senior class. As our funding is determined by our enrollment, we will continue to monitor carefully and approach spending cautiously.

2. Health Insurance Update – Our new health insurance program through Local Choice/Anthem will begin on October 1, 2018. The new program includes a high deductible plan with a Health Savings Account.

3. Re-Appropriation Request – At this time, re-appropriation requests have not been approved for Capital Improvement (CIP) Funds for the payment of a chiller at Appomattox Middle School ($95,000.00) and repairs to the gym floor at Appomattox County High School ($17,000.00). These expenses have been paid from our General Fund which increases our need to approach spending cautiously. Dr. Bennett and Dr. Smith attended the Appomattox County Board of Supervisors Meeting on September 17, 2018 anticipating they would request reconsideration of a re-appropriation request for $95,000.00 for the chiller from the Capital Improvement Fund. The request was not discussed and died for the lack of a motion. The Chairman of the Board of Supervisors indicated it should be discussed at budget time.

Dr. Bennett reminded Board Members of the Joint Board Meeting with the Appomattox County Board of Supervisors in November. She indicated she and Mrs. Adams have discussed providing an abbreviated State of the Schools Report and initiating more of a two-way dialogue about CIP and addressing the high school auditorium air conditioning project and renovation of the high school. The superintendent was hopeful Mr. Bill Gillespie, the consultant hired by the county, would provide an estimated cost concerning the high school renovation at this meeting. Board Members were in favor of the suggested format for the upcoming Joint Board Meeting.

Following discussion, it was the consensus of the Board to add Discussion of Communication Strategy to the agenda for the October 11, 2018 School Board Interim Meeting.

SOL Score Report Regarding State and Federal Accreditation and Overview of New Accreditation System

Dr. Amy Huskin, Director of Curriculum and Instruction, provided a report on the accountability of SOL score reports regarding state and federal accreditation as well as an overview of the new accreditation system. (See Attachment # 10) She was pleased to report all of our schools are fully accredited under state and federal accreditation standards based upon federal scores.

Dr. Huskin was extremely complimentary of the amazing things that are taking place in our school division by teachers who are committed to teaching an aligned curriculum. She noted the next steps are:

- Working closely with each school to implement school improvement plans to address specific needs of students to close achievement gaps.

- Working towards goals to insure higher levels of achievement for all students as teachers are encouraged by the new model allowing for student growth as a measure of success.

- Focusing on the new profile of a graduate and looking at ways to expand opportunities for our students to meet and exceed the new requirements.

Report Concerning the ACHS Student Volunteers Program for the National Park Service

Mr. Joe Servis, Teacher at Appomattox County High School, presented a report concerning the Student Volunteers Program with the Appomattox Court House National Historical Park and students of Appomattox County High School. He stated the purpose of the program is to give Appomattox County High School Students a greater understanding of their local history, community service, the mission of the National Park Service to preserve America's natural and cultural heritage, and to give students professional work experience. The students in the Volunteer/Internship Program have the opportunity to learn and improve their skills in the areas of providing efficient, courteous and helpful service, and historical interpretation to Park visitors. Additionally, they are trained in historical research, public speaking, and general professionalism. (See Attachment # 11)

Highlights of Mr. Servis' presentation included:

- The program started five years ago.
- It began as a one-year program; however, it has been so successful they are beginning the fifth year.

- Thirty-five ACHS juniors and seniors have participated in the program.
- Eleven students are participating this year.
- Students volunteer 90 hours of job training and shadowing.
- Forty hours are volunteered at the Appomattox Court House National Historical Park during the Anniversary of the Surrender Commemoration.
- Four ACHS students have been hired during the summer.
- Implementation of a three-year rotation of park visitations to include: The American Civil War Museum, Ford's Theatre, The National Mall, Harpers Ferry, Gettysburg, Petersburg, Sailor's Creek, Fredericksburg, and the Department of the Interior Headquarters.

Mr. Servis noted, in addition to our student volunteer program with the National Park Service, students in his AP U.S. History Class will be developing an Alumni Oral History Project with the Carver-Price Legacy Museum in Appomattox.

Mr. Servis stated in the past, the President of the 1865 Foundation traveled with him and the student volunteers and used a Foundation credit card to pay for the expenses of the group. He noted leadership at the Foundation has changed and the current president will not be able to travel with the group. Mr. Servis requested permission to use a school credit card when the student volunteer group travels to various historical parks for training purposes with the 1865 Foundation then reimbursing the school division. He also requested funds in the amount of $500.00 in case there were needed expenses the 1865 Foundation or the National Park Service could not cover.

Dr. Bennett thanked Mr. Servis for his presentation and for the many hours he volunteers to make this wonderful opportunity available for our students. She stated it was evident Mr. Servis has a passion for the program.

Report from Central Virginia Governor's School Board Meeting of September 5, 2018 by Mr. Greg Smith

Mr. Greg Smith, Appomattox County School Board Representative to the Central Virginia Governor's School (CVGS) Board reported on their meeting of September 5, 2018. He stated 136 students attend CVGS with nine of those students from Appomattox (4 juniors; 5 seniors). Mr. Smith also reported they did not increase tuition for the 2018-2019 school year and the time of their Board Meetings has changed from 1:00 p.m. to 4:00 p.m.

Report from LAUREL School Board Meeting of August 29, 2018 by Ms. Cynthia Hall

Ms. Cynthia Hall, Appomattox County School Board Representative to the LAUREL School Board, reported on their meeting of August 29, 2018. She stated she is serving as Chairman and Dr. Bennett is serving as the Superintendent-In-Charge for the 2018-2019 school year.

Discussion of Reimbursement from LAUREL

Dr. Bennett stated we pay tuition each year for our students to attend the LAUREL Regional Program School. The actual costs are calculated annually to determine if the correct tuition costs were charged to each school division. Last year, we received a reimbursement check in the amount of $180,000.00. Prior to last year, the overcharges were held by Lynchburg City Public Schools in a special account. This practice ceased when it was determined the funds should be returned to the school divisions. This year, we have received another LAUREL reimbursement check in the amount of $55,000.00 for an overpayment from the 2015-2016 school year. Dr. Bennett stated she informed the County Administrator, Mrs. Susan Adams, we had received the reimbursement. The superintendent requested guidance from the Board as to how the check should be handled. Following discussion, it was the consensus of the Board that Dr. Bennett should provide the county with the $55,000.00 reimbursement check and request the funds be re-appropriated to the school division's General Fund and used toward the payment of our 2018-2019 LAUREL expenses.

Discussion of Letter Concerning Welding Tuition

Dr. Smith requested the Board discuss a letter she recently received concerning welding tuition. (See Attachment # 12) Dr. Bennett indicated she had also received this letter as well as some of the other Board Members. She noted she responded to the parent at the time the letter was received and provided a rationale as to how payments are made for Dual Enrollment Courses that receive tuition charges through Central Virginia Community College (CVCC). The superintendent reported the current charge for dual enrollment credit through CVCC is $154.00 per credit hour.

Dr. Bennett stated originally our school division paid the tuition for CTE courses. Later, STEM dual enrollment and early college dual enrollment classes were added. As tuition kept increasing, our Board decided we would pay the same amount toward each of those courses. At the time this change was made, our Board felt the tax payers of Appomattox should not be responsible for college tuition payments.

The superintendent pointed-out, we now pay a portion of each credit hour for some courses. If the courses are required for high school graduation, we pay $35.48 per credit hour toward that bill which has been the same amount for a number of years. The welding course referred to in the parent letter is not required for graduation.

Dr. Bennett noted this may be something the Board would like to re-visit during budget time to determine if we can afford to pay more of the cost. The superintendent also indicated she had asked Dr. Huskin to research how this is handled in other school divisions and bring her findings to the Board.

Dr. Smith requested the Board address this topic during the development of the next school budget. Mr. Waddell was in agreement.

Joint Meeting with Appomattox County Board of Supervisors

A Joint Meeting of the Appomattox County School Board and Appomattox County Board of Supervisors is scheduled to be held Thursday, November 8, 2018 at Appomattox County High School. Board Members will begin with dinner at 5:30 p.m. in the Culinary Arts Department and then move to the Library at 6:30 p.m. for the meeting.

The superintendent stated she and Mrs. Adams have begun discussing the agenda and requested Board Members brainstorm questions they would like to present to the Board of Supervisors. These questions would be provided to the Supervisors prior to the meeting as well as their questions coming to our Board beforehand.

RAIDER DIGEST

VOLUME 4, ISSUE 1 OCTOBER 2018

PRINCIPAL'S POST

Happy fall!!

It's very hard to believe that the first quarter of our school year is already complete. Students are doing a great job and are amazing us with what they can accomplish every day! We are proud of our AMS students.

As report cards come home, please remember that we welcome your questions or concerns at any time. Although there are no formally scheduled Parent-Teacher conference days this school year, we welcome the opportunity to talk with you through phone calls, emails, and parent conferences throughout the year. We must work together to ensure the success of each student.

We had a beautiful addition to our cafeteria this summer. Ms. Samantha Schaffner and Ms. Jen Henzi used their artistic talents to add a poem by Bryan Skavnak, "Be the Nice Kid", to this very prominent space in our building. We are working with our kids during Discovery classes on Mondays to focus on being a good friend, being a responsible member of our community, and being kind to everyone. These lessons are designed and written by Mr. Brian Hofmann and his teacher-led team, the Raider Responsibility Leadership Council. This is a time each week dedicated to talking about like skills, things that matter to our kids, and to forming relationships between adults and kids within our community. Please ask your child about the lessons they complete every Monday in Discovery. The more you can reinforce these concepts at home, the more success our kids will find with them at school.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together. AMS Raiders—we don't stop until we're proud!!

Sincerely,

Cheryl J. Servis, Ed.D.

8TH GRADE STUDENTS AND PARENTS

As you begin to make holiday plans, we want to make sure you were aware of our December SOL testing dates for 8th graders. Students enrolled in Science 8 or Civics 8 are scheduled to take their SOL test December 12-15th, 2018. Because these are semester classes, SOL tests will be administered prior to the Christmas Break. We ask that you keep these dates in mind so that your student will be in attendance.

Thank you in advance for your cooperation. Should you have questions or concerns, feel free to contact Mrs. Cooter, School Counselor and School Testing Coordinator at 352-2135 or via email at dwcooter@acpsweb.com

APPOMATTOX FFA ATTENDS STATE FFA LEADERSHIP CAMP

Appomattox FFA members traveled to State FFA Leadership Camp the week of July 9-13. The camp was held at Graves Mountain Lodge in Syria, Virginia. Over the course of five days, FFA members participated in a variety of activities and took a break from technology as they made new friends. Each day, campers participated in classes on leadership, public speaking, agriculture processing, plant science, forestry, and teamwork. Camp participants donated and packed school supplies for a school in Haiti, as well as spending time reclaiming an outdoor classroom space for a local elementary school. Throughout the week, members participated in group sports, competitions, and reflections prepared by the State FFA Officer team, encouraging them to use their individual strengths and join together to make a difference in their communities and schools for the upcoming school year. Josie Jones was selected as outstanding camper for her camp group, modeling excellence in leadership , team spirit, and cooperation.

AMS FFA OFFICERS COMPLETE LEADERSHIP TRAINING

Members of the AMS FFA Officer Team attended a leadership training on July 30-31, 2018. The AMS FFA Officer Team consists of the following members: Austyn Briceland, President; Sara Conner, Vice President; Haleigh Tweedy, Secretary; Haleigh Weaver, Treasurer; Zachary Wallen and Jeremy Reeves, Reporters; and Aaron Cash; Sentinel. During the training, officers divided responsibility for tasks and planned upcoming events for the chapter. Officers also participated in a variety of teambuilding and leadership exercises. The AMS FFA Officer team looks forward to interacting with other FFA members, ACPS staff, and community members throughout the upcoming year as they carry out chapter events and activities.

ART PROGRAM EXPANDS FOR STUDENTS TO CREATE POTTERY

Appomattox Middle School was able to purchase and install a kiln for this school year which will expand the art program by allowing for students to create pottery. Ms. Henzi has been communicating with the Lynchburg Recreational Programs to expand her knowledge on the use of the kiln and pottery in her classroom. They have generously donated bisque pottery for students to practice painting and discover some of the possibilities of using clay. We are thankful for their generous donation. Students were very excited to have clay projects to test out the colors. Our 8th grade students took on the task of trying out our new glazes on our donated wares and 6th and 7th grade students are looking forward to their chance to try out the glazes as well!

STUDENTS RECEIVE CHROMEBOOKS

The long held dream of every student having their own computer has become a reality at Appomattox Middle School. As part of the One to One Initiative, each student was issued a Chromebook to be used both in the classroom and at home for educational purposes.

When asked to describe their new Chromebooks in one word, students offered:

"Awesome!" , "Inventive.", "Convenient.", And… "Chromy!"

Students received the computer, carrying case with a strap, and the charger to use throughout the school year. Students will return the device to school during summer break for maintenance and storage and then be reissued the same device upon returning in the Fall. Chromebooks connect wirelessly to the internet and use mainly web based applications including Google Classroom. While at home, students will be able to connect to the internet as well as work offline on assignments if the internet is unavailable. Chromebooks run the ACPS internet filtering at all times to monitor student searches.

When eighth grader Carmen Faust was asked whether a Chromebook was easier to work, more fun, and better than pencil and paper, she replied: "Yes, yes, and yes!"

Students love the way a Chromebook makes homework more accessible. "It is better than doing paper homework," Faust said.

Sara Conner agreed. "It helps me complete work faster at home, so you can turn it in quicker."

Teachers and students will be using the device to increase 21st Century Learning Skills, enhance learning, improve communications, increase student ownership of their learning, and increase productivity and organization. It is the vision of AMS to prepare students to become better digital citizens now and in the future.

NEWS FROM YOUR GUIDANCE COUNSELOR

Are you getting enough rest?

Okay, so we all know that teens are wired to stay up late and sleep in to a late hour. But during the school week, your "work week", try to follow a routine that allows you to get more sleep and wake up with more energy.

As suggested in *Choices* Magazine.....

1.5 hours before bed: Take a bath or shower. It will help you relax while still giving you enough time to cool down before bed. (When you're too warm it is harder to go to sleep)

1 hour before bed: "Power down". The blue light that screens emit tricks your brain into thinking it's daytime. Send that last message or scan that last lyric and turn your social media devices off.

30 minutes before bed: "Chill out". A racing mind could make it harder to fall asleep. Try reading a book, coloring, or do some gentle stretches.

5minutes after waking up: "Get some sun". The natural light will help you wake up and feel more energized.

Get Plenty of Rest

AMS AND ACHS STUDENTS GIVE BACK

FFA students from AMS and ACHS spent time giving back to the community of Madison, VA as a part of FFA Leadership Camp. Members spent time reclaiming an outdoor classroom space at Waverly Yowell Elementary School. Appomattox Members include: Damara Dixon, Jade Campbell, Caylan Moore, Josie Jones and Bruce Jones.

Bringing Inventions to Life Using Steam Lab

Students in Ms. Williams' English classes used the STEAM Lab to bring inventions to life with the help of Mrs. Bradish. The classes finished reading *Freak the Mighty,* a book about two unlikely friends, one of which has a physically debilitating disease called Morquio Syndrome. As the students read the book, they learned more about the physical limitations of Kevin but also about friendship, bullying, and perseverance through difficult situations. The classes did a pre-writing assignment on what invention they would come up with to help Kevin overcome a physical limitation . They were then tasked with deciding on one invention to attempt to create as a group using Lil Bits and recyclable materials. Students enjoyed the activity and can't wait to return to the STEAM Lab to try more hands-on activities with our next books.

7th Grade Art Students Travel to Charlottesville

AMS 7th grade art students traveled to the McGruffey Art Center in Charlottesville and met with three working artists. The artists discussed how they created their work, what inspires them, the procedure for displaying and selling their artwork, and the costs involved. Students even had the opportunity to get involved and participate in some traditional dancing with performance artist, Lillie Williams.

2018

From the desk of Dr. Moreno...

As we enter the fall of 2018, there are many things to look forward to. Cooler days and nights, hoodies and hot chocolate at football games, and spending time with friends and family. It is also a time to begin to think about what we are thankful for in our lives. I am thankful for the great staff that ACHS has, one that encourages students to learn today so that they can lead tomorrow. One that also encourages students to do their best in everything that they do. I am also thankful for our students who provide us with smiles every day. I am thankful for the positive things that our students are doing every day to make ACHS a better place. I am grateful for all of the volunteer hours our students put in to help make the greater Appomattox community a better place. I am thankful for all of the hard work that our students and staff did last year to help make ACHS Fully Accredited! Lastly, I am thankful for my family and friends who provide me with even more positive moments.

Important dates...

Learning today, leading tomorrow

Happenings at ACHS...

On Friday August 31st, Mr. Mawyer's 4th block class completed the Marshmallow Challenge. This challenge puts students on team of 3-4. Teams have 18 minutes to construct a freestanding structure that can hold a marshmallow on top. The team with the tallest structure at the end of 18 minutes wins. The challenge was a success, enjoyed by all participants, and reinforced the important of teamwork, communication, and strategy.

This nine weeks the NHS members have been actively trying to spread kindness throughout ACHS. They created kindness clips during clubday and went around clipping them to fellow classmates book bags. The clips were then passed along from student to student spreading positive messages throughout the day. Additionally, students have helped with after school club activities at AES, and working concessions for AYS on Saturdays, volunteering at Gleaning for the World, assisting residents at Appomattox Health and Rehab with a fall festival, and being a horse walker at the Heartland Horse Heroes in Buckingham.

Mrs. Loza's Spanish II class played Batalla Naval "Battleship" with their preterite tense verb conjugations. Before they could play, students had to conjugate 7 given verbs in each of the six forms using the preterite (past) tense. Then they had to decide where they would strategically place their 7 ships to avoid their partner sinking them. Students would take turns calling out the various conjugations for the given verbs in an attempt to hit or sink their partner's ships. Not only did this activity reinforce conjugating verbs in the preterite tense, but it also reinforced correct pronunciation of the different verbs in each of their forms.

On August 23rd, Mrs.Dalton's Sociology class assisted with a carnival at Appomattox Health and Rehabilitation Center. The students assisted with handing out snacks, playing games, and spending quality time with residents. Students welcomed residents into the Carnival area filled with music, decorations, and games. Students handed out hotdogs, cotton candy, and snow cones to smiling residents. Many students assisted residents with playing BINGO, tossing beanbags, and hula hoop contests. Senior Isaac Bailey, a volunteer, stated, "It was an enjoyable experience and I appreciated the opportunity to help the resident s smile and have a good time."

Happenings at ACHS...

Coached by Mr. McCann, students Josie Jones, Jade Campbell, Damara Dixon and Ethan Moore placed 3rd in the Virginia FFA Food Science Career Development Event held on the campus of Virginia Tech. During the event, participants completed a written exam about food science and a math practicum. Individuals also completed sensory tests, identified food aromas, and wrote a response to a customer complaint letter. The team also had 1 hour to create a novel food product, its label, nutritional information and formulate a marketing pitch, all of which was presentation to a panel of judges.

The ACHS Raiders Relay for Life team hosted the Annual Powder Puff Game on Friday, September 28 at Bragg Stadium. The ladies showed off some serious football skills on the field. While the other teams put up agood fight, the Junior Class came out victorious. The Relay team would like to thank everyone who came out and supported this event. Over $600 was raised for the American Cancer Society!

Seven chorus students garnered a selection to the Longwood University Honors Choir. Makayla Trent, Egypt Rawls, Kelsey Boyd, Melody Steger, Matthew Stevens, Josh Dickerson, and Rowan Gruffydd will be representing Appomattox County High School in the FREE concert event to be held at Longwood University's Jarman Auditorium on October 27th at 5:00 PM. Students were selected based on music literacy skills, vocal technique and ability, and demonstration of leadership within their school ensemble. They will spend two days working and rehearsing with Longwood University music students and professors to prepare for the final concert.

Want to help Appomattox Couty High School? You can by simply registering at www.Kroger.com. People can register to give ACHS donations just by shopping for their groceries at Kroger. ACHS' current organizational number is KV302. Previously registered and donated? Thank you for your contribution, and please note our organizational number has changed. To assure your donations benefit ACHS, please use the current organizational number. Thank you for your continued support as our school strives to foster an atmosphere of learning success.

In Sports...

The Fall Sports Season is well under way for the ACHS Raiders. The Varsity Football Team is currently 6-1, having wins against Buckingham County, Rustburg, Dan river, Fork Union Military Academy, Chatham, and William Campbell. Their only loss came to Heritage High School. The Raider's final three games of the season will be at home against Gretna (Oct. 19, Hall of Fame Night), Colonial Heights (Oct. 26, Homecoming) and AltaVista (Nov. 2nd, Senior Night).

TheVarsity Volleyball Team is currently 16-0.The team has 4 games remaining until the Dogwood District Tournament,which begins on Tuesday Oct. 23rd. The Region 2C tournament begins on Monday Oct. 29th. Both of these tournaments will be held at the higher seeded school based on the regular season win/loss record.

The Boys and Girls Cross Country Teams have been representing Appomattox County well in their meets. The Dogwood District Meet will be held on Wednesday Oct. 24th at Frazier Farms in Altavista. The region 2C meet will be held on Wednesday Oct.31st at Green Hill Park in Salem.

The Competition Cheer Team has been to two Invitational Competition, as they traveled to William Byrd for the Battle at Byrd and Broadway High School. The team did very well in both events, competing against schools that were much larger than ours. ACHS will be hosting the Region 2C Cheer competition on Wednesday Oct. 24th. The competition starts at 6:00 p.m. Admission is $6.00. Only VHSL approved passes are accepted foradmittance to the competition.

The Golf Team has had another successful regular season. The team won the Dogwood District Championship and came in 2nd place in the Region 2C Championship. The team also qualified for the State Championship match which was held at Lonesome Pine CC in Big Stone Gap on Tuesday Oct. 9th. The team ended in 4th place, shooting a combined 328. This was only 2 shots out of 2nd place. Congratulations on a great season!!

Coach Carter

When famed high school basketball coach Ken Carter literally locked his undefeated, state play-off bound team out of the gym and forced them to hit the books and stop counting on athletic potential as the only ticket out of a tough, inner city life, he sent a powerful message. At the podium, Coach Carter scores with hard-hitting advice about accountability, integrity, teamwork and leadership to succeed both on and off the basketball court.

A Seamless Transition from K-12 to High-Skill, High-Wage Employment

Dr. Jeffery Smith, Superintendent, Hampton City Public Schools

My Future, My Journey: College, Career and Life-Ready!

Join this session to explore the roadmap of a school division and business community working in partnership to transform the traditional high school experience to prepare young people to graduate college, career, and life-ready. Driven by the current and projected economic workforce data, Hampton City Schools has partnered with industry leaders to create a seamless transition from school to high-skill, high-wage employment. As a result of this meaningful collaboration, students will embody the Profile of a Virginia Graduate.

Each participant will leave this session with the processes, structures, and lessons to transform teaching and learning, the secondary school experience, and business/civic engagement. This session will include a variety of voices that will highlight various perspectives of individuals who have come together in order to prepare young people for success.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met in regular session on Thursday, October 11, 2018 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an Interim Meeting. Present at the meeting were Board Members, Ms. Cynthia L. Hall, Mr. Gregory A. Smith, Mr. Bobby K. Waddell, and Dr. Annette A. Bennett, Division Superintendent. Rev. Alfred L. Jones III was not in attendance as he was on vacation. Dr. Wendy Hageman Smith was not in attendance due to inclement weather (Hurricane Michael).

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Ms. Hall to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Discussion of Communication Strategy

It was moved by Mr. Smith and seconded by Ms. Hall to table this agenda item until the October 25, 2018 Regular Monthly Business Meeting as it had been requested by Dr. Smith who was not in attendance at the meeting. By unanimous voice vote, the motion was approved.

Discussion of Moving the Date of the November 8th Joint Board Meeting

Mr. Waddell stated he realized during the prior week that he will be out of town on November 8, 2018 and unable to attend the Joint Board Meeting. It was the consensus of the Board Members present to reschedule the meeting as they would like the chairman to be present. In anticipation, Dr. Bennett had shared this information with Mrs. Susan Adams, Appomattox County Administrator, who suggested the following possible alternate dates: November 1, November 12, or November 13, 2018. It was noted November 12th was Veterans Day and perhaps the other two dates would be preferred. The superintendent stated she would make the request to the County Administrator that the November 8, 2018 Joint

Board Meeting be moved to either November 1 or 13 with November 13th being the first choice.

Discussion of High School Auditorium HVAC Project

Dr. Bennett reported she had discussed the November 2018 Joint Board Meeting with Mrs. Adams and the two of them have begun the development of an agenda. Mrs. Adams suggested a conversation take place to create a Joint Committee to discuss the renovation of Appomattox County High School. She also mentioned the Board of Supervisors may be willing to approve a revised re-appropriation request concerning the air conditioning in the high school auditorium if the School Board would entertain changing the previous request from replacement to repair. Mrs. Adams also noted Mr. Gillespie had reviewed the HVAC needs in the high school auditorium but he did not make a recommendation. It was his understanding it was a stand-alone unit and would act as a stand-alone unit, if replaced. Mr. Gillespie's concern was the possibility of a different HVAC vendor being selected for the total high school renovation project than the HVAC vendor chosen for the replacement of the broken air conditioning unit. It was Mr. Gillespie's opinion this could result in warranty issues. Dr. Bennett noted it was her understanding the Board of Supervisors want to take some action to resolve the lack of air conditioning in the high school auditorium. The School Board's original re-appropriation request to replace the air conditioning unit was $104,390.00. It is believed repairs could be made in the range of $14,000.00 to $20,000.00. It was the consensus of the School Board to secure quotes for repairs to the high school auditorium air conditioning and to discuss this during the November Joint Board Meeting.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended.

Ms. Hall seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Dr. Smith to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent shared the following communication items:

1. Appomattox Elementary School has been selected for the 2019 National Assessment of Educational Progress (NAEP) operational assessments in mathematics and reading for fourth grade students. NAEP is used to monitor what American students know and can do in key subject areas at the elementary, middle, and high school level and provides reliable student achievement profiles to American educators and citizens. NAEP, known as the Nation's Report Card, is the only ongoing project to chart trends in student achievement at national and state levels.

2. Appomattox County School Board has received an invitation to attend an Appreciation Service Honoring Mrs. Ora S. McCoy on Sunday, November 11, 2018 at 3:00 p.m. at Jordan Baptist Church. Mrs. McCoy served on the Appomattox County School Board for eight (8) years, July 1, 1986 - June 30, 1994. At that time Board Members served on a school year basis rather than the calendar year basis that is now followed. During her tenure, Mrs. McCoy served as Chair one year and Vice-Chair for three years.

3. Mrs. Marian J. Carter, retired Cafeteria Manager with our school division, passed away October 19, 2018. On behalf of the School Board, a contribution has been made to the Appomattox County Education Foundation in her memory and a card was sent to the family. We acknowledge the contributions Mrs. Carter made to our school division and extend our deepest sympathy to her family.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the September 30, 2018 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,136 students. This compares to a budgeted ADM of 2,175. (See Attachment # 8)

VSBA and NSBA Activities

The 2018 Annual VSBA Convention will be held in Williamsburg, November 14 - 16, 2018. The registration fee is $295.00 and the deadline is November 1, 2018. Rev. Jones will be serving as the Delegate and Mr. Waddell as the Alternate Delegate to represent the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention. Mr. Waddell, Rev. Jones, and Dr. Bennett are registered to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported on the following:

1. Update on LAUREL Funds Re-Appropriation – Our school division received a reimbursement check in the amount of $55,880.01 from Lynchburg City Schools for overpayment of the Laurel Program tuition for the 2015-2016 school year. This check was returned to the Appomattox County Treasury with a request that the money be appropriated back to the school division's General Fund to be used toward the cost of the 2018-2019 Laurel Regional Program tuition costs. The Appomattox County Board of Supervisors approved this request at their October 18, 2018 meeting. (See Attachment # 9)

2. Quarterly Financial Report – Our expenses to date are on target. Based on our reduced Average Daily Membership (ADM), we are being extra cautious with spending as we expect to receive less revenue for the 2018-2019 school year than initially anticipated. (See Attachment # 10)

3. New Health Insurance Program – Our new plan and plan year began October 1, 2018. We have received several calls with questions concerning prescriptions as the coverage in the new plan differs slightly from our previous plan.

Class Size – Fall Report

Dr. Amy Huskin, Director of Curriculum and Instruction, provided the 2018-2019 Fall Class Size Reports. (See Attachment # 11) She noted it is the goal of our school division to use our resources wisely and offer our students the most we can with the funding we are provided. Dr. Smith requested another column be included in the report to record the classes that are combined. Dr. Huskin stated she would be glad to add the additional column to the report.

School Security Equipment Grant Awarded to ACPS

The superintendent was pleased to report ACPS applied for a School Security Equipment Grant from the state in the amount of $89,600.00 and has been awarded the full amount. (See Attachments # 12 and # 13) The award will be distributed between our schools as follow:

- ACHS = $33,000.00
- AES = $23,000.00
- AMS = $32,000.00
- APS = $24,000.00

The award will purchase access control systems for door entry at each of our schools. A local match in the amount of $22,400.00 is required. Dr. Bennett reported she requested the Board of Supervisors appropriate the amount of the local match from the Capital Improvement (CIP) Funds but the request was not approved. The Board of Supervisors will consider our request for the appropriation of the state grant funding of $89,600.00 at their November meeting.

ACHS Auditorium HVAC

Dr. Bennett noted discussions concerning the broken air conditioning in the high school auditorium have been ongoing since this past May. At our July 26, 2018 Meeting, the Board approved the low bid from Johnson Controls in the amount of $154,390.00 to replace two air conditioning systems (AC Unit 9 and AC Unit 10) in the auditorium at Appomattox County High School pending re-appropriation of School Capital Improvement Funds by the Appomattox County Board of Supervisors. The Supervisors did not approve this re-appropriation request. The superintendent stated the Board of Supervisors have expressed an interest in repairing the system rather than replacing the broken units; therefore, the superintendent provided the Board with repair costs. (See Attachments # 14 and # 15) Mr. Timmy Garrett, Maintenance Supervisor, estimated it will take his staff approximately two or three days to do the work, barring any unforeseen circumstances as he is already shorthanded by two employees. The Board requested the Superintendent provide the repair information to the Board of

Supervisors, including both labor options, and request the re-appropriation of the required funds.

Capital Improvement Plan (CIP) Projects List Update

The superintendent provided the Board with the annual updated Capital Improvement Plan (CIP) Projects List. (See Attachment # 16) She stated a new format was being implemented this year utilizing an Excel file which will allow the information to be sorted in variety of ways. Dr. Bennett noted a justification code had been added as well as the utilization of common language with additional fields to be added as this is a work in progress. She stated Mr. Garrett will also use the spreadsheet as an inventory record to document completions, equipment installations, and lifespans. The master list, which includes all schools, was provided in priority order. All high school items were designated with an R following the priority code as all of these items would be taken care of should we enter into a renovation project for the facility. It was noted the majority of the items listed as Priority # 1 were for the high school and would be removed from the Capital Improvement Plan Projects List once the building is renovated. Dr. Bennett stated the high school is our school in the greatest need.

Discussion of Communication Strategy

At an earlier Board Meeting, Dr. Smith had requested a discussion of strategies for improved communication with the Appomattox County Board of Supervisors. The superintendent shared the following strategies that she and Mrs. Susan Adams, Appomattox County Administrator, have begun to implement in an effort to improve the communication and working relationship between the School Board and the Board of Supervisors:

1. Increase the annual Joint Board Meetings from two to four. In lieu of holding monthly board chair meetings, we would like to increase the opportunity for the full boards to meet and discuss issues.

2. Use the Joint Board Meetings to facilitate open dialogue and to ask/answer questions about those areas of shared interests such as budget, facilities, CIP, and enrollment.

3. The Superintendent and County Administrator are meeting regularly (at least once a month) to collaborate, clarify, and discuss any and all areas of school operations and county support as issues, questions, or concerns arise.

4. Dr. Bennett has extended an invitation to Mrs. Adams and Mrs. Vicky Phelps, Finance Manager for Appomattox County, to join school personnel

in our office for a School Budget and Finance Webinar that will be conducted by the Virginia School Boards Association, December 12 and 13, 2018.

5. Dr. Bennett has attended the last two Board of Supervisors Meetings to represent the School Board's interest and present requests for the re-appropriation of funds.

6. Dr. Bennett has made contact with each Board of Supervisor Member to extend the offer to answer any questions or address any concerns related to the school division.

Following the review of the proposed strategies, Dr. Bennett requested input from Board Members.

Mr. Smith thought three Joint Board Meetings per year might be adequate. The superintendent suggested this would be an excellent topic for discussion at the November 8, 2018 Joint Board Meeting.

Mr. Waddell suggested at least one School Board Member attend the Board of Supervisors Meetings which are typically held on the third Monday of each month. He suggested a spreadsheet be developed for Board Members to sign-up in December. He also stated if the Board Member who signed-up for a particular meeting discovers he or she cannot attend, it will be the responsibility of that person to contact another Board Member to fill-in.

Preparation for November 8 Joint Board Meeting

The superintendent reported the Board of Supervisors were not able to change the date of the November 8, 2018 Joint Board Meeting to accommodate our request since this date created a conflict for Mr. Waddell.

Dr. Bennett proposed the following items be included during the November 8 Joint Board Meeting:

- Information concerning the status of our schools by utilizing a fact sheet rather than a lengthy PowerPoint.
- Discussion of new requirements, positions, and programs that could have an impact on budget.
- Discussion of CIP - define and come to an understanding of what CIP encompasses.
- High School Renovation – Do we use the plan that was developed five years ago? Do we appoint representatives from both Boards to serve

on a committee with teachers and parents? Mrs. Adams plans to ask Mr. Bill Gillespie to attend the Joint Board Meeting and she anticipates he may be able to provide an estimate of the square foot cost as he has had previous experience with school renovations.

Mr. Smith suggested the Fall Class Size Reports would be good information to share with the Supervisors. Mr. Waddell also suggested they be made aware of the additional costs involved with the internships that are being required.

Preparation for 2019 Board Meeting Calendar

Dr. Bennett requested guidance from the Board concerning the preparation of the 2019 Board Meeting Calendar. Mr. Waddell was in favor of continuing the half-day tours two times during the year and visiting two schools each time. He was also supportive of Dr. Bennett's suggestion of scheduling Joint Board Meetings in place of Interim Meetings. He stressed the importance of limiting the length of the Joint Meetings to accommodate any personnel or student matters that might need to be addressed in Closed Session following the Joint Meetings.

The superintendent thanked the Board for their input and stated a draft of the 2019 Board Meeting Calendar would be prepared for the Board to review at their November 29, 2018 meeting.

FY 2020 Budget Process

The superintendent proposed the following budget calendar for the development of the 2019-2020 School Budget:

1. November 29, 2018 - Public Comment Session; Board Discussion of Budget Goals
2. December 13, 2018 - Board Discussion of Budget Goals; Possible Budget Work Session
3. January, 2019 - Regular Monthly Business Meeting - Budget Update; Public Hearing on FY 2020 Budget; Develop and Possible Adoption of Budget Goals; Possible Budget Work Session
4. February, 2019 - Regular Monthly Business Meeting - Superintendent and Finance Director's 2019-2020 Budget Presentation to the Board; Possible Budget Work Session
5. March, 2019 - Regular Monthly Business Meeting - Adoption of Budget
6. April, 2019 - Joint Boards Meeting - Presentation of FY 2020 Budget

Board Members were in agreement with the superintendent's proposed budget calendar for the FY 2020 School Budget.

Student Advisory Committee

The superintendent stated she would like to initiate a Student Advisory Committee to receive student feedback concerning initiatives, problems, or new programs. She stated the committee would meet three or four times during the school year and consist of two students from each grade level for grades 8 – 12. Board Members were very supportive of the superintendent initiating a Student Advisory Committee. (See Attachment # 17)

ACTION ITEMS

Consideration of Approval of Second Reading and Adoption of Revised Policies

It was moved by Mr. Smith and seconded by Rev. Jones to approve the second reading and adoption of the following revised policies as presented and recommended by the superintendent:

1. DJ-R - Small Purchasing

It was moved by Mr. Smith and seconded by Rev. Jones to approve the updated Capital Improvement Plan (CIP) Projects List as presented and

recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 21)

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

Parents, Mr. Brette A. Arbogast and Mrs. Tiffany Martin, addressed the Board concerning a request to implement a Middle School Wrestling Program. (See Attachment # 22)

Mr. Waddell requested the superintendent contact the Athletic Director and Principal to solicit additional questions or concerns that should be addressed prior to Board action at the November 8, 2018 Joint Board Meeting.

NEXT MEETINGS

The following meetings have been scheduled by the Appomattox County School Board in Appomattox, Virginia:

- Joint Meeting with Appomattox County Board of Supervisors – Thursday, November 8, 2018 – Appomattox County High School at 198 Evergreen Avenue – 5:30 p.m. Board Members Meal in the Culinary Arts Department – 6:30 p.m. Meeting in the Library. Mr. Waddell noted he would not be in attendance at this meeting.

- Regular Monthly Business Meeting and 2019-2020 Budget Public Comment Session – Thursday, November 29, 2018 – 5:00 p.m. – Appomattox CVCC Satellite at 171 Price Lane.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report and employee #346.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly school discipline reports and students #52538, #14703, #15165, and #15166.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Rev. Jones and seconded by Mr. Smith to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. ADVENTURE
AWAITS AT APS

November 2018

ADVENTURE AWAITS

We celebrated Kindness Day in October and are looking forward to a few different celebrations in the month of November. First, students will celebrate grandparents by eating lunch with their grandparents November 8 - 10. Then, we will celebrate our Veterans November 12th. And finally, we will celebrate all the people that help support education during American Education Week, including parents who we are inviting to eat lunch Nov. 13 - 15.

Also know that we are thankful for the opportunity to support your little one. Let us know if we can be of any support or assistance!
Allison Maxwell, Principal

Thanks and Giving

Watch for information about how to support the latest APS Raider Aid effort. We will be collecting books during the months of November and December to fill the first ever Little Free Library in Appomattox.

Little Free Libraries are worldwide miniature libraries in neighborhoods and communities full of free books. The concept is a take a book, share a book. This means all books are free and we could have books in the hands of our kids in this community (and hopefully even their parents) all year long. Even when school is out!

VSBA Capital Conference

January 14-15, 2019

Richmond Marriott
500 East Broad Street
Richmond, Virginia

Advocacy by local school board members is a year-round job and even more important during the General Assembly. We will kick-off the two-day conference with an overview of the governor's budget, commentary on the new political scene both in Virginia and nationally, and VSBA's legislative priorities. Then join us in the evening for a reception that will provide you with an opportunity to mix and mingle with your legislators and top administration officials. The events on day one will help prepare you for your legislative meetings after breakfast on day two.
The VSBA Capital Conference offers you an opportunity for your voice to be heard and continues VSBA's efforts for year-round advocacy.

Minutes of
Appomattox County School Board
Joint Meeting With
Appomattox County Board of Supervisors

The Appomattox County School Board met in regular session on Thursday, November 8, 2018 at 4:00 p.m. in the Appomattox County High School Library at 198 Evergreen Avenue in Appomattox, Virginia to conduct Student Discipline Hearings prior to their meal with the Appomattox County Board of Supervisors at 5:30 p.m. in the Culinary Arts Department and the 6:30 p.m. Joint Meeting in the Library.

Present were School Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, and Dr. Annette A. Bennett, Division Superintendent. Mr. Bobby K. Waddell was not in attendance as he was out of town.

CALL TO ORDER

Mr. Smith, Vice-Chairman, called the meeting to order and welcomed those in attendance.

CONSIDERATION OF AGENDA

It was moved by Dr. Smith and seconded by Ms. Hall to approve the agenda as presented. By unanimous voice vote, the motion was approved.

ACTION ITEM

Consideration of Approval of Request to Implement Middle School Wrestling Program

It was moved by Rev. Jones and seconded by Dr. Smith to approve the request to implement a middle school wrestling program as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachments # 1, # 2, and # 3)

CLOSED SESSION

Adjourn to Closed Session

Rev. Jones moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically students #15143, #15435, and #52165.

Dr. Smith seconded the motion made by Rev. Jones. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Dr. Smith and seconded by Ms. Hall to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The Vice-Chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Rev. Jones made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 4)

Approval of Personnel Matters

It was moved by Rev. Jones and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 5)

Approval of Student Number 15143

It was moved by Rev. Jones and seconded by Dr. Smith to allow Student Number 15143 to return to school on November 9, 2018, with an assigned seat on the school bus for the remainder of the 2018-2019 school year, contingent upon good behavior. By unanimous voice vote, the motion was approved.

Approval of Student Number 15435

It was moved by Rev. Jones and seconded by Dr. Smith to allow Student Number 15435 to return to the Appomattox Alternative Education Center (AAEC) on November 12, 2018 contingent upon good attendance, behavior, and academic progress. By unanimous voice vote, the motion was approved.

Approval of Student Number 52165

It was moved by Rev. Jones and seconded by Dr. Smith to place Student Number 52165 at the Appomattox Alternative Education Center (AAEC) effective November 12, 2018 contingent upon good attendance, behavior, and academic progress. By unanimous voice vote, the motion was approved.

RECESS FOR MEAL

Mr. Smith called for a brief recess to move to the Culinary Arts Department to join the Members of the Appomattox County Board of Supervisors for a meal prepared by the Appomattox County High School Culinary Arts Students.

MEAL FOR JOINT BOARD MEMBERS IN THE CULINARY ARTS DEPARTMENT

The following members of the Appomattox County Board of Supervisors joined the School Board Members at this point in the meeting: Mr. Watkins M. Abbitt, Jr., Mr. Samuel E. Carter, Mr. William H. Hogan, Mr. Chad E. Millner, Mrs. Susan M. Adams - County Administrator, and Mrs. Vicky Phelps, Finance Manager for Appomattox County. Mr. Bryan A. Moody was not in attendance.

A delicious meal was enjoyed by both boards. (See Attachment # 6)

RECONVENE FOR JOINT BOARD MEETING IN THE LIBRARY

Following the recess, the Vice-Chairman reconvened the meeting, lead in the Pledge of Allegiance, conducted a Moment of Silence, and welcomed the Board of Supervisors.

Brief School Presentation by the Superintendent

Dr. Bennett also welcomed the Appomattox County Board of Supervisors and presented the following information: (See Attachment # 7)

- Our School Division is Fully Accredited for the Fourth Year in a Row
- ACPS Annual Report 2017-2018 (See Attachment # 8)
- Graduation Requirements (See Attachment # 9)
- Potential Budgeting Impact Factors for Consideration
    - New Accreditation System
        - ✓ Profile of a Virginia Graduate
        - ✓ Attendance
        - ✓ Virginia Community College System Considering Establishment of Uniform Tuition for Dual Enrollment Classes and Disallowing Mixed Classes
        - ✓ Potential Change in Guidance Caseloads
    - Increase in English Learners
    - Enrollment Decrease
- Thank You for Your Support of Our Schools

Comments/Questions Concerning the Superintendent's Presentation

Mr. Carter asked if students who were ill or unable to attend school could still participate from home by using an IPad or computer and not be counted absent? Dr. Bennett stated we hope it will be an option for students to Skype into the classroom or participate online, but definitive information had not been received.

Rev. Jones asked if absences count against us when students submit a doctor's note. Dr. Bennett clarified that absences with a doctor's note do count against our attendance record.

Rev. Jones also asked if attendance waivers exist. Dr. Bennett noted we are not aware of any waivers. Dr. Poldi Moreno, Principal of Appomattox County High School, stated it was his understanding homebound approvals will not count against our attendance records.

Ms. Hall stated if online access is acceptable as far as attendance is concerned can we encourage home schooled students to return to us. Dr. Bennett noted there are virtual courses that students can take, regardless of where they are enrolled and yes, we certainly want home schooled students to take advantage of our school programs.

Mr. Hogan asked how the decrease in ADM (Average Daily Membership) will affect our funding from the state. Dr. Bennett stated we receive approximately $6,000.00 per student from the state.

High School Renovation Project

Mr. Bill Gillespie, Consultant for the County of Appomattox, provided a detailed PowerPoint Presentation concerning the Public-Private Education Facilities and Infrastructure Act of 2002 (PPEA) which included the following: (See Attachment # 10)

- Design / Build Using PPEA
- Design and Construction Process
- Benefits of the PPEA
- Appomattox County High School
- Need to Establish a Working Committee

Mr. Hogan left at this point in the meeting.

Comments/Questions Concerning the High School Renovation Project

Mr. Abbitt requested the timeframe for the high school project. Mr. Gillespie estimated it would take approximately 18 months. Mr. Abbitt stated he assumed Mr. Gillespie would lead the committee.

Dr. Bennett asked if there was a preference between solicited or unsolicited proposals. Mr. Gillespie stated there wasn't a preference, but typically once the project is made public an unsolicited bid will be submitted.

Mr. Smith noted he was in agreement with Mr. Abbitt that Mr. Gillespie would lead the committee. He asked when should we begin the project if we are looking at renovating or building new in ten years. Mr. Gillespie stated the timeframe of 18 months is for the construction phase. It will take another 4 to 6 months to get through the review process alone. He recommended the process be started at this meeting with the appointment of a committee followed by establishing a routine schedule. Mr. Gillespie was of the opinion the current high school building does not need to be torn down. He stated there is space in that building that needs to be repurposed.

Mr. Abbitt asked if the School Board wanted to build new or remodel. He was of the opinion a renovation project would take place in 2025 or 2026, but if the School Board wanted to build new that would be an entirely different situation.

Mr. Smith stated he did not have the answer to this question as he did not believe it had been determined by the School Board. He was of the opinion this would be a Board of Supervisors decision as the Supervisors determine the funding. Mr. Abbitt noted looking at the estimated cost provided in 2013, it was so costly that neither renovation or building new were considerations.

Mr. Abbitt stated we have this building and if we can renovate it to last another 20 years, that would be the direction he would prefer. We need to get started, but both Boards need to be in agreement. Mr. Smith concurred.

Mr. Abbitt asked Mr. Gillespie if a renovation project would need to be completed in phases. Mr. Gillespie recommended following the same process that was followed at Appomattox Primary School during its last renovation by starting construction as soon as the school year ends with extensive work during the summer, continued work through the school year during off hours, and completion the following summer. Mr. Abbitt was in favor of this timeframe.

Mr. Carter noted he liked three things from the meeting: 1) presentation, 2) renovation, and 3) start tonight.

Mrs. Adams suggested the School Board appoint two members to the committee at their next meeting. Mr. Smith stated this would be placed on the November 29, 2018 School Board Meeting agenda. Mrs. Adams noted she would place the appointment of two members to the committee from the Board of Supervisors on the agenda for their December meeting. Mr. Abbitt stated this did not need to be placed on their meeting agenda as their Chairman makes committee appointments.

On behalf of the School Board, Mr. Smith thanked the Supervisors, Mrs. Adams, Mr. Gillespie, and the Principals for attending the Joint Meeting.

NEXT MEETING

The Appomattox County School Board is scheduled to conduct a Regular Monthly Business Meeting and the 2019-2020 Budget Public Comment Session on Thursday, November 29, 2018 at 5:00 p.m. in the Board of Supervisors Meeting Room at the Appomattox CVCC Satellite at 171 Price Lane in Appomattox, Virginia. Mr. Smith invited Members of the Board of Supervisors to attend.

ADJOURNMENT

There being no further business, Rev. Jones moved the meeting be adjourned with a second from Ms. Hall. By unanimous voice vote, the motion was approved.

Membership Report

The superintendent provided the October 31, 2018 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,145 students. This compares to a budgeted ADM of 2,175. (See Attachment # 10)

VSBA and NSBA Activities

The 2018 Annual VSBA Convention was held in Williamsburg, November 14 - 16, 2018. Mr. Waddell and Dr. Bennett attended. Mr. Waddell served as the Alternate Delegate representing the Board at the VSBA Delegate Assembly and Regional Meeting of the Annual VSBA Convention as Rev. Jones was unable to attend. Mr. Waddell stated it was a great conference with over 1000 School Board Members attending. He noted the motivational speakers were excellent and he attended workshops concerning an Update from the Legislative/Finance Committee, Special Education laws, and items that must be included in our policies. The Delegate Assembly meeting went smoothly and they adopted resolutions for priority consideration during the upcoming session of the General Assembly. Dr. Bennett stated she attended all of the sessions concerning the Profile of a Virginia Graduate and thanked the Board for the opportunity to attend.

VSBA will conduct a Webinar Series concerning Budget and Finance Basics, December 12-13, 2018 from 12:00 p.m. - 1:00 p.m. each day. Our school division is registered to participate. Currently Dr. Smith and Dr. Bennett plan to attend the sessions that will be viewed from our Board Meeting Room. Dr. Bennett also invited Mrs. Susan Adams, County Administrator, and Mrs. Vicky Phelps, Finance Manager for Appomattox County.

The VSBA Capital Conference will be held in Richmond, January 14-15, 2019. The registration fee is $195.00 and the deadline is January 3, 2019.

VSBA Orientation for New Chairmen and Vice-Chairmen will be held in Richmond on January 15, 2019. The registration fee is $190.00 and the deadline is January 7, 2019.

VSBA Board Training for Appomattox County School Board Members and the Superintendent will be conducted, Friday, January 11, 2019 from 9:30 a.m. to 2:30 p.m. at The Appomattox Inn and Suites. VSBA requires 100% participation for this training.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the Appomattox County Board of Supervisors approved the Re-Appropriation Request from the School Capital Improvement Fund for repairs to the HVAC system in the high school auditorium in the amount of $13,627.05 (See Attachment # 11) and the Supplemental Appropriation Request concerning the School Security Equipment Grant in the amount of $89,600.00 (See Attachment # 12). Mr. Waddell noted the School Security Grant requires a local match in the amount of $22,400.00. The Supervisors did not appropriate additional funds for the required local match and indicated we need to secure this amount from our regular budget as we have done for the past several years.

Mr. Waddell asked if the new health insurance program was continuing to operate smoothly. Mr. McMillan indicated our Benefits Coordinator, Mrs. Tracy Johnson, has received some inquiries concerning prescription drug coverage and everything was going well.

Review of Comprehensive Six Year Plan 2019-2025 Process and Timeline

Dr. Bennett reported the Comprehensive Six Year Plan is due to be updated this year. She provided the Board with the process and timeline she proposed be followed to update the plan. The date on the current plan expires in January 2019. The superintendent requested an extension to May or June of 2019 which would allow the incorporation of input from all school division

stakeholders. Dr. Bennett noted this was also included in the agenda as an action item.

K-3 Class Size Reduction Report

Dr. Amy D. Huskin, Director of Curriculum and Instruction, presented the K-3 Class Size Reduction Report**.** The report had been submitted to the Virginia Department of Education and our school division had met the eligibility requirements for both Appomattox Primary School and Appomattox Elementary School. The eligibility calculations are based on the numbers of teachers and students as of September 30th each year. The K-3 Class Size Reduction funds total $354,628.00 for the 2018-2019 school year. (See Attachment # 13)

Advanced Diplomas and SAT/AP Profile Report

Dr. Huskin reviewed information concerning Advanced Diplomas and SAT/AP profiles and noted we are solidly consistent to where we have been in previous years. She indicated we would like to have more students graduate with an Advanced Diploma. (See Attachment # 14)

Payment for Dual Enrollment Courses

Dr. Huskin reported on the payment for dual enrollment classes and special programs. She also provided comparative information from several surrounding school divisions. It was noted our division offers tuition assistance for academic classes but not for technical classes. (See Attachment # 15)

In addressing “the Profile of an Appomattox Graduate”, Dr. Huskin asked Board Members “If you could change one thing about how we do school, what would it be?” She noted this question was being asked of all groups within our school division including parents, teachers, principals, and students. Mr. Smith responded state testing should be changed. Dr. Huskin stated under the new regulations we will actually be penalized for testing too much. Mr. Waddell noted the need for more partnerships and internships for our students and teachers. He also stated we should be paying at least as much for technical classes as we do for academic classes that our students are taking at CVCC which are not offered in our school division. Dr. Bennett noted it is a good time to examine our practices and reconsider if our procedures are fair, equitable, and reflect our values.

Dr. Huskin stated our school division purchased the Major Clarity Program our students have been using for career exploration and awareness. We have begun to use this in grades five through twelve. This program provides students with an opportunity to explore careers, opportunities, and colleges. Dr. Huskin

noted the possible need to re-evaluate and ask ourselves if we are doing something just because that's always the way it's been done. She shared a video from Albemarle County that addressed changing the way we teach in high school.

2019-2020 Calendar Discussion

Dr. Huskin stated the Division Calendar Committee will soon begin work on the 2019-2020 School Calendar and requested input from the Board. School Board Members requested the Division Calendar Committee consider following the same format we have followed during the past few years by ending first semester prior to Winter Break and coordinating Spring Break with our regional partners in Lynchburg, if possible, as they develop recommendations for the 2019-2020 School Calendar.

Report from Central Virginia Governor's School Board Meeting of November 7, 2018 by Mr. Greg Smith

Mr. Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their meeting of November 7, 2018. He stated new student management software is being purchased and there is the possibility of an increase in health insurance costs. He was pleased to report our Appomattox County High School Student who attends CVGS, Ilyana Servis, was on the first place team in the Engineering Bridge Project competition that was held September 14, 2018. Their next Board Meeting is scheduled on December 5, 2018.

Report from XLR8 STEM Academy School Board Meeting of November 13, 2018 by Dr. Wendy Hageman Smith

Dr. Smith, Board Representative to the XLR8 STEM Academy School Board, reported on their meeting of November 13, 2018. She noted a $500.00 tuition increase is anticipated in 2020 due to the expiration of existing grants. She also stated they are working on securing internships in Appomattox. Mr. Waddell indicated it was his understanding Harris Communications would be providing two slots for internships for STEM Academy students. Dr. Bennett pointed out she had attended the presentations from the internship programs in prior years and noted it was a very rewarding experience.

Discussion of Possible 2019-2020 Budget Goals

The superintendent reviewed the 2018-2019 Budget Goals and was pleased to report all three of the following goals were met:

- Continue to cover employer paid health insurance for individuals.

- Increase employee compensation by at least 3%.
- Continue to meet SOQ staffing requirements K-12 in order to maintain an acceptable student-teacher ratio.

Mr. Smith pointed out it was good to keep the total number of goals at two or three. He also noted it would be good to include payment toward CTE costs for students enrolled in dual enrollment classes, if our budget will allow.

Dr. Smith was in favor of looking at the costs of refurbishing and including facility improvements. Mr. Waddell stated there has been some general discussion of unspent funds automatically going into a CIP Fund, dedicated to the schools, that the county would control. He stated it would be up to the School Board to present project requests to the county.

Mr. Waddell noted it would be nice to provide a 3% raise and we should certainly continue to meet SOQ requirements.

Dr. Bennett referred to the Teacher Advisory Committee Meeting held earlier in the week. She stated one of the topics was teacher salaries and how we compare within our region, particularly within Region 2000. TAC members requested the Board continue to look at competitive teacher compensation as a consideration during the development of the upcoming budget.

The Chairman stated the General Assembly is considering facility improvements and teacher pay. Dr. Bennett noted the Virginia School Boards Association (VSBA) and the Virginia Association of School Superintendents (VASS) are including these two areas in their resolutions of support.

Review of 2019 Draft School Board Meeting Calendar

The superintendent provided the Board with a copy of the 2019 Draft School Board Meeting Calendar for their review and input. Dr. Bennett requested Board Members inform her of any conflicts or concerns. She noted the Joint Board Meetings are tentative and may be cancelled if not needed as discussed during our last Joint Board Meeting.

School Showcase Schedule for 2018-2019 School Year

The superintendent presented the following School Showcase Schedule which had been established for the 2018-2019 school year:

January, 2019	-	Appomattox County High School
February, 2019	-	Appomattox Middle School
March, 2019	-	Appomattox Elementary School

April, 2019 - Appomattox Primary School

Dr. Bennett stated principals will be requested to include their School Improvement Plan and Raider Aid projects in the upcoming Showcases to the Board.

Discussion of ACHS Facilities Committee

The Superintendent referred to the November 8, 2018 Joint Board Meeting at which time the County Administrator requested two School Board Members serve on the ACHS Facilities Committee. It was noted this was included in the agenda as an action item.

ACTION ITEMS

Consideration of Approval of Comprehensive Six Year Plan Process and Timeline

It was moved by Mr. Smith and seconded by Dr. Smith to approve the Comprehensive Six Year Plan process and timeline which extends the use of the current plan until June 2019 as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 16)

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent reported Mrs. Dora W. Turner, retired teacher with our school division, passed away November 22, 2018 and Mrs. Linda G. Southern, retired food service employee (9/1/1984 – 6/30/2015), passed away November 29, 2018. On behalf of the School Board, a contribution had been made to the Appomattox County Education Foundation in their memory and a card was sent to each family. We acknowledge the contributions Mrs. Turner and Mrs. Southern made to our school division and extend our deepest sympathy to their families.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the November 30, 2018 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,156 students. This compares to a budgeted ADM of 2,175. (See Attachment # 8)

VSBA and NSBA Activities

VSBA conducted a Webinar Series concerning Budget and Finance Basics, December 12-13, 2018. Dr. Smith, Ms. Hall, and Dr. Bennett participated both days as well as Mrs. Vicky Phelps, Finance Manager for Appomattox County. Mrs. Susan Adams, Appomattox County Administrator, and Mr. Watkins Abbitt, Appomattox County Supervisor, attended the session on December 12. Dr. Smith noted the webinars were valuable and provided a number of resources. Ms. Hall stated they were excellent and very educational.

VSBA Board Training for Appomattox County School Board Members and the Superintendent will be conducted, Friday, January 11, 2019 from 9:30 a.m. to 2:30 p.m. at The Appomattox Inn and Suites. It was noted, VSBA requires 100% participation for this training.

The VSBA Capital Conference will be held in Richmond, January 14-15, 2019. The registration fee is $195.00 and the deadline is January 3, 2019.

VSBA will provide an Orientation for New Chairmen and Vice-Chairmen in Richmond on January 15, 2019. The registration fee is $190.00 and the deadline is January 7, 2019.

VSBA will conduct a Hot Topic Conference in Wytheville on March 13, 2019. The registration fee is $160.00 and the deadline is March 1, 2019.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the Governor issued a memorandum on December 11, 2018 which provided insight to his upcoming detailed budget proposal that should be released on December 18 or 19, 2018. The information indicated the Governor is proposing additional money for K-12 public education which includes funding for salary increases. Mr. Waddell pointed-out the increased funding includes additional school counselor positions.

Appomattox County Public Schools OPEB Plan

Dr. Bennett provided the Board with a copy of the Appomattox County Public School OPEB (Other Post-Employment Benefits) Plan. (See Attachment # 9) She stated this is a new report that has been compiled for our school division since we are no longer combined with the county for health insurance coverage. In previous years, the county assumed the responsibility of this required documentation. Mr. McMillan noted we are required to provide this document to our auditors annually as the result of the Affordable Care Act of 2015. The purpose of the report is to provide localities a projection of future health insurance costs for retirees. Currently, we have eleven (11) retired employees on our policy.

Report on FFA Trip to National Convention

Mr. Ed McCann, Appomattox County High School Agriculture Education Teacher, was assisted by FFA Students Taylor Dudley, Jared Morgan, and Jacob Dinterman in reporting on the highlights of their trip to the 91st National FFA Convention in Indianapolis, Indiana, October 23 – 27, 2018. The Appomattox FFA Chapter received a National Two Star Chapter Award, the Agricultural Technology and Mechanical Systems Team earned the National Silver Award, Cody Mewborn placed 10th in the Nation in the AgriScience Fair, and Jimmy Brightwell and Andrew Sams were awarded the American FFA Degree. (See Attachment # 10)

On behalf of the group, Jared Morgan presented the School Board with a framed picture of the twenty Appomattox County FFA Students who attended this year's convention. Board Members expressed their appreciation to the FFA Students and Mr. McCann. Dr. Smith thanked the group for sending each School Board Member a post card from the convention. Mr. Smith thanked the students for attending and representing Appomattox and encouraged them to continue to work toward earning their American FFA Degree.

Report from LAUREL Board Meeting of December 5, 2018 by Ms. Cynthia Hall

Ms. Hall, Board Representative to the LAUREL School Board, reported on their meeting on December 5, 2018. She stated the LAUREL Regional School is for exceptional learners/disabled students. Currently, 121 students are enrolled with 4 of those students from our school division. The annual budget is approximately $4 million. The staff is doing a wonderful job and everything is going well. This school year, Ms. Hall is serving as Chairman of the LAUREL Board and Dr. Bennett is serving as the Superintendent in Charge.

Report from Central Virginia Governor's School Board Meeting of December 5, 2018 by Mr. Greg Smith

Mr. Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, reported on their meeting of December 5, 2018. He shared a copy of a letter addressed to the Virginia Secretary of Education from the Directors of the Virginia Academic Year Governor's Schools concerning dual enrollment costs. (See Attachment # 11)

FY 2020 Budget Goals Discussion

The Superintendent reviewed the following 2019-2020 Budget Goals which were suggested at the November 29, 2018 Board Meeting: increase teacher compensation, payment toward CTE costs for students enrolled in dual enrollment classes, and facility improvements. Mr. Smith stated these were good goals and somewhat obtainable. Mr. Waddell referred to the three percent salary increase the Board was able to provide staff for the current school year and stated he was uncertain if we would be able to do that again, although it would be wonderful if it became a reality. It was the consensus of the Board to continue to move forward with the three goals indicated for the FY2020 Budget.

January 2019 Interim and Organizational Meeting

The superintendent recommended the Board take action concerning the following items at the January 2019 Interim and Organizational Meeting:

1. Elect Chairman and Vice-Chairman
2. Appoint Clerk and Deputy Clerk
3. Appoint Designee to Attend School Board Meetings in the Absence of the Superintendent
4. Appoint Purchasing Agent
5. Appoint Records Officer
6. Appoint Representative to the Appomattox County Education Foundation Scholarship Committee
7. Establish the 2019 School Board Meeting Schedule
8. Adopt Roberts Rules of Order
9. Adopt VSBA Code of Conduct for School Board Members
10. Adopt VSBA Code of Conduct for the School Board Clerk

Board Members were in agreement with all of the above listed agenda items.

AWAITS AT APS

ADVENTURE AWAITS

HAPPY 2019!

WE ARE SO GLAD YOUR LITTLE ONE IS BACK! Breaks are nice, but we miss our friends when we have breaks like this. We'll jump right back into instruction as we race toward May. Remember to::

Have your child READ each night
Go over SIGHT WORDS
Practice counting & writing numbers
Ask questions

These simple things will go a long way to supporting your child's reading and math foundational skills.

We're here to help, so reach out with questions or concerns!

Allison E. Maxwell, Principal

PTO NEWS

APS family, thank you for your support of our Penguin Patch holiday shop. The kids had so much fun! We hope you all enjoyed your gifts that they so eagerly selected for you. We also hope you had a great winter break! Happy New Year!

Monday, January 7 - Second Semester Begins
Monday, January 21 - No School (Martin Luther King Jr. Day)
Monday, February 18 - No School (Teacher Workday)

NURSE NOTES

If your child is missing clothing, have them check the lost and found in the clinic. Unclaimed items will be donated at the end of January.

P.E. REMINDER

Our Shoe-per Star wall is growing! Practice shoe tying with your little one. Students tying their own shoes will be join the APS Shoe-per Stars and will receive a cool prize!! Please remember to send your child in tennis shoes on their PE day! Thanks!

Appomattox has a "Little Free Pantry" at St. Anne's (435 Oakleigh Avenue). See FACEBOOK for more info @AppomattoxLFP
The mission is simple: add food, use food, spread the word!

BOX TOPS EDUCATION

We are continuing to work towards our $3,000 goal this year! Please keep clipping and sending in non-expired box tops – either 25 on a collection sheet, or 50 in a baggie. ALL Bonus Box Tops must be sent separately, and cannot be attached to a sheet. For our November collection, the school collected $268.70! Classroom winners were Mrs. Atkinson, Mrs. B. Wells, Mrs. Loving, and Mrs. Davidson. Mrs. Davidson's class was the school wide winner with 287 box tops! Way to go! Please continue to help APS by sending in those box tops! Thanks!

PLEASE BE PREPARED WITH YOUR LICENSE ANYTIME YOU ARE VISITING OUR BUILDING!

Office staff may also ask you for your name and your child's name when you ring the bell to enter our building... know that our goal is to protect our little people and we are doing everything we can to ensure their safety!

Principal's Post

Welcome back!!

What a joy it is to have the energy and excitement of students and staff back on our AMS hallways! We hope everyone had a wonderful break and has returned to school rejuvenated for second semester. Our students will be welcomed into new science or social studies classes, as well as a new Encore class for second semester. Please feel free to contact the new teachers on your child's schedule with any concerns or questions. Your child will have a syllabus for each new class, but teacher contact information is always available on the AMS website.

We are very proud to report that the first round of SOL testing for our 8th grade Civics and Science classes yielded very exciting results. We know that a great deal of hard work, grit, and perseverance by both students and teachers went into preparing for these tests. Our school motto is "We don't stop until we're proud!!" Our students and teachers embodied that sentiment not only in regards to their own accomplishments, but in helping one another succeed.

Your child's Discovery class on Mondays will continue to be Raider Responsibility lessons. We have structured those Monday classes to have the same students for the remainder of the school year. Even though Discovery will continue to change every six weeks, the Monday groups will remain consistent for the remainder of the school year. This will allow teachers and students to form relationships and bonds as they discuss these important issues and skills. We will continue to emphasize the importance of believing in yourself and working hard as we introduce weekly lessons in Discovery second semester on these topics. We will discuss how much is learned in school and in life when we work through a struggle. Being kind and working well with classmates of all different backgrounds will also be topics of discussion.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together.

We are the Raiders and we don't stop until we're proud!!

Sincerely,

Cheryl Servis, Ed.D.

"600" CELEBRATION AT AMS

Appomattox Middle School celebrated 17 students who received perfect scores on their Standards of Learning test during the spring of 2018.

A recognition ceremony took place in the Middle School Library on Friday, October 26. Students and parents were invited to attend a luncheon to honor this outstanding achievement. Certificates, ribbons, and "600Club" t-shirts were given to each student to celebrate their achievement.

School Principal, Dr. Cheryl Servis, was very pleased with the number of students achieving this milestone and said "their accomplishment is the result of hard-work, determination, and GRIT."

The following students were recognized for their achievement: Rupert Armentrout, Evan Carwile, Gabrielle Coflin, Alex Deaner, James Harris, Zoe Hawkins, Cameron Hill, Josiah Layman, Tatiana Lee, Lillian Lewis, Peyton Maxwell, Vivian McGilvery, Luka Plancarte, Aaron Preston, Jameria Reeves, Kyle Sines and Robert Stephens.

AMS STUDENTS DONATE TO LESS FORTUNATE

Under the leadership of the SCA, AMS students partnered with "Warm Streets" an organization based in the Lynchburg area. The students collected socks to donate to the homeless and well as to veterans in our community. A total of 473 pairs of socks were donated.

A special "Thank You" is extended to Sharla Kvasnicka for making us aware of the need and allowing us to participate. Also, a special thank you is extended to the students and staff who made the donation a success.

BOOKS PROVIDED

Bonnie Tillotson from our local 4-H center provided books for Mrs. Fort's 6th grade language arts class.

We Are Thankful!

In Ms. Henzi's art classroom, students reflected on who they were thankful for in their lives and created a unique clay project to best match that person. They wrote invitations to each of these adults and invited them into the classroom to paint the clay projects and enjoy a Thanksgiving celebration together.

NJHS Food Drive

The NJHS is proud to donate over 300 food items to needy families in the Appomattox community. For many in our community with stressed budgets and financial challenges, a Thanksgiving dinner just isn't possible. With the support of Appomattox Middle School's students and staff, NJHS will help make a fulfilling holiday for families in our area.

In Brief: Graduation Requirements

Virginia Department of Education

June 2018

Virginia's revised graduation requirements maintain high expectations for learning in English, math, science and history/social science while reducing the number of Standards of Learning (SOL) tests students must pass to earn a high school diploma. The new standards also implement the "Profile of a Virginia Graduate," which describes the knowledge, skills, attributes and experiences identified by employers, higher education and the state Board of Education as critical for future success.

Profile of a Virginia Graduate

A student meeting the Profile of a Virginia Graduate has achieved the commonwealth's high academic standards and graduates with workplace skills, a sense of community and civic responsibility and a career plan aligned with his or her interests and experiences.

The Five C's

In preparing students to meet the Profile of a Virginia Graduate, schools are required to ensure that students develop the following competencies known as the "Five C's":

- Critical thinking
- Creative thinking
- Communication
- Collaboration
- Citizenship

Career Exploration and Planning

The career-planning component of the Profile of a Virginia Graduate provides an opportunity for students to learn more about the employment options and career paths they first explored in elementary and middle school.

While there is no specific career-related activity that a student must experience (such as an internship or job-shadowing assignment) to earn a diploma, school divisions must provide opportunities for students to learn about workplace expectations and career options in their own communities and elsewhere.

Profile of a Virginia Graduate

In Virginia, the Life Ready Individual Will During His or Her K-12 Experience:

By reducing the number of SOL tests students must pass to earn a diploma, the new standards increase flexibility for schools to expand work-based and service-learning programs that promote college, career and civic readiness.

Standard and Verified Credits

The new graduation requirements are effective with students entering the ninth grade in the fall of 2018 (class of 2022). The number of standard credits for a Standard Diploma and Advanced Studies Diploma remain the same but the number of required verified credits — earned by passing a course in the content area and the associated end-of-course assessment — is reduced to five (one each in English reading, English writing, mathematics, science and history/social science) for both diplomas.

Standard Diploma (Class of 2022)

Subject	Standard Units of Credit Required	Verified Credits Required
English	4	2
Mathematics	3	1
Science	3	1
History/Social Science	3	1
Health & Physical Education	2	
World Language, Fine Arts or Career & Technical Education	2	
Economics & Personal Finance	1	
Electives	4	
TOTAL	**22**	**5**

Advanced Studies Diploma (Class of 2022)

Subject	Standard Units of Credit Required	Verified Credits Required
English	4	2
Mathematics	4	1
Science	4	1
History/Social Science	4	1
World Language	3	
Health & Physical Education	2	
Fine Arts or Career & Technical Education	1	
Economics & Personal Finance	1	
Electives	3	
TOTAL	**26**	**5**

In English writing, a student may verify course mastery through a locally developed performance-based assessment. Performance assessments require students to apply what they have learned and provide an opportunity for students to demonstrate that they have acquired critical thinking, creative thinking, communication, collaboration and citizenship skills.

SUPERINTENDENT'S REPORT

Business Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided a review of the Governor's Proposed FY 2020 Budget which included the following highlights: (See Attachment # 4)

- Compensation increase in the amount of five (5) percent. The details have not been received, but it appeared this may be a total increase over the two-year timeframe of 2018-2019 and 2019-2020.
- Additional state funding in the amount of $36 million for school counselors in fiscal year 2020. The ratios are being changed to allow each counselor to have fewer students by reducing the counselor and student ration from 1 to 425 to, 1 to 250 gradually over an undetermined number of years. This change may require us to hire one additional counselor, but this was not definitive at this time.
- Provide $80 million through the Literary Fund for school construction loans.
- State funding was based on a default ADM (Average Daily Membership) for our school division of 2118.85 students which resulted in $388,164.00 additional money. It is possible the default ADM figure could change once our March 2019 ADM Report is submitted to the state.

Mr. McMillan also provided the following points for consideration as our 2019-2020 School Budget is developed:

- Proposed an ADM of 2125 students be used in developing the FY 2020 school budget which would result in approximately $426,238.00 in additional funding from the state.
- A one percent salary increase for our school division would cost approximately $150,000.00.

- An additional guidance counselor will cost approximately $50,000.00 which is a total of salary and benefits.
- Our local composite index is 0.2950, which is compiled by the state, and is the amount our locality must pay toward the 2019-2020 School Budget. Revised composite index figures are provided every two years and we are in year two of the current rate.

Mr. McMillan stated we are very early in the budget process as the House and Senate budgets will be forthcoming. He noted the General Assembly is scheduled for a short session this year which should have them adjourning in mid-to-late February. He affirmed he would keep the Board apprised as additional budget information is received from the state.

Mr. Waddell noted the state does not use current ADM numbers for budget projections. Their figures are generally two to four years old.

ACTION ITEM

Consideration of Request for Admission as Out-of-County Tuition Student for 2018-2019

It was moved by Mr. Smith and seconded by Dr. Smith to approve the admission of an out-of-county tuition student for the 2018-2019 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 5)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report; and employees #357 and #346.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended, and student #52826.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Ms. Hall to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 6)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Dr. Smith to approve the personnel report as amended and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 7)

Approval of Student Number 52826

It was moved by Mr. Smith and seconded by Dr. Smith to place Student Number 52826 at the Rivermont School pending an IEP meeting and arrangements with Rivermont. In the interim, this student's bus privileges were revoked and the IEP team will determine alternative arrangements for transportation. By unanimous voice vote, the motion was approved.

NEXT MEETINGS

The Appomattox County School Board will conduct VSBA (Virginia School Boards Association) Board Training on Friday, January 11, 2019 from 9:30 a.m. to 2:30 p.m. at The Appomattox Inn and Suites at 447 Old Courthouse Road in Appomattox, Virginia.

The next Regular Monthly Business Meeting of the Appomattox County School Board will be held Thursday, January 24, 2019 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent had no communication items at this time.

Communication Items from Board Members

There were no communication items from Board Members.

RECOGNITIONS

Dr. Bennett took great pleasure in recognizing the following staff members:

Principals -

Virginia School Principals Appreciation Week: January 20-26, 2019:

Mrs. Allison Maxwell - Appomattox Primary School
Mrs. Karen Cyrus - Appomattox Elementary School
Dr. Cheryl Servis - Appomattox Middle School
Dr. Poldi Moreno - Appomattox County High School

Dr. Bennett stated the role of the principal as the instructional leader of the school is critically important to ensure students are provided the opportunity to learn and reach their maximum academic potential. Our principals work diligently to help students and teachers excel. Their leadership and hard work are essential to the success of Appomattox County Public Schools.

On behalf of the School Board, the Chairman presented Certificates of Special Recognition to the principals listed above and thanked them for their commitment to Appomattox County Public Schools.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the December 31, 2018 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,153 students. This compares to a budgeted ADM of 2,175. (See Attachment # 18)

VSBA and NSBA Activities

VSBA Board Training for Appomattox County School Board Members and the Superintendent was conducted, Friday, January 11, 2019 at The Appomattox Inn and Suites during which time the Appomattox County School Board Governance Norms and Protocols were revised. (See Attachment # 19) Ms. Hall stated she enjoyed the training session and noted it was one of the best. She also thanked Dr. Bennett for preparing the book "What Every New Board Member Needs to Know About Their School System in Appomattox County." Mr. Smith stated the meeting was helpful in keeping Board Members focused on their role. Dr. Smith noted the meeting was beneficial as it assists the Board in working as a team. Dr. Bennett reported VSBA will conduct another training session on January 10, 2020.

VSBA will conduct a Hot Topic Conference in Wytheville on March 13, 2019. The registration fee is $160.00 and the deadline is March 1, 2019.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the following Business Update:

1. Quarterly Financial Report – Expenditures were within the targeted area as our ADM (Average Daily Membership) has decreased and we have "tightened our belts" to compensate for the corresponding decrease in revenue. (See Attachment # 20)

2. 2019-2020 Budget Update – A budget timeline was presented. (See Attachment # 21) We are hopeful the state will release final budget information prior to the February 28th School Board Meeting and scheduled Public Hearing on the FY 2020 School Budget. Tentatively, the School Board is scheduled to approve the 2019-2020 School Budget at their March 28th meeting.

Dr. Bennett mentioned she and Mr. McMillan had discussed the possibility of moving the Joint Meeting of the School Board and the Appomattox County Board of Supervisors from February 12, 2019 to March 14, 2019 as more definitive budget information should be received by the March date. Board Members were in favor of this change. The superintendent stated she would discuss this possible date change with the County Administrator.

School Showcase: Appomattox County High School

The superintendent indicated she requested the principals include School Improvement Plan updates and Raider Aid in their School Showcase

presentations this year. She then introduced Dr. Poldi Moreno, Principal of Appomattox County High School (ACHS) who presented the first School Showcase for the 2019-2020 school year.

Dr. Moreno shared an inspiring video which depicted students thanking teachers who have had a positive impact on their lives. He also provided a PowerPoint Presentation highlighting progress on the ACHS School Improvement Plan as follows: (See Attachment # 22)

- Reduced Absences - The attendance rate is currently at 92% compared to 85% at this time last year. Over 2,700 parent contacts have been completed, in an effort to reduce student absences.

- Positive Climate – "We Are Appomattox" shirts are presented to students when they are caught doing something positive.

- Instructional Coaching – Co-teaching lessons and a pineapple chart for peer observations have been initiated to strengthen the instructional program.

- Community Relations – The implementation of Coffee/Tea with the Admin and Raider Aid have been positive additions.

- Professionalism – The Google Team recently attended a week of training and will soon be presenting what they learned to the entire staff.

The Board thanked Dr. Moreno for his excellent report concerning Appomattox County High School.

Report from ACHS Facilities Committee Meeting of December 19, 2018

Dr. Bennett reported the first meeting of the ACHS Facilities Committee was held December 19, 2018. Mr. Waddell, Rev. Jones, and Dr. Bennett represented our school division. Mr. Sammy Carter, Mr. Watkins Abbitt, and Mrs. Susan Adams were in attendance on behalf of the Board of Supervisors as well as Mr. Bill Gillespie who has been hired by the county to assist with this project. Mr. Waddell stated Mr. Gillespie had a copy of the plan Mr. Blair Smith presented in 2013. Mr. Gillespie requested updated information concerning class size, numbers, and departments. Dr. Bennett stated this information had been sent to Mr. Gillespie. The results of the meeting were encouraging as the Board of Supervisors have indicated they want to move forward with the high school renovation project as soon as possible. Mr. Waddell noted the next meeting will be held January 30, 2019 and he would not be able to attend.

Report from XLR8 STEM Academy Board Meeting of January 22, 2019 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representative to the XLR8 STEM Academy Board, reported the January 22, 2019 meeting was cancelled and had been rescheduled for February 12, 2019.

2019-2020 Budget Goals and Budget Work Session

Dr. Bennett reviewed the following 2019-2020 budget goals that had been suggested during several previous meetings:

1. Increase teacher compensation
2. Payment toward cost for students enrolled in CTE dual enrollment classes
3. Facility improvements

She requested further suggestions or comments from the Board as this was also included in the agenda as an action item. Mr. Waddell recommended adding wording to the first item that would keep health insurance whole. It was the consensus of the Board to follow the suggestion of the Chairman.

ACTION ITEMS

Consideration of Adoption of 2019-2020 Budget Goals

It was moved by Mr. Smith and seconded by Dr. Smith to adopt the 2019-2020 Budget Goals as amended and recommended by the superintendent:

1. Increase teacher compensation/hold harmless costs for employee health insurance
2. Payment toward cost for students enrolled in CTE dual enrollment classes
3. Facility improvements

By unanimous voice vote, the motion was approved.

Consideration of Approval of Proclamation Designating February 16-23, 2019 as National FFA Week

It was moved by Mr. Smith and seconded by Dr. Smith to approve the proclamation designating February 16-23, 2019 as National FFA Week in Appomattox County Public Schools as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 23)

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETINGS

An Interim Meeting of the Appomattox County School Board is scheduled on Tuesday, February 12, 2019 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia. This may be followed by a Joint Board Meeting with the Appomattox County Board of Supervisors at 5:30 p.m. in the same location.

A Regular Monthly Business Meeting and Public Hearing on the 2019-2020 School Budget will be held Thursday, February 28, 2019 at 5:00 p.m. in the Board of Supervisors Meeting Room at the Appomattox CVCC Satellite located at 171 Price Lane, in Appomattox, Virginia. Mr. Smith stated he will be a little late arriving for this meeting.

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia, 1950, as amended, in particular for review of the personnel report.

2. Discussion of plans to protect public safety as it relates to specific cybersecurity threats or vulnerabilities and briefings by staff members or legal counsel, concerning actions taken to respond to

such matters pursuant to Section 2.2-3711 (A) 19 of the Code of Virginia, 1950, as amended; and

3. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711 (A) 2 of the Code of Virginia, 1950, as amended, specifically the monthly school discipline reports and student #12012.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel, public safety, and student disciplinary matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Dr. Smith to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by Board Members, and recorded by roll call vote. (See Attachment # 24)

Kid's Heart Challenge Comes to a Close

There's still a little time left to join our Kid's Heart Challenge! It closes Friday, March 1st. Go to http://american.heart.org/kidsheartchallenge/ and join Appomattox Primary School to donate online. It's a great cause and kiddos can earn prizes along the way. Our school goal is $5,000. As of Monday, we've earned $4,589. Please donate online or make checks payable to: American Heart Association.

Library News

We are excited about our upcoming Book Fair the week of March 18 - 22! An amazing selection of books is headed our way! Students should bring their money to purchase books the same day their class visits the Book Fair which will be their regular library day. Flyers and more details will be sent home for parents and students to preview.

PTO News

APS Family, be on the look out for more information on our spring fundraiser. We will be having a CASH RAFFLE! Thanks in advance for your support. As always, your donations will be used to benefit your students and staff. Current goals include continuing to provide classroom rugs and books for each child on their birthday and at the end of the year. We also hope to continue supporting each grade level with special activities, purchase new playground equipment, and provide an outside dining area with picnic tables. Your donations help make this possible!

This month, I, along with our teachers and staff, would like to honor the memory of our bookkeeper, Amy Wallen. Amy died of cancer February 8th. She served as a bright light here at APS and had a smile and a word of encouragement for our little ones as they visited our office. She lived with great courage and will remain an inspiration to our staff. In the month of March, be looking for opportunities to help our staff honor her memory through fundraisers and events. Proceeds from our March events will be donated to the American Cancer Society in Amy's honor.

THE RAIDER REPORT

Appomattox Elementary School
March 2019

Principal-Karen Cyrus
Assistant Principal-Jason Bowyer

"AES Raider Pride: We Dream, We Believe, We Achieve!"

Principal's News

We are "Marching" into March! How did we get here so fast? I think it is because so many great things are happening at Appomattox Elementary School that time just flies! This month, we will be embarking on our second annual adventure with "Virginia Reads One Book," which is a collaboration with the Virginia Council of Economic Education, the Virginia Bankers Association, the "Read to Them" Foundation, , and the Washington Redskins Charitable Foundation. We will be reading the book, *Cleo Edison Oliver: Playground Millionaire* and students will have the opportunity to hear mystery guest readers from all around us. Our local Farmers' Bank will collaborate with us as we seek to give students exposure to the world of finance through literature.

This month also brings us an opportunity to see our fifth graders shine in their musical performance at our March 12th PTO program. They have been practicing nostalgic "rock and roll," and they are excited to present to you! I think this is the largest group of fifth graders we have ever had sign up to perform, and we cannot wait! These fifth graders are also gearing up for their start in middle school as they have been choosing their Encore class selections for next year.

March is the month when we are working VERY HARD to prepare for the upcoming Standards of Learning assessments, which will begin right after we return from Spring Break (the first week in April!) Please continue to have those high expectations for your child. Make sure they are doing their homework, as this is intended for independent practice and review. It helps to build their confidence with the skills they are learning. We know that, together with our families, our students will be successful and strong!

THE RAIDER REPORT

3rd Grade

This nine-weeks has been a very busy one, and we are looking forward to heading toward the 4th Nine weeks! For the upcoming month of March, we will continue to work hard and be busy. In Math we are beginning our unit on Measurement, and in Science we are working on Matter. Once we have completed Science, we will move to Social Studies to work on Civics & Government and Economics.

In Reading we will be working on higher-level of thinking skills. We will also be learning about making inferences and drawing conclusions about non-fiction texts. Your child should now be in the habit of actively and critically thinking as they read. Practice this by asking questions about what they are reading at home. These questions usually begin with the words "why" or "how". Practicing these skills will help to strengthen comprehension and build strong readers. In Writing we will finish up informational writing and research projects, and will soon move on to persuasive writing.

4th Grade

In Reading, we will be working on fact and opinion. Afterwards, we will start on reference materials. If you have a dictionary at home, it would be great practice for your child to do speed searches and to look at it with an adult to help them become more familiar with it. Our last SOL topic will be formulating questions, while going back into the passage to find exactly where specific information is located. After that we will be reviewing for our SOLs coming up in April!

In Math, we just finished up working with fractions. Fractions was a very difficult unit for most of the grade, so if you could continue with extra help at home that would be greatly beneficial. We now will be learning about decimals, including comparing and rounding, their place value, and adding and subtracting them.

In VA Studies, we have just started with Reconstruction, then we will be working on Modern Virginia.

5th Grade

The fifth graders have been given the opportunity to build habitats for their mealworm critters and have been thrilled with journaling on their Ipads with the progress each mealworm is making! They have named their critters and measured them and made observations as they tapped near the mealworm, blew on their mealworm, and dropped water on them!

In Math, we are currently studying the metric system and converting some of those measurements from kilometers to meters and meters to centimeters. Parents can help to practice this at home by looking at medicines and food items to see how they are packaged and the amount of each item by checking their labels to see the differences in metric system amounts. Elapsed time is also being taught and reviewed with students by creating charts for the hour and minutes. Please use elapsed time in your conversations while traveling with your children. For instance, when you are leaving at 9:30 am for the basketball game, and then when you arrive, state the time of your arrival at 10:42 am and, work together to figure out how much time has passed. Our next Math unit will be on geometry where we will measure angles and triangles and use geoboards. Toothpicks and marshmallows will be used to make quadrilaterals for better visualization.

We can't wait to get started with the VA Reads One Book challenge in March!! Every student will be given the same book to read and follow along! Wonder which great book we will be reading?????

We are looking forward to our upcoming Virginia Beach field trip on March 29th!

CLINIC NEWS

We need your help! When the kids spill their milk or fall on the playground, we need extra pants for them to change into so they don't have to ask mom to bring them. We are desperately short of pants, in all sizes. If you have any to donate, <u>we would be most grateful</u>. If your child has worn a pair of our pants home after a spill, please wash and return so we have them for other accidents.

Physical Education News

Our Kids Heart Challenge event took place on Friday, February 1st, during resource classes. This event is held to raise money for the American Heart Association, which funds lifesaving heart and stroke research and community and educational programs for our youth. We teach students how physical fitness benefits the heart and shows them that volunteering can be a fun and positive experience for the whole community.

Our school raised a total of $2,658.00 and 5th grader Landon May was our top fundraiser. He collected $385.00 in donations, way to go Landon! Students that collected donations and earned "thank you" gifts from the American Heart Association will receive their gifts in approximately 4 weeks.

Thanks for your support in this worthwhile cause to help children and adults fight heart disease and stroke. We appreciate you encouraging your child to give back to his/her community by actively participating in this event.

Read Across America Week

"You're never too old, too wacky, too wild, to pick up a book and read to a child."

March 2nd is Dr. Seuss's Birthday! What better way to celebrate than a week of reading! The week of March 4th-8th we will be having wacky and wild reading activities to celebrate!

Monday, March 4th – Cat in the Hat-We will celebrate Dr. Seuss' Birthday by wearing red and black or dressing like the cat or possibly a Thing 1 or Thing 2.

Tuesday, March 5th – *Green Eggs and Ham* – What would you do if you were served green eggs? Wear green and read one of Dr. Seuss' most famous books!

Wednesday, March 6th – *The Lorax* -Wear jeans and any brightly colored shirt to look like the beautiful Truffula Trees.

Thursday, March 7th – *Oh the Places You'll Go* – Where have you been? Wear a shirt that shows one of the cool places you have been, or hope to go!

Friday, March 8th – *Horton Hears a Who* - We will relax and read all day! Wear your most comfortable pajamas and bring your slippers.

2019 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2019 VSBA Southern Region Spring Network Forum on March 18, 2019 at Liberty Middle School.
This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Certificates will be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.
New this year: A savings bond to all first-place winners will be provided by an anonymous donor. VSBA staff will follow up with the winners once they are selected.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Tuesday, February 12, 2019 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Division Superintendent Dr. Annette A. Bennett.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the pledge of allegiance and a moment of silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Dr. Smith to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

2019-2020 Budget Update and Discussion – Budget Work Session

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided the following information: (See Attachment # 1)

- The House and Senate of the Virginia General Assembly passed their budgets this past week.
- A review of historical ADM (Average Daily Membership) data.
- The Governor based our budget on an ADM of 2118 students. Mr. Waddell was of the opinion this figure was too low.
- A recommended ADM of 2135 students was presented by Mr. McMillan. Mr. Waddell was in favor of this figure.
- A review of state funding from three proposed budgets: Governor's Budget, House Budget, and Senate Budget.

At this point in the meeting, it was necessary for Rev. Jones to leave as he had another obligation he needed to fulfill.

- A one percent salary increase for all employees is approximately $150,000.00 with a two percent increase being approximately $300,000.00.
- A one percent increase in health insurance is approximately $17,000.00 and a five percent increase is approximately $85,000.00.
- A meeting with our health insurance company will be held within the next several weeks to review claims for the first four months of coverage.
- The Governor's Budget and Senate Budget calls for a teacher pay increase of three percent from the state plus two percent from the locality for a five percent total increase effective July 1, 2019. The House Budget calls for the identical increases but the effective date is January 1, 2020.
- A name change from guidance counselors to school counselors, with the ratio of counselors to students improving and requiring a lower number of students assigned to each counselor in the budgets from the Governor and House. The Senate Budget provides two-thirds less money and calls for 250 additional counselor positions. Depending on how this is finalized, our school division may need to hire an additional counselor or a half position.
- The Governor's Budget calls for the state to provide funds to continue the Virginia Preschool Initiative Program and grants that had previously been funded by federal funds. The Senate Budget provides partial funds and the House Budget includes no funds for the program. Our school division currently has three classes for four-year-old students.
- The state should finalize their budget by February 23, 2019.
- We have conducted budget meetings with principals and supervisors to review items they would like to add as well as those they could do without, if necessary. A cost-list of this information will be compiled.

The superintendent reviewed the following budget goals approved by the Board at their January 24, 2019 meeting:

1. Increase teacher compensation/hold harmless costs for employee health insurance
2. Payment toward cost for students enrolled in CTE dual enrollment classes
3. Facility improvements

Dr. Bennett stated we will do our very best to accomplish these goals while also addressing several new areas such as school counselors and the need to provide support for the increased English/Language student population. She requested comments or guidance from the Board concerning the 2019-2020 School Budget.

Mr. Smith was in agreement with Mr. Waddell to use a budgeted ADM of 2135 students.

Dr. Bennett stated a draft budget will be presented to the Board at the February 28, 2019 Board Meeting.

ACTION ITEMS

Consideration of Approval of Conducting Joint Board Meeting on March 14, 2019

It was moved by Mr. Smith and seconded by Dr. Smith to approve conducting a Joint Meeting of the Appomattox County School Board and the Appomattox County Board of Supervisors on Thursday, March 14, 2019 at 6:00 p.m. in the School Administration Building, pending approval of this date and time by the Appomattox County Board of Supervisors. By unanimous voice vote, the motion was approved.

Consideration of Overnight Trip Request

It was moved by Mr. Smith and seconded by Dr. Smith to approve the in-state overnight trip request as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employee #208.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Dr. Smith to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 3)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 4)

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Bennett shared an email she received from the County Administrator, Mrs. Susan Adams, thanking Mr. Timmy Garrett, Maintenance Supervisor for Appomattox County Public Schools, for the assistance he provided to the Appomattox County Board of Supervisors during their Public Hearing which was held at Appomattox County High School on February 19, 2019.

The superintendent reported Mrs. Amy M. Wallen, bookkeeper at Appomattox Primary School, passed away February 8, 2019. Mrs. Wallen had been employed with our school division since July 2017. On behalf of the School Board, a contribution was submitted to the Appomattox County Education Foundation in her memory, flowers were sent to her memorial service, and a card was mailed to the family. We acknowledge the contributions Mrs. Wallen made to our school division and extend our deepest sympathy to her family.

Communication Items from Board Members

Mr. Waddell shared the two following links concerning pertinent information regarding our school division which is posted on the Virginia Department of Education website:

VSBA School Board Appreciation Month:

The Virginia School Boards Association (VSBA) has designated February as their annual observance of School Board Appreciation Month.

The time spent in board meetings represents just a small fraction of the hours school board members spend leading in our school division. They also work hard at seminars and training sessions to keep abreast of the latest trends in educational leadership, are deeply involved in community activities and spend many hours in the schools and at extra-curricular events. Their love for learning, and concern and caring for students, staff and community, drives their desire to lead so students can achieve.

Appomattox County Public Schools took great pride in recognizing the following members of the Appomattox County School Board for their service and dedication to public education:

Mr. Bobby K. Waddell, Chairman
Mr. Gregory A. Smith, Vice-Chairman
Rev. Alfred L. Jones III
Ms. Cynthia L. Hall
Dr. Wendy Hageman Smith

Dr. Bennett presented special certificates of recognition to each School Board Member.

VSBA School Board Clerk Appreciation Week

The Virginia School Boards Association (VSBA) also designated the third week of February as School Board Clerk Appreciation Week. The Board recognized **Brenda F. Gowin**, Clerk for her dedicated service and presented her with a certificate of recognition and a beautiful plant as an expression of their appreciation.

Superintendent's Presentation of Proposed 2019-2020 School Budget

The Superintendent's Presentation of the Proposed 2019-2020 School Budget included the following highlights: (See Attachment # 10)

- 2019-2020 Budget Goals
  - Increase employee compensation
  - Pay for any increase in health insurance costs
  - Increase financial support of CTE Dual Enrollment Courses
- About Appomattox County Public Schools:
  - 2170 Students
  - 380 Employees
- Teaching Positions
  - 8 less teaching positions from 2008-2009 to 2018-2019
  - Average teaching positions during the past 10 years = 178.5
- Cost of Living Employee Compensation Increases
  - 10 year average increase = 1.2%
- Average Daily Membership
  - 2161 = Current ADM
  - 2118 = VDOE Projected ADM
  - 2135 = Budget Based on this ADM
- State Revenue – General Assembly
- Major School Division Needs
  - 2% salary increase
  - Cover increase in health insurance
  - Increase payment for all CVCC related classes including CTE
  - Two additional Special Education Teachers
  - One additional ELL (English Language Learners) Teacher
  - School Counselors – name change from Guidance Counselors; continuing to watch for information coming from VDOE concerning counselor/student ratio that could potentially create a need for an additional counselor position or a portion of a position.
- Per pupil state funding = Approximately $7,300.00 per student
- Amount of local money provided for 2018-2019 = $5,966,215.00
- Amount of local money needed for 2019-2020 = $5,966,215.00
- Next Steps
  - March 14 – Joint Board Meeting
  - March 28 – School Board to approve 2019-2020 Budget
  - March 29 – Send ACPS 2019-2020 Budget Request to Board of Supervisors
  - April 29 – County approves their budget prior to our Joint Board Meeting

Mr. McMillan noted capital improvements and school buses are still in our plans should revenue allow for these expenditures.

Dr. Bennett stated she met with Mrs. Susan Adams, Appomattox County Administrator, earlier in the day and she appeared encouraged that the Board of

Supervisors might be able to work with our school division to provide level funding for the upcoming budget year.

The superintendent also noted the impact of our ever changing Average Daily Membership (ADM). She stated our ADM was 2118 students on September 30, 2018 and as of this meeting it had increased to 2170.

Mr. McMillan explained our actual state revenue for the 2018-2019 school year has been based on our September 30, 2018 ADM. The state will also look at the March 30, 2019 ADM to see if adjustments should be made to our state revenue for the year. Our current student numbers indicate we should see an increase in state revenue following the completion of the March 30, 2019 ADM Report.

Mr. Waddell noted the increase in our student population at the time the March 30th ADM Report is submitted to the state is validation of increased state revenue and the need for end-of-year spending.

PUBLIC HEARING ON PROPOSED 2019-2020 SCHOOL BUDGET

The Chairman opened the floor for the Public Hearing on the Proposed 2019-2020 School Budget. As there were no speakers, Mr. Waddell declared the Public Hearing closed.

Membership Report

The superintendent provided the January 31, 2019 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,161 students. This compares to a budgeted ADM of 2,175. (See Attachment # 11)

VSBA and NSBA Activities

VSBA will conduct a Hot Topic Conference in Wytheville on March 13, 2019. The registration fee is $160.00 and the deadline is March 1, 2019.

VSBA will conduct an additional Hot Topic Conference in Charlottesville on April 22, 2019. The registration fee is $165.00 and the deadline is April 5, 2019. Mr. Waddell and Dr. Bennett are registered to attend.

The 2019 VSBA Southern Region Spring Network Forum will be held at Liberty Middle School in Bedford on Monday, March 18, 2019. Registration and

tours begin at 4:30 p.m. with the meeting beginning at 5:30 p.m. Mr. Waddell, Mr. Smith, Rev. Jones, Ms. Hall, Dr. Smith, and Dr. Bennett are registered to attend.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, did not have any business updates to present at this time.

2019-2020 School Calendar Recommendation

Dr. Amy Huskin, Director of Curriculum and Instruction, presented the 2019-2020 School Calendar Committee recommendation that Wednesday, August 7, 2019 be the first day for students for the 2019-2020 School Calendar. She stated the Calendar Committee recommendation was based on teacher feedback. The superintendent noted this was also included in the agenda as an action item.

Report from Central Virginia Governor's School Board Meeting of February 6, 2019 by Mr. Greg Smith

Mr. Smith, Board Representative to the Central Virginia Governor's School Board, shared the following information from their meeting of February 6, 2019: there will be no tuition increase for 2019-2020, next year's calendar has been approved, Bedford is picking-up two new slots, the selection of next year's students should be completed by March 29, 2019, and the next meeting will be conducted on March 6, 2019 at 4:00 p.m.

Report from LAUREL Board Meeting of February 6, 2019 by Ms. Cynthia Hall

Ms. Hall, Board Representative to the LAUREL Board, reported on their meeting of February 6, 2019. Ms. Hall was pleased to report everything is going well at the Laurel Regional School. She stated the LAUREL School is located in Lynchburg, Virginia and assists disabled students from the counties of Campbell, Appomattox, Amherst, and Bedford as well as the City of Lynchburg. The annual budget is approximately $3.8 million and the school serves 122 students, with 4 of those students from our school division.

Report from XLR8 STEM Academy Board Meeting of February 12, 2019 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representative to the XLR8 STEM Academy Board, reported on their meeting of February 12, 2019: CVCC placement tests are now being used rather than PSATs, tuition will increase to

$5900.00 per student, five new slots are available, and they have a 3D printer for metal.

Report from ACHS Facilities Committee Meeting of January 30, 2019

Dr. Bennett reported the ACHS Facilities Committee Meeting was held January 30, 2019. Rev. Jones, and Dr. Bennett represented our school division. Rev. Jones reported the committee is enthusiastic about getting the project underway. It was noted we need to have someone who is looking at our curriculum to ensure we have what we need in our core areas. Dr. Bennett stated we are conducting program planning for CTE and core spaces. It has been discussed with Mr. Gillespie and Mrs. Adams that we will need adequate planning and we have requested a timeline from Mr. Gillespie. Dr. Bennett noted the prospect of renovating the high school is exciting and we are making progress. The next meeting will be held March 27, 2019.

Discussion of Division Out-of-County Tuition Charges for 2019-2020

Dr. Bennett provided the Board with a copy of Policy JEC-R – Student Admission which requires the tuition rate for out-of-county students to be set by the School Board for each academic year. She noted a multi-child discount had been mentioned by a parent at a recent Parent Advisory Committee Meeting. Dr. Bennett provided the out-of-county tuition charges from the surrounding school divisions (See Attachment # 12) and requested guidance from the Board concerning the tuition rate for the upcoming 2019-2020 school year.

It was the consensus of the Board to keep the rate at $1,000.00 per student for the upcoming school year

Dr. Bennett noted the Board will be requested to take action concerning the 2019-2020 tuition rate later during the meeting as an action item.

2017-2018 CTE Annual Performance Report for Appomattox County Public Schools

Mr. Edward McCann, CTE Coordinator for our school division, reviewed the 2017-2018 CTE Annual Performance Report for Appomattox County Public Schools. (See Attachments # 13 & # 14) He was extremely pleased to report the students in our school division greatly exceeded the CTE State Performance Standards in all aspects of the data released by the Virginia Department of Education.

Request from ACHS After Prom Party Committee

Dr. Bennett reported the prom for Appomattox County High School (ACHS) will be held Saturday, April 27, 2019 at Tresca on 8th in Lynchburg, which is the same location as last year. The After Prom Party will follow at Putt-Putt on Timberlake Road in Lynchburg. For a number of years, the Board has contributed $1,000.00 to this worthy event for our students. Dr. Bennett stated this was included in the meeting agenda as an action item.

Discussion of March 28, 2019 Tour of School Facilities

The Board is scheduled to tour school facilities on Thursday, March 28, 2019 from 11:30 a.m. until 3:00 p.m. As the middle and high schools were included in the tour of school facilities last fall, the Board will be visiting the primary and elementary schools this spring as well as the Appomattox Alternative Education Center and the Maintenance Department. Board Members were reminded that other elected officials would not be included in the March 28th tour but will be invited to the half-day tour of school facilities in September, 2019. A draft of the March 28, 2019 tour schedule was provided to Board Members for their review and suggestions. There were no special requests from the Board to include particular programs in the tour.

Discussion of March 14, 2019 Joint Board Meeting

The superintendent stated she will provide a similar presentation at the March 14, 2019 Joint Meeting with the Appomattox County Board of Supervisors as the one she provided to the Board at this meeting concerning the 2019-2020 School Budget. She noted Mr. Gillespie will also provide an update concerning the renovation of the high school and recommendations will be provided to establish end-of-year spending guidelines and textbook purchases.

"AES Raider Pride: We Dream, We Believe, We Achieve!"

Principal's News

As we enter April, I am hoping that the May flowers come early, and the April showers stay away! We begin the month with Spring Break, and we hope our students will enjoy some time outside as the weather warms and the ground dries! When we return, we will begin our standardized testing. How and why do we use these tests, and how can our families support their children in this process?

1. The Standards of Learning Assessments in Virginia are designed to give a picture of the skills a child has learned to do independently during the school year. Because we test all students in Reading and Math, we can use the information to help us evaluate our instructional programs in order to make improvements. The same is true of History in grade 4 and Science in grade 5.

2. The results for testing help us determine if our students need additional supports in any particular subject. Using the information provided, we can diagnose strengths and weaknesses. While these tests come at the end of the year, we can use what we learn about any student to help plan for needs for the following year.

3. No standardized test tells us everything we need to know about a child's progress. Observations in the classroom, classwork, homework, parent conferences, and instructional tests and quizzes help paint a bigger picture so we can do the best job possible for all students.

What can families do to help?

a. Get involved in homework so you can help with any weaknesses that you see and can alert the teacher of your concerns

b. Make sure your children are getting plenty of sleep and are eating a healthy breakfast. This is particularly important for testing days.

c. Encourage your children to do their best, and let them know that you have confidence in them!

Because a test measures what a child does on the day the test is given, it is important to know that results can vary, depending on whether a child is trying his or her best or is feeling well that day. In both math, reading, science and history, there are important strategies to use. Is the child working out the math problem, or trying to guess? Is the child reading carefully or rushing? Is the child checking back over his or her work for mistakes? Are they reading the directions first? If the test results are going to give us accurate information about a child's progress, it is important for the child to do his or her best.

No test is perfect, but with your help and involvement, your child will be well on his or her way to a bright future!

3rd Grade

We cannot believe that we have entered into our 4th Nine weeks of 3rd grade! This 4th nine weeks is going to be packed full of learning and a Fieldtrip to Thomas Jefferson's home Poplar Forest. This trip is planned for Wednesday, April 10th (downstairs 3rd grade) and Thursday, April 11th (upstairs 3rd grade). Permission slips should have come home with your child on March 21 in their Green or Yellow folder. The cost of the trip is $5.00 for students and MUST be turned into your child's homeroom teacher NO LATER than Friday, March 29.

We are also busy in preparation for teaching our final units in all subjects. SOL time is quickly approaching and soon your child will have the chance to SHINE! We begin testing at AES this month! See information from the school about schedules and look for information from your child's teachers about specific testing dates.

As we approach this time, please continue to work with your child on skills and strategies they have learned throughout the school year. Also make sure they get to bed each night early, eat a good breakfast and be prepared each day. Thank you for all that you do to support us and your child's education!

4th Grade

Fourth graders are wrapping up their final reading unit, "formulating questions." After completing this unit, students will review all reading skills for the upcoming Reading SOL test. Persuasive writing instruction will continue this grading period along with poetry writing. Students will focus on "subject/verb agreement" in grammar, and they will continue to work on spelling words at their instructional levels. Spring is here, so encourage students to stay focused and finish the school year strongly!

We will be busy learning all about the 20th and 21st Century and Modern Virginia in History. In math, they will be studying metric and US customary measurement, and then learning about graphs and probability.

5th Grade

In 5th Grade, we just can't believe how fast the end of the year is approaching! We are excited to soon be 6th graders, but are looking forward to celebrating with year-end activities. At the end of March, we had our field trip to the VA Beach Aquarium and did a dolphin boat tour, which was amazing! It really made our Science Ocean Life SOL's come to life. In Reading, we finished up our Poetry and Word Knowledge Unit and have already begun year-end/SOL review, as the Reading SOL test is first up. In Math, we are finishing up our Geometry Unit and will also begin year-end review. The plant unit was plant-tastic in Science, and we have enjoyed watching the actual life cycle of multiple butterflies in our classrooms. Now, to study hard and rest up to do well on our SOLs! Then, in May we can celebrate our 5th grade successes with Graduation and End of the 2018-19 school year festivities!

Parent Notification Letter
Assignment of Teacher for More than Four Weeks
not Meeting Certification/Licensure Requirements
As Required Under the *Every Student Succeeds Act of 2015*

Dear Parent,

On December 10, 2015 the *Every Student Succeeds Act of 2015 (ESSA)* was signed into law. Section 1112(e)(B)(ii) of the law states that any school that receives Title I funds must inform parents if their child is assigned a teacher for four or more consecutive weeks who does not meet applicable state certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

As of 2/15/19, your child's library media specialist, Mrs. Katie Driskill, has not met the state certification/licensure requirement for library media specialist. She is currently working to meet the necessary requirements.

If you have any questions regarding Mrs. Driskill's qualifications, please feel free to contact Mr. Bruce McMillan at 434-352-8251.

Sincerely,

Karen Cyrus

Raider to Raider Mentoring Program

Carolyn Lawson, AES School Counselor

Thanks to students from Appomattox County High School, some AES third grade students have experienced the Raider to Raider mentoring program this school year. Each Wednesday, high school students travel over to AES and visit with some third grade students. They have discussion questions each week followed by an activity time. The discussions and activities have centered around topics such as study skills, friendship issues, doing your best in school, making good decisions, career choices, and getting to know each other.

AES student comments about the program have included: "They teach us about football". "it is good to see friends." We learn from them." "They give good advice."

We appreciate the older students sharing their experiences and advice with our "little Raiders".

Principals Post

Happy spring,

It is very hard to believe that the third nine weeks is complete and we are just days from spring break. Our students and teachers are working hard to finish their curricula and begin their review for SOL testing.

Our eighth grade students have taken the Writing SOL test. We can't wait to get the results!! The rest of our student body will complete SOL testing during the month of May. You will receive dates and times as we get nearer to testing. Please help students perform their best by making sure they receive a good night's sleep, eat a filling and healthy breakfast, and get to school on time. Please remind students that while we want them to do their best, the SOL test is one test on one day. Their score has never and will never define them. We look forward to having our students amaze us during testing with all they have learned this year.

As you are working with your student at home, please remind them how important it is in life to have grit. Our students are amazing individuals. There's not much they can't accomplish if they believe in themselves and are willing to put in the hard work. Remind them that their teachers are here and willing to help them at any time. Encourage them to seek assistance when they feel they need it. And most importantly to never give up on themselves.

Please feel free to call AMS with any concerns or questions you may have now or at any point during the school year. Our students will accomplish great things with parents, students, teachers, and administrators working together.

We are the Raiders and we don't' stop until we're proud!!

Sincerely,

Cheryl Servis, Ed.D.

AMS FFA Holds Family Movie Night

On January 25, 2019, AMS FFA hosted a family movie night for FFA members and their families. Family members were invited to watch *The Greatest Showman* and their families were given a discussion guide with questions to follow up the movie and spark family conversation. AMS FFA would like to thank all of the families that attended this event.

Spelling Bee

On February 14, 2019, twenty-three Appomattox Middle School students, across grades 6-8, competed in the AMS School-Wide Spelling Bee. These students had previously won their classroom spelling bee to advance to this bee. After thirteen rounds, Shankia Burrell, an eighth grade student, earned runner-up and Ryan Hall, a seventh grade student, emerged as the 2019 AMS Spelling Bee Champion. Hall will advance to the Regional Spelling Bee held at Dunbar Middle School on March 9, 2019. AMS English teachers want to commend all participants for their hard work and effort; we are very proud of your accomplishments.

GUIDANCE NEWS

Mrs. Cooter has completed a week-long career and scheduling conference with all 8th grade English classes. As a part of the guidance career unit covered in Ms. Gilliam, Ms. Ulmer, and Ms. Williams' classes, each student has planned his or her choice of subjects for the 9th grade academic year. In the career unit, Mrs. Cooter discussed with your child the graduation requirements and his or her career plans in preparation for making more informed class choices at the high school.

Additionally, Mrs. Cooter has conducted an individual career conference with every 8th grade student. In addition to the topics stated above, students reviewed future educational plans, the sequencing of courses at the high school level, SOL verified credits, The Profile of a Virginia Graduate, and both the advanced and standard diploma types. Each student was given a packet of information to serve to share with parents and guardians.

Registration sheets have been delivered to the high school. The 9th grade counselor will be developing your student's schedule over the next few months. Should you have questions or concerns feel free to call or email Mrs. Cooter. She may be reached at 352-2135 ext.4209 or at dwcooter@acpsweb.com

WHEN FRIENDS FIGHT: THE IMPORTANCE OF "I'M SORRY"

No fight can end, and no friendship can move on, until everyone says these two little words. Sometimes, though, they can be difficult to say. Here are some things to keep in mind:

It's not about winning

Friendships aren't like the Super Bowl, and there should never be a winner and a loser. When you start fighting with a friend, it may feel important that you "win" the fight by proving you're right and he's wrong, or by making him be the first to apologize.

In reality, you'll BOTH LOSE if you let the fight ruin your friendship, and you will BOTH WIN if you find a way to heal it.

Put aside your pride

You may have heard the expression "His pride stood in the way." This phrase is usually used to describe a person who is so determined to be "right" that he lets an opportunity for happiness pass him by forever. Don't let this happen to a friendship you care about. Remember: as time goes on, we usually forget about who was right and who was wrong in a disagreement, and only remember the sadness of losing a friend.

Take the first step

Are you sick of fighting? Do you thing this fight is just not important enough to ruin your friendship? Then try being the first to apologize. You don't have to take full responsibility for starting the fight, or even say that your feelings were wrong. But you should find something that you did or said that's worth apologizing for. Maybe you're sorry that you let the fight go for so long, or that you overreacted to something your friend did. If you say you're sorry, it's like an invitation for your friend to do the same. Once you've both said it, you'll both feel a million times better.

Apologizing isn't about "bowing down" to your friend or becoming a "doormat." It's about taking some responsibility for the argument, and inviting him or her to take responsibility too. If your friend thinks she's "won" just because you've apologized, then she's not ready to make up yet.

Still having trouble getting the words to come out of your mouth? Try doing it this way:

- "I feel really bad about _____and I'm sorry that it happened."
- "I know you've felt_____, and I'm sorry for making you feel that way."

2019 VSBA Legislative Positions Chair

This summer, the VSBA Legislative Positions Committee will begin its annual task of considering changes or additions to the VSBA Legislative Positions proposed by member school boards. The VSBA Legislative Positions represent the majority opinion of school boards around the state.

The first step in the process begins with you and your school board. If your board has any proposals for changes or additions to the VSBA Legislative Positions, please submit them on the enclosed form**. In order to be considered by the VSBA Legislative Positions (LP) Committee, proposals must be approved by a majority vote of a member school board. The LP Committee cannot accept proposals from individual school board members.**

When reviewing VSBA's Legislative Positions to determine whether to submit proposals, please pay particular attention to Legislative Positions which list a Review Date of 2019. Review Dates are designed to direct members to each Position on a rotating schedule, thereby helping to ensure that VSBA's Legislative Positions stay current.

What are typical Legislative Positions? Your Board should have received a copy of the red booklet, "Legislative Positions of the Virginia School Boards Association, January 2019." You can also access the VSBA Legislative Positions at the VSBA website www.vsba.org. (*From the main page, click the drop down menu entitled "Advocacy and Government Relations" then click on "Legislative Services." You will find a link to the "Legislative Positions Handbook" near the bottom of the page.)*

Legislative Positions provide the basis for making present and future decisions about education and school board legislative positions; they constitute VSBA's legislative belief system.

Legislative Positions remain in effect (i.e., remain in the Handbook) until their desired goals are achieved through legislative action. **Thus, you may find that your proposal already is included in the Legislative Positions Handbook** and you do not need to submit it. If you are unsure if your proposal is already covered in a current legislation position, please feel free to call Elizabeth Ewing, VSBA Director of Legal and Policy Services (434) 295-8722.

Please use the attached form for submitting your position proposal(s). You may make copies of the form if you have multiple proposals. Like the Legislative Positions Handbook itself, you may also download the form from the VSBA website. **We ask that you submit proposals both electronically and in hard copy. Please provide a copy of each proposal in Word.** Please address your e-mail

to Elizabeth Ewing, VSBA Director of Legal and Policy Services at ewing@vsba.org and send a hard copy of your proposals via regular mail.

After the Legislative Positions Committee meets on July 10, the Committee will inform you of its action on your proposal(s). All approved items will be brought before the VSBA Board of Directors at its August 22nd meeting. Those approved by the VSBA Board will be acted upon by the VSBA Delegate Assembly in November at the 2019 VSBA Annual Convention.

If you have any questions about this process, please call Elizabeth Ewing at 434-295-8722. **Proposals are due in the VSBA office no later than Monday, June 10, 2019.** The Legislative Positions Committee cannot accept proposals after this date. In addition, if needed, a member of your Board should be available to present your proposal in person to the Legislative Positions Committee when it meets on July 10, 2019, at the VSBA offices in Charlottesville.

Thank you in advance for your interest in the VSBA Legislative Positions process.

Minutes of
Appomattox County School Board
Interim Meeting
and
Joint Meeting with Appomattox County Board of Supervisors

The Appomattox County School Board met on Thursday, March 14, 2019 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Division Superintendent Dr. Annette A. Bennett.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the pledge of allegiance and a moment of silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Ms. Hall to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

2019-2020 Budget Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided renewal information for the school division's health insurance coverage through The Local Choice Health Benefits Program. (See Attachment # 1) He stated the renewal rate for the coverage period beginning October 1, 2019 and continuing through September 30, 2020 will be 5.1 percent. Mr. McMillan noted this figure was very close to our budgeted increase of 5 percent.

ACTION ITEM

Consideration of Request for Admission as Out-of-County Tuition Student for 2018-2019

It was moved by Mr. Smith and seconded by Rev. Jones to approve the admission of the out-of-county tuition student for the 2018-2019 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report and employee #33.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended, and student #52571.

Rev. Jones seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Short Recess

As the Board had not completed their closed session matters by the scheduled time of 6:00 p.m. for the Joint Board Meeting with the Appomattox County Board of Supervisors, the Chairman called for a brief recess before reconvening with the Supervisors. He stated the Board would resume their closed session at the conclusion of the joint meeting.

Reconvene

The Chairman called for the meeting to reconvene for the Joint Meeting with the Appomattox County Board of Supervisors.

JOINT MEETING WITH APPOMATTOX COUNTY BOARD OF SUPERVISORS – 6:00 p.m.

Mr. Waddell welcomed the following members of the Appomattox County Board of Supervisors who joined the School Board Members at this point in the meeting: Mr. Watkins M. Abbitt, Jr., Mr. Samuel E. Carter, Mr. William H. Hogan, Mr. Chad E. Millner, Mrs. Susan M. Adams - County Administrator, and Mrs. Vicky Phelps - Finance Manager for Appomattox County. Mr. Bryan A. Moody was not in attendance at the meeting.

Presentation by the Superintendent

Dr. Annette A. Bennett, Division Superintendent, thanked the Board of Supervisors for their support of our school division and provided the Members of each Board with a copy of the Draft 2019-2020 School Budget for Appomattox County Public Schools. (See Attachment # 3) She then presented an abbreviated PowerPoint Presentation which covered the following budget highlights: (See Attachment # 4)

- Budget Development Process FY 2019-2020
- Building a Balanced Budget
- Average Daily Membership (ADM)
- ACPS ADM Trends
- State Funding FY19 to FY20 Comparison
- Major School Division Needs for 2019-2020
- Revenue Summary
- Projected Revenue Summary 2019-2020
- Expenditures by Category
- Average Per Pupil Expenditure
- Carry Forward Accounts
- About Appomattox County Public Schools Students and Staff
- Teaching Positions
- Cost of Living Employee Compensation Increases ACPS
- Academic Achievement
- Area Divisions Comparison of Per Pupil Spending
- Thank You for Your Support of ACPS

Dr. Bennett stated no additional local funds are being requested for the 2019-2020 School Budget. The superintendent thanked both Boards for their support and the immeasurable time they devote to their positions of service to our community.

Board Members' Budget Discussion

Mr. Hogan referred to three dates (September, March, End-of-Year) associated with Average Daily Membership (ADM) reporting and asked which date is actually used by the state to determine funding to the school division. Dr. Bennett stated the September 30th ADM Report is used to provide funding through March 30th. State funding will then be adjusted for the fiscal year once they receive our March 30th ADM data.

Mr. Hogan also asked if the proposed 2% salary increase will be absorbed by the 5.1% increase in health insurance. Dr. Bennett noted one of the Board's

budget goals for the 2019-2020 School Budget is to absorb the increase in health insurance costs.

Mr. Abbitt noted the County and School Board have the same health insurance carrier. He asked why the premium increase for the School Board was higher than the County. Dr. Bennett stated the school division has more employees than the county which places us in a higher bracket.

Mr. Abbitt also asked if we are paying commission to a broker to handle health insurance on behalf of the school division. Dr. Bennett stated we are not.

Mr. Abbitt asked if our employees are paying any portion of the subscriber only premium. Dr. Bennett stated employees selecting the plan with the higher deductible are not paying anything for subscriber only coverage; however, employees selecting the lower deductible plan are paying a portion of the premium each month.

Mrs. Adams asked the amount the school division is paying for health insurance per subscriber. Dr. Bennett stated she could not recall the exact figure, but she would get that information to Mrs. Adams following the meeting.

Recommendations to Establish Policies Governing End-of-Year Spending and Textbook Spending

Dr. Bennett presented the following documents that she and Mrs. Adams had developed:

- Alternative Process for Textbook Funds (See Attachment # 5)
- Alternative Process for End of Year Spending (See Attachment # 6)

In discussing the recommendations concerning the Textbook Fund, Mrs. Adams noted it is the intent to annually carry-forward the year-end balance to the new fiscal year and build-up the Textbook Fund.

As the document concerning end of year spending was reviewed, Dr. Bennett stated it is proposed that unused funds would go into the Capital Improvement Fund (CIP). Mrs. Adams noted a study was done of adjoining localities in developing these guidelines and Mr. Johnnie Roark, Director of Community Development for the County, had assisted in compiling the document. Dr. Bennett requested suggestions from Board Members.

Mr. Smith recommended “safety” be added to the second item under the criteria included as CIP projects.

Mr. Hogan was in favor of the idea and concept but thought the $20,000.00 amount was too low.

Dr. Bennett suggested each Board submit the two discussed proposed documents to their attorney for review. Each Board would then be requested to adopt both documents once they are finalized.

Discussion of High School Renovation

Mr. Bill Gillespie stated a lot of people have been in and out of the high school recently as they are developing the general scope of the renovation project. He noted the following are factors for consideration in this process:

- Office location and security concerns
- ADA issues
- Projected classroom size and make-up
- Larger, more flexible classrooms
- Reclaim areas for spaces not currently utilized
- Remove mobile units
- HVAC upgrade
- Roof

Mr. Gillespie noted in going through the high school, the restrooms are the cleanest he has seen and have been kept in really good condition, especially when you consider the age of the building. He also stated he doesn't foresee anything needed in the kitchen except equipment upgrades.

Mr. Gillespie noted the general scope information should be ready to present to the ACHS Facilities Committee at their next meeting on March 27, 2019. He stated once the committee agrees to the information presented, at least sixty days should be allowed to develop the educational scope.

Dr. Bennett stated she will need sufficient time as there are some projects the school division wants to investigate. She emphasized just fixing what we have is not enough, we want to look at what is needed for the future.

Mr. Waddell asked if the project is released for unsolicited bids once the educational specifications are completed. Mr. Gillespie confirmed that was correct.

Dr. Bennett asked Mrs. Adams if a timeline exists for the project. Mrs. Adams responded the slower the better. Dr. Bennett emphasized the project needs to be timed to avoid interruptions to the school calendar. Mr. Gillespie

noted starting during the summer and moving the renovation to a second shift crew during the school year should find the project completed by the end of the second summer.

Mr. Waddell expressed appreciation to the Board of Supervisors for their interest in renovating the high school and working with the School Board on this needed and worthwhile project. He also thanked the Supervisors and Mrs. Adams for attending the meeting and encouraged them to contact any School Board Member or Dr. Bennett should they have questions or concerns.

Short Recess

At the conclusion of the Joint Board Meeting, it was moved by Mr. Smith and seconded by Dr. Smith to take a brief recess before reconvening in closed session. By unanimous voice vote, the motion was approved.

Reconvene to Closed Session

Following a brief recess, it was moved by Mr. Smith and seconded by Rev. Jones to reconvene in closed session. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to adjourn to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Dr. Smith to adjourn to public session. By unanimous voice vote, the motion was approved.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded

by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 7)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Rev. Jones to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 8)

Approval of Student Number 52571

It was moved by Mr. Smith and seconded by Dr. Smith to place Student Number 52571 on long-term suspension for the remainder of the 2018-2019 school year with placement at Fort Hill Community School, if accepted, for the 2019-2020 school year. The student's return to the Appomattox Alternative Education Center or the high school for the 2020-2021 school year would be dependent upon the student's academic progress, attendance, and behavior. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Comments Following School Facilities Tour Held Earlier in the Day

Board Members were very complimentary of the schools, staff, and students following their tour earlier in the day of the primary and elementary schools, as well as the Alternative Education Center and the Maintenance Department. (See Attachment # 8) They were impressed with our enthusiastic teachers who were engaging our students in critical thinking, the movement of students within the classrooms, and the preparation our second graders are receiving for SOL testing they will begin in the third grade. Board Members were also impressed with the learning environment at the Alternative Education Center and the special music provided by Mrs. Kristie Harris' students during their delicious lunch at the primary school.

Board Members were also made aware of needs during their tour. Rev. Jones stated the elementary school does not have enough computer labs which becomes extremely challenging during SOL testing and results in many of our students taking their tests earlier than students in other divisions.

School Showcase: Appomattox Elementary School

Appomattox Elementary School (AES) was featured in this month's School Showcase. Mrs. Karen Cyrus, Principal, highlighted two areas in the AES School Improvement Plan that are being emphasized this year: helping students learn how to be a caring community and having a sense of others. She noted this is being accomplished through ten Raider Aid programs within the community which were depicted in a video presentation. Mrs. Cyrus was pleased to report students from every classroom had participated and she introduced teachers, representatives from five of the programs served, and the following students who spoke about their involvement: **Saraya Johnson** (Babcock Manor), **Madison Mayberry** (Backpack Ministry), **Lillian Poole** (Reading to APS Students), **Kaylin Campbell** (Closet of Blessings), and **Izzie Wells** (Operation Christmas Child). These students, with the assistance of Board Members, also demonstrated "Circle Time" which is being utilized at AES as restorative practices for discipline.

Membership Report

The superintendent provided the February 28, 2019 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,173 students. This compares to a budgeted ADM of 2,175. (See Attachment # 9)

VSBA and NSBA Activities

The 2019 VSBA Southern Region Spring Network Forum was held at Liberty Middle School in Bedford on Monday, March 18, 2019. Mr. Waddell, Rev. Jones, Ms. Hall, Dr. Smith, and Dr. Bennett attended. Dr. Bennett noted they were able to tour a beautiful, new school which was especially helpful to gather ideas as we anticipate the renovation of our high school.

VSBA will conduct a Hot Topic Conference in Charlottesville on April 22, 2019. The registration fee is $165.00 and the deadline is April 5, 2019. Mr. Waddell and Dr. Bennett are registered to attend.

The 2019 VSBA School Law Conference will be held in Richmond on June 7, 2019. The registration fee is $185.00 and the deadline is May 17, 2019.

Mr. Jim Meyer, 2019 VSBA Legislative Chair, had requested Legislative Positions Proposals. In order to be considered by the VSBA Legislative Positions (LP) Committee, the required form must be completed and proposals must be approved by a majority vote of a member school board. Proposals are due in the VSBA Office no later than Monday, June 10, 2019.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reviewed a summary of the 2019-2020 School Budget. (See Attachment # 10) He stated the budget is based on an ADM of 2135 students and no additional funding is being requested from the locality. Mr. McMillan noted the Board would be requested to adopt the 2019-2020 School Budget as an action item later during the meeting.

Review of Fall SOL Testing Data

Dr. Amy Huskin, Director of Curriculum and Instruction, presented the Fall SOL Testing Data. (See Attachment # 11) During her report, she noted the following:

- Not every student is tested in the fall.
- The new Profile of a Virginia Graduate Regulations are beginning to have an impact on our testing data.
- Every student will be required to take Biology and the Biology test to meet federal accreditation standards.

Review of Latest Dropout Report

Dr. Huskin reviewed the Latest Dropout Report. (See Attachment # 12) She noted since the report was compiled, one student has enrolled in another school division which will reduce our dropout total from eight (8) to seven (7).

Report on 2018-2019 Safety Drills

The superintendent provided the 2018-2019 Safety Drills Report which had been prepared by Mr. Matt Wallin. (See Attachment # 13)

Report from Central Virginia Governor's School Board Meeting of March 6, 2019 by Mr. Greg Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, shared the following information from their meeting of March 6, 2019:

- Students selected for the 2019-2020 school year will be notified on March 29, 2019.
- Congratulations to our CVGS students who were Science Fair Winners.
- The 2019-2020 Budget will be the same as the 2018-2019 Budget.
- The calendars for our school division and CVGS are not meshing for Spring Break 2020.

Report from XLR8 STEM Academy Board Meeting of March 19, 2019 by Dr. Wendy Hageman Smith

As Dr. Wendy Hageman Smith, Board Representative to the XLR8 STEM Academy Board, had not arrived, Dr. Huskin reported on their meeting of March 19, 2019:

- Tuition for 2019-2020 will increase to $5,900.00.
- Students selected for the 2019-2020 school year will be notified on April 23, 2019.
- The discussion of exploring other revenue sources for future years has begun.
- Currently, our school division has three (3) students enrolled; however, we are required to pay for only two (2) slots. The third slot is paid for by the school division that initially committed for the payment of this obligation. That division did not have enough students to fill their obligated slots which became an advantage for our school division.

Report from ACHS Facilities Committee Meeting of March 27, 2019

Dr. Bennett reported the ACHS Facilities Committee Meeting was held March 27, 2019. Mr. Waddell, Rev. Jones, and Dr. Bennett represented our school division and reported the following:

- From the county, Mr. Carter was absent and Mr. Abbitt was in attendance.
- Everything is preliminary at this point.
- Mr. Bill Gillespie has had a number of people walking through the high school, with particular interest in the mechanical aspects.
- We are continuing to monitor our future instructional needs to ensure our classrooms reflect futuristic learning environments.

- A more secure entry to the building is being considered by moving the administrative wing downstairs. This would eliminate the current daily entrance for students adjacent to the auditorium.
- The mobile units would be eliminated.
- The configuration of fourteen additional classrooms.
- Moving the band and art classrooms from their current location and providing an outside door for band to facilitate moving instruments.
- One point of entry is needed in keeping the building secure. Security challenges have been noted in the CTE areas that open-up in the back of the building and determining how to maintain security as students are going to the Land Lab or working on Auto Mechanics projects.
- Science Labs need to be updated.
- The atmosphere with the Board of Supervisors is good. They are looking to get 25 years from a renovation.
- No specific timeline has been established at this point.
- ADA requirements must be met.

Arrival of Board Member

Dr. Smith arrived at this point in the meeting which was 5:00 p.m.

Schedule Date of Board Self-Evaluation

Dr. Bennett reported the School Board is required to complete a Self-Evaluation prior to the end of each school year. Last year the evaluation was conducted at the Regular June Board Meeting. Following a discussion by the Board Members, it was determined the Board will conduct their Self-Evaluation on Thursday, June 13, 2019 during the Regular Monthly Business Meeting. Board Members were provided with the VSBA School Board Self-Assessment Form and asked to return the completed document to the Clerk of the Board by Thursday, May 23, 2019. The Clerk will prepare a compiled report prior to the June 13, 2019 School Board Meeting.

AWAITS AT APS

April 2019

ADVENTURE AWAITS

Time flies when you're having fun and working hard!! Your kiddos are entering into the last few weeks of the school year. We will push hard to make huge growth this last nine weeks. In addition, we'd like to say a quick word of thanks for your generosity. Donations came pouring in for the tree and plaque in honor of Amy Wallen. We hope to have a small ceremony before the end of the school year to dedicate the tree and plaque and a bench the PTO is purchasing for an outdoor reading area. Enjoy your spring break and see you April 8th!!

PTO NEWS

APS PTO family,

Be on the lookout for an exciting fundraiser coming this month... a CASH raffle!!! Tickets will sell for only $1 with a chance to win up to $200!!! There will be a second and third prize as well! Stay tuned for more info! As always, proceeds go to benefit students and staff at APS. This month, we are excited to be providing new playground toys for each grade level to use at recess. Have a happy April!

From the Library

A BIG "THANKS" TO EVERYONE WHO VISITED AND PURCHASED FROM OUR SCHOLASTIC BOOK FAIR! WE ALSO GREATLY APPRECIATE THE TIME AND SUPPORT FROM OUR VOLUNTEERS WHO HELPED MAKE OUR BOOK FAIR A SUCCESS. WE HOPE TO SEE EVERYONE AGAIN NEXT YEAR!

The Bright Beginnings Pre-K Program is taking applications for next school year. Applications are available in the APS office. Children must be 4 years old by Sept. 30, 2019.

The 2019 Kids Heart Challenge campaign was a huge success! APS families donated a total of $6,104 to the American Heart Association!

PE News

We're so glad it's spring but please remember your child must wear tennis shoes on PE day. Students without appropriate footwear will not be able to participate!

The end of the year is near. We haven't reached our goal but there's still time. Let's rally to meet our goal of $3,000! So far we've collected $1,000. If we make our goal, the top earning class will get to silly string one of the principals!

PLEASE BE PREPARED WITH YOUR LICENSE ANYTIME YOU ARE VISITING OUR BUILDING

Office staff may also ask you for your name and your child's name when you ring the bell to enter our building... know that our goal is to protect our little people and we are doing everything we can to ensure their safety!

Raider-Aid

Categories: Appomattox County | 2019

Appomattox County Raiders look for ways to give back to our community while teaching our students the life-skills of service and citizenship. Through a program called "Raider-Aide", Pre K-12 students are afforded opportunities to identify needs in our community and respond by giving of their time and talents. To see Raider-Aid in action is to observe events like a partnership with "Rise Against Hunger" that involved over 400 high schoolers, gathered in a gymnasium, preparing almost 50,000 meals in one day to be distributed in 3rd world countries. Across town our youngest Raider-Aid-ers can be found organizing food -drives or pitching in to assist classmates who have suffered loss in a house fire. In addition to exceling in the classroom and on the playing field, this program teaches our students to model kindness. Raider-Aid highlights service to others and giving back to a community that gives so much to us.

Restorative Circles in the Classroom

Categories: Appomattox County | 2019

Appomattox Elementary School teachers began piloting a program this year entitled, "Restorative Practices." This involved a voluntary training in the summer of 2018 for staff members, who would serve as a leadership team. In addition, the entire faculty is participating in book studies using "Restorative Practices Handbook for Teachers, Disciplinarians, and Administrators," and "Restorative Circles in Schools." The main premise has been to conduct systematic circle discussion groups for topics needing addressing, using strategic guidelines. Topics include student interactions with each other, classroom concerns, and conflicts; however, they also involve classroom routines, procedures, tenets of good citizenship, and academic goals. In addition, we have adopted a referral process encouraging restorative practices through leveled interventions. A comparison of school-wide discipline from the fall of 2017 and the fall of 2019 shows a decrease from 54 students involved in 112 formal disciplinary referrals to 23 students involved in 43 formal referrals.

Minutes of
Appomattox County School Board
Interim Meeting

The Appomattox County School Board met on Thursday, April 11, 2019 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct an interim meeting. Present were Board Members, Ms. Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Division Superintendent Dr. Annette A. Bennett.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the pledge of allegiance and a moment of silence.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Rev. Jones to approve the agenda as presented. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Budget Update

Dr. Bennett reported, according to the 2019-2020 Budget Appomattox County advertised in the latest edition of *The Times Virginian*, the county will be providing level funding for the school division for the upcoming budget year, as we had requested. According to this publication, the county will conduct their public hearing on the 2019-2020 Budget on April 25, 2019.

Mr. Bruce R. McMillan, Director of Finance and Human Resources, referenced the 2018-2019 School Budget concerning tuition reimbursement. He stated our current budget includes $25,000.00 for tuition reimbursement for employees with the guidelines of $500.00 per person per year which will usually cover the cost of one class. Mr. McMillan noted ten of our teachers have a provisional license which is a non-renewable, temporary license. Several of these individuals had contacted him recently asking if the school division would consider offering assistance greater than $500.00 per year as they are required to successfully complete five classes in order to receive their renewable license. Mr. McMillan reported of the $25,000.00 allotted in our current budget for tuition reimbursement, only $5,000.00 to $6,000.00 had been spent. Based upon this factor, he requested permission from the Board to offer employees with a provisional license a second $500.00 per person per year which should allow that

individual to take two classes per year. It was the consensus of the Board, to approve this request from Mr. McMillan.

ACTION ITEMS

Consideration of Request for Admission as Out-of-County Tuition Student for 2018-2019

It was moved by Mr. Smith and seconded by Dr. Smith to approve admission of the out-of-county tuition student for the 2018-2019 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 1)

Consideration of Requests for Admission as Out-of-County Tuition Students for 2019-2020

It was moved by Mr. Smith and seconded by Rev. Jones to approve admission of the out-of-county tuition students for the 2019-2020 school year as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 2)

Consideration of Request for FCCLA Overnight Trip to Anaheim, California

It was moved by Mr. Smith and seconded by Rev. Jones to approve the request for an out-of-state overnight trip request to FCCLA Nationals in Anaheim, California, June 29, 2019 – July 5, 2019 as presented and recommended by the superintendent with the School Board providing funding not to exceed $2,000.00 per person. By unanimous voice vote, the motion was approved. (See Attachment # 3)

CLOSED SESSION

Adjourn to Closed Session

Mr. Smith moved the Board convene in closed meeting for the following purposes:

1. Discussion of personnel matters relating to the resignation and assignment for specific employees of the School Board, pursuant to Section 2.2-3711 (A) 1 of the Code of Virginia 1950, as amended, in particular for review of the personnel report.

2. Discussion of student disciplinary and other matters concerning students in the school division, pursuant to Section 2.2-3711(A) 2 of the Code of Virginia, 1950, as amended.

Dr. Smith seconded the motion made by Mr. Smith. By unanimous voice vote, the motion was approved.

Closed Session

After completing the business related to personnel and student matters, the Board voted to return to public session.

Adjourn to Public Session

It was moved by Mr. Smith and seconded by Rev. Jones to adjourn to public session. A unanimous voice vote of approval was recorded.

PUBLIC SESSION

Certification of Closed Session

The chairman asked for a motion certifying to the best of each member's knowledge, during closed session (i) only public business matters lawfully exempted from open meeting requirements under the Virginia Freedom of Information Act, and (ii) only such public business matters as were identified in the motion convening the closed meeting were heard, discussed, or considered in the meeting by the public body. Mr. Smith made this motion which was seconded by Dr. Smith, unanimously approved by all Board Members, and recorded by roll call vote. (See Attachment # 4)

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 5)

NEXT MEETINGS

The next Regular Monthly Business Meeting of the Appomattox County School Board will be held Thursday, April 25, 2019 at 5:00 p.m. Dr. Smith stated she would be slightly late in arriving for this meeting due to a work related responsibility. The next Interim Meeting will be held Thursday, May 9, 2019 at

5:00 p.m. Both meetings will be held in School Administration Building at 316 Court Street in Appomattox, Virginia.

It was also noted the Joint Board Meeting with the Appomattox County Board of Supervisors scheduled for Monday, April 29, 2019 at 6:30 p.m. had been cancelled as requested by the County Administrator due to a schedule conflict for one of the Supervisors. Dr. Bennett stated she is working with the County Administrator to reschedule the meeting.

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Dr. Smith. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Bennett shared the following:

1. A thank you note had been received from the Appomattox County High School After Prom Party Committee thanking the School Board for their contribution.

2. Board Members were invited to attend the formal swearing-in ceremony of The Honorable Darrel W. Puckett as the General District Court Judge of the 10th Judicial District of Virginia on Thursday, May 30, 2019 at 3:00 p.m. in the Appomattox Circuit Courtroom with a reception immediately following.

3. Mrs. Joyce Gunter Loveday, retired Appomattox Middle School Cafeteria Employee, passed away April 11, 2019. Mrs. Loveday was employed with our school division from August 18, 1995 to June 30, 2015.

Mrs. Nancy Taylor Chambers Jones, retired teacher, passed away April 22, 2019. Mrs. Jones was employed with our school division from September 1, 1962 to June 30, 1989.

On behalf of the School Board, a contribution was made to the Appomattox County Education Foundation in memory of each former staff member and a card was sent to each family. We acknowledge the contributions Mrs. Loveday and Mrs. Jones made to our school division and extend our deepest sympathy to their families.

SUPERINTENDENT'S REPORT

School Showcase – Appomattox Primary School

Appomattox Primary School (APS) was featured in this month's School Showcase. Mrs. Allison Maxwell, Principal, assisted by Mrs. Christina Crawford, Assistant Principal, and Mrs. Adele Richardson, Teacher, presented an APS Math

Stars Video and introduced eager students who assisted Board Members in solving math questions using their Rek-en-reks. Mrs. Maxwell stated the 2018-2019 APS School Improvement Plan has focused on math through an online math conference, faculty book study, curriculum alignment, refining instructional practices and foundational math skills, and an in-depth study of the third grade Math SOL assessment.

Report on ACHS Spanish Students' Trip to Costa Rica During Spring Break

Mrs. Ashley Burke Walker, ACHS Spanish Teacher, with the assistance of students Brianna Prue and Harry Thomas, reported on the Spanish Class Trip to Costa Rica during Spring Break 2019. Seventeen ACHS Spanish students thoroughly enjoyed their week-long trip that centered around language immersion. During their trip they made cheese and soap, went white water rafting, zip lining, and took salsa lessons. They were greatly impressed with the eco-friendly culture of preserving the environment and the happiness of the people.

Report on Regional Career Expo (World of Opportunities Career Expo)

Dr. Amy Huskin, Director of Curriculum and Instruction, along with students from Appomattox Middle School reported on the 2019 Worlds of Opportunity Career Expo that was held at Liberty University's Indoor Track, April 9-10, 2019. This was a regional event that attracted 3500 students and 45 companies. Our students were very enthusiastic about what they learned and the opportunities provided as was Ms. Cynthia Hall, School Board Member, who also attended and shared her support of this outstanding event. Ms. Hall and Dr. Huskin noted participating companies are interested in offering our students internships and apprenticeships. Dr. Huskin stated attendance will be opened to more of our students next year. (See Attachment # 8)

Membership Report

The superintendent provided the March 31, 2019 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,171 students. This compares to a budgeted ADM of 2,175. (See Attachment # 9) The March 31 ADM Report submitted to the Virginia Department of Education (VDOE) indicated 2151 students. Dr. Bennett explained the totals for the two reports differ because the one submitted to VDOE is calculated based upon the length of time each student has physically been in attendance from the beginning of the school year until March 31.

VSBA and NSBA Activities

Dr. Bennett was pleased to report our school division had two programs highlighted in the recent VSBA Showcases for Success. She had submitted *Raider-Aid* and Mrs. Karen Cyrus, Principal of Appomattox Elementary School, had submitted *Restorative Circles in the Classroom*. (See Attachment # 10)

VSBA conducted a Hot Topic Conference in Charlottesville on April 22, 2019 which was attended by Mr. Waddell and Dr. Bennett. Mr. Waddell noted it was one of the best sessions he had attended and of particular interest as the topic of the meeting focused on school security. He stated one of the gentlemen who dealt with the Beltway Sniper incident reviewed the very detailed notes he maintained during that ordeal as he emphasized the importance of documenting everything. Mr. Waddell mentioned other topics discussed during the conference included network security and risk management. Dr. Bennett stated Dewey Cornell was in attendance and noted he was in Appomattox several years ago and we are using his threat assessment program. As we are in the midst of discussing the renovation of our high school, the superintendent noted she was very interested in an architect who spoke on the topic of designing schools with safety and security in mind. In the past six years, annually there have

been 100,000 injuries nationwide from weapons with 389 of those being school incidents and only one in Virginia. Mr. Waddell emphasized statics prove that schools are safe.

The 2019 VSBA School Law Conference will be held in Richmond on June 7, 2019. The registration fee is $185.00 and the deadline is May 17, 2019.

Discussion of 2019-2020 School Calendar

Dr. Bennett noted the 2019-2020 School Calendar that was adopted at the February 28, 2019 School Board Meeting incorporated three (3) flex days for teachers to work on their own time rather than the current five (5) flex days. She stated this was also included in the agenda as an action item should the Board wish to approve a revised calendar for the 2019-2020 school year that would incorporate two (2) additional flex days.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, reported the following:

1. Quarterly Financial Report – Three quarters of the fiscal year have been completed and expenditures are on target with last year. (See Attachment # 11) This year we will take a different approach to spending in May and June. Dr. Bennett noted the County Administrator is in the process of developing Memorandums of Understanding for an Alternative Process for End-of-Year Spending and an Alternative Process for Textbook Funds. These documents will be presented to the School Board and Board of Supervisors for approval at our next Joint Board Meeting. The date for this Joint Board Meeting had not been determined at this time.

As an additional financial matter, Mr. McMillan stated the county had advertised their 2019-2020 Budget which included the local funds our school division had requested. It was anticipated the county would approve their budget on May 13, 2019 and we should be notified after that meeting of the approved amount of local funding for our upcoming fiscal year.

2. 2019-2020 Salary Scales – The proposed 2019-2020 Salary Scales, which included a two percent salary increase for all employees, were presented to the Board. Mr. McMillan noted the starting salary for teachers in our school division for next year will be $41,500.00 which is a little higher than average for the area. Mr. Smith was concerned about the scale for registered nurses. Mr. McMillan stated we are at the point that we may need to address certain pay scales, such as maintenance, instructional assistants, and registered nurses, in

order to attract more and better candidates. Mr. McMillan indicated the salary scales were included in the agenda as an action item.

3. 2019-2020 Employee Calendar – Mr. McMillan noted the calendar was basically the same as in previous years and was also included in the agenda as an action item.

4. Vacation Guidelines – Mr. McMillan referred to an earlier request from the Board to look at guidelines related to accumulated vacation days when an individual leaves our school division. He stated currently we do not have an official policy related to vacation days but we have been using written guidelines. Mr. McMillan stated he would create a document and present it to the Board for their input and guidance as to whether it should be implemented as a policy or remain as a guideline. Dr. Bennett stated it was her understanding the Board desired to give twelve month employees more options about how they could utilize unused vacation. Board members were in agreement with the superintendent; however, Mr. Smith pointed-out punitive circumstances may need to be taken into consideration. Dr. Bennett noted a clause would be added to the guidelines regarding punitive measures. She also noted she would request our attorney review the guidelines.

Report from Central Virginia Governor's School Board Meeting of April 3, 2019 by Mr. Greg Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School (CVGS) Board, shared the following information from their meeting of April 3, 2019:

- Letters concerning acceptance for 2019-2020 were mailed March 28.
- Responses were due April 11.
- Registration for new students will be conducted May 15.
- A Science Fair Symposium was held on April 25.
- No tuition increase for 2019-2020.
- Everything is going well at CVGS.

Discussion of Support for TAG Summer Camp

Dr. Bennett referred to a parent request at a recent Board Meeting. The parent requested our school division provide transportation and tuition assistance for our students who qualify for and want to attend the Longwood TAG (Talented and Gifted) Summer Program, July 8-19, 2019. As the result of this request, the superintendent, with the assistance of Mrs. Melanie Ranson teacher of TAG students, conducted a survey of the parents whose children are eligible to gauge interest and need. Based upon the survey results, she recommended our school

division provide transportation to and from this program this summer from a centralized location. Dr. Bennett stated she was not recommending we pay tuition this year as more time is needed to determine if this approval will be setting a precedent.

Presentation of Revised Organizational Chart

The superintendent presented a revised Organizational Chart for the Board's consideration as they will soon begin advertising to fill the director position that was vacated by Mr. Brette Arbogast this past December. (See Attachment # 12) She stated in developing the revised chart, she considered areas within our school division that are not thoroughly covered as well as areas in need. With this in mind, she proposed the vacant position be advertised as Director of Operations, Safety and Career Education. Dr. Bennett noted she sees this as an umbrella position that would pull together maintenance, transportation, technology, and CTE to work together. She also stated with the anticipated renovation of the high school, someone with a background in facilities, perhaps construction, would be beneficial. The superintendent pointed-out there are supervisors under this position that the other directors do not have and noted we may need to redistribute responsibilities once the candidates and their skill sets are determined. Dr. Bennett proposed the revised Organizational Chart be utilized as a starting point to fill the vacant director position and stated it was also included in the agenda as an action item.

Mr. Waddell was in agreement with the superintendent's reasoning and proposal and indicated we may need to look at establishing a Supervisor of Technology position. He also was unsure of placing the School Nutrition Coordinator under this director position. Dr. Bennett concurred and stated she would revisit the school nutrition position to determine the best possible area of supervision.

Discussion of Cooperative Fuel Bid Process for 2019-2020

Dr. Bennett stated Mr. Matt Lair, Transportation Supervisor, and Mr. Timmy Garrett, Maintenance Supervisor, recommend we continue to participate in the Cooperative Fuel Bid Process for 2019-2020 with other Region VIII school divisions. They anticipate a meeting will be held during May and the bid opening will take place in June for the upcoming school year.

The superintendent noted this had been placed on the agenda as an action item requesting the Board authorize Mr. Lair and/or Mr. Garrett to participate in the Cooperative Fuel Bid Process for 2019-2020 on behalf of our school division.

ACHS 2019 Graduation

Graduation will be held Monday, May 20, 2019 at 7:00 p.m. at Liberty University's Vines Center. A school division van has been reserved for Board Members to travel to Lynchburg. The van will leave from the School Board Office parking lot at 5:30 p.m. Board Members not planning to travel with the group were asked to contact the Board Clerk by May 3, 2019 so she may order the correct number of individual parking passes.

It was moved by Mr. Smith and seconded by Dr. Smith to approve the 2019-2020 Carl Perkins Plan as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved. (See Attachment # 71)

As the Carl Perkins Plan includes the Auto Mechanics Class at Appomattox County High School (ACHS), Mr. Smith stated he was recently contacted by the Virginia State Police Officer who is assigned to our program.

The Officer was very complimentary of the ACHS program and stated our students are very respectful and treated him in a courteous manner compared to other places he visits. Mr. Smith was extremely pleased to announce Appomattox County had a 100% pass rate by the students taking the examination to receive their Inspectors License. No other students in the area, which includes the counties of Nelson, Amherst, and Campbell, passed the test. Mr. Smith congratulated our students and Mr. Jonathan Garrett, ACHS Auto Mechanics Instructor. He also expressed his appreciation to Dr. Bennett, Dr. Poldi Moreno, ACHS Principal, and the Board for continuing to offer the Auto Mechanics Program in our school division.

AWAITS AT APS

May 2019

ADVENTURE AWAITS

This last month of school is going to be a great one! Your kiddo has learned so much this year and May is when they get to show what they know.

Additionally there are a few changes to our end of the year events to support our goal of keeping kiddos safe and monitoring visitors in the building. Be sure to carefully read any fliers about end of the year events to see any changes to our practice.

PTO NEWS

APS family,

Thanks to your support, the PTO has been busy in April. We, along with the school, dedicated a memorial bench in honor of APS bookkeeper Amy Wallen. We conducted our spring fundraiser raffle and were able to purchase two outdoor picnic tables for the school. The PTO would like to thank you all for your support this year and wish you a happy summer!

The Bright Beginnings Pre-K Program is taking applications for next school year. Applications are available in the Appomattox Primary School office. Children must be 4 years old by Sept. 30, 2019. This is a needs based program with income requirements. All those who apply may not be eligible to attend. For more information contact Appomattox Primary School at 352-5766. The deadline for turning in applications is May 15, 2019.

From the Clinic

If you have a kindergartner or a child prone to accidents, please send in a change of clothes for the end of the year.

Upcoming Dates To Remember

THE RAIDER REPORT

Appomattox Elementary School
May 2019

Principal-Karen Cyrus
Assistant Principal-Jason Bowyer

"AES Raider Pride: We Dream, We Believe, We Achieve!"

Principal's News

We started a journey with your children in August of 2018. Every day we have been blessed to be in classes, commons areas, on the playground, and on field trips with whom we consider to be the future of our world. From such a position, the future looks bright indeed. As we gaze into the faces of your beautiful children, we are awestruck by the possibilities that are in front of us. Each child possesses his or her own unique set of special gifts. Beyond any doubt, each is destined for a most valuable purpose. In the faces of our students, we see the fathers and mothers of tomorrow, the doctors, the research scientists, the politicians, the conservationists, the farmers, nurses, animal caregivers, and teachers. Among us sit the lawyers, lawmakers, and law abiders. These are our future neighbors, our church and civic leaders, retail providers and fellow customers. These children are our men and women of tomorrow.

We have had a glimpse each day of how each views the world and all that is happening around them. We have done our best, with your support, to take all that they encounter each day and mold it into ways that will affect them positively—for now and for tomorrow.

These children ARE our future, yes! We feel so honored to have been a part of their present this year. It is our desire that they will each one day achieve all the good things for which they are destined.

News from the Nurse

Reasons why you should send those kids outside to play:

1) Sunshine: The body needs sun to make Vitamin D, an essential part of immunity and bone development.
2) Exercise: A child needs at least 1 hour of physical activity daily to help maintain good health and a healthy weight.
3) Development of the mind: Playing outside and entertaining one's self develops skills necessary for life. Creativity, trouble shooting, negotiating, multitasking and building self-confidence.
4) Socialization: Kids learn to work together, play together, share, and cooperate when in a less structured, outdoor setting.
5) Appreciation: Being in nature increases knowledge of and appreciation for the beauty that surrounds us.

Rest and relaxation: Being in nature gives you a well-deserved few minutes of rest from your role as parents and some relaxation.

THE RAIDER REPORT

3rd Grade

We can hardly believe this is the last month of the 2018-2019 school year! We are working so hard taking our SOL tests and studying up for all that we have learned throughout this year. We had an awesome trip last month to Thomas Jefferson's Poplar Forest!

We are looking forward to the upcoming events that this month will bring us at the end of our 3rd grade year. Math SOL testing on May 8th-May 10th, Field day and other exciting events. We know that this time of the year brings much excitement, however we will try very hard to stay focused to finish our year STRONG in order to be ready for 4th grade!

4th Grade

Students are ready for the SOLs! You can help your student to prepare by studying the materials sent home by the teachers. If you need more resources, please contact your student's teachers. Have a conversation with your child about putting forth their best effort on their tests and giving it their all. Students are encouraged to take their time and show work as necessary. On a beautiful afternoon, make sure your child gets into the sunlight and takes a break! After SOLs, students will finish up Fountas and Pinnell testing for Reading and any other common assessments.

5th Grade

Students have rocked their SOL tests and are quickly approaching the end of their 5th grade year! Here are some of their thoughts about their year:
Library has ROCKed!
Science experiments have been AMAZING!
I've learned so much math that I think my head will explode ☺. Reading has taken me so many places!
I've learned to play the recorder and piano - yay!
I really enjoy my time in art and hope to be an artist.
Technology is the best and has helped us each day.
PE is like the BEST class!

In preparation for middle school, be sure to do some of these things this summer:
-play outside
-travel
-go to the library
-visit the zoo, aquarium or other education place
-READ, READ, READ!!
-visit friends and family
-ask family members about when they were younger
-complete many acts of kindness

Field Day 2019

AES Parents:

On Monday, May 20th AES is scheduled to have our annual Field Day festivities. We are very excited and know that the students, staff, and parents will have a great time. ***In order to help make this year's Field Day a success, we need your help!***

If you are willing to volunteer, please fill out the slip below and send it back to your child's homeroom teacher by Wednesday, May 8th. After a list is compiled, you will receive a letter detailing the day's events, schedule, and individual assignments.

We hope that you will consider being a part of this fun-filled day with your child. Please complete all sections of the form before returning it to your child's teacher. Without you, this day would not be possible, so I would like to thank you in advance and I look forward to seeing you on May 20th!

Introduction

The ACPS Comprehensive 6 -year Plan is intended to provide guidance to school division personnel about the priorities of the school division related to continual improvement.
The Superintendent has collected quantitative and qualitative data from a variety of sources to develop this plan, presented it to the School Board, and accepts responsibility for monitoring and revising it annually.
The following visual provides information about the plan components, the planning process and a schedule for the initial development and annual monitoring.

Vision Statement

All ACPS students will be provided the opportunities to be successful in his/her educational goals. We believe in the importance of actively involving all community stakeholders including families, students, staff, and community partners in our commitment to the success of all students.

Mission Statement

Our mission is to ensure all students, upon graduation from ACPS, will have learned the skills to become productive and contributing citizens at the local, state, national, and/or global level and that all students learn in a safe, nurturing environment that engages school personnel, students, parents, and community members as collaborative partners.

Core Values and Beliefs

We believe:

○ Every student should be engaged in meaningful, authentic, and rigorous work with high expectations through the use of innovative instructional practices, a guaranteed curriculum, and supportive technologies that will motivate students to be self-directed and hard-working in a professional learning community.

○ In the importance of maintaining existing buildings and grounds, while planning for future facilities to assure safe and secure conditions for all school-sponsored activities.

○In the value of attracting, retaining, developing, and supporting highly qualified teachers, administrators, and staff through systematic professional development which is aligned with division goals.

○ We must manage financial resources responsibly, efficiently, and effectively in order to position the school district and our community as an increasingly viable economic development partner.

○ It is necessary to assess and enhance the relevance, timeliness, and effectiveness of internal and external communication with staff, parents, and the community to fulfill their essential roles as actively engaged partners in supporting student achievement and positive outcomes for student success.

DRAFT

Best Practices

Therefore, ACPS will:

◌ **implement a program of studies aligned with the Virginia Standards of Learning to ensure high quality classroom instruction resulting in fully accredited schools and students who graduate with:**

-a strong academic base,
-career readiness skills,
-a sense of community and
-civic responsibility

◌ **respond to academic and career data analysis and trends to**

- adjust to the state accreditation system, developing strategies to address the inclusion of the newest performance indicators of subgroup growth, absenteeism, and College, Career, and Civic readiness
- study subgroup data to identify and remediate specific strand weaknesses in each content area and to ensure equity in opportunities and resources to all students
- document the use of differentiated instructional strategies and the 5 C's. These include *critical thinking, creativity, collaboration, citizenship, and communication*
- examine Advanced Studies Programs for quality and quantity to best meet the needs of our highest achieving students
- provide direct and systematic remediation for students not meeting proficient status
- explore and implement best practices and strategies for targeting instruction specific to the needs of students with disabilities in regular education settings.

◌ **maintain a safe, comfortable, nurturing, and respectful learning environment that is inclusive of ALL students and staff.**

◌ **strive to recruit, hire, and provide meaningful support to retain highly qualified teachers and all staff who represent the cultural and racial diversity of our community of learners.**

◌ **continually review, revise, and explore ways to streamline business and budget processes as needed.**

◌ **maintain an appropriate number of instructional and classified positions to adequately meet all school division needs.**

◌ **maintain open lines of communication about school happenings and programs to the public and parents to build their interest and involvement.**

Summary – Review and Monitoring

The improvement process is designed to be a continual cycle of data collection, analysis, and response. Strategies are implemented and results are examined. In response to the data, goals or strategies are reviewed and may be revised or adjusted to influence improvement as any need to do so is identified.

The Superintendent assumes primary responsibility for reviewing and monitoring the improvement process, delegating responsibilities for actions steps to division and school level staff, and presenting progress reports to the school board.

While an annual review is a minimum requirement, most action steps are expected to be implemented throughout the school year and a formal report will be presented at the end of each school year.

The Comprehensive Plan will be formally reviewed and updates made biennially – in those years ending in an odd number.

Last Revision Date 05/13/2019

DRAFT

COMPREHENSIVE PLAN

The Appomattox County School Board adopts a divisionwide comprehensive, unified, long-range plan based on data collection, an analysis of the data, and how the data will be utilized to improve classroom instruction and student achievement. The plan is developed with staff and community involvement and includes, or is consistent with, all other divisionwide plans required by state and federal laws and regulations. The school board reviews the plan biennially and adopts any necessary revisions. Prior to the adoption of the plan or revisions thereto, the school board posts the plan or revisions on the division's Internet website if practicable and makes a hard copy of the plan or revisions available for public inspection and copying and conducts at least one public hearing to solicit public comment on the plan or revisions.

The divisionwide comprehensive plan includes

(i) the objectives of the school division, including strategies for first improving student achievement, particularly the achievement of educationally at risk students, then maintaining high levels of student achievement;

(ii) an assessment of the extent to which these objectives are being achieved;

(iii) a forecast of enrollment changes;

(iv) a plan for projecting and managing enrollment changes including consideration of the consolidation of schools to provide for a more comprehensive and effective delivery of instructional services to students and economies in school operations;

(v) an evaluation of the appropriateness of establishing regional programs and services in cooperation with neighboring school divisions;

(vi) a plan for implementing such regional programs and services when appropriate;

(vii) a technology plan designed to integrate educational technology into the instructional programs of the school division, including the division's career and technical education programs, consistent with or as part of the comprehensive technology plan for Virginia adopted by the Board of Education;

(viii) an assessment of the needs of the school division and evidence of community participation, including parental participation, in the development of the plan;

(ix) any corrective action plan required pursuant to Va. Code § 22.1-253.13:3; and

(x) a plan for parent and family involvement to include building successful school and parent partnerships that will be developed with staff and community involvement, including participation by parents.

The school board presents a report to the public by November 1 of each odd-numbered year on the extent to which the objectives of the divisionwide comprehensive plan have been met during the previous two school years.

Each school prepares a comprehensive, unified, long-range plan, which the school board considers in the development of the divisionwide comprehensive plan.

Therefore, it was moved by Mr. Smith and seconded by Dr. Smith to approve the agenda as amended. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

Dr. Bennett shared the following:

1. The superintendent will be conducting an Administrative Retreat for Directors, Supervisors, Principals, and Assistant Principals on June 18 and 19. The first day will include a low ropes program at the Holliday Lake 4-H Educational Center and training at the elementary school. The group will be meeting in the conference room at the Appomattox Inn and Suites the second day for training on several initiatives and the development of School Improvement Plans.

2. Reference was made to Policy BHD - School Board Member Compensation and Benefits. It was noted the policy states School Board Members may receive compensation for mileage incurred for attendance at meetings of the school board and in conducting other official business of the school board. Board Members were provided with the proper form that must be completed in order to claim mileage reimbursement.

3. Mrs. Celestral Sergeon Turner, retired teacher, passed away May 12, 2019. Mrs. Turner taught in our school division from September 1, 1959 until her retirement on July 1, 1990. On behalf of the School Board, a contribution was made to the Appomattox County Education Foundation in her memory and a card was sent to her family. We acknowledge the contributions Mrs. Turner made to our school division and extend our deepest sympathy to her family.

Communication Items from Board Members

There were no communication items from Board Members.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Superintendent's Presentation of Comprehensive Six Year Plan 2019-2025

Dr. Bennett provided a detailed presentation of the Comprehensive Six Year Plan 2019-2025 (See Attachment # 9) which addressed the following goals and objectives:

1.) Instruction and Student Achievement – Appomattox County Public Schools (ACPS) will improve achievement for all subgroups as measured by state and federal standards, local student data, and teacher evaluation documents.

2.) Learning Environments – Safety and Climate - ACPS will provide safe, comfortable, nurturing, respectful, and inclusive learning environments for our students and staff as measured by safety, discipline, and maintenance records.
3.) Human Resources – Qualifications and Performance - ACPS will recruit, retain, and support our staff to perform at a high quality level as measured by employee evaluation, recruitment and retention data.
4.) Finances - ACPS will continue to act as good stewards of all appropriated funds and increase practices for collaborative decision making as measured by financial records, personnel records, and meetings with school personnel and county leadership.
5.) Communication - ACPS will increase the opportunities to promote dialogue between school personnel and stakeholders; soliciting input and providing information to improve services, provide transparency, and highlight our students' achievements.

The superintendent stated the 2019-2025 Comprehensive Six Year Plan was also included in the agenda as an action item.

Public Hearing on Comprehensive Six Year Plan 2019-2025

The Chairman opened the floor for the Public Hearing concerning the proposed Comprehensive Six Year Plan 2019-2025. It was noted the public hearing is required by Policy AF – Comprehensive Plan. As there were no speakers, Mr. Waddell declared the Public Hearing closed.

Membership Report

The superintendent provided the April 30, 2019 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,177 students. This compares to a budgeted ADM of 2,175. (See Attachment # 10)

VSBA and NSBA Activities

The 2019 VSBA School Law Conference will be held in Richmond on June 7, 2019. The registration fee is $185.00 and the deadline was May 17, 2019. Mr. Waddell and Dr. Bennett are registered to attend.

The 34th Annual VSBA Conference on Education will be held in Richmond on July 23, 2019. The registration fee is $210.00 and the deadline is July 5, 2019.

Board Members were provided information from Mrs. Elizabeth Ewing, VSBA Director of Legal and Policy Services, concerning new required training for

elected school board members. This year's General Assembly passed two bills that require all local elected officials, including elected school board members, to receive training on the Freedom of Information Act (FOIA) and the Conflict of Interests Act (COIA). The requirement for COIA training goes into effect on July 1, 2019. Elected school board members who are in office on July 1, 2019 will be required to receive COIA training by December 31, 2019. However, the requirement for FOIA training has a delayed effective date of July 1, 2020.

The VSBA Legislative Advocacy Conference will be held in Richmond on September 24, 2019. The registration fee is $165.00 and the deadline is September 10, 2019. It was noted, attendance at this conference will meet the new training requirement for elected School Board Members concerning the Conflict of Interests Act (COIA). Ms. Hall requested to be registered for this conference.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, provided the Board with a 2019-2020 Budget approval letter from the county which included our requested funds from the locality. (See Attachment # 11) He also presented information regarding the demands on our school nurses which included a detailed report of the number of student visits, per illness, per school. During the past year our school nurses documented 13,046 student visits. Due to the workload, the difficulty in recruiting school nurses, and suggestions from the Board, Mr. McMillan proposed revisions to the 2019-2020 Salary Scales for school nurses. The proposed changes for nurses reflected a $1,000.00 increase to each step for LPNs and an increase of $1,500.00 to each step for RNs. He also proposed a revision to the teachers' salary scale to correct a typographical error in Step 2. Mr. McMillan noted the Revised 2019-2020 Salary Scales were included in the agenda as an action item.

School Climate Surveys

Dr. Amy Huskin, Director of Curriculum and Instruction, provided detailed information concerning the recent School Climate Surveys which were issued by the Virginia Department of Education. (See Attachment # 12) She was most pleased to share the following positive results:

- 94% of our teachers believe we engage in collaborative problem solving in their school.
- 95% of our teachers and other adults work to support the needs of each individual student.
- 96% of our students feel school rules are fair.
- 98% of our students feel their school is a good place to work and learn.

Dr. Huskin also shared the following areas for improvement that will be addressed:

- 70% of our students report bullying as a concern.
- 42% of our teachers report bullying as a concern.
- 40% disagree that bullying is a problem.

It was noted surveys were administered to students in grades four and five as directed by the state. Dr. Bennett pointed out the age of the students surveyed could have been a contributing factor concerning what this age group perceives as bullying and what is actually bullying. She noted a follow-up would be conducted which Mr. Waddell supported. She also stated the full survey results were available should Board Members wish to review further as well as a middle school safety survey.

Report from LAUREL Board Meeting of May 1, 2019 by Ms. Cynthia Hall

Ms. Cynthia Hall, Board Representative to the LAUREL School Board where she is serving as Chairman, reported on their meeting of May 1, 2019. She stated the LAUREL School is devoted to severely disabled students from five school divisions in our area. During their meeting they discussed the budget of $3.5 million for 2019-2020, personnel, next year's calendar, and an enrollment of 121 students (46 center based and 75 non-center based). One student from Appomattox graduated from the LAUREL School earlier in the week.

Report from Central Virginia Governor's School Board Meeting of May 1, 2019 by Mr. Greg Smith

Mr. Greg Smith, Board Representative to the Central Virginia Governor's School Board, reported on their meeting of May 1, 2019. He stated the budget for next year was approved without a tuition increase. Their next Board Meeting will be held in August, 2019.

Approval of Personnel Matters

It was moved by Mr. Smith and seconded by Dr. Smith to approve the personnel report as presented and recommended by the superintendent, pending the results of background checks. By unanimous voice vote, the motion was approved. (See Attachment # 24)

BRIEF RECESS

The Chairman called for a brief recess to prepare for the Joint Meeting with the Appomattox County Board of Supervisors.

RECONVENE FOR JOINT MEETING WITH APPOMATTOX COUNTY BOARD OF SUPERVISORS – 7:00 p.m.

Mr. Waddell called the meeting to order to reconvene for the Joint Meeting with the Appomattox County Board of Supervisors. He welcomed those in attendance including the following members of the Appomattox County Board of Supervisors who joined the School Board Members at this point in the meeting: Mr. Watkins M. Abbitt, Jr., Mr. Samuel E. Carter, Mr. William H. Hogan, Mr. Chad E. Millner, Mr. Bryan A. Moody, and Mrs. Susan M. Adams - County Administrator. The Chairman led in the Pledge of Allegiance and a Moment of Silence.

DISCUSSION OF BOARD MEMBERS

Dr. Bennett stated she and Mrs. Adams had been working on the following documents concerning end of year spending to improve the process and make the procedures more transparent: Memorandum of Understanding Concerning Textbook Funds and Memorandum of Understanding Concerning End of Year Spending/CIP Funds. She then proceeded to review each document in detail.

Textbook Funds

The superintendent stated textbook funds received from the state and through the local match would be tracked through the school divisions' financial software. However, for budgeting purposes, the state calculation tool would be used to estimate the expected revenue. This process will ensure all funds in the textbook line are state and local match dollars and should result in significantly more revenue in the Textbook Fund.

Mr. Hogan asked if the new procedure for the Textbook Fund will provide enough money to purchase the textbooks that are needed. Dr. Bennett stated we have money in our Textbook Account at this time that will be enough if the funds

are appropriated for the school division to carry forward. She also noted the school division will need to anticipate for large adoption years so that adequate funds are available. Mrs. Adams stated if the School Board needs additional textbook money, they will need to request the funds from the Board of Supervisors.

End of Year Spending/CIP Funds

The superintendent pointed out, in the past, end of year funds were considered as "spend it or lose it" which allowed us to purchase items such as school buses. This process was not ideal as it led to an end of year rush. The new proposed process would allow the school division to continue to spend normally and at the end of June any money the Board of Supervisors had appropriated that was not spent would be re-appropriated into the CIP Fund, after the audit is completed. Dr. Bennett also reviewed the criteria for CIP projects.

Mr. Abbitt asked when preliminary figures would be available concerning the amount that might be going into the CIP Fund at the end of the current school year. Mr. McMillan stated we would have a better idea as the month of June progresses and noted we do have a two-month accrual process so the end of August would be better.

Mr. Abbitt also asked how the school division knows the amount of money that can be spent in June when the total amount of money is unknown. Mr. McMillan noted, based on a minimum revenue figure, we know we will have enough to pay the bills with a balance of $100,000.00 to $200,000.00; however, it is the extra amount that is uncertain. Dr. Bennett stated we do know early in the school year what our revenue will be through April as it is based on our September 30th ADM (Average Daily Membership) report. Following receipt of our March 31st ADM report, the state recalculated our revenue which caused our state funding to increase in May because the ADM was smaller in September than it was in May. Additional revenue adjustments are also processed in June following receipt of our year-end ADM report and these are the unknown amounts. The superintendent noted additional money at the end of the year might allow us to make improvements in the area of technology such as purchasing chrome books for next year. Dr. Bennett noted as we approach the end of the fiscal year, we look at estimates each week. Mr. Abbitt asked if he could receive a copy of those estimates and the superintendent stated she would be glad to share this information with him. Mrs. Adams pointed out accruals take place during July and August as invoices and revenues are received that can impact the prior fiscal year.

Mr. Abbitt indicated teachers who are retained are paid out of the previous year's funds for the months of June, July, August, and possibly September. Mr.

McMillan clarified the correct months were June, July, and August. Mrs. Adams asked if we know what the July and August payrolls will be in June and Mr. McMillan verified that was correct as these payments are processed in June.

Mr. Hogan asked if CIP funds could be used for a new building, as he referred to the high school project and the response was yes. Mr. Abbitt noted improved security was desperately needed at the high school right away and the superintendent concurred. Mr. Waddell also stated all of the school bus cameras need to be updated.

Mr. Abbitt noted grade level numbers are dropping and asked the superintendent if he could get a copy of enrollment projections. Dr. Bennett stated she could give him ADM projections for the next thirteen years.

Mr. Smith thanked Dr. Bennett, Mrs. Adams and the Members of Both Boards for their work on the budget for the upcoming fiscal year. Mr. Waddell echoed Mr. Smith's comments and thanked each person for all of their hard work as the budget involved a lot of time and effort.

Mr. Carter inquired about the status of the state championship sign. Dr. Bennett reported she had been working with the Virginia Department of Transportation (VDOT). She had inquired about two or three different locations but there were right-of-way issues concerning each location. Dr. Bennett stated everything has been planned but VDOT must approve the location prior to the placement of a sign. Mr. Abbitt asked Mrs. Adams if the Board of Supervisors could write a letter to VDOT and ask where the sign could be located and also invite them to a Supervisors Meeting. Dr. Bennett suggested she and Mrs. Adams could meet with VDOT. Mrs. Adams pointed out the Supervisors meet quarterly with the Land Use Engineer and perhaps he might be able to offer some assistance.

ACTION ITEM

Consideration of Approval of Memorandum of Understanding Concerning Textbook Funds and End of Year Spending/CIP Funds

It was moved by Mr. Smith and seconded by Dr. Smith to approve the Memorandum of Understanding Concerning Textbook Funds as well as the Memorandum of Understanding Concerning End of Year Spending/CIP Funds as presented and recommended by the superintendent. By unanimous voice vote, the motion was approved.

This motion was also made, seconded, and unanimously approved by the Appomattox County Board of Supervisors. The documents were signed by the Chairman of each Board. (See Attachments # 25 and # 26)

ADJOURNMENT

There being no further business, Mr. Smith moved the meeting be adjourned with a second from Dr. Smith. By unanimous voice vote, the motion was approved.

Mathcounts

Representing Appomattox Middle School at the MATHCOUNTS Chapter Competition were Corey Williams, Jacob Hensley, Austin Hodge, Tripp Canada, Max Nitti, Katie Conroy, Morgan Doss, Caleb Gunter, Reagan Conroy, and Rupert Armentrout.

These students went to Regional Competition at Liberty University on February 9, 2019. There they competed against students from 13 middle schools. In order to earn a spot on the team students had to participate in two qualifying rounds. The first was solving 30 problems in 40 minutes without a calculator. The second round had four parts. Each part was two questions that had to be solved in six minutes with the use of a calculator. The top scoring students went to Liberty to compete.

NJHS Holds Candy Drive

Appomattox Middle School's NJHS officers and members recently held a candy drive for the county's firemen and police officers. Over a two week period, the organization collected over fifty bags of candy and other items. The National Junior Honor Society filled 85 bags with various types of candy, chap stick, ink pens, and tissues. We, as an organization, are proud to be able to show our police officers and firemen that they are appreciated.

AMS Students Participate in Art Workshop

AMS students had the opportunity to participate in an after school art workshop with local artist. Patty Myrick, owner of Wilkins Myrick Frames and Fine Arts here in Appomattox. Mrs. Myrick led students through a pastel drawing of a pear. They learned many important artistic techniques including, shading, color choices, and using shape to create a realistic looking pear. All students were able to take their completed drawings home that day.

Students Travel To McGuffey Art Center

On April 18th, 2019, AMS art students traveled to Charlottesville with Ms. Henzi and had the experience of meeting three artists who work at McGuffey Art Center. Students earned this trip by applying with a short essay explaining what they were hoping to learn and why they deserved to go. Thirty students were chosen to attend the trip and thoroughly enjoyed their day. Two of the artists presented us with gifts to bring back to the school. Jane Angelhart donated a DVD to our school and Rob Anderson gave us an educational coloring book in which he drew all of the illustrations.

AMS FFA Compete In Career Development Events

On, April 18, 2019, AMS FFA members traveled to Central Middle School to compete in the Southeast Area Middle School Career Development Events. AMS FFA had three teams compete. The Agriscience Mechanics Team, consisting of Gary Cooper, Aider Morgan, and Zach Wallen were required to measure accurately, identify woodworking tools and equipment, complete a written test, and complete a woodworking skill. The team placed 5th in the area. FFA Quiz Bowl assessed students knowledge of FFA history and facts. Teams members Davyon Anderson, Bruce Jones, and Clay Moore completed a written test and an oral team round. The team captured 3rd place. The food and Fiber team, Sara Conner, May Vincent, and Haleigh Weaver, were required to identify meat cuts, dairy products, wood samples, and aquaculture cuts. They completed a written test, identified the source of household products, and completed a problem-solving activity. The team won the area event. May Vincent was the high individual, Sara Conner placed 2nd, and Haleigh Weaver was 4th. The team was coached by AMS FFA Advisor, Dani Hodges.

P.A.R.T. HOLDS IN-SERVICE DAY

The P.A.R.T. (Prejudice Awareness Response Team) group from Appomattox Middle School held an in-service and workday on Monday, April 8, 2019. The in-service was conducted by Jessica Hawthorne the director of VA Center for Inclusive Communities. The students reviewed the roots of prejudice and worked with the speaker to create ideas for a school wide program to prevent bullying and to create a sense of belonging for everyone. The in-service was grant funded from the inaugural Prejudice Awareness Summit the students attended in January at Randolph College.

34th Annual VSBA Conference on Education

July 23, 2019

Richmond Marriott
500 East Broad Street
Richmond, VA 23219

Join hundreds of school division leaders from across Virginia at the 34th annual VSBA Conference on Education.

Attendees will have the opportunity to choose from a variety of mini-workshops which highlight successful practices in Virginia's school divisions. Participants will leave with many great insights and practical ideas. After the roundtable presentations, attendees will break into regional meetings to discuss pertinent issues coming up for their particular regions.

During lunch, the Food for Thought awards and the VSBA Excellence in Workforce Readiness Awards will be announced. Our opening session speaker this year is Ravi Hutheesing on the topic of embracing the future of Education Under Millennial Leadership. We will also hear from Governor Ralph Northam as well as an update from the Students and Schools in Challenging Environments Taskforce about Equity in Virginia's Public Schools.

Register today, and don't miss out on one of the VSBA's most highly regarded and attended conferences!

Minutes of
Appomattox County School Board
Regular Monthly Business Meeting

The Appomattox County School Board met in regular session on Thursday, June 13, 2019 at 5:00 p.m. in the School Administration Building located at 316 Court Street in Appomattox, Virginia to conduct the Regular Monthly Business Meeting. Present were Board Members, Cynthia L. Hall, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Dr. Annette A. Bennett, Division Superintendent. Rev. Alfred L. Jones III was absent due to a family medical situation.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, and led in the Pledge of Allegiance and a Moment of Silence.

CONSENT AGENDA – APPROVAL

It was moved by Mr. Smith and seconded by Dr. Smith to approve the following consent agenda items:

1. Minutes of May 9, 2019 Interim Meeting
2. Minutes of May 30, 2019 Regular Monthly Business Meeting and Joint Meeting with the Appomattox County Board of Supervisors
3. Financial Report as of May 31, 2019 (See Attachment # 1)
4. Payment of Bills as of June 13, 2019:
   a) $ 165,122.49 – General Fund (See Attachment # 2)
   b) $ 1,474.73 – School Food Fund (See Attachment # 3)
   c) $ 681.86 – School Capital Improvement Fund (See Attach. # 4)
5. Information from Schools and Division Offices as of June 13, 2019
6. Overnight Trip Request (See Attachment # 5)

By unanimous voice vote, the consent agenda items were approved as presented and recommended by the superintendent.

CONSIDERATION OF AGENDA

It was moved by Mr. Smith and seconded by Dr. Smith to approve the agenda as presented. By unanimous voice vote, the motion was approved.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent had no communication items.

Communication Items from Board Members

Mr. Waddell stated he accompanied Mr. Edward McCann, Agricultural Education Teacher at Appomattox County High School, to the *Creating Excellence Awards Program* in Richmond earlier in the day where Mr. McCann was named the Region 8 Winner for his project "Hog Wild About Agriculture: STEM Meets Swine Production".

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

Membership Report

The superintendent provided the May 31, 2019 Membership Report which indicated the total funded Average Daily Membership (ADM) was 2,179 students. This compares to a budgeted ADM of 2,175. (See Attachment # 6)

VSBA and NSBA Activities

The 2019 VSBA School Law Conference was held in Richmond on June 7, 2019. Mr. Waddell and Dr. Bennett attended. Mr. Waddell stated it was a great conference and shared the following points of interest:

- FOIA (Freedom of Information Act) and COIA (Conflict of Interest Act) were discussed.
- As Board Members, we must be very careful how we handle social media. It is important to remember as individuals we speak for ourselves and not for the Board.
- Regulations concerning Risk Assessment have been added to the formation of new committees and must include EMS, Sherriff, Fire, and Rescue personnel.
- If a parent contacts a School Board Member concerning a situation with their child, the School Board Member discusses the situation with the parent or person making the contact, and the situation then comes to the

Board, that Board Member must exclude himself or herself from anything that comes before the Board.

The 34th Annual VSBA Conference on Education will be held in Richmond on July 23, 2019. The registration fee is $210.00 and the deadline is July 5, 2019.

The VSBA Legislative Advocacy Conference will be held in Richmond on September 24, 2019. The registration fee is $165.00 and the deadline is September 10, 2019. Mr. Waddell and Ms. Hall are registered to attend. It was noted, attendance at this conference will meet the new training requirement for elected School Board Members concerning the Conflict of Interests Act (COIA). The requirement for COIA training goes into effect on July 1, 2019 and mandates all elected school board members, in office on July 1, 2019, must receive COIA training by December 31, 2019. Dr. Bennett noted online COIA training was discussed at the recent School Law Conference and is being planned.

VSBA requires a voting delegate and an alternate delegate be selected to represent our Board at the VSBA Delegate Assembly and Regional Meeting at the 2019 VSBA Annual Convention, November 20-22, 2019 in Williamsburg. This was also included in the agenda as an action item.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, stated expenditures as well as state and federal revenues are monitored daily as the fiscal year will soon end on June 30, 2019. He pointed out the Memorandum of Understanding the School Board and Board of Supervisors recently approved and signed will change our year-end procedures as unspent funds remaining in our budget, following the two-month accrual period at fiscal year-end, will be transferred to the school division's Capital Improvement Fund.

Preliminary SOL Testing Results

Dr. Amy Huskin, Director of Curriculum and Instruction, presented preliminary SOL testing results. (See Attachment # 7) The scores were manual calculations that did not include VAAP alternative assessments, substitute tests, and some paper test results. She noted our Graduation Rate cannot be determined until summer school grades are completed. Dr. Huskin's preliminary prediction indicated all four schools in Appomattox County Public Schools will be fully accredited, again. She also reported federal accreditation information should be received in August. Mr. Smith was greatly impressed with the science scores at the elementary school and requested Mrs. Karen Cyrus, AES Principal, offer his congratulations to the teachers.

Report from the Appomattox County Education Foundation Scholarship Committee Meeting of April 24, 2019 by Rev. Al Jones

Dr. Bennett requested this agenda item be moved to a future meeting as Rev. Jones was unable to attend. Board Members were in agreement.

Report from XLR8 STEM Board Meeting of May 28, 2019 by Dr. Wendy Hageman Smith

Dr. Wendy Hageman Smith, Board Representation to the XLR8 STEM School Board, stated she did not attend the meeting of May 28, 2019 as she was in the hospital and had not received notes concerning the outcome of the meeting. Dr. Huskin stated she attended the meeting and the STEM Board approved the additional slot for our school division. She noted they also approved the payment for an additional slot would be the responsibility of the division sending the student rather than the division that relinquished the slot.

Appomattox Alternative Education Center Year-End Report for 2018-2019

Dr. Bennett presented the Appomattox Alternative Education Center (AAEC) Year-End Report for 2018-2019, as prepared by Mr. David Read, Administrator for AAEC, which indicated: (See Attachment # 8)

- 34 high school students and 1 middle school student were served.
- First semester began with 14 students and ended with 22 students.
- Second semester began with 20 students and ended with 28 students.
- 6 students graduated, one with a standard diploma and 5 with a GED.
- 11 students were assisted who were at-risk of dropping out.

Alternative Instructional Program – AMS

Dr. Cheryl Servis, Principal of Appomattox Middle School (AMS), presented information concerning “Raider Reset”, a new alternative instructional program, that will be implemented at AMS for the 2019-2020 school year. Dr. Servis credited Mr. Brian Hofmann, AMS Teacher, for the development of the program that will offer behavioral and academic support in a small group environment to 8th grade students who are struggling in the general classroom. The purpose of Raider Reset will be to provide more intense interventions in the hopes of avoiding an out of division alternative placement. (See Attachment # 9) Dr. Bennett pointed out the program is budget neutral. Mr. Waddell was in support of the program and stated anything we can do to help our students is beneficial.

Therapeutic Day Treatment Contract

The superintendent reported Family Insight, P. C. has been contracted to provide Therapeutic Day Treatment services for our students. The hiring of Family Insight was a collaborative effort between Appomattox County and our school division as an RFP was jointly issued and all four principals served on the interview committee. A contract has been issued for two years with three optional annual renewal periods for a total maximum of five years. Dr. Bennett stated we are in the process of discussing with Family Insight the possibility of internal alternative placements for primary through eighth grade students. She stated she would keep the Board informed as these discussions progress.

Tentative Pre-Work Schedule for July and August 2019, Fee Day/Open House, and Teacher Work Week

Dr. Bennett shared the following tentative pre-work schedule, during July and August, prior to the beginning of the 2019-2020 school year:

- Wednesday through Tuesday, July 24-30 - New Teachers Report
- Wednesday, July 31 - Returning Teachers Report
- Friday, August 2 - Professional Development Day
- Monday, August 5 - Fee Day/Open House = 2:00 - 6:30 p.m.

SCHOOL BOAD SELF-EVALUATION

Prior to the meeting, each Board Member completed the School Board Self-Assessment document, provided by the Virginia School Boards Association (VSBA), and submitted their report to the Clerk of the Board. The Clerk recorded the individual results into one compiled document entitled “School Board Self-Assessment Compiled Report: June 13, 2019.” A copy of the compiled report will be kept on file by the Clerk of the Board.

Mr. Waddell referred to the compiled report as the Board discussed the following:

- The January work sessions with VSBA personnel have proven to be very beneficial.
- This Board works well together and it is very important that we continue to work as a team.
- It is necessary that we come to meetings prepared.
- All of the areas under Board/Superintendent Relations were quite favorable. This Board selected Dr. Bennett as our superintendent and we appreciate her hard work as well as the hard work of the staff.
- An appropriate study of staff attitudes may need to be addressed on a regular basis as this is an area of uncertainty.
- We currently do not issue newsletters to the public, however, the Division Digest is an excellent publication which is published quarterly and posted on our division webpage for the public. Dr. Bennett stated improvements are anticipated for our webpage which was a recommendation from the Parent Advisory Committee this past school year.
- It was mentioned the School Board has a Facebook page that was initially set-up by the former Director of Technology and CTE. It was the consensus of the Board to remove this page. The Board directed Mrs. April Johnson, Interim Supervisor of Technology who was in attendance at the meeting, to remove the School Board Facebook page.
- In an effort to address Board Member Orientation and Continuing Development, Dr. Bennett prepared excellent notebooks for each Board Member and distributed them during the January 11, 2019 VSBA Board Training Session. It was the consensus of the Board to bring these notebooks to the June 27, 2019 School Board Meeting for revisions.
- The Board was uncertain of the role of the Teachers' Education Association groups in our school division. It was the suggestion of the Chairman to invite them to a Board Meeting to address the Board.
- The Chairman also mentioned the possibility of setting aside time to discuss long and short term goals and objectives.
- The Board utilizes VSBA for policy services.
- The areas of Budget and the Instructional Program received very favorable ratings.

Following the review of the compiled report, the Chairman called for comments or ideas from the Board. Mr. Smith noted the Board works well together which was echoed by the other Board Members.

Mr. Waddell expressed his appreciation to all of the Board Members for their input in completing the Self-Assessment and noted the Board will work on the areas indicated.

UNFINISHED BUSINESS

There were no items of unfinished business to come before the Board at this time.

NEW BUSINESS

There were no items of new business to be considered by the Board.

PUBLIC REQUESTS TO COMMENT – NON-AGENDA ITEMS

There were no requests to address the Board concerning non-agenda items.

NEXT MEETINGS

The following meetings of the Appomattox County School Board will be conducted in the School Administration Building at 316 Court Street in Appomattox, Virginia:

_____

Brenda F. Gowin, Clerk of the Board
Appomattox County School Board

Date: June 13, 2019

Minutes of
Appomattox County School Board
Close-Out Meeting

The Appomattox County School Board met on Thursday, June 27, 2019 at 5:00 p.m. in the School Administration Building at 316 Court Street in Appomattox, Virginia to conduct the Close-Out Meeting. Present were Board Members, Cynthia L. Hall, Rev. Alfred L. Jones III, Mr. Gregory A. Smith, Dr. Wendy Hageman Smith, Mr. Bobby K. Waddell, and Division Superintendent Dr. Annette A. Bennett.

CALL TO ORDER

Mr. Waddell, Chairman, called the meeting to order, welcomed those in attendance, led in the Pledge of Allegiance and a Moment of Silence, and presided during the meeting.

CONSIDERATION OF AGENDA

Rev. Jones requested the agenda be amended to include his Report from the Appomattox County Education Foundation Scholarship Committee Meeting of April 24, 2019. It was moved by Mr. Smith and seconded by Dr. Smith to approve the agenda as amended. By unanimous voice vote, the motion was approved.

SUPERINTENDENT'S REPORT

Business Update

Mr. Bruce R. McMillan, Director of Finance and Human Resources, provided an update concerning the following Fund 1 summary for 2018-2019: (See Attachment # 1)

- $ 22,498,765.00 = Total Revenues Received To Date
- $ 22,247,553.00 = Total Expenditures Processed To Date
- $ 251,212.00 = Difference

Mr. McMillan noted following the two-month accrual period during July and August and the official audit in the fall, the balance of unspent funds will be transferred to the school division's Capital Improvement Plan Fund. He attributed this process to the Memorandum of Understanding Concerning End-of-Year Spending/CIP Funds that was approved by the School Board and the Appomattox County Board of Supervisors during their May 30, 2019 Joint Board Meeting. (See Attachment # 2)

Mr. McMillan stated, once the accruals and audit are completed, a final report will be provided to the Board later in the fall.

Mr. Waddell and Mr. Smith expressed their appreciation to Mr. McMillan, Dr. Bennett, and Mrs. Jayne Enochs, Accounts Payable Clerk, for all of their hard work concerning finances for the school division.

Fuel Bids for 2019-2020

The superintendent presented information prepared by Mr. Matt Lair, Transportation Supervisor, concerning fuel bids for 2019-2020. (See Attachment # 3) She was pleased to report prices will be lower for heating oil, unleaded, diesel and propane in the upcoming school year than the current year prices. James River Solution was awarded the low bid for heating oil, unleaded, and diesel while Foster Fuels received the low bid award for propane.

Letter from Senator Peake

Mr. Waddell and Dr. Bennett shared a letter they had received from Senator Mark Peake requesting to meet with the Board to receive direction and insight regarding the school division's needs and concerns. (See Attachment # 4) Mr. Waddell requested the Superintendent check with the County Administrator to see if the Supervisors wanted to meet jointly with Senator Peake. It was the consensus of the Board to offer Mr. Peake the date of September 12, 2019 and include this as an agenda item during the Interim School Board Meeting.

Report from the Appomattox County Education Foundation Scholarship Committee Meeting of April 24, 2019 by Rev. Al Jones

Rev. Jones, Board Representative to the Appomattox County Education Foundation Scholarship Committee, reported on their meeting of April 24, 2019. The committee members take into consideration the following in making awards: academic achievement, first time college students, and low income students. The scholarship awards were made possible by generous contributions from Appomattox County citizens, memorials for deceased teachers, gifts honoring teachers, and yearly contributions by employees of the Appomattox County School System. This year scholarships were awarded to all of the fourteen applicants to help further their education after high school. Awards totaled $10,500.00 and ranged from $500 to $1500 for these bright and deserving Appomattox County High School Seniors.

COMMUNICATIONS

Communication Items from the Superintendent

The superintendent reported two of our former dedicated employees recently passed away:

- Mrs. Dorothy Megginson Harris, retired Cafeteria Manager at Appomattox Middle School, passed away June 19, 2019.

- Mrs. Dianne Tibbs Scruggs, retired teacher at Appomattox Primary School, passed away July 10, 2019. Mrs. Scruggs was employed with our school division for 30 years, from August 1968 to July 1998.

On behalf of the School Board, a contribution had been made to the Appomattox County Education Foundation in memory of each former staff member and a card was sent to each family. We acknowledge the contributions Mrs. Harris and Mrs. Scruggs made to our school division and extend our deepest sympathy to their families.

Communication Items from Board Members

Mr. Smith stated he had been requested to thank Dr. Bennett and Mrs. April Johnson, Information Systems Manager, for continuing to offer parents the convenience of online registration. Dr. Bennett indicated all of the credit goes to Mrs. Johnson and her Registration Team who do an outstanding job.

PUBLIC REQUESTS TO COMMENT – AGENDA ITEMS ONLY

There were no requests to address the Board concerning agenda items.

SUPERINTENDENT'S REPORT

VSBA and NSBA Activities

The Legislative Advocacy Conference will be held in Richmond on September 24, 2019. The registration fee is $165.00 and the deadline is September 10, 2019. Mr. Waddell, Ms. Hall, and Dr. Bennett are registered to attend.

It was noted attendance at the Legislative Advocacy Conference will meet the new training requirement for elected School Board Members concerning the Conflict of Interests Act (COIA). The requirement for COIA training went into effect

on July 1, 2019 and mandates all elected school board members, in office on July 1, 2019, must receive COIA training by December 31, 2019. Online training is also available from the Virginia Conflict of Interest and Ethics Advisory Council at http://ethics.dls.virginia.gov/. Board Members were reminded to inform the Clerk of the Board should they receive online training, as she will need to contact The Ethics Council to receive confirmation of the completed training for the records she is required to maintain.

The 2019 VSBA Annual Convention will be held November 20-22, 2019 in Williamsburg. The registration fee is $310.00 and the deadline is November 8, 2019. Mr. Waddell, Rev. Jones, and Dr. Bennett are registered to attend. Mr. Waddell will be serving as Delegate and Rev. Jones will be serving as the Alternate Delegate representing the Board at the VSBA Delegate Assembly and Regional Meeting.

Business Update

Mr. Bruce McMillan, Director of Finance and Human Resources, presented information concerning the following:

1. Summary of New Hires – ACPS welcomed 26 new teachers for the 2019-2020 school year as follows: ACHS = 8, AMS = 6, AES = 3, and APS = 9. It was also noted we had a larger than expected kindergarten enrollment and the ninth kindergarten teacher had been hired for the upcoming school year.

2. Re-Appropriation Requests for School Capital Improvement Fund and School Textbook Fund – The re-appropriation requests for the School Capital Improvement Fund and School Textbook Fund have been submitted to the Board of Supervisors for their consideration and approval. (See Attachment # 10)

3. Letters from Brown Edwards and Company Concerning School Activity Funds Audits – This company has been conducting our School Activity Funds Audits for a number of years and these letters are received from them annually. (See Attachments # 11 and # 12)

4. Health Insurance Update – The Local Choice coverage through Anthem, which includes dental and vision coverage and offers a choice between two plans, was recommended to be renewed for the upcoming plan year with revisions to the rates and employer paid contribution. (See Attachment # 13)

Appomattox Adult Learning Center Year-End Report for 2018-2019

Dr. Bennett presented the 2018-2019 Year-End Report for the Appomattox Adult Learning Center, as prepared by Mrs. Doriane Mills, Adult Education Teacher, which indicated the following: (See Attachment # 14)

- 23 of the 30 students enrolled were identified as functioning below the ninth grade academically
- 2 students passed all 4 modules of the GED Test
- 4 students passed 3 modules of the GED Test
- 7 students obtained employment
- 11 students increased their educational functioning levels

Dr. Bennett thanked Mrs. Mills for her dedicated work in this program. Rev. Jones also extended his appreciation and shared a story of an individual in his church who had recently obtained her GED, after numerous attempts, and how much this accomplishment meant to this person.

2019 Summer School Report for AMS and ACHS

Mrs. Haught provided the 2019 Summer School Report for Appomattox Middle School and Appomattox County High School. (See Attachment # 15) The total enrollment for these two schools during the 2019 summer session exceeded last year's enrollment by 25 students.

The Summer School Report concerning Appomattox Primary School and Appomattox Elementary School will be presented to the Board at the August 22, 2019 Board Meeting.

Back to School Update

Dr. Bennett provided the Board with copies of letters sent to all parents and staff welcoming them to the new school year and informing them of back to school preparations. Board Members were invited to attend all of the Back-To-School events, especially the Luncheon for New Teachers on Friday, July 26, 2019 at 12:00 noon at the elementary school and the Welcome Back Breakfast for all staff members on Friday, August 2, 2019 from 7:30 to 8:30 a.m. in the high school cafeteria. (See Attachments # 16 and # 17)

Report from ACHS Facilities Committee Meeting of July 23, 2019

The superintendent reported the ACHS Facilities Committee Meeting of July 23, 2019 was cancelled. Rev. Jones shared his concerns about the possibility of sufficient funds not being available and was concerned about piecing

together an inadequate high school upgrade. Mr. Waddell stated if the county cannot afford a complete upgrade at one time, we need some type of guarantee that a complete upgrade will be addressed with phasing stages documented. He noted the last meeting of the ACHS Facilities Committee was held in March 2019. It was anticipated the next meeting will be scheduled in August or September. Mr. Smith pointed out the primary school is already running out of space and that facility was upgraded only nine years ago. He noted this information should be shared with the county to ensure they are aware of the need to make adequate facility improvements at the high school to accommodate upcoming larger than expected class sizes.

LAUREL Board Update

Dr. Bennett reported Ms. Cynthia Hall will continue to serve as the LAUREL Board Chair and she will continue to serve as the Superintendent in Charge for the 2019-2020 school year.

Discussion of September 26, 2019 Tour of Schools

The superintendent stated the Board is scheduled for a half-day tour of schools on Thursday, September 26, 2019 from 11:30 a.m. to 3:00 p.m. This will be immediately prior to the 3:30 p.m. School Board Regular Monthly Business Meeting. It was the consensus of the Board to tour the alternative education center, middle and high schools, invite elected officials, and eat lunch in the high school Culinary Arts Department during their September 26th tour. Board Members also requested to tour the high school land lab and an economics and personal finance classroom. Mr. Smith also suggested a visit to the high school mobile units.

Mr. Waddell referred to the meeting that had previously been requested by Senator Mark Peake. Dr. Bennett stated we had extended him an invitation to meet with the Board during the September 12, 2019 Interim Meeting, but have not received a reply. She noted she would follow-up with the senator.

ACHS 2020 Graduation

The superintendent noted Dr. Poldi Moreno, ACHS Principal, recommended graduation be held on Monday, May 18, 2020 at The Vines Center at Liberty University. Dr. Bennett supported Dr. Moreno's recommendation. The Liberty University Facility User Agreement was shared with the Board and indicated a fee of $4,400.00 which is the same amount we have paid for a number of years. This item was also included in the agenda as an action item.

PRINCIPAL'S NOTE

Happy October APS Families!! October marks Bullying Prevention Month across the nation. At APS, we spend each day supporting students in their effort to make good choices and follow our APS rules. Specifically to support our goal of being kind to one another, we will celebrate KINDNESS DAY by wearing orange. We will also welcome a speaker who uses basketball trick shots to support students in understanding how to treat others and bring awareness to bullying prevention. As always, our door is always open and we are thankful for your support!!

Dates to Remember

Thursday, October 4 - School Picture Day

Tuesday, October 8 - PTO night at Dairy Queen

Friday, October 11 - End of the 1st Nine Weeks (1:10pm dismissal)

Monday, October 14 - No School

Wednesday, October 23 - Kindness Day (wear orange)

Thursday, October 31 - APS Book Character Day

This year, we've painted rocks for the outdoor reading garden. Your child painted a rock and placed it in the garden during our school community celebration. In addition, thanks to the generosity of the PTO and students/families last year, we were able to purchase benches, a tree and a plaque to place in our former bookkeeper, Amy Wallen's memory.

BOX TOPS

We're batty for Box Tops at APS! Help us reach our $3,000 goal - just download the app, choose APS, and scan your receipts. That's it! You can even give credit to your child's teacher. Funds raised this year will help purchase new playground equipment. Watch Class Dojo for updates!

NURSE NOTES

If your child has been lent clothes by the clinic please wash and return. If your child is in kindergarten or prone to accidents please send in a change of clothes to keep in the classroom or book bag

PICTURES/SOCIAL MEDIA

To respect the privacy of other students in our school, **please do not post pictures that include students other than your own child(ren) on social media.** This is especially true in our cafeteria where the background is more difficult to control.

We also ask that guests refrain from using cell phones in the presence of students when visiting our school.

Principal's News

Raider Aid???? Have you heard about it? We are excited to share! Last year, the students in our school were able to reach out and give back to our Appomattox community and to others! We have been greatly blessed by the many ways our community supports us here at school, and we want to continue to go with our students out and about to lend a helping hand where we can. Inside this newsletter, you will find a permission letter. Please read it carefully, and send it back to your child's homeroom teacher if you give permission for your child to participate sometime during the year. While we cannot promise that EVERY child will go out to serve, we can promise that there will be many opportunities to be involved, both inside and outside our building. We have already collected 712 cans of food for our local food pantries! We will keep you informed of your child's participation through the classroom teachers. We choose to be a part of the spirit of teamwork by involving ourselves in projects we refer to as "Raider Aid." From local clothes closets, nursing homes, back-pack programs, and "Operation Christmas Child" shoe boxes, (to name a few) we want to be proactively involved in helping others. Stay tuned! Not only do we DREAM at AES, but we BELIEVE in ourselves, work hard, and ACHIEVE for our community.

Parents or other individuals who are in the building for conferences or other school business are expected to report to the office to obtain a pass.

THE RAIDER REPORT

3rd Grade

One of our third-grade students wrote about what we have been learning this month:

We are working on prefixes, suffixes, synonyms, antonyms, and context clues. We are reviewing nouns, verbs, and adjectives.

In math, we are learning the identity, commutative, and associative properties. We are solving addition and subtraction math problems with two-digit, three-digit and four-digit numbers.

Science has been exciting because we are learning about the ecosystems, decomposers, producers, and consumers, food chain and energy pyramids, and food chain webs. Third grade has fun!

Isaiah Johnson,
Mrs. Adams Class

4th Grade

The fourth-grade history classes are finishing Native Americans and starting their Jamestown units. The students are excited to be learning about Jamestown since they will be visiting Jamestown on Friday, October 4th.

In math the students have finished up their addition and subtraction unit and are moving into their unit on geometric patterns. Please remember to be reviewing multiplication facts with them as these will be huge in the upcoming weeks.

In Reading, the students have been working on genres, word reference materials, and summarizing. In writing, the students have been working on writing fictional stories using complete sentences and organization. Please continue to be reviewing word study words each week.

5th Grade

Our 5th graders are "erupting" with all sorts of great news. If you were anywhere near the 5th grade halls recently, you would have witnessed the amazing projects that were presented during science class. These projects ranged from drawings depicting the layers of the earth, to clay models of volcanoes that actually erupted, and some "tasty" homemade volcanoes. The students took great pride in their projects. In math, students have been learning about addition and subtraction with whole numbers and decimals. Keep practicing those math facts; they will help your student greatly throughout the year.

In reading class, our 5th graders recently finished a unit of study on character traits, and made some really creative posters showing off their own character traits. Other units of study have included learning about plot, conflict, main idea, and summarizing. Most teachers are conducting reading groups within their classrooms. The students really look forward to meeting in their individual groups.

At the end of October, we will be taking a field trip to Natural Bridge. Please check with your child's teacher for your specific field trip date. There are many exciting events happening in fifth grade. Our year is off to a fantastic start!

RAIDER DIGEST

VOLUME 5, ISSUE 1 OCTOBER 2019

PRINCIPAL'S FAREWELL POST

Happy fall!!

It's very hard to believe that the first quarter of our school year is already complete. Students are doing a great job and are amazing us with what they can accomplish every day! We are proud of our AMS students.

This summer I accepted the position of Supervisor of Instruction and Federal Programs with ACPS. Dr. Bennett, our Division Superintendent, and Mr. McMillian, our Director of Human Resources, took a great deal of time to find the right candidate to assume leadership of Appomattox Middle School. At the end of August, Julie Amos was named as the new Principal of AMS. Mrs. Amos has been on maternity leave since the birth of her first child this summer. She will assume the role of AMS Principal on October 15th. I look forward to watching how AMS grows and achieves under her leadership.

While I am excited to be working with all our wonderful ACPS schools in my new role, it will be very difficult for me to leave Appomattox Middle School, her students, and this amazing faculty. I am very proud of our students, our faculty, and what we have been able to accomplish together. I have been blessed to work with the most outstanding and caring educators in the world. I have been part of the AMS family for the last 22 years as a teacher, an assistant principal, and as principal.

Thank you for allowing me the honor to work with and serve your children at Appomattox Middle School. I have learned from them, grown from them, and most importantly loved them. My heart will always be in the hallways of Appomattox Middle School.

For one last time…We are the Raiders and we don't stop until we're proud!!

Sincerely,

Cheryl J. Servis, Ed.D.

Proud AMS Teacher, Assistant Principal, and Principal for the last 22 years.

1ST DAY OF SCHOOL

AMS teachers welcomed students back to school with a fun celebration. Students were greeted with balloons, music, smiling staff, high fives, and welcome posters as they got off of the bus. This is the 2nd year AMS has celebrated the first day of school in this way. It is becoming one of the best traditions at AMS.

AMS SUMMER SCHOOL STEM PROJECT

APPOMATTOX MIDDLE SCHOOL IS A ....

AMS hosted some of the rising 6th graders during summer school this year. Mrs. Lisa Fort and Mrs. Samantha Schaffner led the students in painting a mural outside the breezeway of AMS and in the boys and girls locker-rooms. The murals include a "Welcome to AMS" sign with Appomattox "A" on both sides and in the locker-rooms the students also added the Appomattox "A" and the Raider Head. Students helped to paint and seal the murals during their STEM time. To complete the murals students had lessons on measurement, choosing the correct measurement tools (level, square, yard stick, tape measure), sizing, centering, and leveling the items in each mural.

In addition to the paintings completed by the rising 6th graders. AMS custodian, Brad Jones, added his own Appomattox artwork to AMS. Mr. Jones is "Raidering" up AMS with the addition of the Raider A above all of the water fountains. He also worked to paint the locker rooms. AMS appreciates the work of Mr. Jones.

SOUPER BOWL

AMS students joined forces with ACHS to collect canned food for the annual FFA "Souper Bowl." In total, AMS students collected 1,016 canned food items. These items will be shared with a local food bank. Ms. Wheeler's homeroom collected the most cans.

Biscuit Making In Fort's Class

Students in Mrs. Fort's 6th grade language arts class enjoyed a day of making biscuits with the help of Bonnie Tillotson of the 4H Center. The class read the book: Justin and the Best Biscuits in the World, by Mildred Pitts Walter. The story was about how a young boy learned many life lessons from his grandfather which included learning to make biscuits from scratch.

AMS Commemorates Patriot Day

The students at AMS were not born during the September 11th attacks, but that did not stop students and staff from memorializing those who died in the attacks. Students discussed the events of the day, participated in a moment of silence, and commemorated Patriot Day by writing letters to the Appomattox Fire Department, Rescue Squad, and Police Department to thank them for their dedication to our community.

Storm Damage

When severe storms swept through the area on the evening of September 9th, no one would have expected that the old trees in front of AMS would topple. The winds were strong enough to knock over two trees at AMS. One of the large trees out front came down crushing the benches on the front sidewalk. Luckily, the tree missed the school building. A smaller tree on the side of AMS also came down with the strong winds. School carried on the next day. Many thanks to Timmy Garrett, Duck Martin, Chris Mason, Brad O'Brien, Sam Robinson, Ray Conner, and Brad Jones for their quick clean up of the tree.

Paint A Plow

The art program at AMS is participating in VDOT's Paint a Plow program. Art Teacher, Ms. Henzi, arranged a group of students to design and paint a picture on one of the VDOT plows. Students finished the plow on September 26th. Check back in the next issue for completed pictures.

2019

From the desk of Dr. Moreno...

Raider Families,

I find it hard to believe that we the first quarter of the 2019-2020 school year is already over. The days of brightly colored trees and an overload of all things pumpkin spice are upon us. As I write these lines, our student athletes have been practicing and playing very hard. The members of our marching band have been working overtime to perfect their routine. Our FFA and FCCLA teams have been hard at work competing at the Virginia State Fair. Our hard working students would love if each of you came out to support them at one of their competitions.

This time of year is the perfect time to reflect on the things that we are thankful for in our lives. I am thankful for the great staff that ACHS has, one that encourages students to learn today so that they can lead tomorrow. They also encourage students to do their best in everything they do. I am also thankful for our students who provide us with a smile every day. I am thankful for the positive things that our students are doing every day to make ACHS a better place. I am thankful for all of the hard work that our students and staff did last year to help make ACHS Fully Accredited! I am also thankful for the incredible Appomattox community that supports all of our students throughout the year. Lastly, I am thankful for my family and friends who provide me with even more positive moments.

As we move into the second quarter of the school year, it is my hope you will join us in our enthusiasm and commitment to ensure that all students succeed academically, socially, and emotionally. At Appomattox County High School, we believe that our combined effort (school staff and parents working together) will result in a positive and productive year for our students, school, and community. It is a great time to be a Raider!

F. Poldi Moreno, Ed.D.

Learning today, leading tomorrow

What's Happening at ACHS...

The Appomattox Senior and Appomattox Middle FFA Chapter officers recently attended the second annual Southeast Area Chapter Officer Leadership Training (COLT) conference at Dinwiddie High School. Conference participants developed skills that will transform their FFA chapter, school, and community. The conference presenters were all current state FFA officers. Each presenter stressed that the FFA organization has countless student opportunities for premier leadership, personal growth, and career success. The conference presenters shared their time tested wisdom and advice with the FFA leaders from our school and motivated the officer leadership team to strive for higher goals and objectives to become more efficient leaders. Taylor Dudley, ACHS FFA Secretary said, "I've been a chapter officer for several years, and I learned more about the FFA at this year's Southeast Area COLT. This conference was very helpful for both the new and experienced leaders on our officer team." The conference focused on instilling leadership qualities in the students that would not only benefit them in the present but in our future as well.

Andy Gallier and Karoy Jones from the Appomattox County High School FFA chapter competed in the State FFA Lawn Tractor Operators Safety Contest at the 2019 State Fair of Virginia. Each student completed a written exam about lawn tractor operation, safety, and lawn maintenance. They also identified common lawn tractor parts and engine components, a variety of turf insects, plants, weeds and seeds. During the practical part of the contest, Gallier and Jones each maneuvered a lawn tractor through an obstacle course. Gallier did well in the event. Jones was the 6th high individual in the state event.

What's happening at ACHS...

The ACHS FFA chapter has continued its biennial initiative, "Blue Jackets, Gold Standards." All students in the Foundations of Agriculture courses at Appomattox County High School were eligible to participate. Participants took a test on FFA history, leadership principles, and parliamentary procedures. Students with the best scores were invited to write an essay on the value of the FFA Jacket. The winning essay from each class period was selected for a free FFA jacket, sponsored by the FFA.

Lanie Midkiff was the winner of a new FFA jacket and scarf. Midkiff is a sophomore at ACHS, and in her essay, she wrote about opportunities that owning her own jacket would afford her. Midkiff wrote, "Growing up with multiple farms in my family, I have always been around and helped out with animals. Owning this jacket will allow me to showcase my passion for the animal industry. My FFA goals include wearing this jacket with pride, demonstrating my love for our FFA chapter, and furthering my agricultural education experience."

Sara Conner was the second winner of a new FFA jacket and scarf. She is a freshman at ACHS. She described her desire to live up to the legacy of FFA membership. She penned, "I've seen others, including my own father, wear the jacket, and I want to uphold the legacy that has been passed down from generations before me. I will be the first woman in my family to have a blue jacket. I've seen pictures of my dad in his FFA jacket. I want to serve as a leader and take pride in my FFA accomplishments like he did."

Lastly, ACHS freshman Lillian Howald won a new FFA jacket and scarf. In her essay, Howald wrote, "As long as I can remember, farming has always been a way of life for me. It would be fulfilling to have my own FFA jacket to symbolize my hard work on the farm."

The National FFA Organization is dedicated to making a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success through agricultural education.

What's Happening at ACHS...

Appomattox County High School will be participating in a student internship program with the National Park Service for the sixth year in a row. The internship was created by and sponsored by the Appomattox 1865 Foundation. This year 11 students will go through 90 hours of training with National Park Service Rangers and staff to prepare them for being volunteer Historical Interpreters for the anniversary of the surrender of the Confederate Army of Northern Virginia that will be held in April, 2020. The students will have to complete a minimum of 40 volunteer hours in March and April and then will be eligible to apply to be paid seasonal Park Service Guides for the summer. After the anniversary event the student interns will travel to the Harpers Ferry Center where the National Park Service designs and builds their monuments and museum exhibits to learn about careers in the Park Service. Additionally the students will tour Harpers Ferry National Park where John Brown's raid took place and Antietam National Battlefield. Returning to the program this year are Seniors Ethan Davis, Rowan Gruffydd, and Annabelle Paulette. Joining the program are Juniors Jacon Denton, Ethan Harbin, Noah Harris, Max Hegmann, Jacob Jones, Larissa St.John, Abigail Swanberg, and Stephen Zdgiebloski.

The Student Council Association hosted their annual fall Spirit Week and Homecoming Dance from September 30th - October 5th. Students and faculty dressed up for the following themed days: Out of this World Day, Tropical Tuesday, Character Day, Throwback Thursday, and Class Colors Day. The halls were full of aliens on Monday, beach-goers on Tuesday, superheroes and movie characters on Wednesday, hippies and denim-wearers on Thursday, and all Appo-everything on Friday.

The Homecoming Dance took place Saturday night on the ACHS Concourse. The theme of this year's dance was Hollywood. SCA members helped to decorate the Concourse and sell tickets. Nearly 300 students attended and danced the night away! On behalf of all the students in SCA, thanks to everyone who participated and helped to make it a memorable Homecoming week!

What's Happening at ACHS...

- The Appomattox County High School full choir has been invited to perform for the MAAM Organization's Luncheon at the University of Lynchburg on Friday, October 11th, 2019. The MAAM Organization works to sponsor mammograms for women who could not otherwise afford to have these important screenings done. The Raider choir is honored to give something back with their talents to an organization doing such important work to assist in the community.

Want to help Appomattox Couty High School? You can by simply registering at www.Kroger.com. People can register to give ACHS donations just by shopping for their groceries at Kroger. ACHS' current organizational number is KV302. Previously registered and donated? Thank you for your contribution, and please note our organizational number has changed. To assure your donations benefit ACHS, please use the current organizational number. Thank you for your continued support as our school strives to foster an atmosphere of learning success.

What's Happening at ACHS...

Appomattox County High School's Art classes were invited by the Virginia Department of Transportation to participate in the "2019 VDOT Paint a Plow Activity". One of the most iconic objects of snow removal is a snow plow. VDOT has a program that brings together plows, drivers, and students, with a little paint, to produce works of art to use during snow removal operations. VDOT delivered the plow to ACHS at the beginning of September and picked it up at the end of September, to ensure the plow was ready to go for the busy winter season.

Art II and III classes stepped up to the challenge to participate in VDOT's Paint a Snow Plow Activity. They were given a grid on a piece of paper that was in proportion to the inside of the '11 x "4.25 snow plow blade. Each student was to come to draw a design on the grid and the class voted on which design was to be used for the project incorporating sun flowers in honor of Vincent Van Gogh. Shrek and Donkey in the a field of sun flowers won. In the movie Shrek, Shrek and Donkey are walking through a field of sun flowers as Shrek is lecturing Donkey on how Ogres are like onions with many layers. The classes did an awesome job collaborating on the design and painting the snow plow mural. It is not an easy task to draw and paint on a curved surface nor working in a tight space that curved upwards. Michelangelo would be proud to have these apprentices helping him with the Sistine Chapel.

In Sports...

The Fall Sports Season is well under way for the ACHS Raiders. The Varsity Football Team is currently 4-2 having won against Rustburg, Staunton River, Altavista, and Gretna. Their losses were to Buckingham County and Heritage High School. Their remaining schedule is as follows: home against Dan River on Oct. 18th (Hall of Fame), at Chatham on Oct. 25th, home against William Campbell on Nov. 1st (Senior Night) and will close out the season at Nelson on Nov. 8th. The Region 2C playoffs begin on Friday Nov. 15th.

The Varsity Volleyball Team is currently 11-2. Their losses came against Amherst County, which is a class 4 school, and Gretna. They have 6 Dogwood District matches and 1 non-District matches left in their regular season before the Region 2C Tournament.

The Boys and Girls Cross Country Teams have been representing Appomattox County well in their meets. They compete against all of the other Dogwood District teams in their meets. They travel to William Campbell on Oct. 9th, to Nelson on Oct. 16th and to Galileo Magnet School on Oct. 23rd. The Region 2C Championship meet is scheduled for November 6th. Time has not been determined.

The Competition Cheer Team has been to two Invitational Competitions, as they traveled to Pulaski High School on September 21st and went to William Byrd for the Battle at Byrd on Sept. 28th. The team placed first in their class at Battle at Byrd, placing higher than the 2-time defending State Champion Stuarts Draft. The team will be in action again on Oct. 9th when they travel to Stuarts Draft High School for a competition.

The Golf Team has had another successful regular season. The team went undefeated in their Dogwood District matches, which has earned them the title of District Champions. They competed in the Region 2C Championship match on Monday Sept. 30th at the Homestead in Bath County, where they finished 5th overall.

Happy 2020 APS families!

APS Families,

We want to offer you a few different options for paying on your child's lunch account. Please select from any of the options below to put money on your child's lunch account:

- Send an envelope clearly labeled with your child's name and "lunch account" in with them in their folder
- Use the **My School Bucks App** available in the App store or on Google Play
- Come in to put money on their account - the front office can assist with this

Please know that if your child has a balance in the cafeteria we will ***always*** continue to provide them with lunch. We did want you to know, however, that accrued cafeteria balances do carry over to the next school and are not "zero-balanced" when your child moves on to the elementary school.

If your family needs assistance with applying for free or reduced lunch, there are forms available and online at myschoolapps.com. You will need to choose Virginia and then Appomattox County Public Schools to complete the form for our division.

Thanks!

"AES Raider Pride: We Dream, We Believe, We Achieve!"

Principal's News

New Year's Resolutions? I don't make them. I can't ever keep them. However, I DO believe in daily goals--establishing what I hope to accomplish, and then striving to do so. We want our students to do the same. These kinds of goals are manageable, attainable, and can be validated when we successfully accomplish them. At AES, we often quote on the intercom, and have posted in our hall, ***"Dare to Dream, whether big or small; Believe in yourself, and you will achieve all."*** However, we also often talk to students who give up when a task seems too hard, or are unwilling to try if they think they might fail at first. During the month of January, we celebrate the birthday of Dr. Martin Luther King, Jr. He greatly advocated for the education of all children. He believed in giving your best regardless of circumstances. To a group of middle schoolers, he encouraged them to never settle for giving up. ***"Be a bush if you can't be a tree," he said. "If you can't be a highway, be a trail. If you can't be a sun, be a star. For it isn't by size (or ability) that you win or fail. Be the best of whatever you are."*** Colin Powell, a former US Secretary of State and retired 4-star General said, ***"A dream doesn't become reality through magic; it takes sweat, determination, and hard work."*** Recently, the movie "Harriet" came out, about the life of Harriet Tubman. She never gave up, and her obstacles were profound, as were her words. ***"Every great dream begins with a dreamer. Always remember, you have within you the strength, the patience, and the passion to reach for the stars to change the world."*** Let us not forget that our goal at AES is to prepare those who will ultimately change the world.

THE RAIDER REPORT

3rd Grade

Third grade students have had an exciting and busy November and December. Right before Thanksgiving break, we took a field trip to Sea Quest. We learned about a lot of different animals from around the world.

Students are learning multiplication and division in math.

In Social Studies, students have learned about Ancient China, Greece, and Egypt. They are now exploring Ancient Rome and Mali. Students finished their unit on fiction and are now exploring nonfiction text. They are learning how to identify main idea and supporting details. Finally, in writing, students are finishing up their narrative stories.

4th Grade

In Virginia Studies, we are finishing up learning about the beginning of our country and how the Founding Fathers' strong leadership established a model for future leaders. In January, we will begin our Civil War unit. We focus on Virginia's part in the war. Appomattox is a wonderful place to live to study the Civil War!

In Math, students are working on long division with 2 or 3 digit dividends. After that, we will head into our fraction unit. We will start the unit with foundations of fraction number sense, and then move into addition and subtraction of fractions with unlike denominators.

What a wonderful time of the year to curl up and read a book! In December we will continue with our nonfiction genre focus and learn about drawing conclusions and making inferences. Also, students will be taking another benchmark reading assessment before the winter break.

In January, our focus will still be on nonfiction texts and we will begin to explore, write, and enjoy poetry.

5th Grade

We have been learning a lot in 5th grade. In math, we are learning about order of operations, patterns, functions, and algebra. In science, we are learning about sound. In reading class, Mrs. Nolen's class and Mr. Ward's class are reading "Three Times Lucky." When we get back from Christmas, we look forward to learning about measurement and geometry in math and learning about light in science.

5th graders recently had a chance to celebrate the completion of DARE with Sergeant Nipper. We were all excited to be able to play dodgeball against the teachers. We were also treated to kettle corn and an ice cream sandwich at lunch.

5th grade has some exciting events coming up. Over the next few months we will be participating in the 24 Tournament, the Spelling Bee, and will give our 4-H Speeches. We will also have a chance to compete in the Science Fair.

We are excited about the spring field trip coming up to Virginia Beach. Make sure you are looking out for important details that will come about our field trip.

Principal's Post

Welcome Back!

We are so glad to have all of our students and staff back in our school! We hope that everyone had a wonderful break and has returned to school rejuvenated for second semester. Our students will be welcomed into new science or social studies classes, as well as a new Encore class for second semester. Please feel free to contact the new teachers on your child's schedule with any concerns or questions. Your child will have a syllabus for each new class, but teacher contact information is always available on the AMS website.

We are very proud to report that the first round of SOL testing for our 8th grade Civics and Science classes yielded very exciting results. We know that a great deal of hard work, grit, and perseverance by both students and teachers went into preparing for these tests. Our school motto is "We don't stop until we're proud!" Our students and teachers embodied that sentiment not only in regards to their own accomplishments, but in helping one another succeed.

I greatly appreciate how welcoming everyone has been as I have transitioned to AMS. We have an exceptional school with great staff and amazing students, and I cannot thank everyone enough for how supportive they have been. The parents and students should be very proud of the wonderful young people that we have at AMS and how well they represent themselves, their families, their community, and their school.

Please feel free to call AMS with any concerns or questions that you may have during the school year. Our students will accomplish great things when we all work together to help them succeed.

We are the Raiders and we don't stop until we're proud!

Sincerely,

Julie Amos, EdS

Grandparent's Day Lunch

AMS celebrated Grandparents by hosting lunch in the library. Grandparents were invited to have lunch with their grandchild in the library. There were many smiling faces as students shared a few minutes of their day with their grandparents.

NJHS Officers Elected

The following students were elected as the National Junior Honor Society officers. Pictured: Raegan Swanberg, Juliana Kershner, Madelyn Austin, Peyton Maxwell.

Bullying Prevention Month

October is recognized as Bullying Prevention Month. Every Monday, students participated in lessons on how to recognize and respond to bullying. The month culminated with a bullying prevention activity where students were encouraged to participate in various activities on bullying prevention. Students who completed the activities received a bracelet.

Library Happenings

The AMS library makeover is almost complete. A variety of seating options were added for students to enjoy. The library is sponsoring a monthly writing contest. Brooke Goin won the first contest with her short story on anti bullying.

6th Grade Happenings

Mrs. Fort's 6th grade classes learned to cook Molasses cookies with the help of Mrs. Tillotson. The students have been reading books about the American Revolution which included information about the Molasses Act.

Fall Sports

Volleyball, football, cheerleading, and cross country wrapped up their seasons in late October. The volleyball team hosted Nelson for their annual student game and came away with a win.

Kindness Day

AMS participated in National Kindness day on November 13th. Students participated in a lesson on kindness, made a kindness plan, and watched several videos on kindness. Students were encouraged to carry out their kindness plan throughout the week.

NJHS CHRISTMAS CARDS

The National Junior Honor Society of Appomattox Middle School recently designed and delivered Christmas cards to the community's nursing home. The organization had over sixty students to participate. It is important for the students of AMS to reach out to the community and spread Christmas joy. The members and officers enjoyed the opportunity of putting a smile on someone's face during this holiday season.

Spirit Week

AMS celebrated homecoming by having a spirit week. Themes for the week included, twin day, wear orange for unity day, character day, mismatch, and blue and gray day.

8th Grade Science Students Attend Trip

Eighth-grade science students took a trip to participate in a hands-on watershed activity at River's Edge Park in Madison Heights, VA. Students had the opportunity to interact with natural resource professionals form the James River Association and Robert E. Lee Soil & Water Conservation District. The trip consisted of three stations in which students participated in water quality monitoring, kayaking/canoeing, and a watershed demonstration. We are very thankful for the generous donations which made this trip possible and look forward to getting back out on the river next semester.

From the desk of Dr. Moreno...

Raider Families,

As we are returning from the winter break, I would like to thank students, staff, and parents for contributing to a great Fall semester. We saw students do well on the SOL tests that we gave in the fall. We saw the Marching Raiders win their 2nd ever Grand Champion Award at the 40th annual Brick Capital Classic. We also saw our Competition Cheerleading Team finish in the VHSL Final Four, their best season ever, and our Varsity Football Team won their 4th State Championship in 5 years. I hope that each of you were able to spend lots of time surrounded by family and friends during our time away from school. It is also my hope that you were able to get plenty of rest and that your batteries are recharged and ready to work hard this second semester. Earning the right to call ACHS a great school will require a continuous determination and a commitment to see that all students leave us better prepared to meet the next set of life's challenges. We believe that our students, staff, parents, and community are up for the challenge.

Finally, please note there has been a small change in the automated phone call system ACPS uses. From now on you will receive all calls from the following phone number - 1-855-977-0602. If, for whatever reason, the call does not leave a message, parents can simply call that number back and it will give you the message that went out.

Educationally Yours,

F. Poldi Moreno, Ed.D.

What's Happening at ACHS...

On Wednesday, November 6, DECA and FBLA students from ACHS collaborated with students from Amherst and Heritage high schools for a community service project at Miller Park in Lynchburg. In all, 21 students spread mulch across the park, helping to beautify it for the winter and spring seasons.

The student's effort saved Lynchburg Parks Services hours of resources that would have otherwise had to have been dedicated to this project. The project was great way for students to develop the leadership characteristic of citizenship while working in teams of 4-5 students.

Appomattox County High School participated in Virginia College Application Week 2019, during the week of November 18-22. High schools across the state, including Appomattox County High School, hosted application events and provided support services during the week.

Seniors were provided concentrated support services to help them complete and submit at least one college application. Fifty ACHS seniors participated in the event and ninety-two college applications were submitted to colleges and universities in Virginia.

School counselors, Tamara Hall and Drew Hall, and CVCC Career Coach, Ghana Ramey, worked with students in the lab to help them complete their applications.

What's happening at ACHS...

Two Appomattox County High School FFA members were recognized as National Proficiency Award finalists at the 92nd National FFA Convention and Expo. Earlier in 2019, Jacob Johnson and Kelly Price were crowned state champions in their respective Supervised Agricultural Experience (SAE) categories. During the summer of 2019, their applications were extensively reviewed by agricultural educators, industry professionals and National FFA staff. Johnson and Price were each selected as one of for finalists in their division. National Proficiency Award Finalists make up 0.00029% of FFA membership. During the convention, they presented a brief oral speech and were interviewed to be selected the national champion.

Johnson's SAE program fell into the Outdoor Recreation category. He works extensively with the 5-Bottoms Hunting Club in Concord. He has helped his father raise and train deer dogs for many years. Johnson helps to maintain trails on leased hunting land, provides routine maintenance on the hunting lodge, and initiated a predator control program. He is the son of Chris and Tracy Johnson of Concord.

Price was recognized in the Home and Community Development Proficiency award division. Price is a very active member of the Appomattox Volunteer Rescue Squad and the Red House Volunteer Fire Department. As an EMT-B, she regularly answers emergency calls with both organizations. She also helped to start a First Responder club at ACHS. Price is the granddaughter of Angela Johns of Appomattox. In addition to the prestigious honor of being identified as a National Finalist, Price was crowned the National Champion in Home and Community Development.

Jacob Johnson was a National Finalist in the FFA Outdoor Recreation Proficiency Award, sponsored by Yamaha Motor Corporation.

Kelly Price was the National Champion in the FFA Home and Community Development Proficiency Award, Sponsored by the National FFA Foundation.

What's Happening at ACHS...

In late October, 20 FFA members from Appomattox County High School and Appomattox Middle School attended the 92nd National FFA Convention and Expo in Indianapolis, Indiana, to receive awards for the chapter. Members were recognized for their work in providing opportunities for students, chapter, and community development and meeting National FFA guidelines for quality standards. The National FFA Convention is the largest national youth gathering in the world, with 69,944 students and advisors registered. ACHS students listened to motivational speaker, Bob Goff and national FFA Officers shared retiring addresses with the crowd. Students were able to tour the Whispering Pines Christmas Tree Farm in Danville, Indiana. In addition, members attended a professional rodeo and a music concert by Brett Young and Tennille Townes. The chapter was recognized as a 3-Star National Chapter Award recipient.

Students enjoyed the trip and look forward to attending again. The trip would not have been possible without the extensive moral and financial support of many individuals, businesses, and organizations. The FFA chapter at ACHS would like to extend their thanks and appreciation to the Appomattox County School Board, Spout Spring Ruritan Club, Pamplin Ruritan Club, Woodmen for the World, Lodge 71, the Appomattox FFA Alumni Chapter, Mr. Bob McClenny, Mr. Drew Hall, and the many patrons who supported the smoked pork loin and stew fundraisers.

What's Happening at ACHS...

Sra. Walker's Spanish III classes have been taking environmental and recycling vocabulary VERY SERIOUSLY! Topics ranging from the "zero waste" girl that was able to keep several years' worth of trash in ONE mason jar, to communities around the world that live on the edge of landfills for optimal use of the trash, we covered so much!
Student projects came alive with 3D vocabulary walls (and windows), dioramas, and student created games (both manipulative and technologically-driven). Some groups took it to "the next level" and incorporated the theme of REUSING into the creation of their projects.

One group RE-USED an old deck of cards, painted over original colors/images, and created hand-drawn images of the vocabulary. Multiple decks were photocopied and distributed to multiple groups for a variety of games such as concentration and go-fish. A second group went a step further and RE-USED #6 plastic containers, baked for seconds in order to create a forest scene of BEFORE and AFTER deforestation. This same group ALSO created a matching game made accessible to the class via google classroom.

Want to help Appomattox Couty High School? You can by simply registering at www.Kroger.com. People can register to give ACHS donations just by shopping for their groceries at Kroger. ACHS' current organizational number is KV302. Previously registered and donated? Thank you for your contribution, and please note our organizational number has changed. To assure your donations benefit ACHS, please use the current organizational number. Thank you for your continued support as our school strives to foster an atmosphere of learning success.

Intro. To Health & Medical Science Students got creative with the anatomy of the heart projects in Mrs. Wingfield's 3rd block class. Students had a choice of which activity they wanted to create and label for this project. As you can see their finished items are lovely, and will remind them of the anatomy of the heart. Along with this project the students had to define 10 terms related to the cardiovascular system, describe the function of the system, identify 10 structures of the heart and describe three disorders of the heart along with diagnostic testing and treatments for the disorders.

FCCLA has been very busy this fall. We were fortunate and only needed to purchase nine winter coats, hats, gloves, and toys for students at the primary school this year. This makes the students very happy!

The club also ran the Teddy Bear Brigade donation drive in early November. We collected 600 stuffed toys for Gleaning for the World. Gleaning distributes the toys to children in crisis all over the world.

Finally, FCCLA in conjunction with HOSA, DECA, FBLA, and the Automotive program were able to donate 93 Santas for Seniors bags to Appomattox Health and Rehab and Babcock Manor nursing homes. Each bag contained a soft blanket, tissues, hand lotion, lip balm, a pen, and a puzzle book. The bags were filled during the Raider Day of Service and a Christmas card was included in each gift.

What's Happening at ACHS...

Cyber S.W.A.T. was created by the Safe Surfin' Foundation (SSF). The National White Collar Crime Center (NW3C) and SSF have been awarded funding from the Community Oriented Policing Services (COPS) Office, a Department of Justice entity, to pilot the Cyber S.W.A.T. program in select schools and locations during the 2019-2020 school year. ACHS is one of the school selected this year to pilot the program. School resource officer, Daniel Gunter, and School Counselor, Tammie Hall, are helping Cyber S.W.A.T. peer mentors learn the principles of online safety. This close-knit group tackles tough conversations about bullying, online predators, and other online risks. The peer mentors will reach out to other high school and middle school students, sharing what they've learned and presenting projects they have created to tell real stories about online safety and online risks.

As part of the program, students are eligible for giveaways throughout the school year. This semester, Keyshawn Baker won a 25 gift card to Amazon, Treyvon Brown won a pair of Apple Air pods and Christian Ferguson won a $50 gift card to Amazon.

From late October through November, Dr. Mawyer's Marketing class covered a unit on promotional concepts and strategies businesses use. The unit focused on details of the topics of sales promotion, advertising, and publicity. For the duration of this unit, students completed many hands-on and digital projects, including magazine covers, print ads, logos, sales circulars, billboards, electronic billboards, and others. One project standing out from the others is the window display creation. Using a shoe box, students, in teams of two, created a window display for a store of their choosing. Students took great pride in their work and had lots of fun constructing their displays. On the final day of the project, the class conducted a gallery walk, voting on the best overall window display. Abby Mann and Kristen Williams were voted first place by their classmates.

What's Happening at ACHS...

In October 2019, the Appomattox Alternative Education Center conducted a field trip to two area employers, Sentry Manufacturing and BWXT. Alt-Ed students learned about a variety of different trade careers as well as current job opportunities available to Appomattox graduates in the local area. Sentry Manufacturing specializes in constructing factory automation equipment, outfitting the manufacturing facilities of some of the nation's most recognized brands, and employs tradesmen and women in metalworking (CNC and traditional), welding, electrical and painting. Sentry representatives noted their interest in interviewing any Appomattox graduate for a position with their company.

At BWXT, students met with representatives from the Quality Assurance (QA) and Metal Manufacturing divisions. Alt-Ed students were taught how to use some of the precision measuring equipment used by QA as well as some of the items made by the manufacturing division. Students learned about entry-level positions at BWXT, the educational programs offered in the local area to qualify for positions in these divisions, and expected salaries for these positions.

The newly formed photography club at ACHS has almost 30 regularly attending members and is sponsored by Mary Ann Bennett and Kelsey Bowman. During our meetings students learn about different styles of photography and then are challenged to go out and practice the new skills. Each month the students are given a bingo challenge board to complete and submit photos for the club to vote on! Winners are awarded gift cards that were donated by administration! Last month students learned about the Rule of Thirds and texture. Students were shown examples and non examples and then were tasked with going out and practicing these new skills. Attached are the winning photos for the month as chosen by the club members. Rule of Thirds- Ocean view taken by Cora Bennett Texture- stump extreme close up taken by Rowan Gruffyd.

What's Happening at ACHS...

Wednesday, November 20 and Thursday, November 21 eight students participated in Model United Nations at Hampden-Sydney College. They were joined by students from 5 other schools. Rowan Gruffydd, Abigail Swanberg, Tanner Decker, Athena Raymond, Austin Hodge, Carter Swanberg, Matthew Cash, and Clara Campbell spent two days learning Robert's Rules for Debate, making motions for moderated and unmoderated caucuses, writing resolutions, becoming signatories on resolutions, and learning how the UN deals with crises.

The students attempted to come up with solutions to the Opioid Crisis, Climate Change, and the refugee crisis. The conference ended with an awards ceremony. There were three awards given. Rowan Gruffydd and Abigail Swanberg won Outstanding Delegation, the second highest award given.

All of the students did an excellent job. Watching all of them branch out, talk to students from other schools, write resolutions, speak in front of the whole group, and even argue against and with the college students who helped out was great. There was so much growth in these students from day to day. I know you all will join in expressing how proud you are of these students.

The Physics students were asked to design a catapult to launch a projectile of their choice. Catapults should have been calibrated to hit targets at 4m, 6m, 8m, and 10m. Students were encouraged to build frugally, but were not prohibited from purchasing materials. Complete kits were banned. Student products included two catapults (designed very differently) and one cross-bow. While very interesting, the cross-bow was not included in the target testing.

What's happening at ACHS...

The ACHS first responder club has had a busy but successful first semester. Students who are participating received their firefighting gear after a gracious donation from Dominion Energy. First Responder club students have been learning about rendering first aid, treatment and stabilization of trauma victims and most recently learning about Personal Protective Equipment and how to respond to motor vehicle accidents. This semester students traveled to the Lynchburg Fire Department Station 1 and learned what it is like to be a career first responder and what the fire station life is like. They learned about the various training available to them and what type of services Lynchburg Fire Department provides to Lynchburg City beyond just EMS.

As we start second semester students will receive a CPR certification from Ms. Brosh (ACHS athletic trainer) and then students will be immersed with fire related training. Several School Employees oversee this club complemented with First Responders in the community who visit and provide additional resources. The Club is led by Jonathan Garrett, Beth Gafford, Lucas Ward, and Devon Brosh.

ACHS Gives Back...

The sunny skies and mild temperatures were a perfect backdrop as Appomattox County High School held its first ever, school wide, Raider Day of Service on Tuesday November 26. The idea was inspired by other small schools who have started this practice in recent years.

Students traveled around the county, to Lynchburg, and Pamplin helping at charity organizations such as Gleaning for the World, Lynchburg and Appomattox Humane Societies, the Miller Home, the Blue Ridge Area Food Bank, the War Horse at Rose Bower, Clover Hill Village, the Appomattox Historical Park, the Appomattox Fire Department, at each of the parks in Appomattox, and many other sites.

Over three hundred students participated in the community by raking leaves, creating luminaries, building walls, packing food and supplies, landscaping, painting and cleaning. Two hundred more students stayed at the school and provided service around the school, wrote letters to veterans and senior citizens, and wrote Christmas cards to our active duty military members aboard the USS Wasp.

Students and teachers were excited about the idea of giving to the community that has done so much for them over the years. Appomattox is a small community that has experienced much tragedy over the past five years, but has always come together to overcome that adversity.

This was different. Things are good in Appomattox. The economy is doing well, people are happy, and their sports teams are thriving. This was a way to say thank you to Appomattox, without having a tragedy. This was a way to demonstrate a bond between school and community. This was a day for Raiders to make an impact.

In Sports...

The Fall Sports Season is over. The Varsity Football Team were the Region 2C and State Class 2 Champions!!!!! They finished the season with a record of 13-2. This is the fourth region and state championship in the last 5 years.
The Varsity Volleyball Team is finished the season 19-3. The team lost to Radford in the Region 2C Semi-final round. Radford went on to win the second straight Class 2 State Championship. The Competition Cheer Team won the Region 2C title for a second straight year and qualified for the Class 1/2 State Championships. The team placed fourth in the state!

VSBA Title IX: Best Practices in Training & Compliance

March 24, 2020

VSBA Office
200 Hansen Road, Suite 2
Charlottesville, VA

With claims of sexual harassment and sexual misconduct hitting newsstands everywhere, Title IX coordinators and other senior staff need to be confident in their knowledge and enforcement of their divisions' policies. Prevention and thorough investigations are the best ways to manage risk and foster a safe and healthy school environment.

Participants will learn the basics of Title IX, best practices regarding Title IX policies, and recent case law relating to sexual harassment of students, gender discrimination, and employee training requirements. In addition, participants will walk away equipped with tools to help administrators spot, prevent, and investigate claims of unlawful discrimination, harassment, and retaliation.

Hosted by the VSBA and presented by Bradford King and Nicole Cheuk, attorneys with Sands Anderson PC, this timely and important workshop is a must. The workshop will take place at the VSBA office in Charlottesville from 10:00 AM—1:30 PM. Light breakfast and lunch will be provided.

Register today; spaces are limited. You won't want to miss out on this informative workshop.

WHAT IS **TITLE IX**?

"No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance."

2020 VSBA Southern Region Spring Network Forum

Make plans now to attend the 2020 VSBA Southern Region Spring Network Forum on March 16, 2020 at Central Virginia Community College. This forum is especially designed to give school board members and superintendents the opportunity to meet with their colleagues from across the region for an evening of fellowship and discussion.

STUDENT ART SHOW

The student art show is now a tradition at the regional forums. Each school division has been asked to enter three pieces of student art - elementary, middle, and high school. The student art will be judged at the forum with ribbons for the winners. Certificates will be awarded to all who enter. Winning student art will be framed and rotated for display in the offices of the Secretary of Education, Department of Education and the VSBA for one year before being returned to the school division for return to the student.
A savings bond to all first-place winners will be provided by an anonymous donor. VSBA staff will follow up with the winners once they are selected.

EARN ACADEMY POINTS

The VSBA Southern Region Spring Network Forum is part of the VSBA School Board Academy, and those attending will receive three Academy points. Any school board member who attends the forum will be in automatic compliance with Standard 5D of the Standards of Quality, which requires local school board members to participate in school board training.

Staff,
Please find attached an update on our division's most current preparation and response to the COVID-19 concerns. I am also posting a similar message to parents on our division webpage.
Thank you for all you are doing to keep yourselves, your families, and our students healthy during this time. I will continue to update you as information is made available to me.

All Staff Communication- COVID-19.docx
17K

ACPS Staff,

As the identification of COVID-19 confirmed cases move closer to our community, the concern is growing about how we will address this if it spreads to Appomattox. As I shared earlier, ACPS is continuing to monitor communication from the U.S. Centers for Disease Control and Prevention (CDC) and following all recommendations with regard to the prevention of and response to any possible outbreak. Closer to home, we are working directly with our local and regional health partners to be aware of any concerns that may impact Appomattox and specifically our division.

I am posting a message to parents on the division webpage to provide information and resources on COVID-19. While some of the information in this communication is repeated, I want you to know what we are doing to prevent the spread of germs and prepare for a worse-case scenario of having to close schools.

For now, we are focusing on three areas a) keeping our school environments healthy, b) collaborating with local health officials and c) planning ways to mitigate interruption to instructional and food services for our students **if** we had to close school.

1) **Healthy School Environment**:

- As reported earlier ACPS is deep cleaning the schools and buses daily. We are providing the custodial staff with additional training on the best practices to maximize our cleaning routines as needed.
- We need anyone who is sick to stay home- students and staff.
- We need to take seriously our responsibility to educate ourselves, and our students about preventative measures to slow or stop the spread of germs. I have shared some resources with Principals, I am adding more in this communication. If you need additional resources, just ask.

2) **Collaborating with Local Health Officials**:

- In addition to continually monitoring the CDC resources and advice on this topic, we are in contact with our local health department, other governmental agencies, and the regional epidemiology specialist to determine if there are any immediate or anticipated risks to our community.
- Any decisions made about the safety and well-being of our staff and students are made in collaboration with these experts in the health and medical field.

3) **Planning for a school closure:**

- We are only in a planning stage as a proactive measure at this time. ***We are not considering any school closures or canceling large group gatherings at this time.*** However, should circumstances change and that must be considered, we will do so in collaboration with the local health department and local emergency management officials.
- We are evaluating our crisis plans for extended closures and brainstorming ways we might be able to mitigate the negative effects of closing schools for an extended period of time.
- As with any school closure, all school stakeholders will be notified using our mass communication system that includes phone calls, emails, text, app alert, as well as announcements made on radio and television stations.

If we were forced to close school, one task is determining how we can provide instruction to students through Google Classroom, take-home packets, Zoom Meetings or other creative measures. If you have not already, please begin to brainstorm creative and "out of the box" strategies to keep our students engaged if we cannot bring them into the school building.

- We are also developing plans to serve students with food insecurities outside of the schools. Unfortunately, our community has had some experience with feeding tornado victims and we can draw on lessons learned during that crisis for this one, if necessary.

When I know more, I will share information with you. In the meantime, please use these included resources to educate yourself and your students on COVID-19. As I have shared with parents, it is important that we do everything we can to keep ourselves and our families healthy, remain calm, and react to facts not fear. I am confident that if this were to become a crisis in our community or for our schools, Appomattox will rally together to take care of one another. Thank you for all you are already doing to keep one another safe and healthy.

ACPS Shares Information About Our Division's Response to COVID19

Parents,

As many news reports are circulating about the coronavirus or COVID-19, we recognize the growing concern about its possible spread in the U.S. This message is posted to make you aware of our division's response to this health concern.

ACPS is monitoring all communication from the U.S. Centers for Disease Control and Prevention (CDC) and following all recommendations with regard to the prevention of and response to any possible outbreak. Although Virginia has joined the list of states with confirmed cases, we are fortunate that no one in Appomattox has been affected. We are working closely with local and regional health officials in the event that status was to change.

In the meantime, we are certainly not ignoring the potential for COVID-19 being identified here and certainly want to be prepared for whatever comes our way. For now, we are focusing on three areas a) keeping our school environments healthy, b) collaborating with local health officials and c) planning ways to mitigate interruption to instructional and food services for our students **if** we had to close school.

1) **Healthy School Environment**: ACPS routinely uses a proactive approach to deep clean the schools and buses during influenza season. We have confirmed we are using cleaning supplies that are on the recommended list to address COVID-19. Our staff is trained in the proper use of these supplies and the most effective cleaning routines. We are also encouraging students and staff to stay at home if they are sick. Should any new information become available or recommendations change from health officials, we will immediately adjust our practices. We are also taking seriously our responsibility to educate our students and staff about preventative measures to slow or stop the spread of germs.

2) **Collaborating with Local Health Officials**: In addition to continually monitoring the CDC resources and advice on this topic, we are in contact with our local health department and the regional epidemiology specialist to determine if there are any immediate or anticipated risks to our community. Any decisions made about the safety and well-being of our staff and students are made in collaboration with these experts in the health and medical field.

3) **Planning for a school closure:** ***We are not considering any school closures at this time*.** However, should circumstances change and that must be considered, we will do so in collaboration with the local health department and local emergency management officials. As with any school closure, you will be notified using our mass communication system that includes phone calls, emails, text, app alert, as well as announcements made on radio and television stations.

On the proactive side of this topic, we are evaluating our crisis plans for extended closures and our staff is brainstorming ways we might be able to mitigate the negative effects of closing schools for an extended period of time. One task is determining how we can provide instruction to students through Google Classroom, take-home packets, or other creative measures. We are also developing plans to serve students who may need food when schools are closed.

As we know more, we will keep you informed. I encourage you to keep abreast of what is going on and I am including several resources with this message you can use to educate yourself on COVID-19. It is important that we do everything we can to keep ourselves and our families healthy, remain calm, and react to facts not fear. I am confident that if this were to become a crisis in our community or for our schools, Appomattox will rally together to take care of one another. We have had to do that in the past and I have no doubt that same spirit and resilience will rise out of crisis again if necessary.

HOW TO AND TIPS

JOINING THE MEETING

JOIN A MEETING BY CLICKING ON THE ZOOM LINK SENT FROM ZOOM AFTER YOU REGISTERED FOR THE MEETING. YOU MUST REGISTER FIRST. THE LINK SENT BY VSBA IS ONLY FOR REGISTRATION AND WILL NOT GIVE YOU ACCESS TO THE MEETING.

IF THIS IS YOUR FIRST ZOOM MEETING ON YOUR DEVICE, CLICK DOWNLOAD AND RUN ZOOM. THE ZOOM.EXE FILE WILL DOWNLOAD, AND YOU WILL NEED TO OPEN THE FILE. PLEASE NOTE THIS ONLY NEEDS TO BE DONE ONCE FOR ANY DEVICE ON WHICH YOU USE ZOOM FOR THE FIRST TIME. IF YOU HAVE ALREADY PARTICIPATED IN A ZOOM MEETING, YOU DO NOT HAVE TO DOWNLOAD IT AGAIN.

NOTE: YOU DO NOT NEED A ZOOM ACCOUNT TO PARTICIPATE IN ZOOM MEETINGS HOSTED BY VSBA.

CHOOSE VIDEO LAYOUT

AT THE UPPER RIGHT OF YOUR SCREEN YOU CAN SWITCH BETWEEN SPEAKER VIEW AND GALLERY VIEW. YOU CAN ALSO ENTER/EXIT FULL SCREEN BY CLICKING ICON TO RIGHT OF GALLERY/SPEAKER VIEW. SPEAKER VIEW WILL ONLY SHOW THE ACTIVE SPEAKER. GALLERY VIEW WILL SHOW ALL ATTENDEES IN SMALLER BOXES. WHEN THERE IS A LARGE NUMBER OF ATTENDEES, THERE MAY BE AN ARROW TO SCROLL THROUGH THE PAGES OF ATTENDEES.

ZOOM CONTROL BAR

HOVER OVER THE BOTTOM OF YOUR ACTIVE ZOOM MEETING WINDOW FOR THE CONTROL BAR TO SEE YOUR CONTROLS:

MUTE

YOU CAN MUTE/UNMUTE YOUR MICROPHONE BY CLICKING THE MICROPHONE ICON.

START VIDEO

IF YOUR DEVICE HAS A CAMERA, YOU CAN TURN IT ON/OFF BY CLICKING THE START VIDEO ICON .

PARTICIPANTS

IF YOU CLICK ON PARTICIPANTS, YOU CAN SEE WHO IS CURRENTLY IN THE MEETING. THE PARTICIPANTS LIST ALSO GIVES YOU THE OPTION TO RENAME YOURSELF.

- RENAME - HOVER OVER YOUR NAME TO CHANGE IT AS IT IS SEEN IN THE PARTICIPANTS LIST & VIDEO WINDOW

HOW TO AND TIPS CONTINUED

CHAT

USE THIS FEATURE TO ASK QUESTIONS DURING THE MEETING. YOU CAN SEND A QUESTION OR STATEMENT TO EVERYONE OR PRIVATELY TO A VSBA STAFF MEMBER. IT WILL BE MONITORED BY VSBA STAFF.

LEAVE MEETING

YOU CAN LEAVE THE MEETING AT ANY TIME BY CLICKING ON LEAVE MEETING BUTTON.

ETIQUETTE TIPS:

PRIOR TO THE MEETING:

- DRESS TO IMPRESS: IT'S EASY TO GIVE IN TO THE TEMPTATION TO WEAR SWEATPANTS AND AN OLD T-SHIRT BECAUSE YOU'RE WORKING FROM HOME. DRESS FOR YOUR VIDEO CONFERENCE THE WAY YOU WOULD FOR AN IN-PERSON MEETING.

DURING YOUR MEETING:

- MUTE YOUR MICROPHONE WHEN NECESSARY: ZOOM HAS A "MUTE MICROPHONE" OPTION THAT CUTS DOWN ON AMBIENT FEEDBACK FOR THE AUDIENCE.
- USE ZOOM'S CHAT FUNCTION: YOU CAN SEND A QUESTION OR STATEMENT TO EVERYONE OR PRIVATELY TO A VSBA STAFF MEMBER.
- THINK ABOUT YOUR ACTIONS ON CAMERA: ALWAYS REMEMBER THAT EVERYONE CAN SEE YOU. SOMEONE IS WATCHING AS YOU TAKE A BIG, WIDE-MOUTH YAWN, STRETCH, OR WANDER AROUND THE ROOM. THESE EXAGGERATED MOVEMENTS ARE DISTRACTING TO THE AUDIENCE AND CAN BE DISRUPTIVE TO THE SPEAKER. TRY TO STAY STILL AND BE ATTENTIVE!

MEET YOUR VSBA REGIONAL OFFICERS

GAVIN HONEYCUTT,
VSBA SOUTHERN REGION CHAIR

GAVIN L. HONEYCUTT, BOARD CHAIR AT MECKLENBURG COUNTY PUBLIC SCHOOLS, IS A LIFELONG RESIDENT OF SOUTH HILL, MECKLENBURG COUNTY AND A 1989 GRADUATE OF PARK VIEW SENIOR HIGH SCHOOL.

BOARD DEVELOPMENT AND TRAINING

THROUGH THE "VSBA ACADEMY", THE VSBA OFFERS INDIVIDUALIZED PROFESSIONAL DEVELOPMENT ACTIVITIES DESIGNED FOR VIRGINIA SCHOOL BOARDS. IN ADDITION TO CUSTOM TRAINING, THE FOLLOWING TOPICS ARE OFFERED BY THE VSBA:

GOVERNANCE: UNDERSTANDING THE ROLES AND RESPONSIBILITIES

AN EFFECTIVE GOVERNANCE TEAM IS MADE UP OF MEMBERS WITH A RANGE OF RESPONSIBILITIES FROM STRATEGIC TO OPERATIONAL. PARTICIPANTS WILL COMPARE AND CONTRAST THE ROLES AND RESPONSIBILITIES OF THE SCHOOL BOARD AND THE SUPERINTENDENT. CHALLENGES FACED BY BOARD MEMBERS AS THEY STRIVE TO WORK AT THE STRATEGIC LEVEL WILL BE DISCUSSED AND STRATEGIES FOR FULFILLING THEIR GOVERNANCE ROLE WILL BE SHARED.

OPERATIONS: ESTABLISHING BOARD NORMS AND PROTOCOLS (THE WAY WE DO BUSINESS)

ONE MEANS OF DEVELOPING AN EFFECTIVE AND EFFICIENT BOARD IS TO CREATE BOARD NORMS AND PROTOCOLS THAT SERVE AS A MEANS OF COMMUNICATING BELIEFS, PROCESSES, AND BEST PRACTICES. IN THIS SESSION, PARTICIPANTS WILL REFLECT ON THEIR CURRENT PRACTICES AND PROTOCOLS AND WORK TO DEVELOP AN AGREED UPON SET OF BOARD NORMS AND PROTOCOLS.

BUDGET SERVICES FOR GOVERNANCE TEAMS ***NEW IN 2020*

ONE OF THE MOST IMPORTANT FUNCTIONS OF A SCHOOL BOARD IS SCHOOL BUDGET AND FINANCE. WHEN SCHOOL DIVISIONS ARE PREPARING THEIR BUDGETS, IT IS IMPORTANT FOR ALL MEMBERS OF THE GOVERNANCE TEAM TO UNDERSTAND THE BUDGET PROCESS, KNOW THE SCHOOL BOARD'S ROLE IN THE PROCESS AND KNOW HOW TO COMMUNICATE BUDGET REQUESTS TO THEIR LOCAL APPROPRIATING BODY.

BOARD DEVELOPMENT AND TRAINING

MASTER BOARD TRAINING

THE VSBA MASTER BOARD PROGRAM EMPHASIZES TEAM AND TRUST BUILDING, COMMUNICATIONS, MANAGING CHANGE, ETHICS, AND WORKING TOGETHER AS A TEAM TO BENEFIT EVERY CHILD IN YOUR SCHOOL DIVISION. THE TRAINING CONTAINS FOUR MODULES INCLUDING: BUILDING OUR TEAM, IMPROVING COMMUNICATIONS PART I AND; IMPROVING COMMUNICATIONS PART II. ONCE ALL FOUR COURSES ARE COMPLETED, THE SCHOOL BOARD WILL BE DESIGNATED A "VSBA MASTER BOARD"

FACILITATED BOARD SELF-EVALUATION

BOARD SELF-EVALUATION PROVIDES MORE THAN JUST ACCOUNTABILITY AND COMMUNICATION. IT PROVIDES AN OPPORTUNITY FOR BUILDING THE BEST POSSIBLE LEADERSHIP FOR THE DIVISION AND COMMUNITY. THE VSBA HAS DEVELOPED A FACILITATED SELF-EVALUATION PROCESS THAT WILL ASSIST YOUR BOARD IN ITS CONTINUING COMMITMENT TO FOCUS ON AND INCREASE STUDENT ACHIEVEMENT.

VIRGINIA FREEDOM OF INFORMATION ACT (FOIA) *** NEW!***

THE REQUIREMENTS OF FOIA IMPACT EVERY SCHOOL BOARD MEETING, FROM INITIAL NOTICE OF THE MEETING TO WHAT MUST BE INCLUDED IN THE MINUTES. PARTICIPANTS WILL HAVE THE OPPORTUNITY TO EXPLORE THE REQUIREMENTS OF FOIA IN DEPTH, INCLUDING CRAFTING MOTIONS REQUIRED TO ENTER CLOSED SESSIONS. PLEASE NOTE: THIS TRAINING DOES NOT SATISFY THE LEGAL REQUIREMENT FOR ELECTED SCHOOL BOARD MEMBERS TO RECEIVE FOIA TRAINING.

March Hot Topic Conference

March 17, 2021

Virtual Conference

Join us as we gather virtually for an informative and important conference. This conference will be focusing specifically on multiple hot topics in education. You will hear from three leaders in public education throughout the event speaking on the topics of Race and Equity, Communicating as a Team, and School Segregation within Virginia.

The day will kick off with a focus on how school boards can identify, understand, and manage the content, skills, and behavior needed to create diverse, equitable, and inclusive organizations and communities. The next session will discuss how to communicate as a team with your school board and superintendent, especially within this virtual world with online meetings and social media. The final session will cover the topic of rezoning and redistricting within Virginia and how to make sure that school board members recognize the power of how a school boundary can affect segregation.

Introduction

On March 13, 2020, Virginia Governor Ralph Northam ordered all K-12 schools in Virginia to close for a minimum of two weeks, March 16-27, due to the spread of coronavirus disease 2019 (COVID-19). Then, on March 23, 2020, to protect the health and safety of Virginians and reduce the spread of COVID-19, Governor Northam ordered all K-12 schools to remain closed through the end of the 2019-20 academic year.

Beginning in March, ACPS began working on a continuity of learning plan and made arrangements to continue to provide food services to our students. By late April and early May, as communities across our state began entering Phase One of the governor's "Forward Virginia" plan to safely and gradually ease public health restrictions, ACPS was already immersed in planning an in person Community-Based Summer School program. In mid- June, in anticipation of opening schools for the 2020-21 school year, ACPS convened a "Return and Recovery Task Force" to craft initial guidance to support a safe and welcoming return to school for students, teachers, support staff, and visitors.

The product of this work is the "Return and Recovery Planning Guide," which aims to provide a framework to guide the division's ongoing and comprehensive planning efforts to safely and successfully reopen our schools, in alignment with guidance we receive from public health officials and the state department of education. The guide establishes a starting point from which ACPS can begin to navigate the various challenges involved in reopening schools while supporting specific priorities, including a safe and healthy physical environment for all; the health, safety and well-being of our students and staff; and high-quality teaching and learning. ACPS staff members offering diverse expertise and representing a wide range of our schools and departments have collaborated to create this foundational guidance.

The planning guide is organized by the four focus areas of our work groups—Facilities and Student Services, Students, Staff, and Learning. Each section includes the following information:

- A **Statement of Purpose** describing the primary objective of the work group within the scope of crafting preliminary guidance to support the reopening of schools amidst a pandemic and unprecedented public health restrictions;
- The **Areas of Focus** addressed by the guidance in the section;
- Recommended **Key Strategies** in response to the Guiding Questions.

The "Return and Recovery Planning Guide,"" is not intended to provide comprehensive guidance for reopening schools; rather, its purpose is to provide a framework that prepares the school division to progress with detailed planning in response to direction from relevant governing bodies and public health entities.

May 2021 Addendum
As the 2021-2022 school year approaches, the CDC, VDH and Governor Northam have begun to issue new recommendations and loosen the restrictions on social gatherings, social distancing, and mask mandates for vaccinated citizens.
While the majority of this planning guide will continue to be used, some sections have been updated to reflect changes for the 2021-22 school year. All 2021 updates are highlighted in blue.

Facilities and Student Services

Statement of Purpose

Develop practices, protocols, and guidelines that support a healthy and safe physical environment for students, staff, and align with public health guidance.

Targeted Areas

- Cleaning, disinfection and ventilation
- Buildings and grounds
- Food Services
- Transportation
- Response to confirmed cases of COVID-19

Strategies

CLEANING, DISINFECTION AND VENTILATION

ACPS will remain in alignment with the most recent CDC/VDH guidelines . The following mitigation strategies may be used.

We will routinely clean and disinfect shared spaces and high-touch surfaces.

- We will use teachers and other staff to clean and disinfect shared technology and high-touch surfaces, minimally including interior and exterior door handles, cafeteria tables and chairs, phones, copiers, and handrails, throughout the day and before and after meals and snacks.
- We will clean and disinfect restrooms at an increased frequency.
- We will disinfect clinic and isolation room surfaces frequently throughout the day and between users.
- We will follow established protocols for cleaning and disinfection of shared spaces and surfaces, to be performed by custodial staff each evening.
- We will minimize soft furnishings, floor coverings (e.g., rugs), and surface clutter in order to facilitate proper disinfection.
- We will use disinfectant products that are approved by the U.S. Environmental Protection Agency (EPA) for effective use against SARS-CoV-2, the virus that causes COVID-19.

We will implement protocols for building operations to reduce potential exposure to COVID-19.

- We will endeavor to minimize the sharing of equipment, technology, and learning materials.
- We will require students who feel ill to wear a face covering, in a proper manner consistent with CDC guidelines, while in the clinic to minimize the spread of respiratory droplets leading to surface contamination.
- We will establish isolation rooms to care for symptomatic students until they are picked up.
- We will improve indoor air quality by increasing outdoor air ventilation.
- We will ventilate the buildings before and after occupancy.
- We will use High Efficiency (I-WAVE R) filtration units in clinics.
- We will open operable windows when outside temperature and humidity allow.

BUILDINGS AND GROUNDS

ACPS will remain in alignment with the most recent CDC/VDH guidelines . The following mitigation strategies may be used.

We will promote health and safety practices; minimize contact between building occupants; and limit sharing of equipment and surfaces.

Regarding hallways, we will:

- Establish traffic patterns using signage and floor markings to promote one-way traffic during peak times.
- Stagger arrival and dismissal processes and class changes.
- Require use of personal water bottles or cups to prevent direct drinking from water fountains and/or consider disabling water fountains.
- Use signage to promote handwashing and appropriate social distancing as recommended by public health officials.
- Suspend the use of lockers.

Regarding classrooms and learning spaces, we will:

- Limit the number of occupants.
- Position workspaces (e.g., desks, tables) and seating in compliance with recommendations by public health officials.
- Provide hand sanitizer in rooms without sinks.
- Require washing or sanitizing of hands upon entry and exit.
- Prop open doors during entrance and exit times and close doors at all other times.
- Repurpose non-traditional learning spaces (e.g., auditoriums, cafeterias, outdoor spaces) and spaces traditionally reserved for “specials” (e.g., art, physical education, library, music), as needed and wherever feasible, to serve the learning needs of students in an environment that enables appropriate social distancing.

Regarding cafeterias, we will:

- Repurpose as classroom space, if needed.
- Arrange for students to consume meals (breakfast and lunch) in their classrooms, as necessary.
- Stagger meal schedules, as needed, to limit the number of occupants at any given time.
- Install hand sanitizer stations.

- Require washing or sanitizing of hands upon entry and exit.
- Consider food allergies when designating eating locations

Regarding main offices, we will:

- Require staff, students and visitors to use hand sanitizer upon entry and exit.
- Position work stations in compliance with recommendations by public health officials.
- Install clear plastic shields in front of reception desks.
- Limit transaction time between office staff and students, other staff, and visitors.

Regarding bathrooms, we will:

- Require washing or sanitizing of hands upon entry and exit.
- Use signage to promote proper handwashing.
- Limit the number of occupants at any given time based on the size of the bathroom.
- Label the floor to accommodate waiting space that observes appropriate social distancing if recommended in 21-22.

Regarding building entrances and exits, we will:

- Designate and clearly label doors as entrances or exits.
- Prop open doors during supervised arrival and dismissal times and close doors at all other times.
- Use multiple points of entry and exit or stagger schedules to lessen the number of people entering and exiting at the same time as possible.
- Install hand sanitizer stations.

Regarding locker rooms, we will:

- Close locker rooms until further notice if recommended in 21-22.

Regarding playgrounds, we will:

- Either close or stagger use during school hours if recommended in 21-22.
- Continue policy of prohibiting public use during school hours.
- Develop policy to manage public use after hours and on weekends

Regarding visitors, we will:

- Restrict non-essential visitors and volunteers from entering our buildings if recommended in 21-22.
- Develop community use policies to manage use of school facilities after hours and on weekends.
- **We will proactively communicate with stakeholders, including students, parents and guardians, employees, and community members, regarding building safety. We will utilize age-appropriate signage and labels as follows:**
    - Over sinks to encourage proper handwashing;
    - Throughout hallways, in offices, and in clinics to encourage wearing face coverings, in a proper manner consistent with CDC guidelines;
    - On water fountains to deter use;
    - On floors to indicate traffic patterns;
    - On doors to clearly indicate entrances and exits;
    - Outside of buildings to provide procedural reminders; and
    - In learning spaces to promote practices recommended by public health officials, such as social distancing, handwashing, and wearing face coverings in a proper manner consistent with CDC guidelines.

- We will communicate the following to students, parents and guardians, employees, and community members as needed:
    - Supply lists for students; including at-home supplies and extra supplies due to no sharing
    - Expectations for face covering use in a proper manner consistent with CDC guidelines; and
    - Procedures and expectations for building occupants.

TRANSPORTATION

We will ensure our school buses provide a safe transportation option for all users. If recommended by CDC / VDH the following mitigation strategies may be used in the 21-22 school year:

- We will routinely disinfect buses prior to and after transporting students, including frequently touched surfaces like seats and handrails.
- We will provide all students and staff with proper personal protective equipment (PPE) in accordance with public health recommendations.
- We will equip all buses with hand sanitizer and disinfectant wipes or spray.
- We will permit students who live in the same household to sit together in a single seat.
- We will seat students back-to-front when boarding and dismiss students front-to-back when disembarking to minimize the need for students to pass one another on the bus when possible.
- We will assign seats on our buses to ensure student safety throughout the ride.
- We will provide transportation only to the students registered for each bus route.
- We will partner with families to make sure that social distancing guidelines are observed at bus stops.
- We will enforce all established ACPS guidelines for safe transportation jointly with public health guidelines.
- We will communicate expectations of students and families to promote safe transportation.
- We will work closely with the family of any child who puts others at risk
- Below is a schematic of a 65- passenger bus. Assigning 1 student to a seat allows us to transport 22 students, alternating aisle and window seats and 42 students allowing 2 to a seat. On a 52 passenger bus,we can transport 18 (1 to a seat) or 34 (2 to a seat)students. The wheelchair accessible bus has a capacity of 10 students and 1 aide. **Students, aides, and drivers will be required to wear face coverings in a proper manner consistent with CDC guidelines.**

1 to a seat

2 to a seat

We will work to identify and meet the transportation needs of all students.

- We will work closely with families to identify their transportation needs and intentions.
- We will communicate the limited use of alternate bus stops, as needed.
- We will ensure that we meet the needs of students with disabilities and the expectations of their Individualized Education Program (IEP).
- We will make every effort to abide by public health guidelines as we strive to accommodate any specialized transportation needs.
- We will communicate plans for transportation to daycares as some of those programs may be impacted by health and safety restrictions.

We will create and communicate plans to manage an increase in the number of families who choose to drop off and pick up their children.

- We will increase staff to support traffic control.
- We will stagger schedules to ensure safe conditions and an efficient process for drop-off and/or pick-up.
- We will communicate schedules and processes to families.

We will proactively communicate ACPS guidelines for safe transportation with schools and families in a variety of ways.

- We will ensure families have access to ACPS guidelines for safe transportation, including the most current health and safety protocols.
- We will share any changes to ACPS guidelines for safe transportation as public health and safety restrictions shift.

CAR RIDER

Dismissing car riders with social distancing in place will require some coordination of parents and schools. For safety reasons, students will remain in their classrooms until called for dismissal in the afternoons. Using the following schedule, we will make every effort to have children in place when you arrive for pick up.

1. Car riders will be divided into 4 groups for afternoon pick up.
2. Please use the first initial of your youngest child's last name to follow this schedule. (Ex: my youngest child's last name is Jones, so I will follow the afternoon pick up schedule for J.)
3. Parents should move from one school to the next in the order outlined below. Your student will not be dismissed in an earlier load.
4. Parents providing transportation will receive a placard for the rearview mirror that will assist the school staff in getting your child to your car as quickly as possible each afternoon.

The following dismissal schedule will be used:

School	Load 1 3:00 PM	Load 2 3:10 PM	Load 3 3:15 PM	Load 4 3:20 PM
APS	Last Name starts with A-E APS Load 1	F-J APS Load 2	K-P APS Load 3	Q-Z APS Load 4
AES	Q-Z AES Load 1	A-E AES Load 2	F-J AES Load 3	K-P AES Load 4
AMS	K-P AMS Load 1	Q-Z AMS Load 2	A-E AMS Load 3	F-J AES Load 4
ACHS	F-J ACHS Load 1	K-P ACHS Load 2	Q-Z ACHS Load 3	A-E ACHS Load 4

FOOD SERVICES

We will ensure food services are continued to support the nutritional needs of our students.

- We will ensure families are informed about the availability of SNAP or TANF benefits if household incomes have changed.
- We will follow all USDA regulations and guidelines to ensure food is prepared and served in the safest possible way.
- We will ensure students have access to high-quality nutritional meals.

School Nutrition
Plan: Operate the school lunch programs to provide meals to students at school and to students participating in online learning. Implement service models for each building that meet the unique needs of the school and student population, while adhering to federal program requirements and safety guidelines (grab & go, classroom delivery, cafeteria pickup). Enlist school building staff to assist with meal distribution, classroom cleaning and trash collection. Take home meals will be offered if/when in-person instruction is interrupted. Food will also be available for students choosing an all virtual model to pick up from a school location.
Goal: Nutritious school meals are essential to the health and achievement of all ACPS students thus nutrition services will strive to support the instructional plans to meet student needs.

HEALTH & RESPONSE TO CONFIRMED CASES OF COVID-19

If a person known to be positive for COVID-19 has entered a school building:

- We will coordinate with local health officials to determine a course of action.
- Based on recommendations of local health officials, we may implement a short-term dismissal for potentially affected students and staff to allow time for local health officials to gain a better understanding of the COVID-19 situation impacting the school or building if requested/recommended by health officials.
- We will communicate dismissal decisions and possible COVID-19 exposure with staff, parents and students as needed.
- We will, in an effort to minimize potential exposure to respiratory droplets, close off areas used by the infected individual(s), increase air circulation in the area, and wait as long as practical (up to 24 hours) before cleaning and disinfecting all areas, focusing especially on frequently touched surfaces.
- We will make decisions about expanding or extending dismissals in coordination with local health officials.
- We will implement strategies to continue education and related supports for students during a school closure, to include continuity of education, meal programs, and necessary services for children.

The following protocols will be followed when a student or staff member is symptomatic, presumed positive or confirmed positive for COVID-19: Note- ACPS will continue to remain in alignment with the most current CDC and VDH Guidelines.

Parents/guardians should notify their school administrator or school nurse in the event that their child shows symptoms of COVID-19 or tests positive for COVID-19. Children should remain at home in accordance with the VDH guidelines for isolation found here: What to do if you have confirmed or suspected coronavirus disease (COVID-19)? – Coronavirus Also see Flowchart on page 53 of this document - Evaluating a Person with Covid-19 Symptoms or Exposure.

ACPS employees will notify their immediate supervisor of any suspected or positive case of COVID-19. The immediate supervisor will notify the Superintendent or designee **while maintaining confidentiality in accordance with the Americans with Disabilities Act and HIPAA rules.**

When called for, ACPS will work with the health department to institute contact tracing and notify any staff and parents/guardians of any student who may have been exposed based on the following criteria. Unvaccinated Individuals who answer **YES to all three questions** may be at risk if unvaccinated:

1. Were you less than 6-feet apart from a person who tested positive for COVID-19 or has shown symptoms of COVID-19?
2. During the time that you were less than 6-feet apart, were you also in the presence of this person for a period of 15 consecutive minutes or more?
3. During the time that you were less than 6-feet apart and in the presence of this person for a period of 15 consecutive minutes or more, did this interaction occur 1-2 days prior to, during, or 7-10 days after the person first showed symptoms?

Upon notification, ACPS will institute appropriate cleaning protocols and isolation of affected areas as prescribed by the CDC guidelines.

Additional detailed information specific for staff members will be shared during their training sessions. This includes but is not limited to:

1. Staff reporting responsibilities
2. Staff attendance procedures for suspected or positive COVID-19 results and the use of sick time, FFCRA time, and other leave time.
3. Consultation procedures for staff who seek a medical exemption

See APPENDIX C for additional information related to ACPS' Response to Symptoms or Positive Cases

Staff

Statement of Purpose

Develop protocols, guidelines, and training resources that support a safe and healthy return to work for all employees and align with current laws, policies, and authoritative COVID-19 guidance.

Areas of Focus

- Physical health and safety
- Mental health and wellness
- Professional development
- Attendance and leave

Key Strategies

PHYSICAL HEALTH AND SAFETY

We will ensure measures are in place to help keep employees as safe as possible. Based on the most current recommendations of CDC and VDH, and the vaccination status of the individuals, ACPS may need to implement the following mitigation strategies:

- Require each employee to perform a daily **self-assessment** before entering the school/workplace to affirm that they are not experiencing any symptoms of COVID-19 in the past 24 hours and have not, to their knowledge, been exposed to the virus.
- **Active Screening for Symptoms** –ACPS will engage in symptom screening as students/staff enter campus, consistent with public health guidance, which includes visual wellness checks and temperature checks with no-touch thermometers (check temperature to ensure temperatures below 100.4 degrees Fahrenheit).
- **According to the "Symptom Checker" on the VDH website, the most common symptoms of Covid-19 are fever, cough, shortness of breath, loss of taste or smell, muscle aches). There are other symptoms as well including sore throat, fatigue, congestion/runny nose, headache, nausea/vomiting, diarrhea. Symptoms may appear 2-14 days after exposure to the virus.**
- Staff who are symptomatic while entering campus, will be separated from others right away, preferably isolated in an area through which others do not enter or pass. If more than one individual is in an isolation area, ACPS will ensure physical distancing
- Staff will have emergency substitute plans in place.
- Staff will be advised not to return to work until they have met CDC criteria to discontinue home isolation.
- We will encourage practices in the workplace that promote social distancing whenever feasible, such as the use of teleconferences, teleworking, staggered shifts and schedules, and minimizing the sharing of workspaces, phones and equipment.
- We will instruct employees on important health and safety measures, and we will use signage to provide reminders on proper handwashing and hand sanitizing technique, how to use face coverings, and the importance of social distancing.

- We will clean and disinfect high-touch surfaces and provide cleaning materials for staff to use between student interactions and in their work areas.

- We will, when indicated, cooperate with local health officials on infection control and contact tracing efforts.

We will equip employees with appropriate personal protective equipment (PPE), appropriate training and require use according to public health guidelines to minimize the spread of COVID-19 based on the current CDC /VDH Guidelines.

- ACPS will follow public health guidelines on use, training and cleaning of PPE and face coverings for each employee group and department.
- ACPS will provide an appropriate face covering such as disposable masks, cloth masks, face shields, etc.
- Staff will understand, practice, and encourage safe personal hygiene practices, protocols, procedures, actions and responses for all coronavirus-related incidents. **(See Appendix C for Face Covering Protocol)**
- All staff should wash hands often with soap and water for 20 seconds. If soap and water is not available, use hand sanitizer that contains at least 60% alcohol.
- All staff should refrain from touching eyes, nose, and mouth.
- **If an unvaccinated staff member has a symptom, per VDH guidelines and flowchart (p. 53), they should determine if this symptom is caused by a known or chronic diagnosis for them (not unusual), or is the symptom new or unusual for the employee. If the symptom is new or unusual, the staff member should stay home and contact their immediate supervisor.**

We will minimize risk to employees who interact with students. Based on the current CDC/VDH Guidelines, the following mitigation strategies may be implemented:

- We will limit the number of individuals in rooms, vehicles, and other spaces to enable appropriate social distancing. Vaccinated staff may ride in vehicles together.
- We will manage high-traffic areas by using alternate entrances and exits and barriers where necessary.
- We will, in accordance with public health guidelines, create safe spaces that are visible by the nurse or designee where we can isolate students and staff who are suspected or known to be ill.
- We will minimize exposure to potentially ill individuals by restricting access to clinics and isolation areas to nursing personnel and designees.

We will implement safety measures to protect employees during interactions with students, staff, parents, vendors, and other visitors. Based on the current CDC/VDH Guidelines, the following mitigation strategies may be implemented:

- We will, as much as possible, limit close physical contact during all interactions.
- We will develop a process for responding to needs through electronic and other remote means that limit physical interaction.
- We will develop a plan for how to safely receive supplies, packages, and mail.

MENTAL HEALTH AND WELLNESS

We will make mental health resources available to staff.

- We will use existing employee communication channels to highlight mental health resources.

We will monitor and promote individual and community mental health in a positive work environment.

- We will work with school and department leadership to administer an employee assistance program (with an opt-out option) intended to connect staff in a peer-to-peer structure; monitor and promote well-being; and

provide staff with support and advocacy.

- We will encourage principals and key leaders to participate in training focused on secondary trauma and responding to individuals experiencing mental distress. **(See Appendix A)**
- We will equip principals and key leaders with information needed to direct staff to appropriate mental health services and resources, as follows:
    - We will recommend that principals and key leaders create an account with our Employee Assistance Program (EAP) provider, and familiarize themselves with the resources available and steps required to request mental health support.
    - We will develop a protocol for leaders to use when they are concerned about an employee's mental health or well-being.
- We will promote community health through a collaborative process that engages employees in conversations about mental health and provides opportunities for employees to provide feedback, such as a survey and a virtual comment box.

PROFESSIONAL DEVELOPMENT

We will develop and deliver professional development opportunities, as appropriate, in response to guidance provided by the state department of education and public health officials.

- We will target professional development opportunities based on phases of reopening, the needs of students, and methods of learning instruction.
- We will engage instructional coaches, when appropriate, to provide targeted professional development.
- We will use existing employee communication channels to publicize professional development opportunities.

We will educate and train employees, as needed, to reinforce physical health and safety practices and procedures.

- We will provide clear guidance and professional development at the school and building levels regarding health and safety expectations and operational changes.
- We will supply guided lessons to assist teachers with instruction on handwashing, social distancing, and other health and safety expectations and procedures.
- We will provide all bus drivers with professional development, in advance of transporting students, to inform them of new protocols and procedures and ensure they understand how to effectively clean and prepare their buses for students and staff.

We will educate and train employees, as needed, to support the mental health and wellness of students and colleagues.

- We will offer opportunities to all employees to participate in professional development that focuses on promoting well-being and recognizing mental health struggles in others.
- We will regularly update and share useful mental health and social and emotional learning (SEL) resources with staff.

PROFESSIONAL DEVELOPMENT PLAN:

In an effort to identify critical content in each grade level and course, teachers are utilizing summer professional development opportunities to collaborate with their professional learning communities to identify the power standards. Once this work is complete, vertical teams will meet in each building to create and share a division document. The goal is to identify key skills missed during closure and adjust pacing and lessons specific to the known gaps prior to students returning to school. Teachers will then begin to create content lessons through Google classroom, enhanced by NearPod, to deliver both in-person and virtually. ACPS will provide training for teachers in power standards, curriculum alignment and

pacing, Google classroom/Nearpod, and distance learning management prior to the opening of school. Ongoing support will be provided by instructional coaches in each building as teams of teachers continue to build virtual lesson libraries.

ATTENDANCE AND LEAVE

- **Starting July 1st, 2021, special "covid leave" will no longer exist.**
- **Any sick days taken starting July 1st will be the employee's own sick leave.**
- **Vaccinated adults don't need to be quarantined and all adults have the option to receive the vaccination.**
- **Vaccination opportunities for children of certain ages are here or will soon be here.**
- **We will advise employees of options available to them if they cannot work because they have COVID-19 symptoms, are in a high-risk category, or lack child care due to the closure or unavailability of school or child care facilities.**

Students

Statement of Purpose

Establish guidelines, supports, and scheduling options for returning to school that prioritize the physical and mental health of students and align with public health guidelines.

Areas of Focus

- Physical health and safety
- Mental health and well-being
- Scheduling options
- Athletics, field trips, and extracurricular activities

Key Strategies

PHYSICAL HEALTH AND SAFETY

ACPS will remain in alignment with the most current CDC/VDH Guidelines relative to students' physical health and safety. We will implement processes and measures to help keep students physically safe and healthy.

- We will educate families on the common symptoms of COVID-19 and what to do if they think their child or a family member might be sick.
- We will rely on families as partners in helping us keep students safe by determining and clearly communicating our expectations of families, including the expectation that no family will knowingly send a child to school who is ill or has been exposed to COVID-19 illness.
- **Passive Screening** – Parents will screen students before leaving for school (check temperature to ensure temperatures below 100.4 degrees Fahrenheit, observe for symptoms outlined by public health officials) and keep students at home if they have symptoms consistent with COVID-19 or if they have had close contact with a person diagnosed with COVID-19.
- Students who are symptomatic while entering campus, will be separated from others right away, preferably isolated in an area through which others do not enter or pass. If more than one individual is in an isolation area, ACPS will ensure proper physical distancing.
- Students exhibiting symptoms are required to immediately wear a face covering in a proper manner consistent with CDC guidelines, and wait in an isolation area until they can be transported home.
- Students should remain in isolation with continued supervision and care until picked up by an authorized adult. Parents/guardians will be advised not to return the student to school until they have met CDC criteria to discontinue home isolation.
- We will develop a pick-up procedure for students who become ill during the school day that safeguards the health and safety of staff and other students.

The following mitigation strategies <u>may</u> be employed as recommended by the current CDC/VDH recommendations.

- **Active Screening** – ACPS will engage in symptom screening as students/staff enter campus, consistent with public health guidance, which includes visual wellness checks and temperature checks with no-touch thermometers (check temperature to ensure temperatures below 100.4 degrees Fahrenheit), and ask all

students/staff about COVID-19 symptoms within the last 24 hours and whether anyone in their home has had COVID-19 symptoms or a positive test.

- We will survey families in advance of reopening schools to determine the relevant needs of families (e.g., transportation, child care).
- We will develop safety protocols in alignment with public health guidelines to follow during communal times (e.g., arrival and dismissal, class changes, lunch, assemblies, field trips, emergency drills) and in communal areas (e.g., classrooms, bathrooms, cafeterias, libraries, playgrounds, school buses).
- We will develop protocols that follow public health guidance regarding students wearing face coverings in a proper manner consistent with CDC guidelines.
- We will repurpose non-traditional learning spaces (e.g., auditoriums, cafeterias, outdoor spaces) and spaces traditionally reserved for "specials" (e.g., art, physical education, library, music), as needed and wherever feasible, to serve the learning needs of students in an environment that enables appropriate social distancing.
- We will minimize or eliminate movement between classes at the elementary/primary levels whenever feasible, requiring teachers rather than students to move from classroom to classroom to provide instruction.
- We will develop a pick-up procedure for healthy students who need to leave school early for an appointment or other reason unrelated to COVID-19 that safeguards the health and safety of staff and other students.

Inside Spaces

ACPS will remain in alignment with the most current CDC and VDH Guidelines as it applies to classroom arrangementand other inside spaces.

Classroom Setup

Arrangement and spacing of seating/desks to the greatest extent possible to ensure all students can assess in person learning.

The following strategies MAY be used.

Provide seating arrangement chart
Desks face one direction/ utilize triangular method when applicable.
Staff will create marks on the floor to line up or space furniture, classroom developed flow direction and travel pathways.
Teaching space needs to be designated (tape off).
Fresh air in rooms (crack windows when weather permits).

Classroom Supplies

Student specific supplies may need to be provided
Discourage sharing of items including textbooks.
Provide a place to store materials (box, Ziploc bag) at their seat.

Classroom & Building Movement

Use building procedures to minimize interactions (i.e. staggered days/periods, dismissals, one way traffic, designated areas of buildings for most grade level classes) between groups of individuals.
Minimize groups of individuals entering and exiting through doorways to the extent that is possible.
Provide clear directions in hallways and classrooms for traffic flow.

Hallway Movement/Lockers

Directional arrows utilized
Divide halls
Suspend locker use

Restroom Setup

Assigned bathroom usage based on area of school where feasible
Special tape markings for the floor, teach students to watch and look, proceed when safe
Blocked or special tape used to block off urinals and sinks to promote social distancing
Frequent cleaning, time scheduled with custodians
Need soap dispenser spaced appropriately

MENTAL HEALTH AND WELL-BEING

We will collaborate with our network of school counselors to develop protocols and procedures to support the mental health and well-being of students.

- We will be mindful of the potential impact of the COVID-19 pandemic and public health restrictions on the mental health of our students and their families.
- We will provide a continuum of school mental health services and supports that address social, emotional and behavioral health and coping mechanisms.
- We will educate instructional staff and parents/guardians on the various ways that anxiety tends to manifest in children, and we will monitor students for those signs.
- We will survey school families as a mechanism for assessing overall needs as well as the social and emotional learning (SEL) needs of students to determine how they are coping with the current COVID-19 crisis.
- We will schedule regular check-in sessions between school counselors and teacher teams, support staff, and departments, as needed, to collaborate on our response to the mental health needs of students.
- We will bolster efforts to support the mental health and well-being of students through collaboration with personnel supports across the school division, such as administrative teams; division-level family support staff; Special Education case managers; and athletic coaches and advisors.

We will identify and share beneficial community resources to further support the mental health and well-being of our students.

- We will establish a school-based community outreach team, including an administrator, school counselor, school psychologist, and teachers, to collaborate with mental health specialists and service providers in our community, such as the Department of Social Services.
- We will communicate with families about available internal and external mental health services and supports.

SCHEDULING OPTIONS

See **Appendix B** for Schedule Models. On July 13, 2020, the ACPS School Board Approved Model 3-Split Schedule Hybrid Model with Pre-K Priority to reopen our schools on August 24, 2020.
On April 25, 2021, the ACPS School Board accepted a recommendation to move to Model 4- In- person Learning will be made available to as many students as possible.

We will develop scheduling options that support multiple learning environments to ensure to the greatest extent possible all students can access in person learning.

- In alignment with direction we receive from the state department of education and public health officials, we will develop initial scheduling options that aim to serve 100% of our learners In -person instruction will be available to all students 5 days per week.
- We will develop a plan that offers a virtual learning option for students who are physically not able to to return to school and have been successful virtual learners.
- We will give special consideration to our youngest learners, English Learners, students with disabilities requiring adaptive curriculum, and medically compromised when scheduling instruction.
- We will ensure planning efforts prioritize equity.
- We will collaborate with Transportation Services to ensure we can meet the transportation needs to the greatest extent possible.
- We will devise plans that accommodate appropriate physical space for social distancing in accordance with the

most current CDC/VDH guidelines
- We will provide an appropriate device for all students PreK-12 to support virtual learning models.

ATHLETICS, FIELD TRIPS, AND EXTRACURRICULAR ACTIVITIES

We will prioritize student health and welfare as well as equity in our planning for athletics, field trips, and extracurricular activities.

- Decisions about reopening high school athletics and activities in alignment with guidelines and recommendations provided by the Virginia High School League (VHSL), the National Federation of State High School Associations (NFHS), and public health officials, in coordination with directives from the state board of education.
- We will make decisions on school-sponsored extracurricular activities, field trips, and travel opportunities for all grade levels in conjunction with current public health guidelines.
- We will continue collaborating with our Athletic Director to ensure that our athletic trainers and coaches are following the return-to-sport guidance from the National Athletic Trainers' Association (NATA)

ACPS will remain in alignment with the most current CDC/VDH and VHSL guidelines for all extracurricular activities. The following mitigation strategies may be implemented.

Activity	ACPS Guidelines for Athletics
Pre-Screening	• ACPS will plan for daily health screening questions of staff and students. • Any person with positive symptoms reported will not be allowed to participate, should self-isolate, and contact their primary care provider or other health-care professional. They may return to activity after following appropriate CDC isolation guidelines. • Vulnerable individuals should not supervise or participate in any workouts during Phase 3 as defined by the local school system.
Entrances / Exits	• To limit crossover and contact between persons and to prevent groups from gathering, we will separate entrances/exits and staggering starting/ending times for workouts and other athletic activities.
Limitation on Gatherings	• Indoor practices/activities may occur if at least 10 feet of physical distance can be maintained by all persons (including participants, coaches, etc.) at all times. The total number of attendees (including participants, coaches, etc.) cannot exceed the lesser of 30% of the occupancy load of the room in which the activity is being held or 50 persons. No spectators allowed during practices. • Outdoor practices/activities are allowable if at least 10 feet of physical distance can be maintained by all persons (including participants, coaches, etc.) at all times. The total number of attendees (including participants, coaches, etc.) cannot exceed the lesser of 50% of the occupancy load of the venue or 50 persons. • Workouts should be conducted in "pods" of students/coaches with the same 5-10 students/coaches working out together weekly to limit overall exposure. Smaller pods can be utilized for weight training.
Face Coverings	• Cloth face coverings should be considered acceptable. There is no need to require or recommend "medical grade" masks for physical activity. All students should wear face coverings, in a proper manner consistent with CDC guidelines, when physical distancing is not possible. • One piece plastic shields covering the entire face will not be allowed during participation due to the risk of unintended injury to the person wearing the shield or others.

	• Coaches, officials and other contest personnel should wear cloth face coverings, in a proper manner consistent with CDC guidelines, at all times and are strongly encouraged to wear cloth face coverings whenever physical distancing is not possible. Anyone with an identified health condition may be exempt from face covering policy. (Artificial noisemakers such as an air horn or a timer system with an alarm can be used to signal in place of a traditional whistle.) • Face coverings should be laundered on a daily basis and hands should be washed after touching/adjusting face coverings.
Hygiene Practices	• All coaches and athletes will participate in personal hygiene & safety training which will outline practices, protocols, procedures, actions and responses for all coronavirus- related incidents. • Individuals should wash their hands for a minimum of 20 seconds with warm water and soap or use hand sanitizer containing at least 60% alcohol before touching any surfaces or participating in workouts. • Sneeze or cough into a tissue, or the inside of your elbow. Avoid touching your face. • Disinfect frequently used items and surfaces. VDH recommends disinfecting every two hours or after every use of any shared equipment. • Strongly consider using face coverings, in a proper manner consistent with CDC guidelines, while in public, and particularly on a bus. • Students must be encouraged to shower and wash their workout clothing immediately upon returning home. • There will be no shared athletic equipment (towels, clothing, shoes, or sports specific equipment) between students. • Students will wear their own appropriate workout clothing (do not share clothing). Individual clothing/towels should be washed and cleaned after every workout. Use disposable towels and linens when possible. • Allowable exercises should be individual based. If a spotter is needed, they should stand at each end of the bar. • All students must bring their own water bottle. • Water bottles must not be shared. Food should not be shared. • Physical contact such as high-fives, fist bumps, and hugs will not be allowed.
Facilities Cleaning	• Adequate cleaning schedules will be created and implemented for all athletic facilities. • Athletic Training facilities may be utilized if adhering to the cleaning, occupancy limits, and physical distancing. • Equipment should be wiped down thoroughly before and after an individual's use of equipment. • Hand sanitizer will be available to individuals as they transfer from place to place, especially entrances / exits. • Hydration stations (water cows, water trough, water fountains, etc.) should not be utilized.

Learning

Statement of Purpose

Prepare for and support high-quality teaching and learning in a variety of environments and, using the division's Framework for Quality Learning as our guide, prioritize equitable access, relationships, student choice, and active learning in instructional design.

Areas of Focus

- Learning communities
- Instructional design
- Mastery learning
- Learning environment
- Learning for all

Strategies

LEARNING COMMUNITIES

We will focus on building relationships between and among teachers and students.

- We will be intentional in our ongoing efforts to reach out and to know our students and create learning partnerships through all forms of learning platforms.
- We will complement academic instruction with social-emotional learning.

We will intentionally build community.

- We will use proven ACPS programs (e.g., Positive Behavioral Intervention Supports, Responsive Classroom, Social Circles, Morning Meetings) to build community.
- We will ensure that students work together in a variety of configurations and for a variety of purposes across all platforms
- We will design opportunities for all students to contribute and to share their learning processes and products.
- We will ensure learners are able to collaborate with each other.

INSTRUCTIONAL DESIGN

We will design for how students learn.

- We will leverage the motivational power of student interest.
- We will meet students at their instructional level and challenge in rigorous and meaningful ways to bring them forward along their academic path.

We will design powerful learning experiences.

- We will create opportunities for students to demonstrate understanding of concepts in a variety of ways.
- We will design learning experiences such that students will access the central concepts and essential skills of a discipline and use key knowledge and skills to achieve deeper understanding.
- We will ensure equitable learning experiences for both virtual and in-person learning platforms.

Technology

Plan:

- Provide (1:1) to students in grades PreK-12 to support instructional models.(PreK,K iPads, Grades 1-12 Chromebooks)
- Using Google Classroom allows students to complete downloaded assignments off-line
- Wifi access currently available in school and SBO parking lots and several partnering churches throughout the county. Additionally, household Wifi devices can be obtained through ACPS through an application process.
- Provide training and ongoing support for students, staff, and parents in blended learning strategies.
- Implement Google Classroom/NearPod as the division-wide learning management system and provide training and support for all teachers.

Goal: ACPS seeks to improve internet access for students. Survey results indicate 20% percent of our students do not have internet access at this time. We are prepared to provide both synchronous and asynchronous instruction for students.

MASTERY LEARNING

We will clearly define learning goals.

- We will ensure that learning goals are clear to the student.
- We will communicate with students regularly about their progress relative to the goals.

We will use assessments to advance student learning by determining any learning gaps.

- We will use pre-assessments and formative assessments before and during the learning process to determine what students know, understand, and are able to do.
- We will give students specific, timely, and actionable feedback to guide improvement.

We will provide students multiple options for demonstrating their knowledge and understanding.

- We will offer choice in how students can demonstrate their learning.
- We will help students understand what mastery looks like, including the evidence and characteristics that demonstrate mastery.

LEARNING ENVIRONMENT

We will create routines, procedures and structures that support equitable outcomes in both face-to-face and remote learning environments.

- We will clearly identify learning targets.
- We will establish procedures that are clear and consistent, yet adaptable.
- We will use learning management systems to assist in designing learning experiences with students in mind.
- We will establish flexible learning spaces, both physical and digital, that allow students to work in a variety of ways that support rich learning experiences.
- We will create guidelines around asynchronous and synchronous learning that consider the access and needs of students.
- We will intentionally plan with student access in mind.
- We will provide multiple means of accessing and processing resources and demonstrating learning.
- We will ensure that all resources (printed and digital) and learning activities are equally engaging and rigorous.

LEARNING FOR ALL

We will embrace a collaborative culture and a focus on results.

- We will collaborate within schools and across the division through Professional Learning Communities to analyze and enhance classroom practice, improve student achievement, and ensure the success of every student.
- We will continue to collaborate with others in the CIP consortium to analyze data, exchange best practices, and problem solve challenges.
- We will continue the coaching embedded coaching cycle model across the division as continued support for teachers.
- We will rely on high-quality resources, tools, and materials, and proven ACPS programs and methodologies to improve and promote effective teaching.

Glossary of Terms

Education-Related Terms

ASYNCHRONOUS LEARNING

Digital and online learning in which the student learns from instruction that is not occurring in person or in real time, such as a prerecorded lesson or a game-based learning exercise.

DEVELOPMENTAL DESIGNS

Comprehensive practices that integrate social and academic learning, based on the understanding that student success relies on a blend of good relationships, social skills, and engagement with learning. The Developmental Designs approach aims to increase academic engagement by meeting adolescents' needs to feel connected, heard, empowered and safe.

ENDURING UNDERSTANDING

Statement that summarizes important ideas and core processes (i.e., what a student should understand, not just know or be able to do) that are central to a particular content area and have lasting value beyond the classroom.

FORMATIVE ASSESSMENTS

A wide variety of methods that teachers use to conduct in-process evaluations of student comprehension, learning needs, and academic progress during a lesson, unit or course.

HYBRID LEARNING

An approach to course delivery that combines face-to-face classroom instruction with online activities.

MASTERY LEARNING

An educational approach in which instruction and assessment are designed to give students multiple opportunities to show evidence of progress toward and achievement of clearly defined learning objectives and criteria.

PROFESSIONAL LEARNING COMMUNITIES

Professional Learning Communities (PLCs) are teams of teachers who teach the same grade level or course and work together to analyze and improve teaching and learning. Typically, PLCs focus their work on three core questions: What do we want each student to learn; how will we know when each student has learned it; and how will we respond when a student experiences difficulty in learning?

RESPONSIVE CLASSROOM

A student-centered social and emotional learning approach to teaching and discipline. Responsive Classroom consists of research- and evidence-based practices designed to create safe, joyful and engaging classrooms and school communities for both students and teachers.

SOCIAL AND EMOTIONAL LEARNING (SEL)

Process through which social and emotional skills, including self-awareness, self-management, social awareness, relationship skills, and responsible decision-making, are modeled, learned and practiced.

SYNCHRONOUS LEARNING

Online, interactive learning that occurs at the same time, but not in the same place, such as a video conference or a livestreamed lesson.

Health-Related Terms

CONTACT TRACING

Process involving the identification of persons who may have come into contact with an infected person and subsequent collection of further information about these contacts in an effort to stop chains of transmission.

ISOLATION ROOM

In the context of school clinics, an isolation room is a designated safe space, visible by the school nurse or designee, used to separate students or staff who exhibit COVID-19 symptoms (e.g., fever, cough, shortness of breath).

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Refers to protective clothing, helmets, gloves, face shields, goggles, face coverings, in a proper manner consistent with CDC guidelines, and/or respirators or other equipment designed to protect the wearer from injury or the spread of infection or illness. PPE varies situationally. In the context of COVID-19, which spreads primarily between people through close contact and droplets, PPE needs vary by user and may include gloves, medical masks, respirators, eye protection, gowns, aprons, and boots or closed-toe work shoes.

PUBLIC HEALTH GUIDANCE/GUIDELINES/OFFICIALS

Refers to guidance from the Centers for Disease Control and Prevention (CDC) at the federal level; the Virginia Department of Health (VDH) at the state level and/or local level.

SOCIAL DISTANCING

Social distancing, also called “physical distancing,” means keeping at least 6 feet of physical space between yourself and others who are not in your household. In the context of COVID-19, the purpose of social distancing is to minimize contact with the respiratory droplets of an infected person. While a distance of 6 feet or more is recommended at gathering spots where activity levels are low, health officials recommend at least 10 feet of distance at locations where active sports are taking

Mental Health and Wellness

Purpose: With the unforeseen events of COVID-19 unfolding over the last few months, social/emotional functioning and overall mental health has become a great concern throughout our country. ACPS is committed to fostering a safe and healthy school environment for students and staff upon their return.

Our Approach: A tiered approach which focuses on checking in with students and staff, connecting students and staff with mental health resources if necessary, teaching social/emotional skills, and building relationships, and creating a safe, friendly, and fun learning environment.

Students

Tier 1-General supports that may apply to all students and that are preventative in nature

- All staff will be mindful of the potential impact of the COVID-19 pandemic and public health restrictions on the mental health of our students and their families.
- Teachers of at-risk students from the previous school year will collaborate with school administration and future teachers of those same at-risk students. They will develop plans on how to best approach the upcoming school year with these students.
- Teachers and staff will utilize friendly/creative morning greetings when students enter the building and/or classrooms.
- Teachers will utilize daily social circles or morning meetings to establish a baseline for how students are feeling (I.e. check-in procedure). This may also be accomplished via Chromebooks with older students in middle and high school.
- Teachers, counselors or school administration may utilize suggestion boxes or “feelings” boxes in each classroom, the counselor’s office, or the main office. This may be used as an outlet for students to express their feelings or ideas in a less obvious manner.
- Teachers may engage students in daily journal writing to express their feelings and emotions. This could occur via web/computer format or on paper depending on the grade level of the students.
- A handout or letter will be created and sent home to parents including information on anxiety, depression, and other mental health related concerns in children.
- Teachers may utilize daily social circles or afternoon meetings to engage in “check-out” procedures. These will be used to gauge how students are feeling before they leave for the day.
- The school system will partner with outside mental health professionals for coordination and a continuum of care for at-risk students.

Tier 2-More intensive supports that may be geared towards more at-risk students in a smaller group or individualized setting

- Teachers, school counselors, and/or school administration will engage in face-to-face “check-ins” with students deemed to be “at-risk”.
- Teachers, school counselors, and/or school administration will schedule parent conferences to discuss their concerns regarding the student
- School counselors will teach modules related to social/emotional learning and daily functioning. Topics for the modules may include (but are not limited to): Identifying feelings, Worry/anxiety/coping strategies, expectations in the classroom/school, social skills/being a good friend, and study skills/focus at home/organization. These modules may be introduced via video or in-person depending on the current situation.
- For at-risk students, school administration may request the division social worker or family engagement staff to conduct a wellness visit via phone or in-person.
- For at-risk students, school administration and parents may conduct a referral to day treatment providers for school-based outpatient counseling services.

- For at-risk students, teachers, school administration, and parents may make a referral to the school's student support team (SST).
- For at-risk students, teachers and school administration may make a referral to the school psychologist or behavioral support resource for an official classroom observation.

Tier 3-Highly individualized and intensive supports that are recommended for students that don't respond to Tier 1 or Tier 2 supports

- The school administration and school crisis team may conduct a risk/threat assessment on the student (s) of concern.
- The school administration, school counselor, or the student's teacher may connect the student's parent with outside mental health or psychological support services.
- The school administration may call the Department of Social Services regarding the student (s) of concern when necessary
- The student support team (SST) may refer the student of concern for testing to see if they qualify for Special Education Services of Section 504.
- The school administration or student support team (SST) may refer the student (s) of concern for a comprehensive Functional Behavioral Assessment (FBA).
- The school administration may refer the student (s) of concern for Day Treatment Services (*pending the availability of these services for this upcoming school year)

Staff

Tier 1-General supports that may apply to all students and that are preventative in nature

- All staff, school board members, and administration will be mindful of the potential impact of the COVID-19 pandemic and public health restrictions on the mental health of our employees and their families.
- We will encourage school administration and central office staff to participate in training focused on trauma-informed care and responding to individuals experiencing mental distress.
- We will utilize existing employee communication channels to highlight mental health resources.
- School administration and/or central office staff members will check in once weekly with each staff member. This can be accomplished via face-to-face, email, or phone.
- School administration (including central office) may utilize suggestion boxes (virtual or in-person), or send out, wellness surveys to gauge employee morale, mental health, and well being.
- Central office staff will send out reminders, via email or newsletter, about resources that may be available to staff for their mental health and overall well being. This will be conducted quarterly.
- The school administration will incorporate a "buddy system" so each staff member will have someone that can periodically check-in on them and support them.

Tier 2-More intensive supports that may be geared towards more at-risk staff members

- All employees may request a face-to-face discussion with their administration/supervisor to address concerns
- All employees may request to meet with the school counselor or school psychologist if needed
- Allowing teachers a short break (10 minutes or so) if needed while in the classroom. This would be allowed only in instances of severe distress and would be highly dependent on the availability of other staff members to fill in.
- School administration will pair new teachers with mentors in order to allow for an easier, and less stressful, transition.

Tier 3- Highly individualized and intensive supports that are recommended for staff that don't respond to Tier 1 or Tier 2 supports

- All employees may request a 1:1 meeting with the Director of Human Resources.
- School administration, HR, or any central office staff member may connect the employee to mental health or other required outside resources.

- HR may refer the employee to make use of the Employee Assistance Program (EAP).

Professional Development

- We will offer opportunities to all employees to participate in professional development that focuses on promoting well-being and recognizing mental health struggles in others (i.e., trauma-informed care).
- We will develop a shared folder on Google Drive that will contain resources on mental health, behavior, and overall wellness. This will be updated throughout the school year.
- We will develop a local resource guide that can be used by parents and all school staff that will include contacts for local churches, healthcare, mental health, food, shelter, and other items that are deemed important.

Appomattox County Public Schools
Phase III Instructional Plan
Operational Infrastructure to Support Learning

Appomattox County Public Schools (ACPS) has created four options for operating schools for the 2020-2021 school year given all phases of possible COVID-19 restrictions.

ACPS Return to School Schedule Models:

- All models allow for an alternative for an ACPS Supported Virtual Learning Program
- A hybrid model is an approach to course delivery that combines face-to-face instruction with computer activities
- Transportation with the social distancing requirement is the most impactful variable
- Model 3 is contingent on transportation, available spaces to split classrooms, and available staff to supervise the split groups
- Model 4 is contingent on restrictions being lifted at the state level.

On July 13, ACPS School Board approved the use of Model 3 - Split schedule Hybrid Model with Pre K - 5 Priority to begin on August 24, 2020.

On April 25, 2021, the ACPS School Board was presented a plan to move to Model 4- In- person Learning is made available to as many students as possible.

New Instruction for All Students

- 2020-21 School Year: ACPS plans to provide new instruction to all students beginning August 24, 2020 through a blended model of instruction. Pre-Kindergarten through fifth grade students will receive in-person instruction four days a week and have one day of virtual learning. Students in grades sixth through twelve will receive in-person instruction two days per week and three days virtually. A five day virtual option is also available to any student.
- 2021-22 School Year -ACPS plans to offer new instruction to all students beginning August 10, 2021 through face to face instruction. A five day virtual option is available to students who are unable to attend in person or have been successful virtual students

Appomattox County Public Schools
Phase III Health Plan

ACPS will remain in alignment with the most current CDC/VDH guidelines and may use the following mitigation strategies and practices.

Personal Hygiene & Safety for Staff and Students

- Staff will participate in personal hygiene and safety training which will outline practices, protocols, procedures, actions, and responses for all coronavirus-related incidents. Training information will also be offered to families and caregivers.
- Staff and students should not come to school if they become sick with COVID-19 symptoms, test positive for COVID-19, or have been exposed to someone with COVID-19 symptoms or a confirmed or suspected case
- Staff and students will maintain a safe physical distance from other people. When distancing cannot be maintained, i. e. walking in hallways, students and staff will wear face coverings, in a proper manner consistent with CDC guidelines.
- Cloth face coverings will be worn by staff and students in times when at least 6 feet physical distancing cannot be maintained. Staff will encourage the use of face coverings, in a proper manner consistent with CDC guidelines, for students as developmentally appropriate in settings where physical distancing cannot be maintained.
- Staff and students will cover coughs/sneezes with a tissue, throw the tissue in the trash and wash hands
- Staff and students wash hands often with soap and water for no less than 20 seconds. If soap and water are not available, use hand sanitizer that contains at least 60% alcohol
- We will increase monitoring to ensure adherence among students and staff
- All persons are encouraged to refrain from touching eyes, nose, and mouth.
- ACPS will clean and disinfect frequently touched objects and surfaces.
- Staff and students are required to stay at home when sick.

Health Screening

- Parents will screen students daily before students leave for school by checking temperature to ensure temperatures are below 100.4 degrees Fahrenheit, observe for any symptoms listed below and keep students at home if they have symptoms consistent with COVID-19.

    - Per the "Symptom Checker" on the VDH website, the most common symptoms of Covid-19 are fever, cough, shortness of breath, loss of taste or smell, difficulty breathing and muscle aches. Other symptoms include chest pressure, runny nose, fatigue, headache, nausea, diarrhea, vomiting, or chills.

- Staff will screen themselves daily following the same protocols above.
- ACPS will engage in symptom screening daily as students/staff enter campus, consistent with public health guidance, which includes visual wellness checks and temperature checks via Kiosks and no-touch thermometers.
- Students/staff who are symptomatic while entering campus or found to have a temperature greater than 100.4 degrees Fahrenheit will be separated immediately from others and be placed in an isolated designated area through which others do not enter or pass. If more than one individual is in an isolation area, ACPS will ensure physical distancing and ensure all individuals continuously wear a face covering in a proper manner consistent with CDC guidelines.
- Students exhibiting symptoms are required to immediately wear a face covering in a proper manner consistent with CDC guidelines and wait in an isolation area until they can be transported home. Student's belongings will be sent to the isolation room.

- Students should remain in isolation with continued supervision and care until picked up by an authorized adult. Parents/guardians will be advised not to return the student to school until they have met CDC criteria to discontinue home isolation.
- Staff members exhibiting symptoms will be sent home. Staff will have emergency substitute plans in place. Staff will be advised not to return to work until they have met CDC criteria to discontinue home isolation.
- School nurses along with administration/secretaries will track absenteeism.
- If a student complains of not feeling well after being screened, staff will call and notify the school nurse. The school nurse or designated substitute nurse will go directly to the classroom of the student and walk the student to the isolation room separate from the clinic. PPE (gown, gloves, mask, and face shield) will be worn by the school nurse or designated substitute nurse during assessment of students.
- After the student leaves the isolation room, the room will be thoroughly cleaned and disinfected.
- The clinic will only be used for well students and staff, routine visits, accidents or injury, and medication administration.
- Any student needing to use a nebulizer will do so under supervision in the designated isolation area.
- Designated substitute nurses will be trained in all protocols and procedures to ensure continuity of operations.
- In the event a family calls the school to report a positive test, families will be directed to the school nurse. The school nurse coordinator or her designee will call the Lynchburg Health Department when necessary and follow all recommendations and guidance.

Health Training for all ACPS Employees

- ACPS Employees will receive training specific to the Health Plan described above. The training will include information related to:
    - ACPS' plan to monitor the local and regional health data and trends throughout this health crisis
    - Strategies being used by ACPS to mitigate the risks of the virus spreading among staff and students
    - ACPS' plan to respond to students and staff who become symptomatic or test positive for the virus
    - ACPS commitment to maintaining compliance with confidentiality laws, HIPAA and FERPA
    - ACPS' plan to monitor and respond to the emotional health and wellness of students and staff

Consider alternate diagnoses. Testing♦ and exclusion for COVID-19 may be considered based on level of clinical suspicion and testing availability.
Test♦ (and/or evaluate clinically) for COVID-19. Isolate at home.
Test♦ for COVID-19 right away. If negative test and no symptoms, retest at 5 days or more after exposure. Isolate/quarantine# at home.
Once symptoms have improved and child has no fever for at least 24 hours without fever-reducing medicine, allow return to school/child care.
Negative for COVID-19
Positive test or diagnosis for COVID-19
Negative for COVID-19 or not tested
♦Testing – PCR or antigen (Ag) testing is acceptable. If an Ag test is negative and clinical suspicion for COVID-19 is high, confirm with PCR, ideally within 2 days of the initial Ag test. If PCR testing is not available, clinical discretion can be used in whether to recommend the patient isolate. Those who have tested positive for COVID-19 within the past three months and recovered and most people who are fully vaccinated for COVID-19 do not need to be tested again as long as they do not develop new symptoms.

Return when no fever for 24 hours without fever-reducing medicine.
10-day home isolation. Then return when no fever for 24 hours without fever-reducing medicine. Quarantine close contacts.#
14-day home quarantine.# If no symptoms, return on Day 15. If symptoms develop, need 10-day isolation and quarantine close contacts.#
After 10-day isolation, if no fever for at least 24 hours and symptoms have improved, child may return to school and/or child care.
If symptoms develop, consider retesting. Home isolate for 10 days after symptom onset. Quarantine close contacts.#
14-day quarantine recommended. If unable to stay home for 14 days and if no symptoms have developed, quarantine can end after Day 10 with no test or after Day 7 with a negative PCR or antigen test performed on or after Day 5. Those who have had COVID-19 in the past three months or been fully vaccinated for COVID-19 are not required to quarantine as long as they do not have symptoms. Monitor for symptoms for 14 days and always follow COVID-19 prevention recommendations.

VDH VIRGINIA DEPARTMENT OF HEALTH

WHEN IT IS SAFE TO BE AROUND OTHERS: ENDING ISOLATION IN NON-HEALTHCARE SETTINGS

For persons with confirmed or suspected COVID-19 to know when they are likely no longer contagious:

Symptom-based strategy

If you had COVID-19 symptoms and were directed to care for yourself at home, you can leave your "sick room" and home after these 3 things have happened:

- ✓ At least 10 days have passed since symptoms first appeared, **and**
- ✓ At least 24 hours with no fever without fever-reducing medication, **and**
- ✓ Other symptoms have improved.*

*Note that loss of taste or smell might persist for weeks or months and this should not delay the end of isolation

Time-based strategy

If you tested positive for COVID-19 and never had <u>any</u> symptoms and were directed to care for yourself at home, you can leave your "sick room" and home if:

- ✓ At least 10 days have passed since the date of your first positive COVID-19 diagnostic test, **and**
- ✓ You continue to have no symptoms since the test.

Persons with COVID-19 who have severe to critical illness or who are severely immunocompromised might need to stay home longer than 10 days. These persons can consider using a test-based strategy to discontinue isolation, in consultation with an infectious disease expert.

- *A longer time frame after recovery may be desired to minimize the chance of prolonged shedding of active virus for 1) healthcare personnel in close contact with vulnerable persons at high-risk for severe COVID-19 and 2) persons who have conditions that might weaken their immune system. Such persons should consult with their healthcare provider.*
- *Healthcare personnel should be excluded from work during isolation and then follow Return to Work Practices and Work Restrictions of universal source control and self-monitoring for symptoms.*
- *Based on CDC guidance for Discontinuation of Isolation in Non-Healthcare Settings aimed to prevent most instances of further spread.*

VDH VIRGINIA DEPARTMENT OF HEALTH

WHEN IT IS SAFE TO BE AROUND OTHERS: ENDING QUARANTINE FOR EXPOSED PERSONS

If you had close contact with a person who has COVID-19 while they were contagious*, watch for symptoms and follow all recommendations (e.g., wear a mask, watch your distance, and wash your hands often) for 14 days after last exposure.

Close contact includes:

- Being within 6 feet of a person who has COVID-19 for a total of 15 minutes or more over a 24-hour period, or
- Having exposure to respiratory secretions (e.g., being coughed or sneezed on; sharing a drinking glass or utensils; kissing) from a person who has COVID-19, or
- Providing care for a person who has COVID-19, or
- Living with a person who has COVID-19

**A person with COVID-19 is considered to be contagious starting from 2 days before they became sick (or 2 days before test specimen collection if they never had symptoms) until they meet the criteria to discontinue isolation.*

HOUSEHOLD CONTACTS

VDH recommends that you **quarantine (stay home)** while the infected person is home and for **14 days** after the person has been released from isolation (because exposure is considered ongoing within the house)**.

If you are not able to stay home for 14 additional days and do not have symptoms, you may leave home earlier:

- After 10 days without testing; or
- After 7 days with a negative PCR or antigen test performed on or after Day 5.

***If you are able to have **complete separation** from the person in your house with COVID-19 (this means no contact, no time together in the same room, no sharing of any spaces, such as same bathroom or bedroom), then follow timeframe for non-household contact*

NON-HOUSEHOLD CONTACTS

VDH recommends that you **quarantine (stay home)** for **14 days** after the date of last close contact with the person infected with COVID-19.

If you are not able to stay home for 14 days and do not have symptoms, you may leave home earlier:

- After 10 days without testing; or
- After 7 days with a negative PCR or antigen test performed on or after Day 5.

Based on CDC guidance for Community-Related Exposures and When to Quarantine

March 15, 2021

VDH VIRGINIA DEPARTMENT OF HEALTH

WHEN IT IS SAFE TO BE AROUND OTHERS: ENDING QUARANTINE FOR EXPOSED PERSONS

HEALTHCARE PERSONNEL

Asymptomatic healthcare personnel (HCP) with potential exposure to patients, visitors, or other HCP with COVID-19 may be assessed for exposures and advised on work restrictions for 14 days after their last exposure. Exposures include close contact when appropriate PPE is not used, especially for aerosol-generating procedures. If staffing shortages occur, it might not be possible to exclude exposed HCP from work; see CDC strategies to mitigate HCP staffing shortages. **Asymptomatic HCP who are fully vaccinated for COVID-19 and who do not have underlying immunocompromising conditions do not need to stay home (quarantine) after a workplace or community-associated exposure. HCP should continue to follow all travel recommendations.**

CRITICAL INFRASTRUCTURE WORKERS

VDH recommends that personnel filling essential critical infrastructure roles (as defined in CISA Framework) **quarantine for 14 days** after their last exposure. If you are not able to stay home for 14 days and do not have symptoms, you may leave home earlier:

- After 10 days without testing; or
- After 7 days with a negative PCR or antigen test performed on or after Day 5.

Exposed critical infrastructure workers, except for education sector workers, may continue to work if they do not have any symptoms and additional precautions are taken to protect them and the community. Follow VDH recommendations for critical infrastructure workers (non-healthcare) potentially exposed to COVID-19.

WHO IS NOT REQUIRED TO QUARANTINE AFTER EXPOSURE

People who:

- Have had COVID-19 within the past 3 months as long as they do not develop new symptoms.
- Have been fully vaccinated for COVID-19 as long as they have no symptoms and are not inpatients, residents of a healthcare setting, or residents of a congregate setting like a group home or correctional or detention facility.
  - Fully vaccinated means 2 weeks or more have passed since receipt of the second dose in a 2-dose series, or 2 weeks or more have passed since receipt of 1 dose of a single-dose vaccine.
  - Healthcare settings include hospitals and long-term care facilities (e.g., nursing homes, assisted living facilities).

People who are not required to quarantine after exposure must still watch for symptoms of COVID-19 for 14 days and continue to wear a mask, stay at least 6 feet away from others, avoid crowds, and wash hands often.

Appomattox County Public Schools
Face Covering Protocol

ACPS will remain in alignment with the most current CDC/VDH guidelines and may use the following mitigation strategies and practices.

Appomattox County Public Schools has included the use of face coverings as a health mitigation strategy for in person learning. Face coverings provided by ACPS, those with the division's "A" logo or the Raider mascot, a solid color with no writing, or a clear face shield are encouraged. All face coverings should be appropriate for the school setting as with any dress code requirement. Students shall not alter the face covering in any way; if a mask is not working properly for a student, the student and/or the student's parents shall notify staff of the issue, who will then make any necessary adjustments.

Visitors

During the COVID-19 pandemic, Appomattox County Public Schools will not allow visitation of the school buildings. Parents entering the building to drop off or pick up their student must wear a face covering at all times.

Staff:

All staff members must wear, in a proper manner consistent with CDC guidelines, a face covering and/or face shield:

- When they are within 6 feet of students and other staff members
- When traveling through hallways, commons areas, restrooms, or between classrooms
- When entering and exiting the school

Students

All students must wear, in a proper manner consistent with CDC guidelines, a face covering/face shield:

- While loading, unloading, and riding on the school bus
- While entering and exiting the school
- When traveling through hallways, commons areas, restrooms, or between classrooms
- When in class if within six feet from another student or staff

Students will not be required to wear, in a proper manner consistent with CDC guidelines, a face covering:

- When working independently at their desk (Put on when close to teacher)
- During recess or PE (where distancing requirements will be at least 10 ft)
- While eating lunch and/or snack

These exceptions only apply as long as social distancing is observed.

Other considerations

- ACPS will provide a face covering for students and staff.
- Parents are responsible for keeping students face coverings clean and ensuring students are wearing them, in a proper manner consistent with CDC guidelines, when they leave home each morning.
- If a face covering is forgotten, a disposable mask will be provided for the day.
- Students unable to wear a face covering, for a documented medical reason, will be kept at least 6 feet away from other students and staff members to the extent possible.
- Families with vulnerable students should consult their Health Care Provider to ensure their student is safe to return to in-person learning.

Students who refuse to comply with this policy will be placed into remote learning.

RE: Appomattox High School Addition and Renovation PPEA

Dear Dr. Bennett,

Enclosed is an unsolicited proposal from Jamerson Lewis Construction (JLC) for the referenced project. We submit this proposal under the PPEA guidelines adopted by Appomattox County School Board (ACSB) in June of 2018. JLC is the sole developer for this proposal, however, we have "teamed" with Dewberry Architects and Southern Air Inc.

Our proposal is separated into two volumes. Volume One is non-proprietary and Volume Two includes proprietary information that cannot be shared until an agreement is in place between JLC and the ACSB.

In preparing our proposal we have considered several facilities need studies as well as tours of the existing facility in which we did speak with some staff.

Our proposal includes two design options for consideration accompanied with several additional alternates.

In reviewing this proposal keep in mind that this is the beginning of a process meaning the result could and most probably will be different from what is currently presented. What is presented are design solutions and guaranteed associated costs. If ACSB accepts our proposal we will advance to the detailed phase which includes an interactive, collaborative design discussion including "real time" guaranteed project costing.

We appreciate the opportunity to present this proposal as well as your time to review it.

If you have any questions, please do not hesitate to call.

Sincerely,

Kevin Hooper, CEO

Qualifications and Experience

. Structure of Firms:

Identify the legal structure of the firm or consortium of firms making the proposal. Identify the organizational structure for the project, management approach, and how each partner and major subcontractor in the structure fits into the overall team.

Jamerson-Lewis Construction Inc. is leading the team as the Design-Build contractor. The three primary team members include:

Jamerson-Lewis Construction, Inc. – will provide contractor services and serve as your primary point-of-contact for this PPEA project. Jamerson-Lewis Construction's Contractor License Number is 2705 152634.

Dewberry– will serve as Principle Architect and lead the design team. Principals and design team members of the firm are individually licensed to practice architecture and engineering. Dewberry's Virginia State License Number is 56-0794773.

Southern Air- will serve as the HVAC, Plumbing and Electrical Contractor as part as our team. Southern Air's State License number is 2701001733

Qualifications and Experience

b. Experience of Firms:

Describe the experience of firm or consortium of firms making the proposal, the key principals and project managers involved in the proposed project including experience with projects of comparable size and complexity, including prior experience bringing similar projects to completion on budget and in compliance with design, land use, service and other standards. Describe the length of time in business, business experience, public sector experience and other engagements of the firm or consortium of firms. Include the identity of any firms that will provide design, construction and completion guarantees and warranties and descriptions of such guarantees and warranties. Provide resumes of the key individuals who will be involved in the project.

OUR ROOTS

C.L. LEWIS & COMPANY, INC. GENERAL CONTRACTORS SINCE 1929

C.L. Lewis & Company Inc.

In 1929, projects were scarce, standards were high, and success was achieved through hard work, determination, integrity and merit. These qualities were exemplified by Charles Langhorne Lewis. He founded his new company built on these principles; and before long, his company was as solid as his reputation. By the mid 1950's, C.L. Lewis & Company, Inc. was one of the leading contractors in central Virginia. Over the decades the company continued to grow and evolve, all the while preserving their core foundational values.

J.E. Jamerson & Sons

With experience in millwork and lumber, Mr. James E. "Dutch" Jamerson founded a building supply company, J.E. Jamerson & Sons in 1946. His basic business principles were fairness and quality. As years passed and building needs grew, there became a growing demand for the company to offer a wider range of services. In response to this opportunity, J.E. Jamerson & Sons established a construction company, which rapidly grew to become one of the regions largest and most respected companies - all the while maintaining their foundational values on which the company was built.

JOINING FORCES

JAMERSON·LEWIS CONSTRUCTION

Jamerson-Lewis Construction, Inc.

The merger of J.E. Jamerson & Sons and C.L. Lewis & Company, Inc. in 2014 combined these two companies with over 150 years of combined construction experience. This partnership was in response to market demands and a desired strategy that would position us in the marketplace for the next 150 years.

Our prior companies were responsible for the construction of some of central Virginia's most prominent landmarks. With shared fundamental values, our new firm, Jamerson-Lewis Construction, builds upon those values which allow us the opportunity to be a leader in our field and continue to construct monuments of the future.

We will continue to build upon all the reasons you selected our firms in the past – knowledge, honesty and a commitment to project goals – all the key ingredients required that ensure you will have the best construction TEAM for your project!

Qualifications and Experience

OOKING AHEAD

Today, building on our past experience and with a shared commitment for growth and a vision for the future, we are positioned to excel as your construction TEAM partner. Our people are progressive – committed to being leaders in the field, the community and in our industry. Our desire for growth, our passion for technology, our commitment for continuous education and advanced training is backed by a culture that encourages personal growth and a TEAM environment. Our goal is to make selecting Jamerson-Lewis Construction as your partner an easy choice.

We provide visionary clients with affirmation as they dream, insight as they plan, and satisfaction as we build.

OUR MISSION:

We provide our visionary clients with affirmation as they dream, insight as we plan, and satisfaction as we build. Our job is to build your **DREAM**. We create legacies, icons and landmarks

We believe in listening before speaking. We find opportunities where others find obstacles. List your work and work your list.

We think, **PLAN**, and do collectively.
We are a team of problem solvers. We **BUILD** smarter, cleaner, and more effectively together.

OUR VISION:

We take a hands-on approach to every aspect of the construction
process; from preconstruction and planning phases through actual construction.

We have positioned our company
to value superior workmanship,
personalized service, and attention to detail.

Our clients deserve the best.
We thrive on that moment
when our customers walk through the doors of their new building, and they look around...and smile.

That smile is worth the hard work, team effort, dedication, long hours, and the thoughtful, planned processes that are a part of every project we have so much pride in building.

The Jamerson-Lewis VISION simply stated...is to make you smile.

DREAM. PLAN. BUILD.

Southern Air has business and contracting licenses in all counties/cities where we conduct business. All licenses are in Active status.

Qualifications and Experience

We have the experience, manpower, equipment, training, financial stability and clout with our suppliers to outperform our competitors. Our long list of comprehensive services, extensive experience and reputation for innovation and economy has proven to be an asset for our clients.

Our HVAC and Mechanical tradesmen are highly proficient in working with a multitude of ducting and piping materials ranging from PVC, CPVC, cast iron, carbon steel, stainless steel, copper, aluminum, sheet metal and fiberglass. Our certified welders are trained in the latest welding, orbital welding, brazing and soldering techniques. Our HVAC technicians are trained with the latest diagnostic and repair skills for various types of HVAC equipment from different manufacturers. Our mechanical/HVAC tradespeople take great pride in delivering a quality product and exceeding our customers' needs.

Our electricians are highly proficient in working with a multitude of electrical components ranging from the latest designs in switchgear to raceway materials such as rigid metal conduit, rigid PVC coated conduit, electrical metallic tubing (E.M.T.), polyvinyl chloride (P.V.C.), flexible metal conduit and metal wireways. Our electricians are trained in the proper installation methods to provide our customers with electrical systems that are safe and efficient to operate. Our electrical technicians are trained with the latest diagnostic and repair skills for various switchboards, lighting systems, PLC's, MCC's and various other control equipment from different manufacturers. Our electricians take great pride in delivering a quality product and exceeding our customers' needs.

We deliver the highest degree of quality in our workmanship and attention to working safely. Southern Air has been recognized by three national construction organizations: Associated General Contractors (AGC), Associated Builders & Contractors (ABC), and by a worldwide industry publication, Engineering News & Record (ENR) as being a leader in the industry in providing:

- ✓ **Quality**
- ✓ **Education/Training**
- ✓ **Safety**
- ✓ **Prefabrication/Technology**

Employee development is our top priority and is essential to our continued growth. We take our training to the next level to ensure our team members don't just know how to do the job; they know how to do the job better. Our commitment to employee training and development means that we have the best equipped team in the business, capable of handling jobs that range widely in size, type, complexity and location. We are a merit shop that values and rewards hard work, innovation and advancement.

Qualifications and Experience

Southern Air was the first contractor in the Region 2000 area to implement a four year State approved Apprenticeship Program. We utilize the "Wheels of Learning" curriculum (a national standard) developed by the National Center for Construction Education and Research (NCCER). We also received the ABC's Paragon Award for Excellence in Safety five consecutive years. We have currently worked over 2 Million manhours without a lost time accident. Our EMR is .69 and our recordable incident rate for 2018 is 2.48; both well below national averages. In addition, Southern Air was instrumental in developing the Associated General Contractors' Central Virginia Safety Alliance.

Recognizing the importance of proper employee background assessments, Southern Air performs the following clearance checks and credential validations as a condition of employment and/or staffing for specific projects:

- State/County Criminal Search
- County Civil Search
- Federal Civil & Criminal Search
- I-9
- E-Verify
- Social Security Number Verification (SSNVS)
- National Sex Offender Registry Search
- Division of Motor Vehicles Records
- Rapid Gate Clearance (as needed)
- TWICS Clearance (as needed)
- Five Panel Drug Screening (Policy included in Safety Program)

Southern Air has many years of experience with the DOE clearance process required for personnel assigned to work at secured facilities.

All background checks cover a span of at least seven years.

Southern Air re-screens any employee whose background check is more than two years old prior to sending them to a jobsite requiring a current background check.

Southern Air has many years of experience with the DOE clearance process required for personnel assigned to work at secured facilities. As a result, the company has developed a pre-screening process to increase the probability that candidates submitted for DOE clearance are acceptable and are highly likely to receive the clearance. This process primarily involves the Southern Air Human Resources Director updating all background checks and conducting interviews specifically designed to identify issues that could prevent employees from receiving DOE clearances.

This design-build project was a total makeover of a 1952 era, 50,000 square foot primary school. Thirty thousand square feet of new additions were added as well as site improvements for new vehicular traffic, additional parking and storm water maintenance. This project was completed in 15 months and came in $500,000 under budget. The primary features include a new student services wing, a new multipurpose building, a new kitchen/serving area and cafeteria as well as 6 new classrooms. The mechanical and electrical renovation was turned in 3 months.

Jamerson-Lewis Construction, Inc. was honored to be awarded the contract to build the first new school in the City of Lynchburg since 1975. This Silver Accredited LEED project was constructed in three phases. The first phase was construction of the new school, the second phase was the demolition of the existing building, and the third phase was the completion of the parking lots. The brick exterior encases an energy-efficient educational facility with a student commons area with 30-foot ceiling heights, glass curtain walls, and a well-lit courtyard. For durability, terrazzo tile flooring was installed. Access was limited because of the operation of the existing school.

The construction schedule was difficult as it was divided and completed in three phases to work around summer vacations. The project manager and superintendent rearranged the site the first summer for parking and traffic flow to accommodate the subsequent construction phases. We constructed a 2,000 seat gymnasium, a math/science wing, and a 900 seat state-of-the art auditorium. The second summer our team renovated one wing of the existing school and transformed the existing gym into a dance room, weight room, and administrative rooms. The final phase of construction transformed the library into a dining facility with a new kitchen and servery. The lower level was converted into a new media center. The entire school is serviced by new mechanical and electrical systems, including up-to-date technology. This project came in 2 million dollars under budget and was completed six months ahead of schedule.

Our Jamerson-Lewis Construction team collaborated with Dewberry, the building owner and school principal to find ways to consolidate the construction schedule and complete this project three months ahead of schedule. The program called for renovations to the existing building as well as new additions that encapsulated the existing structure. Improvements included 15 classrooms, a new multi-purpose room, enlarged/modern media center, expanded administration area, enclosure of open corridors, updated heating and HVAC systems and many site improvements. The primary challenge was maintaining the progress in a way that would not disturb the students and faculty that occupied the building throughout the construction.

Jamerson-Lewis provided General Contracting services for the new 122,000 square foot Liberty Middle School in Bedford, Virginia. The new Middle School will provide state-of-the-art Collaborative Learning Spaces, Classrooms, Science Labs, Music Labs, Art Studios, Media Center and Athletic Facilities to 750 students. The design for the signature Main Entrance of the new Liberty Middle School was replicated from the existing Middle School using new construction assemblies. Two second-story Vegetated Roofs provide Science Labs with outdoor, ecology-focused learning spaces. The central Courtyard provides natural light to the interior and a visual link for school orientation. The competition Gymnasium and Locker Rooms provide fresh competitions facilities for the Middle School and High School teams.

Liberty Middle School is located on a previously undeveloped 46 acre site. Main and Secondary VDOT entry and access roads were built. All utilities were extended from major roads to the site, including a new sanitary sewer Pump Station. New competition Baseball and Softball fields and practice Football and Soccer fields were developed. The Baseball Field meets all VHSL standards and will also be used by the High School. Bull pens, Press box and Concessions buildings, Dugouts, Bleachers with concourse, Competition Lighting, Scoreboard, and laser-graded playing surfaces are incorporated in the project and make this Bedford County Public School's premier Baseball facility. The Softball Field also meets VHSL standards in all aspects, but does not have competition lighting, scoreboard or a press box. Infrastructure has been put in place to allow for these to be added as the County's needs dictate. Grading, seeding and infield/warning track mixtures were critical for the competition Baseball and Softball fields. Rough grading was coordinated to allow for a final laser-grading. Top soil requirements were determined through sampling and coordinating with the different final seed requirements. Infield and Warning Track material was coordinated with local suppliers, field of play requirements, and maintenance needs.

SCHEDULED COMPLETION DATE:
August 2020

The much-anticipated Forest Middle School addition and renovation project will remedy the 25-year-old reliance on temporary mobile classroom units, which have long posed environmental, operational, and safety concerns. The new addition enhances outdoor space with a central, sheltered courtyard that offers students and teachers an enclosed, landscaped environment for a wide range of learning activities.
Within the expanded school, learning is made visible – engaging students and enhancing a sense of community among faculty, staff, and students. Differently-sized learning studios, seminar spaces, huddle rooms, and study booths complement classrooms in the addition and support student passions, while also empowering STEM project work with places that inspire creation and collaboration.
Extended learning spaces and flexible furniture support a variety of teaching methods and work styles. These environments encourage students to bring technology and furniture together in intuitive ways, fostering problem-solving and risk-taking in a setting that is finely tuned for collaboration

This project consists of a two-story addition to a circa 1994 middle school building for grades 6 through 8, along with a bus loop, parking lot expansion and landscaping and courtyard expansions. Cast-in place concrete and steel framing are used for the structural system. The exterior cladding consists of CMU, brick, stone, fiber cement and metal panel siding, and glass. A well field will provide heat exchange for water source heat pumps located throughout the building. All project lighting is LED. The project is located at 100 Ashwood Drive in Forest — and will increase the facility's square footage by more than 60 percent to 162,000 square feet and would renovate existing parts of the school. The project will allow the school to accommodate about 1,200 students. The school currently has about 950 students enrolled and is about 100 students over capacity, according to division officials. Construction began in June 2019 and will be complete in August 2020.

Appomattox County Middle School

Appomattox, VA

Dewberry conducted a facility feasibility study at Appomattox County's junior high school for 7th and 8th graders. The study examined the feasibility of modernizing the facility into a middle school, which would accommodate 6th grade students currently enrolled at county elementary schools, in comparison to constructing a new middle school.

Following the study, Dewberry designed renovations and additions to the junior high to accommodate a modern middle school program. This included the addition of 36,000 SF of classroom space and ancillary facilities. Improvements to the site circulation and parking additions as well as athletic field improvements were also performed.

EC Glass High School

Lynchburg, VA

Built in 1950, this historic high school facility required modernization to meet current and future educational program needs. Dewberry conducted a collaborative design process with school administrators, school staff, students, parents, and the community. A building program was selected based on three approaches that varied in scope and cost. The approaches were developed based on these collaborative meetings and further evaluated by a selected steering committee.

While the entire building was renovated with respect to mechanical and electrical systems, renovations addressed the relocation of classroom spaces and Career Tech program. New additions included science classrooms and laboratories and an addition to accommodate the school's music programs. Dewberry's scope of services included working drawings, bidding, and construction.

Study and Design for Improvements to Pittsylvania County's Four High Schools

Pittsylvania County, VA

Dewberry's team performed a study and subsequent design services for improvements at the County's four high schools. The high schools were completed in 1965 and have only had one addition since that time. Dewberry completed a study to address educational program needs and deficiencies at each school.

The team provided a physical assessment of each school, determined options for school improvements, and provided cost estimates for the two alternatives that were developed. The study was performed through a series of design meetings with key school administrators, school principals, and a select group of students and teachers from each school. Dewberry presented to the school board that chose a building program totaling $65 million. Detailed phasing plans were prepared as the projects were completed while each school was in session. Improvements to the four schools included:

- Classroom additions
- Library renovations
- Cafeteria additions and renovations to kitchen area
- Band and chorus additions
- Additions to the administrative areas
- Addition of air conditioning and necessary window and door upgrades to improve building efficiencies
- Technology upgrade

Halifax County Middle School

Halifax County, VA

Dewberry provided services to Halifax County Schools for a $60 million building program. The program encompasses major improvements to the existing middle school and the construction of a new elementary school to replace two outdated facilities. The middle school program, which accommodates 1,500 students in grades 6 though 8, resulted in an educational facility that better accommodates changing educational program requirements, meets the growing number of students, and provides an updated look to the school.

Designs accommodated the team teaching concept for all three grade levels. The renovated areas allow six teams of four teachers per grade level. A new, modern technology lab was also constructed to accommodate up to 50 students and two teachers. This multi-media lab also accommodates a "Lego" lab for the school to participate in robotics competitions.

Dewberry was tasked with designing a unique lab for the middle school program. The resulting SmartLab and Robotics Lab are considered the most advanced in middle school technology in the country at the time they were constructed. The SmartLab consists of nine-islands and focuses on science, technology, engineering, and mathematics curriculum (STEM). The lab is surrounded by large glass windows, both on interior and exterior walls, allowing onlookers to view this state-of-the-art lab and students at work. Adjacent to the SmartLab is a lab which is used for the school's Lego Robotics Exploration program and as a technology-enabled seminar room. To accomplish a high-tech look on the building's exterior, glass paneling in a concave curve was used for the administration area. This high-tech, innovative theme was carried out into the interior administrative area as well.

Additional elements to the building program includes:

- Renovation of the existing 140,000 SF, two-story facility
- Additions totaling 57,000 SF including:
  - Two-story classroom addition
  - Two-story administration / classroom addition
  - Expansion of the existing library to support all three grade levels
  - Two-story, glass curtain wall exterior on the new administration addition to give the school a high-tech appearance
- The entire site was professionally landscaped to add to the appeal

Hampshire High School

Hampshire, IL

The third high school for District 300 is located on a 105-acre site, surrounded by residential development, is now the home of the New Hampshire High School. This $69-million fast-track project was programmed, designed and bid within a 10-month period to allow the client additional time for construction.

The new school is a replacement of the existing Hampshire High School/Middle School that currently has a capacity for 750 students. The 392,000-SF building, designed for 2,500 students, houses a 750-seat auditorium, 2,500-seat gymnasium and 100-seat lecture center. It is designed around a pod concept with a central core of lockers on each of the three floors. The separation of the lockers into a centralized location allows for greater supervision by staff, the ability to "lock-down" the academic pods after hours and reduce the width of circulation corridors. Each floor represents a distinct department allowing for centralized functions, ease of student use, and way finding. The stacking of utilities and utilization of roof mounted air-handling units provided for further cost savings.

Bartlett Yancey High School

Caswell County, NC

Due to aging infrastructure and a need to modernize, Dewberry conducted a facility study of Bartlett Yancey High School for the Caswell County Board of Education. The overall objective of the study was to conduct a facility appraisal with the building committee to determine the overall needs of the existing buildings and site at Bartlett Yancey High School with the goal of replacing outdated facilities (Halls 1, 2, and 3) with a new modern administration and classroom facility. We developed schematic floor plans, site plans, building elevations, exterior rendering, Revit 3D model, and cost estimates of all improvements. The study was utilized as a basis for a County wide bond referendum on constructing the improvements. We participated in public meetings and collaborated with the Board of Education and Board of Commissioners.

i. Workers Safety Programs:

Describe worker safety training programs, job-site safety programs, accident type and intent of the project, written safety and health plans, including incident investigation and reporting procedures.

Jamerson-Lewis has ongoing safety training that was developed and instructed by our OSHA certified instructor and safety director Robb Foster. Training includes OSHA 10 and 30 and specific topics (i.e. silica, focus four hazards) We understand that each project has unique hazards and safety challenges, and that's why we provide a project specific safety plan for each project. Our on site superintendents perform weekly tool box talks specific to each task at hand. We also conduct daily Job hazard analysis reports, which provide a proactive approach to eliminating safety hazards on site. In the event of an accident or a near miss it is company protocol to perform a thorough accident investigation and documentation that includes witness testimonies and corrective actions.

Project Characteristics

a. Description of Project

Provide a description of the project, including the conceptual design. Describe the proposed project in sufficient detail so that the type and intent of the project, the location, and the communities that may be affected are clearly defined.

APPROACH TO DESIGN AND CONSTRUCTION

The Jamerson Lewis team has developed the proposed improvements utilizing the following approach:

- Reviewed the 2013 Appomattox County High School Master Plan
- Visited the building and site
  - ◊ To confirm current utilization
  - ◊ Identified needs and issues
  - ◊ Reviewed the condition of existing building systems in preparation for recommendations
  - ◊ Non-invasive approach meaning most of the building walls and infrastructure will not be modified
  - ◊ Removal of the existing three mobile classroom units

We developed a layout showing improvements for your consideration that we feel meets your program needs. Volume II contains the following information:

- Floor plan of existing building and proposed addition
- Site plan
- Colored elevation of the new Math/Science/Administration Addition

PROPOSED IMPROVEMENTS

The project consists of renovations to the existing 136,441 SF facility and the addition of approximately 30,694 SF for Option 1 and 22,634 SF for Option 2, defined on the following pages.

A. The proposed project is divided into the following areas:

- Site work related to additions and tennis court relocation only.
- Renovations to the existing facility
- Two story Math/Science/Administration Addition
- Auxiliary Gym Addition
- Two new tennis courts

B. Appomattox County High School currently has a total of 40 classrooms including 6 classrooms in mobile units. After renovations and additions we will have a total of 46 classrooms. Both existing and proposed classroom totals exclude AG Lab, Nursing, Culinary, Band, Art and Auto Mechanics.

Project Characteristics

C. Construction phasing will be as described below.

Phase 1 (during school year)

Math/Science/Administration Addition and New Entry	10/2020 – 6/2021

Phase 2

MEP Renovations in Existing Building	5/2021 – 8/2022
Renovate Existing Band/Chorus, Art, Old Masonry Shop, and Electronics Lab	5/2021 – 8/2021
Renovate Existing Administration and Existing Science Areas	6/2021 – 8/2021

Phase 3

Relocate Tennis Courts	5/2022 – 8/2022
Auxiliary Gym Addition	5/2022 – 1/2023

Some site work and renovation work may occur out of phase; however, disruptions to the school's normal operations will be held to a minimum and fully coordinated with the principal and school system.

D. New and Existing Building Data

• Renovations to Existing Building		136,441 SF
• Additions		30,694 SF
◊ Math/Science/Administration Addition	21,160 SF	
◊ Auxiliary Gym Addition	9,534 SF	
• Total New and Existing		167,135 SF

- Renovations and Additions include the following:
- Two story 21,160 SF Math/Science/Administration Addition frees up space in existing building for eight regular sized classrooms and includes:
  - ◊ Four science labs, two prep rooms, five regular classrooms, new administration/guidance/clinic area, restrooms on both floors, and an elevator.
- An auxiliary gym with training room, two lteam rooms and restrooms
- Construction of two new tennis courts displaced by the new Auxiliary Gym Addition
- Creates a new secure entry for parents, students, and visitors at Math/Science Addition
- Relocates band/chorus and art to the old masonry lab and existing electronics lab and converts existing space to four regular classrooms, a lecture classroom, and a student commons area

- New suspended acoustical tile ceilings and LED light fixtures throughout the existing building
- Complete renovations of areas converted to other uses
  - ◊ Existing administration area
  - ◊ Existing science labs
  - ◊ Existing art, band/chorus
  - ◊ Old masonry lab and electronics lab
- All new classrooms will meet Virginia Department of Education Standards (Regulations for Public School Building Construction).
- Mechanical equipment replacement
- Roof system replacement
- Convert a locker room on upper level adjacent to auto mechanics to handicapped-accessible restrooms
- Removal of three existing mobile classrooms

b. Work by Board

Identify and fully describe any work to be performed by the Board or any other public entity.

Renovations and Additions to Appomattox County High School will be accomplished through a collaborative effort between the Jamerson Lewis team, the Board of Supervisors, the Appomattox County School Board, and the school staff. A meeting will occur during the initial phases of the project (to gain consensus on the planned project) with additional meetings planned at critical intervals during the project.

Once a consensus for the project has been established and the concepts refined, we will present the project to the Board of Supervisors, school board, and community.

c. Permits and Approvals

Include a list of all federal, state, and local permits and approvals required for the project and a schedule for obtaining such permits and approvals.

All required federal, state, and local permits required for site and building construction will be obtained.

d. Adverse Impacts of Projects

Identify any anticipated adverse social, economic, environmental, and transportation impacts of the project measured against the comprehensive land use plan of any affected jurisdiction and application ordinances and design standards. Specify the strategies or actions to mitigate known impacts of the project.

We do not anticipate any adverse social, economic, or environmental impacts resulting from this project. The existing transportation entrances and exits will not be altered with the existing infrastructure being utilized. We will host a community meeting to inform the public and invite their input and present the project.

The local press will also be utilized to create an information campaign educating the community about the project's short- and long-term benefits.

Project Characteristics

e. Positive Impacts of Projects

Identify the projected positive social, economic, environmental, and transportation impacts of the project measured against the comprehensive land use plan of any affected jurisdiction and applicable ordinances and design standards.

Updating Appomattox County High School will enable Appomattox County Public Schools to provide a stimulating, nurturing educational environment for the County's students. This will truly have a ripple effect of positive benefits to the area including:

- Improving the security of the school by creating a new secure entry for parents, students, and visitors
- Eliminating use of mobile classrooms
- Providing a larger dining area and an auxiliary gym
- Improving the overall aesthetics of the school which, studies provide, both enhances the overall learning environment and invokes a sense of pride for the students in their school
- Providing the right perception to potential businesses that Appomattox County places a strong emphasis on the education of their children and, in turn, in providing an educated workforce. The quality of a community's educational system and condition of the facilities is a strong draw for economic development
- Providing larger space conductive to PTO and community use

f. Proposed Schedule

Identify the proposed schedule for the work on the project, including sufficient time for the Board's review, and the estimated time for completion.

Our proposed schedule is included in Volume 2.

g. Allocation of Risk

Propose allocation of risk and liability, and assurances for timely completion of the project.

Jamerson Lewis assumes traditional risk and liability for contractor delays beyond the completion date, subject to mutually agreed upon time and conditions. The Contractor will provide builders risk insurance during the project and will work with the school board to provide other long term assurances for safety and students and faculty in the renovated school. Jamerson Lewis and each major subcontractor will provide performance bonds. Bond and insurance certificates will name Appomattox County Schools as additional insured.

h. Assumptions

State assumptions related to ownership, legal liability, law enforcement and operation of the project and the existence of any restrictions on the Board's use of the project.

Appomattox County High School is for use by the Appomattox County Public Schools and there are no restrictions on usage, only those based on the Board's discretion. The safe operation, law enforcement, and legal liability of the facility will be the responsibility of Appomattox County Public Schools.

Project Characteristics

. Phased Openings

Provide information relative to phased openings of the proposed project.

In order for classes to continue during construction, we have carefully planned phased construction for the renovations and additions. Working closely with school administrators, faculty and staff, the project will be phased taking into consideration the impact of the educational programs of the facility, noise and safety concerns, and priorities for renovated or added spaces within the school. This phasing plan is outlined in our enclosed project schedule. However, once both a final design and schedule are determined, a more detailed construction phasing plan will be created with significant input by the school administrators, faculty and staff. Every effort will be made during renovation to provide for safety of all people at the school.

We have phased the project so that the bulk of the renovations occur during summer. This results in no interruptions to the daily operations of the school.

j. Contingency Plans

Identify contingency plans for meeting public needs in the event that all or some of the project is not completed according to the projected schedule.

The manner in which this project will be phased will ensure "critical" element of the project are completed in the initial phase including the additions. Construction of the additional will first provide new space to be occupied during renovations to the existing space. Also during this time the mobile classrooms, which are currently in use, will continue to be utilized ensuring that ample classroom space is available.

Non-obtrusive work will occur during the school year with the bulk of renovating occurring during the summer. Our team has ample experience in renovating similar school spaces and can assure appropriate planning measures, including pre-ordering of equipment, will be taken for the newly renovated school and new additions to be operational by the beginning of the school year.

k. Applicable Standards

Describe any architectural, building, engineering, or other applicable standards that the proposed project will meet.

Renovations to Appomattox County High School will meet the following codes:

Re: **Alterations and Additions to Midlothian High School**
Alterations – Guidance Offices, Media Center, Science, Autism, Chorus and Drama
Additions – Administrative Offices, Band, Orchestra, Fitness, Team Rooms, Coaches Offices and New Gymnasium

Our Department has been very pleased with the professional performance of J. E. Jamerson & Sons, Inc. during the completion of the Alterations and Additions to Midlothian High School.

The project team was composed of several key players. Mr. Phillip Jamerson - Owner, Mr. William Cook - Project Manager and Mr. J. W. Shelton - Project Superintendent. Occupied schools offer many challenges. The assembled project team confronted and completed each one with a very kind and professional approach.

The project design was phased, unique and complex. The time for completion was compressed. The project team was proactive in there scheduling and phase completions. The owner and the users were amazed with the smooth transition into these new and renovated spaces.

J. E. Jamerson and Sons, Inc. met every time sensitive issue and moved to the completion dates with ease. I would highly recommend this company to any other architect, engineer or owner.

Respectfully,

To Whom It May Concern:

My introduction with Jamerson-Lewis, Inc. first involved a multi-million dollar project in 2016. I manage construction for a large corporation in the medical nutritional industry.

During our project in the spring and summer of 2016, construction interferences and design modifications happened every hour of every day it seemed. Jamerson-Lewis field supervision and project management responded swiftly to change, keeping our project on track. To the surprise of many, our extremely aggressive construction project was completed on time and on budget.

Since our introduction, Jamerson-Lewis has completed many smaller projects that I manage. Their response and commitment is always right on time without sacrificing workmanship.

I am proud of our accomplishments together and expect to continue our relationship as more GC projects come to reality. I strongly recommend Jamerson-Lewis Construction and project management capabilities.

Sincerely,

Kevin,

I just wanted to take a few minutes and let you know what a pleasant experience it has been working with you and Jamerson Lewis on the New Academic Building. I know the project hasn't been easy with limited lay down area and the continual sawdust trucks! Throughout the process you have always been professional, honest and organized. Your crew is an example of a group following the professional standards you expect and demonstrate yourself.
The new facility will fill a void for flexible teaching space and faculty offices. This creates much excitement amongst our faculty, and we are happy to have you as a part of the team bringing this building to life.

I'm not surprised to be writing this email as you have a proven track record here at Longwood. The Jarman Auditorium Renovation had a challenging deadline based on an academic calendar rather than reality. The Frazer Floor Tile Replacement for a ten story dormitory allowed you only eight weeks for completion. The Stubbs Renovation had a 14 month schedule for a complete dormitory renovation and that was prior to the knowledge there was asbestos spray on fire insulation! All of these projects have one thing in common – Jamerson Lewis is committed to their projects and customers.

Thanks again for being a wonderful partner and we look forward to our continued relationship.

Kevin Hooper
C.L. Lewis & Company, Inc.
1306 Stephenson Avenue
Lynchburg, VA 24501

Dear Kevin,

I am writing to express my gratitude for the quality of the partnership you and C.L. Lewis have demonstrated thus far in our project to renovate and expand our historic Mary Helen Cochran Library. From the beginning, we knew this three phase project (new addition constructed in two phases, demolition of a non-historic addition from the '60s and renovation of the historic building) was going to be challenging. The complexity of the task has only been heightened given the tight work area and the fact that the library has (and will be) operational throughout the venture.

From the beginning, C.L. Lewis has been incredibly helpful in working with us. As you know, we began the project with a plan that was priced beyond the budget. Your team worked diligently with us to determine which adjustments we were willing to make to bring the project back within scope. During this process, you brought multiple, appropriate value engineering options and scope adjustments for our consideration.

As construction has progressed, each obstacle we have encountered has been met with a spirit of "can-do" and a willingness to talk through the options with us. You have also been very accommodating as we have made changes along the way. Although we are disappointed by the impact the weather has had on our timeline this spring/summer, I have appreciated how you have pushed the sub-contractors to make-up time without my having to engage you regarding this. I am also appreciative of how you continue to work through the logistics to enable us every opportunity to move the collection into the new structure prior to students arriving so we will have access to the collection from day one of the academic year.

It's exciting to look out my window each day and see the progress. Thank you again for your and C.L Lewis' support to date. Based on our interactions thus far, I would be happy to recommend C.L. Lewis services to anyone else considering your services.

Sincerely,

To whom it may concern,

It has been my great pleasure to work with Jamerson-Lewis on one of the most important community projects in our city in a generation, the Academy's Historic Theatre. Kevin Hooper and his team were instrumental in orchestrating a complex, unique, collaborative, and successful construction project. The success of the project was far from guaranteed and we don't take for granted how lucky we are that Kevin Hooper and Jamerson-Lewis were leading the charge.

To begin, Jamerson-Lewis had a great commitment to excellence. This wasn't just any construction project but the renovation of a public space that hadn't been occupied in 60 years and was utilizing historic tax credits, which had strict Department of Historic Resources demands. This took a high level of specialty contractors, attention to detail, and a high level of engineering. Kevin's leadership ensured that the final product was draw droppingly gorgeous and above all, functional.

Kevin was also fully supported from Jamerson-Lewis at large. We always felt we received the needed attention the project warranted even though we were very aware of multiple major projects the company had underway. We were grateful for the capacity, resource management, and communication Jamerson-Lewis provided.

Finally, I want to praise the efficiency of the project management under stress. Our facility was utilizing tax credits that had specific completion deadlines and we had booked major touring acts for a grand opening of the theatre in December 2018. I will admit that I had my doubts at times that we were going to make it. Not because Kevin and his team weren't capable but because of the scale and scope of the project. It was a team effort, led by Kevin who got us across the finish line. The Academy will be forever grateful for his leadership.

Sincerely,

Geoffrey Kershner

To Whom It May Concern:

On behalf of the Halifax County School board I want to recognize the excellent service we have received from the team of Dewberry for the design and construction of our school system building program.

This team was tasked with renovating our middle school and designing two new elementary schools that conveyed a progressive image within an aggressive time frame. The team's commitment to this project has exceeded our expectations in providing the County with both new and updated, state-of-the-art schools. Furthermore, because of the team's responsiveness and resourcefulness, construction was completed well *ahead of schedule* and *under budget*.

I would encourage any client looking for a team that is responsive, sets high standards for meeting client expectations, and is professional to develop a relationship with the Dewberry team.

It has indeed been a great pleasure to work with this team and Halifax County Schools looks forward to working with them on future projects.

Sincerely,

Dear Darren:

I am writing this letter to extend my appreciation to Dewberry and Davis and particularly to Alan Burchette for the hard work that has been done for Campbell County Schools. Alan was the architect for the new Altavista Elementary School and since then he has done Altavista High School and Leesville Road Elementary. He has finished the working drawings for William Campbell High and Tomahawk Elementary and is currently doing the working drawings for the new elementary school in Rustburg.

I met Alan after taking over the position left vacant when Gene Montgomery retired. This was during the last part of the planning phase for Altavista Elementary School. The first thing that struck me was the fact that here is an architect that will not only listen to what you have to say but also incorporate any ideas or changes that you might have. This was very impressive to me because at the time we were working with two other firms on different projects that seemed fixed in their ways of doing things. This is by far the major factor in staying with Dewberry and Davis throughout the next $28 million building phase being done by Campbell County Schools.

Alan has always shown professionalism in dealing with the general contractors and their subcontractors during the construction of our buildings. He is forever looking out for the owner by checking change order requests issued by the contractors as well as continually checking the plans and specifications for any variances which often occurs during construction.

In closing let me again say thank you for sharing Alan with us and I look forward to a lasting working relationship with Dewberry and Davis.

Yours sincerely,

Craig Brewer

To Whom It May Concern:

In writing a letter of recommendation for the architectural firm of Dewberry Davis, I could provide a long treatise on the subject or employ brevity of subject and simply state that we were extremely happy with the work of the firm and would gladly and emphatically request and employ their services again.

The firm was outstanding in their renovation of E.C. Glass High School, a project that cost more than $26 million. In more specific terms, the firm worked collaboratively with our staff, with members of city council, with the school board, and with the community in understanding the scope and details of the project. That input and feed back were important in the final design of the newly renovated building. They also took the time to understand and to inquire about the instructional program that we had and wanted to develop in the future. They were then able to provide us with a facility that matched those programs. That facility was and still is a quality product, one that we are confident will continue to provide us with outstanding service over a time span that certain will pay for itself. While all of the aforementioned are extremely important, of greater importance for our school division and community, is that they completed the project on time and they brought the project in *under* budget.

Capital projects of that size and magnitude require companies that have experience, skill and expertise, and a thorough, detailed knowledge of their craft. Dewberry, Davis accomplished all of the aforementioned, and for that reason and others, we would gladly employ them again.

Should you have questions or would like clarification of any point noted here, please call me at your convenience at 434-522-3700, extension 101.

To Who It May Concern:

Southern Air is a local business with local employees who have a vested interest in our community and the surrounding areas. Their technicians and service personnel are friendly and easily accessible.

Campbell County Schools has worked with Southern Air for the past 5 years, and has recently entered into another 5 year agreement. Their employees are both knowledgeable and highly skilled. They respond to emergency situations, both large and small, in a timely manner. (ie. having a chiller at a school need replacing 2 days before school starts)

I would highly recommend Southern Air to take care of your HVAC needs

Sincerely,

William Jennings

To Whom It May Concern,

I am writing to recommend the services of Southern Air. I want to be especially complimentary of their electrical installation team led by Mr. John Gallahan.

John and his team have been a part of several major infrastructure upgrades on the Virginia Baptist Hospital campus. He is not only thorough but also easy to work with and always willing to take the time to discuss project concerns and respond to questions. Many of these projects were implemented without causing major disruptions to operations. His team's attention to detail coupled with their collaborative spirit have made these projects a tremendous success.

I anticipate calling upon them for future upgrades and would not hesitate to recommend as a trusted source.

Recommendation Letter Southern Air -- Lynchburg, Virginia

To Whom It May Concern

Southern Air of Lynchburg, Virginia served as the prime contractor for a $19,403,000 HVAC renovation/replacement project that consisted of nine (9) schools in the Amherst County Public School system as well as a complete retrofit of the interior and exterior lighting with LED.

The project scope of work consisted of the replacement of HVAC equipment and lighting that was in excess of 25 to 30 years old. The work was done with little to no impact to the daily activities of the individual schools and extended over a 3 ½ year period. The old equipment removal required access to virtually 100% of the interior ceiling space as well as the entire roofing area. The School System also did over $4,000,000 in roofing replacements during this time period with which Southern Air coordinated their work. Southern Air's cooperative work ethic in turn lessened any possible conflicts with having two separate/independent contractors in the same work space at the same time.

The project was completed on time and under budget. Southern Air has gone beyond the warranty period for the automated control systems in an effort to be sure Amherst County Public Schools is well trained in the systems use as well ensuring that the systems performed as specified. The Project Manager, Mr. Doug Davidson, as well as the engineering staff have been a pleasure to work with throughout the project. We have gotten to know them well over the last 3 ½ years.

I would strongly recommend Southern Air to any school system that is considering a HVAC/lighting replacement project regardless of its size. The company as a whole is organized, the employees are well trained in the latest technology, & the work ethic of the work force was beyond our expectation.

To Whom it May Concern:

Letter of Recommendation for Southern Air, Inc.

We are pleased to recommend Southern Air, Inc., and in-particular, their Electrical Division. We have been fortunate to have worked with their Electrical Division since its inception over thirty-five years ago. Their teams are consistently knowledgeable, dedicated, detail-oriented, hardworking and professional, both in the field and in the office. Most importantly, they are team players.

They work collectively and diligently with all team members to find solutions to challenges that are in the best interest of the project. This approach ensures that collectively we can deliver a finished project that will meet and hopefully exceed the established goals.

Over the years, we have teamed with the Southern Air electrical division on many unique and demanding projects. We are always pleased when they are on our team as we are confident that we have the best electrical contractor for the job; whether we are constructing a hospital project, college student center or a heavy industrial job.

I have personally worked with Southern Air, Inc., since 2000—a period of 19 years. Over this time, they have been, and continue to be, our "go to" MEP contractor. Most recently, I completed the renovations and addition to the Academy Center of the Arts in Lynchburg, VA with their Electrical Division. This was a very challenging project and was very demanding from an electrical systems standpoint. Southern Air was able to work through solutions to any issues that were presented and got the project completed on-time and in-budget, while maintaining excellent levels of safety and quality throughout the project.

We have great confidence in their people and in their abilities. We have seen what they can achieve through their hard work and dedication. It is for these reasons that I highly recommend the Southern Air electrical division for all your electrical construction and service needs.

Please contact me at (434)-845-3468 if you would like any other information or have any questions.

OVERALL PROJECT GOALS

- Address deficient, substandard, and antiquated HVAC equipment throughout the high school
- Improve air quality/humidity control and ventilation to meet current building code standards
- Utilize energy efficient technology & equipment that will provide 17-20 year useful life
- Address lack of temperature controls throughout buildings
- Eliminate the temporary classrooms
- Provide a more secure front entrance

WHERE WE ARE…

- Original PPEA CCL from April 2020
  - $22,201,965
  - Admin/Class Addition, Aux Gym Addition, Classroom Renovations, HVAC Upgrades, Main Entry Addition, Bus Canopy & Owner FFE
- New PPEA CCL as of April 2021
  - $13,000,000
  - Admin/Class Addition, HVAC Upgrades & Main Entry Addition

COST BREAKDOWNS

- HVAC Upgrades = $6,520,000
- Admin / Classroom Addition = $4,750,000
- Main Entry Vestibule = $240,000
- Admin to Classroom Reno = $232,000
- Design Service Fees = $450,000
- Design / Construction Contingency = $358,000 (3%)
- GC Fee = $450,000

WHY ARE WE HAVING THIS CONVERSATION?

- Poor air quality – humidity controls in buildings
- Equipment for which parts are no longer available
- Individual equipment replacement only perpetuate the current building environmental problems
- Majority of equipment age beyond useful life
- Energy use, temperature, humidity, ventilation, cannot be controlled under current conditions

WHAT HAS CHANGED OVER THE LAST 20 YEARS?

- Building environmental standards have changed with the recognition of its intended use
- Equipment & its associated technology has changed significantly
- Energy cost/use has become of greater concern
- Automated building management system allow greater control of the building environment
- Advancement in technology that allows the reuse of formally wasted heating/cooling energy - VRF

UNIT VENTILATORS
WHY THEY ARE INADEQUATE FOR SCHOOLS

TRANE

Latent vs. Sensible Peak Loads

Cooling coils can effectively remove water vapor from the air. However, as discussed earlier, their ability to dehumidify is usually only considered at design conditions or (unfortunately) many times not at all. The unit's cooling coil is controlled solely from the room's dry bulb (sensible) temperature, which does not assure regulation of the space relative humidity. Why? Peak sensible and latent loads seldom occur at the same time; see Figure 2. While a high student density and doorway infiltration give classrooms a large, fairly constant internal latent load, the sensible load varies greatly based on outdoor conditions.

The basic dilemma stems from trying to control two variables – **temperature** and **relative humidity** – with one device: the cooling coil controlled by space temperature.

A unit ventilator is a constant-volume, variable-temperature device that uses a constant fan speed and modulates water flow through a chilled water coil to regulate the temperature in the space. With respect to dehumidification, the problem is that as the water flow through the coil is modulated, the surface temperature of the coil increases and reduces the coil's ability to remove moisture. The moisture in the outdoor ventilation air, along with the internally generated moisture from respiration, cooking, carpet cleaning, etc., can result in indoor humidity levels well above the 60% RH limit recommended to control microbial growth.

Many designers attack this problem by oversizing the unit ventilators, usually in terms of airflow. This does **not** solve the problem; in fact, it can make the situation worse. A higher airflow raises the cooling coil's sensible heat ratio, sometimes to such an extent that it may not adequately dehumidify the space – even on a design day. It's important to understand that this is not just a unit-, coil- or fan-sizing challenge. Rather, it's an issue of properly regulating the cooling coil in a manner that provides sufficient latent capacity at all

UNIT VENTILATORS –

- Units oversized – outside air load
- Do not dehumidify air properly.
- Introduce cold outside air in winter when heat cycles off.
- Do not modulate (on/off).
- Return air collects trash and dust from the floors.

PRIORITY ISSUE 19.0 OUTDOOR AIR VENTILATION

ASSESSMENT PROTOCOLS (AP)	MINIMUM ACTIONS (MA)	EXPANDED ACTIONS (EA)
AP 19.1 Determine Compliance With ASHRAE Standard 62.1 Ventilation Requirements Based on existing design documents and balancing reports, or building audit results, determine whether the school complies with the ventilation requirements of ASHRAE Standard 62.1. This will require measuring airflows onsite. ***Note*** *Some existing ventilation systems may not be capable of meeting the minimum outdoor air ventilation requirements of ASHRAE Standard 62.1 because of capacity limitations, whereas other existing ventilation systems may have sufficient capacity to meet or exceed the standard.* ASHRAE Standard 62.1, Table 6.2.2.1 provides minimum breathing zone ventilation requirements for various space types. The Ventilation Rate Procedure requires that zone and system ventilation rates be calculated based on these minimum rates. Each ventilation zone and each system must meet the ASHRAE requirements for the building to be in compliance. Determine whether the ventilation system satisfies the requirements of ASHRAE Standard 62.1, Section 5 for Systems and Equipment.	**MA 19.1 Adjust Existing Systems To Meet ASHRAE Standard 62.1 Where Possible** Adjust the ventilation rates of existing systems to meet the requirements of ASHRAE Standard 62.1, where possible, using the Ventilation Rate Procedure. If it is not possible to increase ventilation rates to meet the requirements of ASHRAE Standard 62.1 because of equipment capacity limitations, building space limitations, budgetary constraints or other reasons, the ventilation system shall be adjusted to provide the maximum outdoor airflow possible. The conditions (e.g., heating and cooling loads) for which the systems cannot meet the ASHRAE Standard 62.1 requirements should be identified, and the systems should be operated to meet the ASHRAE Standard 62.1 requirements whenever load conditions permit. ***Note*** *ASHRAE Standard 62.1 also allows a Natural Ventilation Procedure in conjunction with mechanical ventilation systems, with a few specified exceptions. When natural ventilation is provided, efforts should be made to ensure that windows and other ventilation openings are operated appropriately.* Ensure compliance with Section 5 of ASHRAE Standard 62.1 wherever possible. **MA 19.2 Consider Impacts of Building Envelope Air Sealing on Ventilation** Avoid tightening the building envelope to reduce air exchange rates if mechanical ventilation rates are deficient. Ensure that school buildings relying on natural ventilation will have adequate ventilation after weatherization activities.	**EA 19.1 Replace/Upgrade Existing Systems To Meet ASHRAE Standard 62.1** If existing systems cannot meet ASHRAE Standard 62.1, upgrade HVAC systems to obtain compliance or create a system upgrade plan to meet ASHRAE Standard 62.1 during future upgrades. **EA 19.2 Install Monitoring To Ensure Adequate Outdoor Air Ventilation** For mechanical ventilation applications, install permanent outdoor airflow monitoring systems in accordance with ASHRAE 189.1, Section 8.3.1.2. For natural ventilation applications, provide monitoring to ensure that operable windows and other ventilation openings are operated appropriately to ensure adequate ventilation. This may include monitoring indoor and outdoor carbon dioxide levels and providing visual feedback to building operators and occupants. **EA 19.3 Apply Advanced Ventilation Approaches** Apply advanced ventilation approaches that have the potential to reduce energy use and improve IAQ, including the following methods: • Dedicated outdoor air systems (DOAS) • Demand-controlled ventilation • Displacement ventilation • Economizers • Energy recovery ventilation • Variable-air-volume systems If any of these ventilation strategies are used, ASHRAE Standard 62.1 Ventilation Rate Procedure requirements must be met under all loads and occupancy conditions.

Appomattox County School Board -- Guidelines for Implementation of the Public-Private Education Facilities and Infrastructure Act of 2002

I. Introduction

The Public-Private Education Facilities and Infrastructure Act of 2002 (the "PPEA")[1] grants the Appomattox County School Board (the Board), a responsible public entity as defined in the PPEA, the authority to create public-private partnerships for the development of a wide range of projects for public use (qualifying projects) if the Board determines there is a public need for the project and that private involvement may provide the project to the public in a timely or cost-effective fashion. Individually negotiated interim or comprehensive agreements between a private entity and the Board will define the respective rights and obligations of the Board and the private entity. Although guidance with regard to the application of the PPEA is provided herein, it will be incumbent upon the Board and all private entities to comply with the provisions of the PPEA.

In order for a project to come under the PPEA, it must meet the definition of a "qualifying project." The PPEA contains a broad definition of qualifying project that includes public buildings and facilities of all types; for example:

(i) An education facility, including, but not limited to, a school building (including any stadium or other facility primarily used for school events), any functionally-related and subordinate facility and land to a school building, and any depreciable property provided for use in a school facility that is operated as part of the public school system or as an institution of higher education;

(ii) A building or facility that meets a public purpose and is developed or operated by or for any public entity;

(iii) Improvements, together with equipment, necessary to enhance public safety and security of buildings to be principally used by a public entity;

(iv) Utility and telecommunications and other communications infrastructure;

(v) A recreational facility;

(vi) Technology infrastructure, services, and applications including, but not limited to, telecommunications, automated data processing, word processing and management information systems, and related information, equipment, goods and services;

[1] Va. Code § 56-575.1 through § 56-575.18.

(vii) Any services designed to increase the productivity or efficiency of the Board through the use of technology or other means;
(viii) Any technology, equipment, or infrastructure designed to deploy wireless broadband services to schools, businesses, or residential areas; or
(ix) Any improvements necessary or desirable to any unimproved locally- or state-owned real estate.

The PPEA establishes requirements that the Board must adhere to when considering proposals received pursuant to the PPEA. In addition, the PPEA specifies the criteria that must be used to select a proposal and the contents of the interim or comprehensive agreement detailing the relationship between the Board and the private entity.

The Appomattox County School Board (the "Board") adopted these Procedures on December 10, 2009 to implement the PPEA. Therefore, the Board, the Superintendent and employees of the Board will follow these procedures to receive and evaluate any proposal submitted to the Board under the provisions of the PPEA. The Board must adopt any amendments to these procedures. The Board hereby designates the Director of Finance and Human Resources as the contact person to receive PPEA proposals and to respond to inquiries regarding the PPEA or these guidelines. The guidelines are available to the public.

The Board may designate a working group to be responsible for evaluating proposals and negotiating the comprehensive agreement.

In the event that the PPEA is amended in a manner that either conflicts with these guidelines or concerns material matters not addressed by the Guidelines, the Board will amend the Guidelines. If the Guidelines are not amended prior to the effective date of the new law, the Guidelines will be interpreted in a manner to conform to the new law.

The Board will engage the services of qualified professionals, which may include an architect, professional engineer, or certified public accountant, not otherwise employed by the Board, to provide independent analysis regarding the specifics, advantages, disadvantages and long- and short-term costs of any request by a private entity for approval of a qualified project unless the Board determines that such analysis shall be performed by employees of the Board.

The Board will provide opportunities for competition through public notice and the availability of its representatives to meet with private entities considering a proposal.

The Board will establish reasonable criteria for choosing among competing proposals.

The Board will establish suggested timelines for selecting proposals and negotiating an interim or comprehensive agreement. The Board may authorize

accelerated selection and review and documentation timelines for proposals involving a qualifying project that it deems a priority.

The Board will establish financial review and analysis procedures that include, at a minimum, a cost-benefit analysis, an assessment of opportunity cost, and consideration of the results of all studies and analyses related to the proposed qualifying project. Those procedures will include requirements for the disclosure of such analysis to the appropriating body for review prior to execution of an interim or comprehensive agreement.

The Board will consider the nonfinancial benefits of a proposed qualifying project.

The Board will establish a mechanism for the appropriating body to review a proposed interim or comprehensive agreement prior to execution.

The Board will establish criteria for the establishment of an advisory committee consisting of representatives from it and the appropriating body to review the terms of the proposed interim or comprehensive agreement. Those criteria may include the scope, costs, and duration of the qualifying project and whether the project involves or impacts multiple public entities.

The Board will analyze the adequacy of the information released when seeking competing proposals and providing for the enhancement of that information, if it deems such enhancement necessary to encourage competition.

The Board will establish criteria, key decision points, and approvals required to ensure that it considers the extent of competition before selecting proposals and negotiating an interim or comprehensive agreement.

The Board shall require the posting and publishing of public notice of a private entity's request for approval of a qualifying project, including (i) specific information and documentation to be released regarding the nature, timing, and scope of the qualifying project pursuant to subsection A of Va. Code § 56-575.4; and (ii) a reasonable time period, of at least 45 days, as determined by the Board, to encourage competition and public-private partnerships in accordance with the goals of the PPEA, during which time the Board shall receive competing proposals pursuant to subsection A of Va. Code § 56-575.4.

II. General Provisions

A. Proposal Submission

A proposal may be either solicited by the Board or delivered by a private entity on an unsolicited basis. Proposers may be required to follow a two-part proposal submission process consisting of a conceptual phase and a detailed phase, as described herein. The initial phase of the proposals should contain specified information on proposer qualifications and experience, project characteristics, project financing, anticipated public support or opposition, or both, and project benefit and compatibility. The detailed proposal should contain specified deliverables.

The PPEA allows private entities to include innovative financing methods, including the imposition of user fees or service payments, in a proposal. Such financing arrangements may include the issuance of debt instruments, equity or other securities or obligations including, if applicable, the portion of the tax-exempt private activity bond limitation amount to be allocated annually to the Commonwealth of Virginia pursuant to the federal Economic Growth and Tax Relief Reconciliation Act of 2001[2] for the development of education facilities using public-private partnerships, and to provide for carryovers of any unused limitation amount.

Proposals should be prepared simply and economically, providing a concise description of the proposer's capabilities to complete the proposed qualifying project and the benefits to be derived from the project by the Board. Project benefits to be considered are those occurring during the construction, renovation, expansion or improvement phase and during the life cycle of the project. Proposals also should include a scope of work and a financial plan for the project, containing enough detail to allow an analysis by the Board of the financial feasibility of the proposed project. The Board may require the proposer to provide additional information and clarification to the submission. The cost analysis of a proposal should not be linked solely to the financing plan; the Board may determine to finance the project through other available means.

The PPEA is intended to encourage proposals from the private sector that offer the provision of private financing in support of the proposed public project and the assumption of commensurate risk by the private operator, but also offer benefits to the operator through innovative approaches to project financing, development and use. However, while substantial private sector involvement is encouraged, qualifying facilities will still be devoted primarily to public use and typically involve facilities critical to the public health, safety, and welfare. Accordingly, the Board shall continue to exercise full and proper due diligence in the evaluation and selection of operators for these projects. In this regard, the qualifications, capabilities, and resources and other attributes of a prospective operator and its whole team will be carefully examined for every project. In addition, operators proposing projects shall be held strictly accountable for representations or other information provided regarding their qualifications, experience or

[2] Public Law 107-16; Section 142(k)(5) of the Internal Revenue Code of 1986, as amended.

other contents of their proposals, including all specific aspects of proposed plans to be performed by the operator.

B. Affected Jurisdictions

Any private entity submitting a conceptual or detailed proposal to the Board must provide any affected jurisdiction with a copy of the private entity's proposal by certified mail, express delivery, or hand delivery within five (5) business days of submission of the proposal to the Board. Any affected jurisdiction shall have 60 days from the receipt of the proposal to submit written comments to the Board and to indicate whether the proposed qualifying project is compatible with the (i) jurisdiction's comprehensive plan, (ii) jurisdiction's infrastructure development plans, and (iii) capital improvements budget or other government spending plan. Comments received within the 60-day period shall be given consideration by the Board, and no negative inference shall be drawn from the absence of comment by an affected jurisdiction. However, the Board may begin or continue its evaluation of any such proposal during the 60-day period for the receipt of comments from affected local jurisdictions.

C. Proposal Review Fee

The Board will receive an analysis of the proposal from appropriate internal staff or outside advisors or consultants, or any combination thereof, with relevant experience in determining whether to enter into an agreement with the private entity.

The Board may charge a fee to the private entity to cover the costs of processing, reviewing, and evaluating any proposal submitted under the PPEA, including a fee to cover the costs of outside attorneys, engineers, consultants, and financial advisors. Any fee charged for such review of a proposal should be reasonable in comparison to the level of expertise deemed necessary by the Board and required to review the proposal and will not be greater than the direct costs associated with evaluating the proposed qualifying project. “Direct costs” may include, but are not limited to, (i) the cost of staff time required to process, evaluate, review and respond to the proposal and (ii) the costs to hire attorneys, engineers, consultants and financial advisors. The Board may require an initial processing fee with an additional fee to be charged should the project proceed beyond the initial review.

Proposals solicited by the Board that are not in response to an unsolicited proposal will not be subject to proposal review fees unless so indicated in the solicitation. The Superintendent may determine in his or her discretion whether to require proposers to pay review fees for solicited proposals, and if so, the amount of such fees.

In the case of unsolicited and competing unsolicited proposals and if so indicated in the solicitation in the case of solicited proposals, fees shall be paid in accordance with the following table, with percentages being of the total cost of the proposed project:

Review Stage	Fee	Minimum	Maximum
Conceptual	1/2 of 1%	$500.00	$25,000.00
Detail	1/2 of 1%	$500.00	$50,000.00

Fees shall be submitted with the proposals for each corresponding phase in the form of a cashier's or certified check made payable to the Appomattox County School Board. The Board will refund any portion of fees paid in excess of its direct costs associated with evaluating the proposal.

D. Freedom of Information Act

1. General applicability of disclosure provisions

Proposal documents submitted by private entities are generally subject to the Virginia Freedom of Information Act ("FOIA") except that Va. Code § 2.2-3705.6 (11) exempts certain documents from public disclosure. FOIA exemptions, however, are discretionary, and the Board may elect to release some or all of documents except to the extent that the documents are;

a. Trade secrets of the private entity as defined in the Uniform Trade Secrets Act (Va. Code § 59.1-336 et seq.);
b. Financial records of the private entity that are not generally available to the public through regulatory disclosure or otherwise, including but not limited to, balance sheets and financial statements; or
c. Other information submitted by a private entity, where, if the record or document were made public prior to the execution of an interim or comprehensive agreement the financial interest or bargaining position of the public or private entity would be adversely affected.

Additionally, to the extent access to proposal documents submitted by private entities are compelled or protected from disclosure by a court order, the Board must comply with the provisions of such order.

2. Protection from mandatory disclosure for certain documents submitted by a private entity.

Before a document of a private entity may be withheld from disclosure, the private entity must make a written request to the Board at the time the documents are submitted designating with specificity the documents for which the protection is being sought and a clear statement of the reasons for invoking the protection with reference to one or more of the three classes of records listed in Section D.1.

Upon the receipt of a written request for protection of documents, the Board will determine whether the documents contain (i) trade secrets, (ii) financial records, or (iii)

other information that would adversely affect the financial interest or bargaining position of the Board or private entity in accordance with Section D.1. The Board will make a written determination of the nature and scope of the protection to be afforded by the Board under this subdivision. If the written determination provides less protection than requested by the private entity, the private entity will be given an opportunity to withdraw its proposal. Nothing will prohibit further negotiation of the documents to be protected from release although what may be protected must be limited to the categories of records identified in Section D.1.

Once a written determination has been made by the Board, the documents afforded protection under this subdivision will continue to be protected from disclosure while in the possession of the Board or any affected jurisdiction to which such documents are provided.

If a private entity fails to designate with specificity trade secrets, financial records, or other confidential or proprietary information for protection from disclosure, such information, records or documents will be subject to disclosure under FOIA.

3. Protection from mandatory disclosure for certain documents produced by the Board.

The Board may withhold from disclosure memoranda, staff evaluations, or other records prepared by the Board, its staff, outside advisors, or consultants exclusively for the evaluation and negotiation of proposals where (i) if such records were made public prior to or after the execution of an interim or comprehensive agreement, the financial interest or bargaining position of the Board would be adversely affected, and (ii) the basis for the determination required in clause (i) is documented in writing by the Board.

Cost estimates relating to a proposed procurement transaction prepared by or for the Board will not be open to public inspection.

4. The Board will not withhold from public access:
   - (a) procurement records other than those subject to the written determination of the Board;
   - (b) information concerning the terms and conditions of any interim or comprehensive agreement, service contract, lease, partnership, or any agreement of any kind entered into by the Board and the private entity;
   - (c) information concerning the terms and conditions of any financing arrangement that involves the use of any public funds; or
   - (d) information concerning the performance of any private entity developing or operating a qualifying transportation facility or a qualifying project.

However, to the extent that access to any procurement record or other document or information is compelled or protected by a court order, then the Board must comply with such order.

E. Use of Public Funds

Virginia constitutional and statutory requirements as they apply to appropriation and expenditure of public funds apply to any interim or comprehensive agreement entered into under the PPEA. Accordingly, the processes and procedural requirements associated with the expenditure or obligation of public funds shall be incorporated into planning for any PPEA project or projects and shall be in compliance with the Board's fiscal policies

F. Applicability of Other Laws

Nothing in the PPEA shall affect the duty of the Board to comply with all other applicable law not in conflict with the PPEA. The applicability of the Virginia Public Procurement Act (the "VPPA") is as set forth in the PPEA.\

III. Solicited Proposals

The Board may invite bids or proposals from private entities to develop or operate qualifying projects. The Board may use a two-part process consisting of an initial or conceptual phase and a detailed phase. The Board will set forth in the solicitation the format and supporting information that is required to be submitted, consistent with the provisions of the PPEA. The Board may establish suggested timelines for selecting proposals and negotiating an interim or comprehensive agreement.

The solicitation will specify, but not necessarily be limited to, information and documents that must accompany each proposal and the factors that will be used in evaluating the submitted proposals. The solicitation will be posted in such public areas as are normally used for posting of the Board's notices, including the Board's website. Notice may also be posted in a newspaper or other general circulation publication, advertised in *Virginia Business Opportunities* or posted on the Commonwealth's electronic procurement website. The solicitation will also contain or incorporate by reference other applicable terms and conditions, including any unique capabilities or qualifications that will be required of the private entities submitting proposals. Pre-proposal conferences may be held as deemed appropriate by the Board.

IV. Unsolicited Proposals

The PPEA permits the Board to receive and evaluate unsolicited proposals from private entities to develop or operate a qualifying project.

The Board may publicize its needs and may encourage interested parties to submit unsolicited proposals subject to the terms and conditions of the PPEA. When such proposals are received without issuance of a solicitation, the proposal shall be treated as an unsolicited proposal. The Board may establish suggested timelines for selecting proposals and negotiating an interim or comprehensive agreement.

A. Decision to Accept and Consider Unsolicited Proposal; Notice

1. The Board reserves the right to reject any and all proposals at any time prior to the execution of an interim or comprehensive agreement.

2. Upon receipt of any unsolicited proposal or group of proposals and payment of any required fee by the proposer or proposers, the Board will determine whether to accept the unsolicited proposal for publication and conceptual-phase consideration. If the Board determines not to accept the proposal and not proceed to publication and conceptual-phase consideration, it will return the proposal, together with all fees and accompanying documentation, to the proposer.

3. If the Board chooses to accept an unsolicited proposal for publication and conceptual-phase consideration, it shall post a notice in a public area regularly used by the Board for posting of public notices for a period of not less than 45 days. The Board shall also publish the same notice for at least 45 days in one or more newspapers or periodicals of general circulation in the area to notify any parties that may be interested in submitting competing unsolicited proposals. In addition, the notice will also be advertised in *Virginia Business Opportunities* and on the Commonwealth's electronic procurement website. Interested parties shall have 45 days from the date the notice is first published to submit competing unsolicited proposals, or such longer period of time as may be advertised by the Board's designee in the notice. The notice shall state that the Board (i) has received an unsolicited proposal under the PPEA, (ii) intends to evaluate the proposal, (iii) may negotiate an interim or comprehensive agreement with the proposer based on the proposal, and (iv) will receive for simultaneous consideration any competing proposals that comply with the procedures adopted by the Board and the PPEA. The notice also shall summarize the proposed qualifying project or projects, and identify their proposed locations.

To ensure that sufficient information is available upon which to base the development of a serious competing proposal, representatives of the Board familiar with the unsolicited proposal and the Board's guidelines shall be made available to respond to inquiries and meet with private entities that are considering the submission of a competing proposal. The Board shall conduct an analysis of the information pertaining to the proposal included in the notice to ensure that such information sufficiently encourages competing proposals. Further, the Board shall establish criteria, including key decision points and approvals, to ensure proper consideration of the extent of competition from available private entities prior to selection.

B. Initial Review at the Conceptual Stage

1. Only proposals complying with the requirements of the PPEA that contain sufficient information for a meaningful evaluation and that are provided in an appropriate format will be considered by the Board for further review at the conceptual stage. Formatting suggestions for proposals at the conceptual stage are found at Section VI. A.

2. The Board will determine at this initial stage of review whether it will proceed using:

a. Standard "competitive sealed bidding" procurement procedures consistent with the VPPA; or

b. Guidelines developed by the Board that are consistent with procurement of other than professional services through "competitive negotiation" as the term is defined in § 2.2-4301 of the Code of Virginia. The Board may proceed using such guidelines only if it makes a written determination that doing so is likely to be advantageous to the Board and the public based upon either (i) the probable scope, complexity or priority of need, (ii) the risk sharing, including guaranteed cost or completion guarantees, added value or debt or equity investments proposed by the private entity; or (iii) increase in funding, dedicated revenue, or other economic benefit that would otherwise not be available.

3. After reviewing the original proposal and any competing unsolicited proposals submitted during the notice period, the Board may determine:

(i) not to proceed further with any proposal,

(ii) to proceed to the detailed phase of review with the original proposal,

(iii) to proceed to the detailed phase with a competing proposal,

(iv) to proceed to the detailed phase with multiple proposals, or

(v) to request modifications or amendments to any proposals.

In the event that more than one proposal will be considered in the detailed phase of review, the Board will consider whether the unsuccessful proposer should be reimbursed for costs incurred in the detailed phase of review, and such reasonable costs may be assessed to the successful proposer in the comprehensive agreement.

4. Discussions between the Board and private entities about the need for infrastructure improvements shall not limit the Board's ability to later determine to use standard procurement procedures to meet its infrastructure needs.

The Board at all times retains the right to reject any proposal at any time for any reason whatsoever.

V. Posting Requirements

A. Conceptual proposals, whether solicited or unsolicited, shall be posted by the Board within 10 working days after acceptance of such proposals in the following manner: the proposals shall be posted on the Board's website or by publication, in a newspaper of general circulation in the area in which the contract is to be performed, of a summary of the proposals and the location where copies of the proposals are available for public inspection. Posting may also be on the Department of General Service's web-based electronic procurement program commonly knows as "eVA," in the discretion of the Board.

B. Nothing shall be construed to prohibit the posting of the conceptual proposals by additional means deemed appropriate by the Board so as to provide maximum notice to the public of the opportunity to inspect the proposals.

C. In addition to the posting requirements noted above, at least one copy of the proposals shall be made available for public inspection. Trade secrets, financial records, or other records of the private entity excluded from disclosure under the provisions of subdivision 11 of Va. Code § 2.2-3705.6 shall not be required to be posted, except as otherwise agreed to by the Board and the private entity. Any inspection of procurement transaction records shall be subject to reasonable restrictions to ensure the security and integrity of the records.

VI. Proposal Preparation and Submission

A. Format for Submissions at the Conceptual Stage

The Board will require that proposals at the conceptual stage contain information in the following areas: (1) qualifications and experience, (2) project characteristics, (3) project financing, (4) anticipated public support or opposition, or both, (5) project benefit and compatibility and (6) any additional information as the Board may reasonably request to comply with the requirements of the PPEA. Suggestions for formatting information to be included in proposals at this stage include the items listed below, as well as any additional information or documents the Board may request:

1. Qualifications and Experience

a. Identify the legal structure of the firm or consortium of firms making the proposal. Identify the organizational structure for the project, the management approach and how each partner and major subcontractor in the structure fits into the overall team.

b. Describe the experience of the firm or consortium of firms making the proposal, the key principals and project managers involved in the proposed project including experience with projects of comparable size and complexity, including prior experience bringing similar projects to completion on budget and in compliance with design, land use, service and other standards. Describe the length of time in business, business experience, public sector experience and other engagements of the firm or consortium of firms. Include the identity of any firms that will provide design, construction and completion guarantees and warranties and a description of such guarantees and warranties. Provide resumes of the key individuals who will be involved in the project.

c. For each firm or major subcontractor that will be utilized in the project, provide a statement listing all of the firm's prior projects and clients for the past 3 years and contact information for those clients, including names, addresses, and telephone number. If a firm has worked on more than 10 projects during this period, it may limit its prior project list to 10, but shall include all projects similar in scope and size to the proposed project and shall include as many of its most recent projects as possible. Each firm or major subcontractor shall be required to submit all performance evaluation reports or other documents which are in its possession evaluating the firm's performances during the preceding three years in terms of cost, quality, schedule maintenance, safety and other matters relevant to the successful project developments, operation, and completion.

d. Provide the names, prior experience, addresses, telephone numbers and e-mail addresses of persons within the firm or consortium of firms who will be directly involved in the project or who may be contacted for further information.

e. Provide a current or most recently audited financial statement of the firm or firms and each partner with an equity interest of twenty percent or greater.

f. Identify any persons known to the proposer who would be obligated to disqualify themselves from participation in any transaction arising from or in connection to the project pursuant to The Virginia State and Local Government Conflict of Interests Act (Va. Code § 2.2-3100 et seq.).

g. Identify the proposed plan for obtaining sufficient numbers of qualified workers in all trades or crafts required for the project.

h. Identify the proposed plan for complying with Va. Code § 22.1-296.1, if applicable, or explain why the requirements of that statute are inapplicable.

i. For each firm or major subcontractor that will perform construction and/or design activities, provide the following information:

(1) A sworn certification by an authorized representative of the firm attesting to the fact that the firm is not currently debarred or suspended by any federal, state or local government entity.

(2) A statement that reviews all relevant information regarding technical qualifications and capabilities, firm resources and business integrity of the firm, including but not limited to bonding capacities, insurance coverage and firm equipment. This statement shall also include a disclosure for the past three years of any of the following conduct by the firm or its principal shareholders:

(A) bankruptcy filings;
(B) liquidated damages;
(C) fines, assessments or penalties;
(D) judgments or awards in contract disputes;
(E) contract defaults or terminations;
(F) license revocations, suspension, disciplinary actions;
(G) prior debarments or suspensions by a governmental entity;
(H) denials of prequalification, findings of non-responsibility;
(I) safety past performance data including fatality; incidents, “Experience Modification Rating,” “Total Recordable Injury Rate,” and “Total Lost Workday Incidence Rate;”
(J) violations of any federal, state, or local criminal or civil law;
(K) criminal indictments or investigations; and
(L) legal claims filed by or against the firm.

2. Project Characteristics

a. Provide a description of the project, including the conceptual design. Describe the proposed project in sufficient detail so that the type and intent of the project, the location, and the communities that may be affected are clearly identified.

b. Identify and fully describe any work to be performed by the Board or any other public entity.

c. Include a list of all federal, state and local permits and approvals required for the project and a schedule for obtaining such permits and approvals.

d. Identify any anticipated adverse social, economic, environmental and transportation impacts of the project measured against the comprehensive land use plan of any affected jurisdiction and applicable ordinances and design standards. Specify the strategies or actions to mitigate known impacts of the project.

e. Identify the projected positive social, economic, environmental and transportation impacts of the project measured against the comprehensive land use plan of any affected jurisdiction and applicable ordinances and design standards.

f. Identify the proposed schedule for the work on the project, including sufficient time for the Board's review, and the estimated time for completion.

g. Propose allocation of risk and liability, and assurances for timely completion of the project.

h. State assumptions related to ownership, legal liability, law enforcement and operation of the project and the existence of any restrictions on the Board's use of the project.

i. Provide information relative to phased openings of the proposed project.

j. Identify contingency plans for meeting public needs in the event that all or some of the project is not completed according to the projected schedule.

k. Describe any architectural, building, engineering or other applicable standards that the proposed project will meet.

3. Project Financing

a. Provide a preliminary estimate and estimating methodology of the cost of the work by phase, segment, or both.

b. Submit a plan for the development, financing and operation of the project showing the anticipated schedule on which funds will be required. Describe the anticipated costs of and proposed sources and uses for such funds, including any anticipated debt service costs. The operational plan should include appropriate staffing levels and associated costs based upon the Board's adopted operational standards. Include supporting due diligence studies, analyses, or reports.

c. Include a list and discussion of assumptions underlying all major elements of the plan.

d. Identify the proposed risk factors and methods for dealing with these factors. Describe methods and remedies associated with any financial default.

e. Identify any local, state or federal resources that the proposer contemplates requesting for the project along with an anticipated schedule of resource requirements. Describe the total commitment, if any, expected from governmental sources and the timing of any anticipated commitment, both one-time and on-going.

f. Identify the amounts and the terms and conditions for any revenue source.

g. Identify any aspect of the project that could disqualify the project from obtaining tax-exempt financing.

h. Identify the need, if any, for the Board to provide either its general obligation or moral obligation backing. The underlying assumptions should address this need and/or state that the credit would be via a "Service Agreement," for example. Any debt issuance should be expected to receive an investment grade rating from a nationally recognized statistical rating agency. If the natural rating is not investment grade, the Board may require the use of credit enhancements.

i. Outline what impact, if any, a drop in interest rates would have on the ultimate annual project cost. Indicate if there is a method to refinance for cost savings or does the firm only receive benefit of this potential?

j. Outline the financial penalties, if any, that would result should the Board wish to terminate a project early or restructure the cash flows for some reason of its own choosing. The firm should be specific on this point.

k. Provide a breakout of the fees to any underwriting firm(s) and the type of obligation the firm(s) are using with a financing component. Be specific as to tax-exempt, taxable, floating rate, fixed rate, etc.

4. Project Benefit and Compatibility

a. Identify who will benefit from the project, how they will benefit and how the project will benefit the Board and the overall community.

b. Identify any anticipated public support or opposition, as well as any anticipated government support or opposition (including that in any affected jurisdiction), for the project.

c. Explain the strategy and plans, including the anticipated timeline, that will be carried out to involve and inform the general public, business community, and governmental agencies in areas affected by the project.

d. Describe any anticipated significant benefits to the community and the Board, including anticipated benefits to the economic, social, environmental, transportation, etc., condition of the Board and whether the project is critical to attracting or maintaining competitive industries and businesses to the area.

e. Describe the project's compatibility with the Board's and/or affected jurisdiction's local comprehensive plan (including related environmental, land use and facility standards ordinances, where applicable), infrastructure development plans, transportation plans, the capital improvements plan and capital budget or other government spending plan.

f. Provide a statement setting forth participation efforts that are intended to be undertaken in connection with this project with regard to the following types of businesses: (1) minority-owned businesses, (ii) woman-owned businesses, and (iii) small businesses.

5. Any Additional Information As the Board May Reasonably Request

B. Format for Submissions at the Detailed Stage

If the Board decides to proceed to the detailed phase of review with one or more proposals, the following information should be provided by the private entity unless waived by the Board:

1. A topographical map (1:2,000 or other appropriate scale) depicting the location of the proposed project.

2. A list of public utility facilities, if any, that will be crossed by the qualifying project and a statement of the plans of the proposer to accommodate such crossings.

3. Information relating to the current plans for development of facilities to be used by a public entity that are similar to the qualifying project being proposed by the private entity, if any, of each affected jurisdiction;

4. A statement and strategy setting out the plans for securing all necessary property and/or easements. The statement must include the names and addresses, if known, of the current owners of the subject property as well as a list of any property the proposer intends to request the Board or affected jurisdiction to condemn.

5. A detailed listing of all firms, along with their relevant experience and abilities, that will provide specific design, construction and completion guarantees and warranties, and a brief description of such guarantees and warranties along with a record of any prior defaults for performance.

6. A total life-cycle cost, including maintenance, specifying methodology and assumptions of the project or projects including major building systems (e.g., electrical, mechanical, etc.), and the proposed project start date. Include anticipated commitment of all parties; equity, debt, and other financing mechanisms; and a schedule of project revenues and project costs. The life-cycle cost analysis should include, but not be limited to, a detailed analysis of the projected return, rate of return, or both, expected useful life of facility and estimated annual operating expenses using Board adopted service levels and standards.

7. A detailed discussion of assumptions about user fees or rates, lease payments and other service payments, and the methodology and circumstances for changes, and usage of the projects over the useful life of the projects.

8. Identification of any known government support or opposition, or general public support or opposition for the project. Government or public support should be demonstrated through resolution of official bodies, minutes of meetings, letters, or other official communications.

9. Demonstration of consistency with appropriate Board and/or affected jurisdiction comprehensive plans (including related environmental, land use and facility standards ordinances, where applicable), infrastructure development plans, transportation plans, the capital improvement plan and capital budget, or indication of the steps required for acceptance into such plans.

10. Explanation of how the proposed project would impact the Board's or affected jurisdiction's development plans.

11. Identification of any known conflicts of interest or other factors that may impact the Board's consideration of the proposal, including the identification of any persons known to the proposer who would be obligated to disqualify themselves from participation in any transaction arising from or in connection to the project pursuant to The Virginia State and Local Government Conflict of Interest Act, Chapter 31 (Va. Code § 2.2-3100 et seq).

12. Description of an ongoing performance evaluation system or database to track key performance criteria, including but not limited to, schedule, cash management, quality, worker safety, change orders, and legal compliance.

13. Additional material and information as the Board may request.

VII. Proposal Evaluation and Selection Criteria

There are several factors that the Board may wish to consider when evaluating and selecting a proposal under the PPEA. The following, along with the specified information required under VI.A and VI.B above, are factors that the Board may consider in the evaluation and selection of PPEA proposals. The Board retains the right at all times to reject any proposal at any time for any reason whatever.

A. Qualifications and Experience

Factors to be considered in either phase of the Board's review to determine whether the proposer possesses the requisite qualifications and experience may include, along with the specified information required under VI.A and VI.B above, the following:

1. Experience with similar projects;

2. Demonstration of ability to perform work;

3. Leadership structure;

4. Project manager's experience;

5. Management approach;

6. Financial condition;

7. Project ownership;

8. Demonstrated record of successful past performance, including timeliness of project delivery, compliance with plans and specifications, quality of workmanship, cost-control and project safety;

9. Demonstrated conformance with applicable laws, codes, standards, regulations, policies, and agreements on past projects; and

10. Project staffing plans, the skill levels of the proposed workforce, apprenticeship and other training programs offered for the project, and the proposed safety plans for the project.

B. Project Characteristics

Factors to be considered in determining the project characteristics may include, along with the specified information required under VI.A and VI.B above, the following:

1. Project definition;

2. Proposed project schedule;

3. Operation of the project;

4. Technology; technical feasibility;

5. Conformity to State, Board or affected jurisdiction laws, regulations, and policies;

6. Environmental impacts;

7. Condemnation impacts;

8. State and local permits; and

9. Maintenance of the project.

C. Project Financing

Factors to be considered in determining whether the proposed project financing allows adequate access to the necessary capital to finance the project include, along with the specified information required under VI.A and VI.B above, the following:

1. Cost and cost benefit to the Board;

2. Financing and the impact on the debt or debt burden of the Board or the appropriating body;

3. Financial plan including default implications;

4. Opportunity costs assessments;

5. Estimated cost, including debt source, operating costs, etc.;

6. Life-cycle cost analysis;

7. The identity, credit history, and past performance of any third party that will provide financing for the project and the nature and timing of their commitment, as applicable, and;

8. Such other items as the Board deems appropriate.

D. Project Benefit and Compatibility

Factors to be considered in determining the proposed project's compatibility with the Board's, affected jurisdiction's or regional comprehensive or development plans may include, along with the specified information required under VI.A and VI.B above, the following:

1. Community benefits;

2. Community support or opposition, or both;

3. Public involvement strategy;

4. Compatibility with existing and planned facilities;

5. Compatibility with Board, regional, and state economic development efforts; and

6. Compatibility with Board's and affected jurisdiction's land use and transportation plans.

E. Other Factors

Other factors that may be considered by the Board in the evaluation and selection of PPEA proposals include:

1. The proposed cost of the qualifying project;

2. The general reputation, industry experience, and financial capacity of the private entity;

3. The proposed design of the qualifying project;

4. The eligibility of the project for accelerated documentation, review, and selection;

5. Local citizen and government comments;

6. Benefits to the public, including both financial and non-financial benefits;

7. The private entity's compliance with a minority business enterprise participation plan or good faith effort to comply with the goals of such plan;

8. The private entity's plans to employ local contractors and residents;

9. Other criteria that the Board deems appropriate.

VIII. Review by Appropriating Body

The Board shall establish a mechanism for the appropriating body to review a proposed interim or comprehensive contract prior to execution.

IX. Interim and Comprehensive Agreements

Prior to developing or operating the qualifying project, the selected proposer shall enter into a comprehensive agreement with the Board. Prior to entering a comprehensive contract an interim contract may be entered into that permits a private entity to perform compensable activities related to the project. Any interim or comprehensive agreement shall define the rights and obligations of the Board and the selected proposer with regard to the project.

Any interim or comprehensive agreement shall provide that the proposer does not, and will not during the performance of the agreement, knowingly employ an unauthorized alien as defined in the federal Immigration Reform and Control Act of 1986.

The Board may enter into an interim or comprehensive agreement under the PPEA only with the approval of its local appropriating body.

A. Interim Agreement Terms

The scope of an interim agreement may include but is not limited to:

1. Project planning and development;
2. Design and engineering;
3. Environmental analysis and mitigation;
4. Survey;
5. Ascertaining the availability of financing for the proposed facility through financial and revenue analysis;
6. Establish a process and timing of the negotiation of the comprehensive agreement; and
7. Any other provisions related to any aspect of the development or operation of a qualifying project that the parties may deem appropriate prior to the execution of a comprehensive agreement.

B. Comprehensive Agreement Terms

The terms of the comprehensive agreement shall be tailored to address the specifics of the project and shall include but not be limited to:

1. The delivery of maintenance, performance and payment bonds or letters of credit in connection with any acquisition, design, construction, improvement, renovation, expansion, equipping, maintenance, or operation of the qualifying project;

2. The review and approval of plans and specifications for the qualifying project by the Board;

3. The rights of the Board to inspect the qualifying project to ensure compliance with the comprehensive agreement;

4. The maintenance of a policy or policies of liability insurance or self-insurance reasonably sufficient to insure coverage of the project and the tort liability to the public and employees and to enable the continued operation of the qualifying project;

5. The monitoring of the practices of the private entity by the Board to ensure proper maintenance, safety, use, and management of the qualifying project;

6. The terms under which the private entity will reimburse the Board for services provided;

7. The policy and procedures that will govern the rights and responsibilities of the Board and the private entity in the event that the comprehensive agreement is terminated or there is a material default by the private entity including the conditions governing assumption of the duties and responsibilities of the private entity by the Board and the transfer or purchase of property or other interests of the private entity by the Board;

8. The terms under which the private entity will file appropriate financial statements on a periodic basis.

9. The mechanism by which user fees, lease payments, or service payments, if any, may be established from time to time upon agreement of the parties. Any payments or fees shall be the same for persons using the facility under like conditions and that will not materially discourage use of the qualifying project;

a. A copy of any service contract shall be filed with the Board.

b. A schedule of the current user fees or lease payments shall be made available by the private entity to any member of the public upon request.

c. Classifications according to reasonable categories for assessment of user fees may be made.

10. The terms and conditions under which the Board will contribute financial resources, if any, for the qualifying project;

11. The terms and conditions under which existing site conditions will be assessed and addressed, including identification of the responsible party for conducting the assessment and taking necessary remedial action; and

12. Other requirements of the PPEA or provisions that the Board determines serve the public purpose of the PPEA;

The comprehensive agreement may provide for the development or operation of phases or segments of a qualifying project.

Parties submitting proposals understand that representations, information and data supplied in support of or in connection with proposals play a critical role in the competitive evaluation process and in the ultimate selection of a proposal by the Board. Accordingly, as part of any interim or comprehensive agreement, the prospective operator and its team members shall certify that all material representations, information and data provided in support of, or in connection with, a proposal is true and correct

The interim or comprehensive agreement and any amendments thereto shall be approved and entered into in writing by the Board.

C. Notice and Posting Requirements

1. The Board shall hold a public hearing on the proposals during the proposal review process, but not later than 30 days prior to entering into an interim or comprehensive agreement.

2. Once the negotiation phase for the development of an interim or a comprehensive agreement is complete and a decision to award has been made, but before an interim or comprehensive agreement is entered into, the Board shall post the proposed agreement on its website or publish, in a newspaper of general circulation in the area in which the contract is to be performed, a summary of the proposal and the location where copies of the proposal are available for public inspection. Posting may also be on the Department of General Service's web-based electronic procurement program commonly known as "eVA," in the discretion of the Board.

In addition, at least one copy of the proposals shall be made available for public inspection. Trade secrets, financial records, or other records of the private entity excluded from disclosure under the provisions of subdivision 11 of Va. Code § 2.2-3705.6 shall not be required to be posted, except as otherwise agreed to by the Board and the private entity.

3. Once an interim agreement or a comprehensive agreement has been entered into, the Board shall make procurement records available for public inspection, upon request.

   a. Such procurement records shall include documents protected from disclosure during the negotiation phase on the basis that the release of such documents would have adversely affected the financial interest or bargaining position of the Board or private entity in accordance with Section II.D.2.

   b. Such procurement records available to the public shall not include (i) trade secrets of the private entity as defined in the Uniform Trade Secrets Act (Va. Code § 59.1-336 et seq.) or (ii) financial records including balance sheets or financial statements of the private entity that are not generally available to the public through regulatory disclosure or otherwise.

   c. To the extent access to procurement records is compelled or protected by a court order, the Board must comply with such order.

4. Within 30 days after entering into a comprehensive agreement, the Board shall electronically file copies of the interim and/or comprehensive agreements and supporting documents with the Auditor of Public Accounts.

X. **Governing Provisions**

In the event of any conflict between these provisions and the PPEA, the terms of the PPEA shall control.

PASSED AND ADOPTED this 10th day of December, 2009.

American Rescue Plan:
Elementary and Secondary School Emergency Relief (ESSER)
Fund III Use Plan

Section 1: Introduction

The purpose of the American Rescue Plan (ARP) Act Elementary and Secondary School Emergency Relief (ESSER) III Fund is to help safely reopen and sustain the safe operation of schools and address the impacts of COVID-19 on the nation's students by addressing students' **academic, social, emotional, and mental health needs**. Appomattox County Public Schools (ACPS) has been awarded $3,878,287.40 in ESSER III funds. This plan describes how the awarded funds will be used. Questions about this plan should be directed to Dr. Annette Bennett, Superintendent of Schools at 434-352-8251.

A comprehensive summary of the school division's response to COVID-19 can be found on our website at the following link:
https://drive.google.com/file/d/1LCOzByAyrzOxpInJhNLmA_HWINAslI55/view

Section 2: Prevention and Mitigation Strategies

ARP Act ESSER III funds may be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent Centers for Disease Control and Prevention (CDC) guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning. Appomattox County Public Schools will use approximately $3,000,000 of its ARP Act ESSER III funds to implement prevention and mitigation strategies as described below.

ACPS will use ARPA ESSER III funds to begin an HVAC replacement project for Appomattox County High School. This project will respond to air quality issues that existed long before the necessity of improved air quality as a mitigation strategy to ensure the health and safety of students and staff during the COVID pandemic. The replacement of the HVAC system will improve air quality and reduce the transmission of not only COVID but other common airborne diseases. These improvements will help allow ACPS to have students in the building 5 days a

week meeting their social, emotional, mental health, and academic needs with consistency and routine.

Section 3: Addressing Unfinished Learning

Section 2001(e)(1) of the ARP Act requires each LEA to use twenty percent of its formula funds to address the academic impact of lost instructional time (learning loss) through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs. Appomattox County Public Schools will use approximately $775,657.48 of its ARP Act ESSER III funds to address unfinished learning as described below.

ACPS will use ARPA ESSER III funds to address learning loss by adding the following positions for the 23-24 school year:

1. Reading and Math Remediation Teachers* - 5 positions -- These teachers will be housed at three of our division schools -- Appomattox Primary (3 teachers), Appomattox Elementary (1 teacher), and Appomattox Middle (1 teacher). These teachers will work with students identified as having significant gaps in their foundational skills of reading and/or math according to assessment data. Teachers will utilize push-in and pull-out models as needed, as well as help their colleagues create and develop instructional strategies and materials to use with students in their classrooms.

2. Family Engagement/Truancy Monitors* - 2 positions -- These professionals will serve students and families at all four ACPS schools. One position will be split between Appomattox Primary and Appomattox Elementary, while the other position will be split between Appomattox Middle and Appomattox County High. The purpose of these positions will be to serve as liaisons between families and each school building to bridge the smooth transition for students to return from virtual and hybrid instruction to full-time in-person instruction beginning with the 21-22 school year.

* These two positions are being funded for the 21-22 and 22-23 school years through CRRSA ESSER II. ARPA ESSER III funding will allow us to maintain these positions to support our students and families for an additional year.

3. In-School Solution (ISS) Teacher Assistants** - one for AMS and one for ACHS (23-24 school year) - These paraprofessionals will be trained to offer classroom support while teachers engage in solution-finding interventions with students who would otherwise lose instructional time due to behavioral issues. We anticipate a greater need for behavioral support as teachers learn to implement PBIS and as students deal with the trauma of COVID. These services will help ACPS mitigate learning loss by keeping students in the classroom.

4. Teacher Assistants trained as Registered Behavior Technicians** -- one for APS and one for AES (23-24 school year) -- These paraprofessionals will be trained to offer classroom behavioral support.

5. Patrick Henry Family Services** -- ACPS will contract with this mental health agency to provide 4 full-time licensed counselors to support students in all ACPS schools 5 days a week for the duration of the school year. These counselors will provide mental health services to students in need and serve as a resource for their families. These funds will cover 4 licensed counselors for the 23-24 school year.

6.. Board Certified Behavior Analyst** -- one for the division, contracted as needed for the 23-24 school year -- This trained professional will provide support to students, families, and teachers by coordinating and providing services in Applied Behavior Analysis, function analysis and assessment, behavior acquisition and reduction procedures, and adaptive life skills. They will also provide behavior plans for specific students to be implemented by the RBTs.

** These positions are being funded for the 21-22 and 22-23 school years through CRRSA ESSER II set-aside funds. ARPA ESSER III will allow us to maintain these positions to support our students and teachers for an additional year.

Section 4: Other Uses of Funds

Section 2001(e) of the ARP Act permits school divisions to use the ARP Act ESSER III funding not reserved to address unfinished learning to address the impacts of COVID-19 in a variety of ways. Appomattox County Public Schools will use approximately $102,629.92 of its ARP Act ESSER III funds in accordance with Section 2001(e) of the ARP Act as described below.

ACPS will use ARPA ESSER III funds to purchase agile furniture built with constant change in mind to support all learning environments. This furniture is designed to be rearranged to meet changing classroom space needs at any given moment. This furniture will provide social distancing options within the classroom. It will also help teachers create spaces that encourage and promote various teaching and learning methodologies (cooperative learning, student-centered learning, project-based learning, etc.)

Section 5: Addressing Students' Academic, Social, Emotional, and Mental Health Needs

ACPS is using these funds, and monies from all the ESSER funds, to address our students' academic, social, emotional, and mental health needs. We have proposed using the current funds to maintain our plans for these student services for a third year. As indicated in previous sections of this document, ACPS is using funds to hire math and reading remediation teachers (academic support), family engagement/truancy monitors (academic, social, emotional, and mental health support), in-school solution teacher assistants (academic, social, emotional, and mental health support), teacher assistants trained as RBTs (academic, social, emotional, and mental health support), Patrick Henry Family Services (academic, social, emotional, and mental health support), and a BCBA (academic, social, emotional, and mental health support). Please refer to the descriptions of each of these positions or contracted services in previous sections of this

document. All of these extra positions will offer support to students who demonstrate an academic, social, emotional, and/or mental health need. Particular attention will be given to the needs of students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Section 6: Consultation with Stakeholders and Opportunity for Public Comment

In developing the ARP ESSER Plan, Appomattox County Public Schools conducted consultation in the following ways:

- With stakeholders, including students, families, school and district administrators (including special education administrators), teachers, principals, school leaders, other educators, school staff, and their unions by opening the plan up for discussion during division leadership meetings, Parents Advisory Committee meetings, and Teachers Advisory Committee meetings;
- With Tribes (if applicable); civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students by opening the plan up for discussion during division leadership meetings, Parents Advisory Committee meetings, Teachers Advisory Committee meetings, and for public comment during the August 2021 ACPS School Board Meeting; and
- By providing the public the opportunity to provide input at the August 2021 ACPS School Board Meeting and taking such input into account.

Section 7: Making the Plan Available to the Public

Appomattox County Public Schools has taken the following steps to make this plan available to the public:

- The plan is posted at www.acpsweb.net and https://drive.google.com/file/d/1DlrtFZQk-kvqGq1WXC-T5u-YB0-2iR8_/view?usp=sharing;
- The plan can be translated for parents. Contact Dr. Cheryl Servis at 434-352-8251.
- The plan may be orally translated for parents. Contact Dr. Cheryl Servis at 434-352-8251 to request translation; and
- Upon request, a parent who is an individual with a disability as defined by the ADA may be provided with the plan in an alternative format accessible by contacting Dr. Cheryl Servis at 434-352-8251.

THIS COMPREHENSIVE AGREEMENT ("Agreement") is entered into effective as of this __day of _____ 2021 (the "Effective Date"), by and between: **APPOMATTOX COUNTY PUBLIC SCHOOLS ("Owner"),** and **JAMERSON-LEWIS CONSTRUCTION, INC.,** a Virginia corporation **("Operator")** of 1306 Stephenson Avenue, Lynchburg, Virginia 24501.

Recitals:

R-1. On December 10, 2009, the Owner adopted procedures to implement the Virginia Public-Private Education Facilities and Infrastructure Act of 2002 ("PPEA"), Va. Code 56-575.1, et seq., as amended.

R-2. The Owner subsequently received an unsolicited proposal for a qualifying project (the "Project") pursuant to the PPEA.

R-3. The Owner accepted the unsolicited proposal for consideration and requested competing proposals. The Owner determined in writing that proceeding with the procurement that was the subject of the proposal using competitive negotiation procedures was likely to be advantageous to the Owner and the public based upon probable scope, complexity, or urgency of the Project, risk sharing and added value, and economic benefit from the Project that would not otherwise be available.

R-4. The Owner received no additional conceptual-phase proposals other than the unsolicited proposal, and it subsequently invited the proposer to submit a detailed-phase proposal, which the proposer did. The Operator, as defined above, was this proposer.

R-5. The Owner subsequently conducted negotiations with the Operator, arriving at the terms and conditions of a proposed comprehensive agreement. Based upon the proposer's proposal, presentations and the negotiations, the Owner determined that the Project is a qualifying project that serves the public purpose of the PPEA under the criteria of Va. Code § 56-575.4(C) and would be in the public interest to pursue.

R-6. The Owner has selected the Operator for entry into a comprehensive agreement for the Project, and the Owner and Operator now wish to enter into this Comprehensive Agreement for the Project.

NOW, THEREFORE, for and in consideration of the premises and mutual covenants hereinafter contained, and subject to the conditions herein set forth, the parties hereby covenant, agree, and bind themselves as follows:

ARTICLE I

DEFINITIONS

The following definitions apply to this Agreement:

1.1. **Architect - Engineer ("A-E")** means Operator's design professional Person responsible for the architectural and engineering services for the Project, including, without limitation, its design. Operator has proposed its A-E for the Project in its proposals to the Owner, and Operator shall use this A-E for the Project unless the Owner approves otherwise in writing.

1.2. **Change** means any addition to, deletion from, or modification of the Project or the Services that is made in accordance with the provisions of this Agreement. A Change may be made by a written Change Order if Owner and Operator agree as to adjustments to the CCL or GMP, as applicable, and schedule, or unilaterally by the Owner by a written Change Directive, with any adjustments to the CCL or GMP, as applicable, and schedule, to be determined subsequently pursuant to Article XVII of this Agreement.

1.3. **Change Directive** means a written order by the Owner, specifically identified as a Change Directive, directing a Change.

1.4. **Change Order** means a Change made by a written agreement in which the Owner and Operator have indicated agreement as to the Change and adjustments to price and schedule due to the Change and have evidenced their agreement by executing the written agreement.

1.5. **Codes and Standards** means all local, state and federal regulations, ordinances, codes, laws, or requirements applicable to the Project, including, without limitation, the Virginia Uniform Statewide Building Code.

1.6. **Contract Cost Limit ("CCL")** means the initial limit established at the time of execution of this Agreement on total amounts payable to the Operator under this Agreement absent a Change pursuant to this Agreement.

1.7. **Contract Documents** means the following listed in their order of precedence:

(a) Any written modifications to this Comprehensive Agreement made in accordance with this Comprehensive Agreement;

(b) This Comprehensive Agreement, including all exhibits thereto;

(c) Any written Change Orders made in accordance with this Agreement;

(d) Any written Change Directives issued in accordance with this Agreement;

(e) The Construction Documents, which are the final Plans and Specifications that are approved by the Owner, Architect, and Operator;

(f) Plans and Specifications that are approved by the Owner, A-E, and Operator.

(g) Documents incorporated by reference by this Agreement;

(h) Operator's Detailed-Phase Proposal; and

(i) Operator's Conceptual-Phase Proposal.

1.8. **Contractor or Prime Construction Contractor** means the entity to which the Operator subcontracts the construction work portion of its responsibilities under the Agreement. If Operator acts itself as the prime contractor for construction work on the Project, then Contractor or Prime Construction Contractor means the Operator. Operator has proposed its Contractor for the Project in its proposals to the Owner, and Operator shall use this Contractor for the Project unless the Owner approves otherwise in writing.

1.9. **Day** means a calendar day, and "days" mean calendar days, unless the contrary is expressly indicated.

1.10. **Draw Schedule** means the schedule attached hereto as Exhibit D to be used as a basis for payment of the Fixed Fees component of payments to Operator, setting forth the anticipated completion date of the various components of the Project and the value assigned to those different components.

1.11. **Fixed Fees** mean the amounts payable to the Operator as specified in Section 5.4 for the Services in addition to Reimbursable Costs.

1.12. **Final Completion of Work, Final Completion or final completion** means completion in conformance with this Agreement, the Construction Documents, and other Contract Documents of all of the work required by this Agreement, including without limitation, punch list items, but not including warranty items.

1.13. **Guaranteed Maximum Price ("GMP")** means the amount less than the CCL established following design as the maximum amount payable to the Operator absent a Change.

1.14. **Land** means the real property described in Exhibit A hereto.

1.15. **Operator** means Jamerson-Lewis Construction, Inc.

1.16. **Owner** means Appomattox County Public Schools. The parties understand that the plan of finance for the Project may call for use of lease revenue bonds, with the Land to be leased through a ground lease to finance construction of the Project and with the lease of completed facilities back to the Owner. Despite the plan of finance, the Owner shall nonetheless be considered the Owner for purposes of this Agreement because it will be the ultimate user of the facilities and because the parties contemplate that the lessor of any ground lease will delegate or assign its duties during construction as nominal owner of the new facilities to the Owner.

1.17. **Owner's Representative** means that individual designated by the Owner in writing to perform the functions of Owner's Representative specified in this Agreement.

1.18. **Person** means any individual, partnership, joint venture, association, joint-stock company, corporation, limited liability company, trust, unincorporated organization, government or any agency or political subdivision thereof.

1.19. **Plans and Specifications** mean the surveys, plans and specifications that Operator causes to be prepared for the Project that are approved by the Owner, A-E, and Operator.

1.20. **Project** means Additions and Replacements to Appomattox County High School to include an Addition to Include an Administrative Suite, a New Main Entry, Additional Classrooms, and Renovation of the Current Administrative Suite (hereinafter collectively referred to as the "Project"). The Project shall be designed and constructed by Operator on the Land in accordance with the Construction Documents and the terms of this Agreement, and any related upgrades ordered by Change or Change Order.

1.21. **Project Schedule** means the schedule for construction of the Project, which, in its initial version, is set forth in Exhibit E attached hereto.

1.22. **Punch List Items** means a list of items of work to be completed and deficiencies to be corrected, identified by the Owner's Representative or A-E, that do not affect the attainment of Substantial Completion. If the Owner's Representative and A-E do not agree as to an item or items, any such items not agreed upon shall be considered a punch list item until a contrary determination is made pursuant to Article XVII of this Agreement. Such items must be complete before Final Completion can take place.

1.23. **Reimbursable Costs** mean the amounts payable to the Operator as specified in Section 5.3 for the Services in addition to the Fixed Fees.

1.24. **Requisition** means an application for payment in the form attached as Exhibit F.

1.25. **Scope of Work** means all the work for the Project to be provided by Operator within the CCL and GMP, except as modified by any Change.

1.26. **Services** means all pre-construction and development services and all architectural and engineering design, procurement and construction services related to the Project furnished by Operator, including, without limitation, all labor, services, materials and facilities, and all other things that are required to provide for the development of the site and the design, construction and equipping of the Project.

1.27. **Substantial Completion** means the date determined by inspection by the Owner's Representative and A-E that construction of the Project is so sufficiently complete in accordance with the Construction Documents, including occupancy permit, that it may be utilized for its intended use, including that the Project is ready to accept move-in by the Owner and all life/safety items are operational.

1.28. **Clarifications** mean those clarifications specified and enumerated on Exhibit C, attached hereto and incorporated herein by this reference.

ARTICLE II

GENERAL DESCRIPTION, TERM OF AGREEMENT, AND OPERATOR'S STATUS AS INDEPENDENT CONTRACTOR

2.1. General Description.

Under this Agreement, Operator will be providing to the Owner, site design and development services, design services, and construction services for the Project. Operator will be providing these services as a design-builder. Operator generally will be compensated its Reimbursable Costs plus Fixed Fees subject to the terms of this Agreement but will be responsible for ensuring that the total cost of the Project to Owner does not exceed the Contract Cost Limit ("CCL") established by this Agreement. Pursuant to this Agreement, Operator will develop a design in order to arrive at a Guaranteed Maximum Price (GMP) for the Project that will not exceed the CCL except to the extent adjusted pursuant to this Agreement. Operator will be responsible for completing the Project so that payments by Owner will not exceed the GMP, as adjusted by this Agreement, even if the costs to Operator to do so exceed the GMP. Savings below the GMP will be divided between the Owner and Operator in accordance with the terms of this Agreement. Because this is a design-build project, Owner makes no warranty to Operator, express or implied, regarding any design for the Project. Rather Operator and its A-E warrant that all design and design services meet the highest standard of care in Virginia for the applicable design professional providing such design or services.

2.2. Term Of Agreement.

This Agreement begins on the Effective Date indicated at the beginning of the Agreement, which is the date of approval by the Appomattox County Public Schools School Board of this Agreement, and continues until its termination pursuant to Article XVIII or until all obligations under this Agreement have been performed.

2.3. Independent Contractor.

For all purposes hereunder, Operator is an independent contractor and shall not be deemed an agent, employee or partner of the Owner.

2.4. Subcontractors.

Operator may subcontract any portion of the Services to be performed hereunder, but Operator shall not thereby be relieved of any of its obligations set forth herein. Operator may subcontract the construction work to a contractor ("Contractor" or "Prime Construction Contractor"). Operator shall use the Prime Construction Contractor proposed in its proposals unless the Owner, in its sole discretion, approves otherwise in writing, Operator shall furnish to the Owner's Representative for its information not later than ten (10) days before the date scheduled for issuance of the notice to proceed with construction, a list of all Persons being considered to be subcontractors to the Prime Construction Contractor. The Owner's Representative shall, within five *(5)* days of receipt of this list, notify Operator in writing if it has any objection to any such subcontractor. A failure to notify Operator within this five-day period shall not waive the right of the Owner's Representative to later object to any proposed subcontractor for cause. The receipt of such list shall not require the Owner's Representative to investigate the qualifications of any listed subcontractor. Prior to performing any Work on the Project, the Contractor and subcontractors shall provide copies of their current licenses to the Owner's Representative.

ARTICLE III

THE WORK

3.1. Work/Specifications.

a. The Operator shall furnish the necessary personnel, material, equipment, services, and facilities (except as otherwise specified) to perform the Project in a workmanlike manner and within the Project Schedule.

b. The Owner shall have the right to add to the Scope of Work to be performed under this Agreement, including, without limitation, work to be performed at the Land or other Owner facilities, and Operator agrees to perform such work, subject to issuance of a Change Directive or a Change Order for such work. Operator agrees to promptly meet and confer with the Owner regarding added scope of work proposed by Owner.

3.2. Conditions Affecting The Work.

a. The Operator is responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions that can affect the work or its costs, including, but not limited to available parking and staging areas and existing building materials and components. Any failure by the Operator to reasonably ascertain the conditions affecting the work does not relieve the Operator from responsibility for successfully performing the work without additional expense to the Owner. The Owner assumes no responsibility for any representations concerning conditions made by any of its officers, employees or agents before execution of this Agreement unless such representations are expressly stated in the Agreement.

b. Owner has furnished (or will furnish) Operator copies of the following reports about which Owner makes no representation or warranty regarding their accuracy:

   1) Hazardous Materials Report

2) [reserved]

3.3. INTERPRETATION OF CONTRACT DOCUMENTS.

a. The Contract Documents are intended to be complementary and to be interpreted in harmony to avoid conflict if this can reasonably be accomplished.

b. The following rules regarding correlation and intent of the Contract Documents are first to be employed in the event of any inconsistency, conflict, or ambiguity: (1) Anything mentioned in the Specifications and not shown on the Plans, or shown on the Plans and not mentioned in the Specifications, is of like effect as if shown or mentioned in both; (2) In case of conflicts between Plans and Specifications, the Specifications will govern; (3) In case of a difference between small and large–scale drawings, the large–scale drawings will govern; (4) Schedules on any contract drawing take precedence over conflicting information on that or any other contract drawing; (5) On any of the drawings in which a portion of the work is detailed or drawn out and the remainder is shown in outline, the parts detailed or drawn out will apply also to all other like portions of the work.

c. If, despite application of the rules in 3.3b, an inconsistency, conflict, or ambiguity still exists between or among the Contract Documents that cannot be reasonably harmonized, then precedence shall be given to the Contract Documents in the order in which they are enumerated in paragraph 1.7. of this Agreement.

ARTICLE IV

PROJECT DEVELOPMENT

DESIGN AND CONSTRUCTION.

The Operator shall be responsible for the professional quality, technical accuracy and the coordination of all designs, drawings, plans, specifications, and other services furnished by the Operator under this Agreement.

4.2. DRAWINGS AND SPECIFICATIONS.

Based upon the Scope of Work and/or requirements furnished by the Owner in writing and included herein, the Operator shall prepare the complete contract working plans and specifications. All design submissions for this Project shall be made in both paper drawing/document form and CADD electronic file form. The minimum scale for building drawings shall be 1/8 inch = 1 foot except for small scale drawings of the floor plan of the entire building with space tabulation. Design submissions shall be made as outlined below. The Owner review and/or approval period shall be in accordance with the Project Schedule Milestones (see Exhibit E), but not less than ten (10) days for each of the following submissions.

a. 10% Schematic Design Development Submission:

Following a kick-off meeting, the Operator shall prepare a 10% Schematic Design submission in accordance with Exhibit K. Operator shall submit the 10% Schematic Design submission to the Owner for review and approval in accordance with the Project Schedule shown in Exhibit E. The Owner review period will be in accordance with the Project Schedule shown in Exhibit E.

b. 35% Design Development Submission:

Following receipt of Owner's approval of the 10% Schematic Design submission, the Operator shall prepare a 35% Design Development submission in accordance with Exhibit K. Operator shall submit the 35% Design Development submission to the Owner for review and approval in accordance with the Project Schedule shown in Exhibit E. It is understood that the Owner has the option in its sole discretion to perform a value engineering study during this period. The 65% Construction Documents submission shall reflect value engineering revisions directed by the Owner at no additional cost to Owner. The Owner review period will be in accordance with the Project Schedule shown in Exhibit E.

c. 65% Construction Documents Submission:

Following receipt of Owner's approval of the 35% Design Development submission, the Operator shall prepare a 65% Construction Documents submission in accordance with Exhibit K. Operator shall submit the 65% Construction Documents submission to the Owner for review and approval in accordance with the Project Schedule shown in Exhibit E. On an exception basis, intermediate submissions may be provided for the design of foundations, structural steel and other items or systems requiring either advance procurement or construction start prior to the completion of the overall design in accordance with the approved schedule. The Owner review period will be in accordance with the Project Schedule shown in Exhibit E.

d. 95% Construction Documents Submission:

Following receipt of Owner's approval of the 65% Construction Documents submission, the Operator shall prepare a 95% Construction Documents submission in accordance with Exhibit K. Operator shall submit the 95% Construction Documents submission to the Owner for review and approval in accordance with the Project Schedule shown in Exhibit E. On an exception basis, intermediate submissions may be provided for the design of foundations, structural steel and other items or systems requiring either advance procurement or construction start prior to the completion of the overall design in accordance with the approved schedule. The Owner review period will be in accordance with the Project Schedule shown in Exhibit E.

e. 100% Construction Documents Submission:

Following receipt of Owner's approval of the 95% Construction Documents submission, the Operator shall prepare a 100% Construction Documents submission in accordance with Exhibit K. Operator shall submit the 100% Construction Documents submission to the Owner for review and approval in accordance with the Project Schedule shown in Exhibit E. On an exception basis, intermediate submissions may be provided for the design of foundations, structural steel and other items or systems requiring either advance procurement or construction start prior to the

completion of the overall design in accordance with the approved schedule. The Owner review period will be in accordance with the Project Schedule shown in Exhibit E.

4.3. CONSTRUCTION.

With Owner's prior agreement in writing, and subject to imposition by Owner of reasonable conditions to assure a satisfactory Guaranteed Maximum Price (GMP) for the Project, construction may be allowed to commence in accordance with the Project Schedule prior to the Owner's Representative's approval of all of the Construction Documents. Where phased/fast track construction is proposed prior to overall final approval, plans and specifications covering the system or components covered by that phase must be approved by the Owner's Representative prior to the start of construction of that phase.

ARTICLE V

PRICES AND SHARED SAVINGS

5.1. PRICES.

The Operator must provide all work called for under this Agreement, including furnishing all material, services, labor and equipment to perform the Services for the prices as indicated in Exhibit G.

5.2. Contract Cost Limit ("CCL")

a. A Contract Cost Limit (CCL) has been agreed to by the parties, the amount of which is stated in Exhibit G. The CCL is the maximum amount payable to Operator and is a cap on Operator's compensation, which is the sum of Reimbursable Costs (see Section 5.3) and Fixed Fees (see Section 5.4) payable to complete the Scope of Work. As the design is refined, a Guaranteed Maximum Price (GMP) will be established that will be less than the CCL unless Owner directs a Change to the Scope of Work.

b. The Operator shall develop 35% Design Development drawings and specifications in accordance with Article IV in order to arrive at a Guaranteed Maximum Price (GMP) that will be less than the CCL.

5.3. REIMBURSABLE COSTS

a. Subject to the limitation that payments to Operator shall not exceed CCL or the GMP, as applicable, Owner will reimburse Operator for all the following costs for the Project:

   1. Prime Construction Contractor materials, supplies, and equipment either incorporated directly into the construction on the Project or required to accomplish a construction activity on the Project including equipment rental, transportation, and storage.

   2. Prime Construction Contractor Labor: Labor costs for personnel performing labor at the Project site. Labor costs include hourly rates with all fringe benefits and taxes required by law and applicable contracts in force between the Contractor and its employees.

   3. Subcontractor costs for work on items directly related to and/or incorporated into the finished construction for the Project. The term "subcontracts" includes purchase orders. Operator shall conduct the subcontractor bid process on an "open book" basis, and shall allow the Owner's Representative to observe the receipt and analysis of all bids. Operator shall cause the Prime Construction Contractor to invite at least six (6) bidders, if practical, and endeavor to receive price quotations from at least three (3) firms for all subcontracts for, but not limited to, equipment, equipment rentals, materials, labor contracts, any other supplies or services, where the quotations are expected to exceed or actually exceed $50,000, unless otherwise authorized by the Owner's Representative. The Owner's Representative may recommend additional subcontractor bidders to Operator. Operator shall furnish copies of quotations to the Owner's Representative for review prior to award. It is not required that the award be made to the lowest offeror, but shall be made on the basis of best value. Copies of all subcontracts, including all modifications and/or revisions will be furnished to the Owner's Representative within five business days from issuance. Operator may select certain subcontractors without going through the bid process as required above if it first obtains Owner's written consent, which may be withheld in Owner's discretion.

   4. Other Project-related direct costs that may be reimbursed under this Agreement include, but are not limited to, the following: Contractor direct expenses; legal, insurance and accounting (project related); general conditions, payment and performance bonds, taxes including gross receipts tax, permits, utility availability, relocation and usage costs, "on site construction" supervision, quality control, safety, training, engineering/layout, fire protection, cleanup, field office equipment and operation, but not including expenses incurred prior to the Effective Date of this Agreement.

b. Owner will not reimburse Operator for the following costs:

   1. Prime Construction Contractor costs *not* associated with personnel assigned to the Project are considered to be indirect costs that are included as part of the Fixed Fees and are not Reimbursable Costs. Examples of indirect costs that are not Reimbursable Costs include, but are not limited to: bonuses to senior executives, travel by company executives or officers, and personnel whose services and/or responsibilities include multiple projects, e.g., accounting, home office estimating, and purchasing personnel. Additionally, costs for repairs and maintenance of Contractor-owned equipment (including by any subsidiary or affiliated companies) or rental equipment are not Reimbursable Costs. Repair costs and costs of routine maintenance of rental equipment are to be included in the rental price.

   2. Public relations and advertising, bad debts, contributions and donations, dividends or payments of profits, entertainment, fines or penalties, life insurance for officers, partners, or proprietors, interest on loans, lobbying, losses on other contracts, income taxes, proposal preparation costs and legal costs involving disputes with the Owner.

   3. Costs incurred prior to the Effective Date of this Agreement.

5.4. FIXED FEES

The Owner shall pay the Operator Fixed Fees, which consist of the architecture and engineering fees, development fees and expenses, and general contracting fees stated in Exhibit G. The Fixed Fees include all compensation payable by Owner to Operator beyond Reimbursable Costs for the Services and are intended to compensate for the Operator's and Prime Construction Contractor's home office support, overhead costs, and profit for the Project and for all design professional services. The Fixed Fees will not vary with either the estimated cost or actual cost of construction of the Project except as expressly allowed in this Section 5.4. The components of the Fixed Fees in a. through c. below will be increased when a Change in the Project results in a significant increase in the direct costs, such as an increase in engineering man-hours, or increased insurance costs. The Fixed Fees will not be reduced unless the Owner requires an equitable reduction in the Fixed Fees for any Change that reduces the Scope of Work.

a. Operator's Fees and Expenses: This component of the Fixed Fees includes all labor and material costs and fee to manage the development and construction process including, without limitation, management of the design, construction, and permitting, and to prepare the Guaranteed Maximum Price. This component of the Fixed Fees covers all work in connection with development activities.

b. Architect-Engineer (A-E) Fees and Expenses for Services for Design, Construction Documents and During Construction: This component of the Fixed Fees covers the design and preparation of Schematic Design, Design Development and Construction Documents. This component of the Fixed Fees also covers construction administration by the A-E and includes, but is not limited to, review of shop drawings and samples, field interpretation of Construction Documents, preparation of required clarification drawings, and participation in quality control activities.

c. General Contractor Fee during Construction: This component of the Fixed Fees covers profit on construction plus home office support (including Project Manager, Project Engineer, Estimator, and Purchasing) and overhead costs.

5.5. GUARANTEED MAXIMUM PRICE.

a. A Guaranteed Maximum Price (GMP) shall be established by the parties for the Project *at the time of approval of the 35% Design Development submission* and prior to commencement of construction. The GMP is the maximum sum that the Owner shall pay to the Operator in total for this Project, except as otherwise provided in this Comprehensive Agreement. It includes all the Reimbursable Costs as defined in Section 5.3 that will be payable to Operator and all Fixed Fees as defined in Section 5.4 that will be payable to Operator.

b. If at any time during construction it becomes apparent that the final Reimbursable Costs and Fixed Fees will exceed the GMP, the Operator shall immediately notify the Owner's Representative and advise him/her of the action it proposes to take to reduce costs.

c. All proposed revisions or changes to the approved Plans and Specifications must be submitted to the Owner's Representative for review and approval for conformance with the approved design development plans and specifications, regardless of whether or not they affect the GMP. Owner's review and approval shall be not be unreasonably conditioned, delayed or withheld.

d. Operator shall ensure that the GMP is less than the CCL.

e. No payment shall be made to Operator in excess of the GMP except as adjusted for any Changes made in accordance with this Agreement. The Operator shall be wholly responsible to complete the Project at no compensation above the GMP as adjusted for any Changes made in accordance with this Agreement.

5.6. CHANGE IN FIXED FEES COMPONENT RELATING TO SERVICES FOR MODIFICATION OF DESIGN.

For Changes, the Operator shall, upon the written request of the Owner's Representative, make the necessary design drawing and specification revisions; prepare and issue requests for proposal describing the modifications; prepare estimates, drawings and specifications as required; evaluate proposals and make recommendations to the Owner's Representative. The amounts payable by Owner for services under this paragraph will be negotiated, and if the amount payable cannot be agreed upon, will be based upon the rates indicated in Exhibit I hereto and a determination of a reasonable amount of time to complete such services.

5.7. SHARE IN SAVINGS.

If the final Project Reimbursable Costs plus Fixed Fees, as presented by Operator within sixty (60) days after Final Completion and then reviewed and audited by the Owner, are less than the GMP, as adjusted for any changes made in accordance with this Agreement, then savings represented by the difference shall be shared on the following basis: 25% to the Operator and 75% to the Owner.
